The third bill was introduced by Assemblyman Williamson, and authorizes the City of San Francisco to grant franchises for the disposal of garbage and other waste; it simply means that legislative bodies and public units are authorized to advertise for bids and award franchises to the highest bidder for the disposition of garbage and other waste, and granting the power to the grantor and grantee. This simply means, members of the Board, that under the Broughton Act, under which we are now acting, that it is a very difficult thing to do that. That is the opinion of our City Attorney, and our City Attorney, Mr. O'Toole, through his associate, Mr. Dold, drew up this bill and submitted it to Assemblyman Williamson. The committee is in favor of it. It is simply the creation of an act making legal the granting of franchises of this nature.

SUPERVISOR GALLAGHER: So long as it does not affect our right to determine the garbage question as quickly as possible, and determine our position.

SUPERVISOR McSHEEHY: It strengthens it under this act.

SUPERVISOR CANEPA: It is merely an enabling act.

SUPERVISOR McSHEEHY: The committee recommends in favor of it and asks to be instructed in that way.

SUPERVISOR HAVENNER: I so move.

SUPERVISOR COLMAN: Second the motion.

THE CHAIRMAN: If there is no objection, such will be the order.

SUPERVISOR McSHEEHY: Under the next act the entire expense of maintenance of same to be borne out of harbor improvement funds instead of one-half by the City and one-half by the harbor funds. This bill was presented by Mr. Olivia, and the committee feels that it has considerable merit to it, as it means a saving of \$90,000 to the City, and we recommend that it be passed. This is in reference to the harbor bill for fire boats.

SUPERVISOR HAYDEN: That is the bill providing for fire boats?

SUPERVISOR McSHEEHY: Yes.

SUPERVISOR HAYDEN: I move the committee's report be approved.

THE CHAIRMAN: Is there any objection to the committee's report on this bill? If not, the same will be accepted and approved.

SUPERVISOR McSHEEHY: Now, the next one, the next one is the one we have just taken up in connection with the municipal judges, only this is for the Superior Court judges, and that will take the same course, I presume, as suggested by Supervisor Gallagher.

The next is a bill submitted by Senators Nelson, Jones, Deuel, McKinley and Breese. This bill is a bill in reference to the position of the Board of Supervisors with the Board of Education, "such estimates or budgets to be submitted to the Board of Supervisors on or before July 20th of each year may be revised by the Board, but the total amount may not be increased. When a school district comprising two or more counties," and so on.

This bill simply means this Board will have certain jurisdiction over the Board of Education. For instance, the Board of Education will bring in a building program for \$2,000,000, and if this Board feels it is excessive, they can cut it down to \$1,500,000 or \$1,125,000 or \$1,000,000, if they see fit. You cannot increase the estimate of the Board of Education, but you can cut it down, and that is what this bill provides. This bill was not presented by any of our local men; it is submitted by various people—Senators Nelson, Breese, Jones, Deuel and McKinley. It is Senate Bill No. 785.

SUPERVISOR HAYDEN: Have they had a committee hearing on that yet?

SUPERVISOR McSHEEHY: Not that I know of. This is an important bill, and I know that Supervisor Colman and possibly some others may want to say something about it, and there might be some difference of opinion, and if you want the matter to go over for a week I have no objection. I do say this, that the committee favors the passage of this bill.

SUPERVISOR GALLAGHER: This bill provides that the Board of Education submit to the Board of Supervisors their estimates?

SUPERVISOR McSHEEHY: Yes.

SUPERVISOR COLMAN: Of course, there would have to be an amendment to the State Constitution. Personally I will vote no, but I would like to have it go over for a week.

THE CHAIRMAN: Is there any objection to it going over for one week?

SUPERVISOR MILES: I would, too.

SUPERVISOR McSHEEHY: I have no objection, so that the members of the Board may be apprized entirely of its meaning. It is a very important bill.

SUPERVISOR HAYDEN: And I wish you would see that we all get copies of it.

THE CHAIRMAN: If there is no objection, the matter will go over one week.

SUPERVISOR CANEPA: They may have a meeting of the Senate committee on this particular bill on the coming Wednesday.

SUPERVISOR GALLAGHER: If they do, you can ask them to refrain from action.

THE CHAIRMAN: If there is no objection, such will be the order, and the matter will go over for one week.

SUPERVISOR McSHEEHY: Here is the information and here is the bill and here is a lot of data, and I will ask the Clerk to send this entire data to every member of the Board.

SUPERVISOR GALLAGHER: How many more bills, not right away, but do you think you will have to report on?

SUPERVISOR McSHEEHY: Quite a number.

SUPERVISOR GALLAGHER: Mr. Chairman, I move you that until such time as the Legislative Committee completes its report, that the hour of 4 o'clock on every Monday be set aside for this committee to report to and obtain our attitude on any bills pending in the Legislature affecting San Francisco.

SUPERVISOR HAYDEN: Second the motion.

THE CHAIRMAN: If there is no objection, such will be the order.

SUPERVISOR McSHEEHY: Thank you.

Relative to the Purchase of Additional Water From the East Bay District.

Supervisor Havenner called attention to the fact that the Board of Public Works was about to purchase an additional quantity of water from the East Bay Utility District and had indicated that there was no necessity for the approval of the Board of Supervisors for said additional expenditure under the operating ordinance, whereupon he moved that the Clerk of the Board of Supervisors be directed to ascertain from the Board of Public Works whether or not its recommendation will be submitted to this Board for its approval, and if not, that the opinion of the City Attorney be asked whether the appropriation of this amount of money or any amount of money for said purpose can be made by the Board of Public Works without the approval of the Board of Supervisors.

So ordered.

Endorsing Assembly Bill No. 468 (Wakefield), Encouraging Public Recreation and Thereby Preventing Juvenile Delinquency.

Supervisor Colman presented:

Resolution No. ————— (New Series), as follows:

Whereas, there is now before the Assembly of the State of California Assembly Bill No. 468 (Wakefield), "A bill to encourage public recreation and authorize political subdivisions of the State of California to establish, conduct and maintain public playgrounds and provide recreational facilities and operate recreational systems"; now, therefore, be it

Resolved, That the Board of Supervisors of this City and County does hereby endorse the enactment of such legislation, and in so doing suggests that the Clerk of the Board be directed to call the attention of the representatives of the City and County of San Francisco now in Sacramento to this measure, to the end that its passage may be assured.

Referred to Legislative Committee.

Court Room Space in City Hall.

Supervisor Shannon called attention to the difficulty the Buildings Committee was meeting in finding additional space for court rooms in the City Hall and to the fact that organizations which had no right to accommodations were occupying rooms that should be used for this

purpose. He requested that the Finance Committee meet with the Buildings Committee on the matter. Agreed to meet on Thursday, March 19, 1931, at 2:30 p. m.

Sale of City Property.

The following was presented and read by the Clerk:

Communication from his Honor, Mayor Angelo J. Rossi, transmitting two ordinances providing for the sale of school property at the southeast corner of Stockton and Bush streets, recommended for sale by the Board of Education, and concurred in by himself.

Also fire lot recommended for sale by the Board of Fire Commissioners, on Twenty-second avenue, 285 feet south of Irving; also concurred in by the Mayor. The passage of the ordinances presented and publication of requisite notices provided for by law is suggested in the belief that public interest demands the sale of said property.

Referred to the Buildings and Lands Committee.

Hetch Hetchy Questionnaire.

Communication from the Board of Public Works acknowledging questionnaire submitted by Supervisor McSheehy at meeting of March 9, 1931, and stating that it is impossible for the City Engineer to prepare the answers for today's meeting.

Ordered filed.

Per Diem Men on Monthly Basis.

Supervisor Shannon presented:

Bill No.———, Ordinance No.——— (New Series), entitled:

An ordinance fixing the compensation of certain per diem employees on a monthly basis, and providing time off instead of cash allowance for overtime.

Referred to the Finance Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 6:50 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors March 23, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Amending Sections 20 and 37 of Ordinance No. 5132 (New Series), "License Ordinance," Reducing the License Fee on Wrestling or Boxing Exhibitions to \$10 for Each Performance, and Reducing the License Fee on the Conducting of Concerts Based on the Seating Capacity of the House.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Section 20 of Ordinance No. 5132 (New Series), entitled "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco," by reducing the license fee for the conducting of boxing or wrestling exhibitions by persons other than bona fide athletic organizations to \$10.00 for each such exhibition; and Section 37 thereof by placing a license fee on persons holding concerts based on the seating capacity of the house, instead of on both seating capacity and admission charge, as heretofore.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 20 and 37 of Ordinance No. 5132 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 20. Every person, firm or corporation conducting, carrying on or managing a boxing or wrestling exhibition, shall pay a license fee of \$10.00 for each such exhibition.

Provided that no license shall be exacted from bona fide athletic organizations where boxing or wrestling exhibitions are given for the entertainment of the members thereof and to which no admission fee is charged, directly or indirectly.

Section 37. Every person, firm or corporation holding, promoting or giving a concert, shall pay a license fee for each such performance depending upon the seating capacity of the place, as follows:

Places with a seating capacity of less than 500, \$5.00.

Places with a seating capacity of 500 and less than 1500, \$10.00.

Places with a seating capacity of 1500 and over, \$20.00.

A concert within the meaning of this section, shall be an entertainment open to the public at large, the principal part of which shall be composed of vocal or instrumental music or both, and to which an admission fee is charged.

Section 2. This ordinance shall take effect immediately.

The following matter was, on motion, *laid over one week and made a Special Order for 2:30 p. m.*:

Ordinance Regulating Installation, Alteration and Maintenance of Signs, and Repealing Ordinance No. 1009 (New Series).

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Regulating the installation, alteration, and maintenance of signs, devices, and sidewalk clocks, fixing a penalty for violations of the provisions thereof, and repealing Ordinance No. 1009 (New Series) and all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. This ordinance shall be known as the "Sign Ordinance" of the City and County of San Francisco.

Section 2. It shall be unlawful for any person, firm or corporation hereafter to place or maintain upon or in front of, or attach to any building or premises, any sign, advertisement, transparency, bulletin board, or sidewalk clock, projecting beyond the property line over any sidewalk or public thoroughfare, except such as are embraced within the classifications of Section 11 and subject to the conditions stated herein; provided that this ordinance shall not be deemed to apply to "billboards," as defined and regulated by Ordinance No. 4059 (New Series), nor to render unlawful the maintenance of any sign, advertisement, transparency, or bulletin board erected and maintained under a lawful permit prior to the passage of this ordinance.

Section 3. No sign, transparency, advertisement, bulletin board, or sidewalk clock shall hereafter be placed, maintained upon or in front of, or attached to any building, structure, or premises, without a permit therefor from the Board of Public Works. Application for such permit shall be made to the said Board of Public Works by the owner, lessee, or agent thereof, of the property on which the proposed sign is to be located, on the form and in the manner required by the said Board.

Said application shall be accompanied by duplicate scale or dimensioned drawings of the proposed sign, which shall show fully the location, dimensions, and construction thereof, together with such other information as may be required. When the proposed sign is to be attached to a building or other independent structure, the drawings shall show the position of the sign on the supporting structure, the method of attachment to such structure, and the character of the structural members to which such attachment is made.

Section 4. It shall be the duty of the Board of Public Works, through its authorized representatives, upon the filing of application and exhibits as provided in Section 3, to examine such drawings and other data and, if necessary, the premises upon which it is proposed to erect the sign, and if it shall appear that the proposed sign is in accordance with all legal requirements, the Board of Public Works shall issue a permit for the erection of the sign. During the erection of the sign, and upon the completion thereof, the Board of Public Works shall cause the same to be inspected.

Section 5. All rights and privileges acquired under the provisions of this ordinance or any amendment thereto, permitting the erection or maintenance of signs or sidewalk clocks on or over sidewalks or public thoroughfares, are mere licenses revocable at any time by the Board of Supervisors, and all such permits shall contain this proviso.

Section 6. Any person, firm, or corporation maintaining a sign or advertisement upon or in front of the premises of which he, she or they are the owner or occupant, or over which he, she or they have control, shall, upon notice from the Board of Public Works, cause such signs or advertisements to be placed and secured in such manner as the said Board may direct. In case of failure to comply with such notification, the Board of Public Works is authorized to cause the removal forthwith of such sign or advertisement, and without prejudice to the penalties herein imposed for violations of this ordinance.

Section 7. Before any sign, transparency, advertisement or sign device is erected which is intended to be used in connection with electricity, a permit shall be secured from the Board of Public Works as provided in Sections 3 and 4, and this permit, together with all necessary data regarding the proposed electrical construction, shall be submitted to the Department of Electricity. It shall be the duty of the Department of Electricity to examine such electrical data, and if the proposed sign is found to be in accordance with all ordinances regarding electrical construction, and the provisions herein regarding illuminating qualities, the said department shall issue a permit for the erection of such sign. No sign intended to be used in connection with electricity shall be erected unless permits therefor have been secured from both the Board of Public Works and the Department of Electricity.

Section 8. Upon the completion of the electrical construction for which permit is issued or required as herein provided, the Department of Electricity shall inspect the sign, and if it is found to be in accordance with all requirements regarding electrical construction and illuminating qualities, the said department shall issue a certificate of satisfactory inspection to the permittee upon the payment to the said department of a fee in the amount of two dollars and fifty cents (\$2.50) for each hour of time reasonably consumed by each inspector in making such inspection, including time reasonably consumed in going from the office of the said department to the place of inspection, and return to the said office; provided, however, that such minimum fee shall be three dollars (\$3.00). The issuance of the certificate of satisfactory inspection shall constitute a permit for the connection of electric current to the sign. Prior to the issuance of such certificate, such current shall be turned on only by special permission of the Department of Electricity, and only for the purpose of testing the sign.

Section 9. Definitions.

(9.1) The word "sign" as used herein when appearing alone, shall be understood to include all types of signs, sign devices, advertise-

ments, transparencies, bulletin boards on or attached to any building, structure, or premises, and shall also include sidewalk clocks; provided, however, that the said word shall not include "billboards" as defined in Ordinance No. 4059 (New Series).

(9.2) "Electric sign" shall mean a sign whereon letters, figures, or designs are formed or outlined by incandescent electric lights, "Neon" or other luminous electric tubes, or by a transparent medium illuminated from electric lights or luminous tube contained within the sign. Electric lights or luminous tubes which are not an essential element of the sign proper, are not classified as electric signs within the meaning of this ordinance.

(9.3) "Face of Building" shall be construed to mean the general outer surface of the walls of the building facing the street, except where bay windows or pillars project beyond such walls, the outer surface of such windows or pillars shall be considered the face of the building at those points.

(9.4) Where the distance from sign to sidewalk is specified, there is meant the clear distance from the bottom of the sign or the frame thereof, to the highest point of the sidewalk immediately beneath such sign.

Section 10. General Specifications.

(10.1) All fixed signs, except those lying flat against the surface of the building to which they are attached, shall be designed to withstand wind loadings as follows, the detail design to be in accordance with the provisions of the Building Law:

(a) For solid signs, twenty (20) pounds per square foot on one face of sign.

(b) For skeleton signs, thirty-six (36) pounds per square foot of the total face area of the letters or other sign surface, or ten (10) pounds per square foot on the gross area within the frame of the sign proper, whichever is the greater.

(10.2) Metal shapes or flats used for supporting or bracing signs shall not be less than one-eighth (1-8) inch thick, and shall be galvanized or porcelain enameled. Where wire is used to support or brace signs, it shall be galvanized or equal.

(10.3) All electric signs shall be constructed throughout of non-combustible materials.

(10.4) The amount of illumination supplied to an electric sign shall not be less than eight (8) candlepower, or one (1) lineal foot of Neon tubing, per square foot area of the illuminated side or sides of the sign.

(10.5) The illuminating elements of all electric signs shall be maintained in good order and in the full number for which the sign was designed.

(10.6) No sign other than electric sign shall project more than twelve (12) inches from the face of the building, nor shall any electric sign project beyond the curb line of the sidewalk below such sign.

(10.7) No double or triple face electric sign shall be more than four (4) feet thick between sign faces.

(10.8) No sign which projects more than eight (8) inches over a public sidewalk or thoroughfare, shall be less than eight (8) feet above the sidewalk; provided, however, that this provision shall not apply to non-electric pole signs when the base thereof is placed at sidewalk elevation.

(10.9) No sign other than a swinging electric or marquee sign shall extend across or in front of any window or other exterior opening in any building above the first story thereof, nor across the end windows or the end three (3) feet of glass front at each side of a mezzanine floor.

(10.10) No sign shall be attached to any fire escape or standpipe, and none except marquee signs shall be placed in front thereof, nor shall any sign be so placed as to obstruct the means of ingress or egress of a building.

(10.11) No sign which is placed parallel with or flat against the wall of a building, shall extend above the fire wall of such building.

Section 11. The classification of signs referred to in section 2, and the special conditions pertaining to each classification, shall be as follows:

Class A. Flat or curved signs, plain or electric, the face of the sign being parallel for its whole length to the face of the building, and the sign fastened directly thereto. Such signs shall project not more than ten (10) inches from the face of the building unless the sign is ten (10) feet or more above the sidewalk, in which case they may project not to exceed eighteen (18) inches.

Class B. Drum signs attached to the pillars or entrances of buildings, and projecting not more than eight (8) inches from the face of the building unless the sign is eight (8) feet or more above the sidewalk, in which case they may project not to exceed twelve (12) inches. Provided, an electric drum sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

Class C. "V" signs, attached at their ends to the face of the building, and with the apex projecting therefrom not more than eight (8) inches unless the sign is eight (8) feet or more above the sidewalk, in which case this projection may be made not to exceed twelve (12) inches. Provided, an electric "V" sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

Class D. Barber pole and similar type signs, free from any separate signs attached thereto, and projecting not more than fourteen (14) inches from the face of the building.

Class E. Horizontal double face or triple face signs illuminated and conforming to the following specifications.

(a) Swinging electric signs having a maximum height not to exceed seven (7) feet nor projecting beyond the outer edge of the sidewalk nor having their lowest point less than ten (10) feet above the sidewalk. Provided also that such signs shall be erected in such manner as to permit their being swung back parallel with the face of the building and when so swung back the sign shall not project more than twenty (20) inches from the face of said building, or supporting element at property line. Further provided that said signs shall be swung back between the hours of 8:00 a. m. and 5:00 p. m.

(b) Horizontal electric signs having a maximum height not to exceed five (5) feet nor projecting from the face of the building for more than one-half (1-2) the width of the sidewalk, nor in any case more than seven (7) feet, nor having their lowest point less than ten (10) feet above the sidewalk. Provided also that they shall be mounted in such a way as to permit their being swung back parallel with the building face (in case of emergencies, such as fire), but shall be fastened permanently with galvanized metal cables and turnbuckles in their extended position for normal usage, the lateral guys to be not more than ten (10) feet above the sidewalk at their point of attachment to the building.

Class F. Double face vertical electric signs, illuminated on both sides, the face of the sign set at right angles to the face of the building, except that at a corner of the building which is also a street corner, the sign may be so set that the plane of the sign bisects the angle formed by the intersecting wall faces. The limiting dimensions pertaining to such signs shall be as follows:

| Height Above Side- walk, Feet. | Maximum Projection From Face of Building, Feet. | Minimum Length of Sign, Feet. |
|-----------------------------------|--|----------------------------------|
| 10 | 4 | 8 |
| 12 | 5 | 10 |
| 15 | 6 | 20 |
| 18 | 7 | 30 |
| 20 | 8 | 40 |
| 23 | 9 | 50 |
| 25 | 10 | 60 |

Class G. Single face vertical electric signs having a maximum width of six (6) feet placed either flat against the building or at an angle of

forty-five (45) degrees with the walls at a corner thereof which is also a street corner. Such signs shall be not less than twelve (12) feet above the sidewalk, nor shall any portion project above the fire wall of the building.

Class H. Gas or electric lamp or lamp globes on which signs may be placed, such lamps or globes to be suspended in front of the building or premises, not less than eight (8) feet above the sidewalk, nor projecting more than two and one-half (2 1-2) feet from the face of the building. No inscription or sign other than the name of the person, firm, or corporation at whose expense and in front of whose premises the lamp is erected shall be placed thereon, nor shall the size of such lamp or globe exceed that of those used in lighting the public streets.

Class I. Flat or curved mesh signs and raised letters. Such signs may be extended from the front of one bay window above the first story to an adjacent bay window, provided that the sign shall not project more than six (6) inches from the front of the bay window.

Class J. Bulletin boards, which shall not project more than eight (8) inches from the face of the building.

Class K. Signs supported upon metal awnings or marquees. Such signs shall be not less than ten (10) feet above the sidewalk, and unless electric signs, shall be not more than two (2) feet in vertical dimension; if electric signs, their vertical dimension shall be not more than sixty-five (65) percent of the projection of the marquee from the face of the building. When projecting above the roof of the marquee, the face of signs parallel with the building, or the apex of "V" signs, shall be distant from the face of the building not less than one and one-half times the height of the sign above the marquee. There shall be a clear space of not less than two (2) feet from the face of the building to any portion of any sign extending more than two (2) feet above the roof of the marquee, unless there is provided a walkway as herein specified. Such walkway shall extend along the face of the building for the full distance between signs, shall be at an elevation of not more than two (2) feet below the top of the sign at the face of the building, and shall be not less than two (2) feet wide. Such walkway shall be designed for its dead load plus a live load of sixty (60) pounds per square foot of area, and shall be of fireproof construction throughout. Where the walkway is located more than two (2) feet above the roof of the marquee, a hand-rail shall be provided along the outer edge of the walkway, and metal stairs or ladder, not less than eighteen (18) inches wide, shall be provided to give access from the walkway to the roof below. Signs extending above the roof of a marquee and placed other than along and flush with the edges thereof, shall be set back not less than two (2) feet from the side edges of the roof. No temporary sign of any kind shall be attached or supported on any marquee, except as provided in Class L. All marquees shall be designed and constructed to sustain, in accordance with the provisions of the building law, their full dead load plus a live load of twenty (20) pounds per square foot of horizontal area, plus the weight of signs, and no sign shall be supported on any marquee which does not satisfy this requirement.

Class L. Temporary signs, advertisements, or flags. These may be suspended over the sidewalk in front of buildings or premises upon holidays, election days, and days of public parade or display, provided that such signs, advertisements, or flags shall be placed and secured as may be directed by the Board of Public Works, and be removed immediately following the day or days for which the permit is granted.

Class M. Sidewalk clocks, which shall be ornamental in character and construction, the design thereof to be subject to the approval of the Board of Public Works. Such clocks shall be placed just inside of and abutting on the curb line, shall be not less than ten (10) feet above the sidewalk, and the clock face shall be not less than two (2) nor more than three (3) feet in diameter. No advertisement, notice, lettering, inscription, or name shall be painted, placed, or attached to

the clock or to the pole or standard upon which it is mounted. After the erection thereof, all such clocks shall be maintained in good condition and shall correctly indicate the time; failure to comply with this condition shall be cause for revocation of permit.

Class N. Roof Signs. The extreme height of such signs above the lowest portion of the roof directly beneath the sign shall not exceed seventy-five (75) feet when the sign is supported on a Class A or B building, nor thirty (30) feet when supported on a Class C building. The face of the sign shall be set back of and not less than three (3) feet in the clear from the inside face of the parapet wall parallel or adjacent thereto, and the ends of the sign shall be not less than one (1) foot inside the inside face of the parapet wall adjacent to such end. The bottom of such signs shall be not less than five (5) feet above the roof directly beneath, and the space between vertical support shall be not less than six (6) feet in the clear; not less than fifty (50) percent of the spaces so defined shall be and remain clear of any obstructions whatever.

No advertising sign or electric sign shall hereafter be placed on any roof in such a position that any portion of the advertising surface, its supporting structure, posts or braces, will be closer than six (6) feet from the outlet connection of any standpipe or fire plug, nor interfere in any way with the free use of any fire escape or obstruct any ventilator, door or stairway.

Any sign or any character, together with its foundation, framework and supports now or hereafter constructed or maintained on or above any roof shall be kept in safe repair at all times by the person, firm or corporation, owning, operating or having the care or custody of the same.

All roof signs shall be constructed throughout of fireproof materials, except as hereafter provided, and shall be supported on and attached to the building by a suitable frame of galvanized metal, which shall be positively anchored to the main structural members of the building. Sills, stringers, ornamental trim and foot walks supporting such frames on Class C and frame buildings may be of timber. All foot walks supported by the frame shall be provided with a secure metal railing.

On all electrically illuminated roof signs a disconnect switch shall be installed for the purpose of disconnecting all electrical current from the sign, motor, or other control apparatus on the structure. This switch shall be located within six (6) feet six (6) inches from the roof and be placed either on the supporting structure itself or within easy access and view of the supporting structure.

Section 12. Ordinance No. 1009 (New Series) is hereby repealed, as are also any other ordinances or parts of ordinances in conflict with the provisions herein.

Section 13. It shall be the duty of the Chief of Police of the City and County of San Francisco strictly to enforce the provisions of this ordinance.

Section 14. If any section, paragraph, sentence, clause, phrase, table, or portion of any table herein is held to be invalid for any reason, such decision shall not affect the validity of the remaining portion of this ordinance.

Section 15. Any person, firm, or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars (\$500.00), or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

Section 16. This ordinance shall take effect and be in force thirty (30) days from and after the date of its passage.

Auction of Certain Public Lands at Twenty-second Avenue and Irving Street.

On recommendation of Public Buildings Committee.

Bill No. 9359, Ordinance No. ——— (New Series), as follows:

Providing for the disposal at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at a point on the easterly line of Twenty-second avenue, distant thereon 285 feet southerly from the southerly line of Irving street and running thence southerly along the said easterly line of Twenty-second avenue 30 feet; thence at a right angle easterly 120 feet; thence at a right angle northerly 30 feet; thence at a right angle westerly 120 feet to the easterly line of Twenty-second avenue and the point of commencement.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash in United States gold coin at public auction to be held in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made the notice of such sale, describing the land to be sold with common certainty.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance as required by Article II, Chapter II, Section 9 of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Auction of Certain Public Lands at Stockton and Bush Streets.

Also, Bill No. 9360, Ordinance No. ——— (New Series), as follows:

Providing for the disposal at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9 of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel or land is situated in the City and County of San Francisco, State of California, and more particularly described as follows, to-wit:

Commencing at the point of intersection of the easterly line of Stockton street with the southerly line of Bush street, and running thence easterly along said southerly line of Bush street 137 feet 6 inches, thence at a right angle southerly 137 feet 6 inches, thence at

a right angle westerly 137 feet 6 inches to the easterly line of Stockton street, and thence northerly along the said last mentioned line of Stockton street 137 feet 6 inches to the point of commencement.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash in United States gold coin at public auction to be held in accordance with the provisions of Article II, Chapter II, Section 9 of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made the notice of such sale, describing the land to be sold with common certainty.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this Ordinance as required by Article II, Chapter II, Section 9 of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Plans and Estimates of Cost and Bids for Hetch Hetchy Pipe Line Across San Joaquin Valley.

The following recommendation of Public Utilities Committee was taken up:

Bill No. 9366, Ordinance No. ——— (New Series), as follows:

Requesting the Board of Public Works to obtain from the City Engineer plans, specifications and estimates of cost of the construction of a pipe line across the San Joaquin Valley for conveying water from the Oakdale portal to the Tesla portal of the Hetch Hetchy water project, and directing the Board of Public Works to call for bids for said work, and award a contract or contracts.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby directed to obtain from the City Engineer plans, specifications and estimates of cost of the construction of a pipe line across San Joaquin Valley for the purpose of conveying water across the said valley from the Oakdale portal to the Tesla portal of the Hetch Hetchy water project, and award a contract or contracts.

Section 2. The said pipe line is to have a capacity of delivering not less than 60,000,000 gallons of water daily, and is to be constructed between the points specified in Section 1 of this ordinance, together with all necessary appurtenances.

Section 3. The said bids are to be requested by the Board of Public Works on the assumption that the construction herein described shall be completed within twelve months from the date that a contract for said work is entered into, and that these specifications when prepared shall contain rigid provisions for the employment of local labor whenever possible and preference for home industry.

Section 4. Bids for the construction described in this ordinance shall be asked for in the following manner:

1. For the complete manufacture and installation of said pipe line.
2. Separate bids shall also be obtained as to the cost of the completion of construction of the Red Mountain Bar Siphon to complete the aqueduct between Moccasin creek and Oakdale portal concurrently

with the construction of the said pipe line described in this ordinance over the right of way easement owned by the City and County of San Francisco in the San Joaquin Valley.

Section 5. This ordinance shall take effect immediately.

SUPERVISOR COLMAN: Mr. Chairman, members of the Board, referring to No. 38 on the Calendar, this Calendar, this is a unanimous recommendation of the Public Utilities Committee, recommending that the Board of Public Works obtain from the City Engineer plans, specifications and estimates of cost of the construction for laying a pipe line from the Oakdale Portal to the Tesla Portal across the San Joaquin Valley, and these plans and specifications are in four alternatives. The first calls for the pipe laid completely, and the second is a call for the pipe delivered along the right of way, the pipe with all necessary accessories for its laying, and the third calls for bids on the laying and assembling and placing of the pipes, and the fourth is for the cost of the excavating, back-filling and other miscellaneous matters in connection with the laying of the pipe.

SUPERVISOR McSHEEHY: I am going to ask that No. 38 on the Calendar be postponed for two weeks, and that copies of the contract as appear on the Calendar and copies of these questions and answers be sent to every member of the Board, to every individual member of this Board, and I would ask that during the two weeks, the Public Utilities Committee, if they feel that they can, insert riders into these contracts, so as to provide that all the labor can be done by local labor. I think they ought to do it, especially as conditions in our city are such that we have recently been obliged to bond our city for two and one-half million dollars to provide employment for our citizens. Why not employ our own citizens; why go to employment offices and employ citizens residing in other counties, and perhaps not even citizens of the United States? That, of course, I do not know, but I do know that has been the practice in the past, and you can, insert clauses in the contract, I am almost positive of that, with the assistance of our City Attorney. Therefore, at this time, gentlemen, and I hope I receive a second, I am going to move that the further consideration of No. 38 on the Calendar be postponed for two weeks.

SUPERVISOR CANEPA: I will second it.

THE CHAIR: The question is on postponement. Mr. Clerk, call the roll.

THE CLERK: Andriano, absent; Breyer, no; Canepa, aye; Colman, no; Gallagher, no; Garrity, aye; Havenner, no; Hayden, no; McGovern, no; McSheehy, aye; Miles, no; Peyser, absent; Power, absent; Roncovieri, no; Shannon, aye; Spaulding, absent; Stanton, no; Suhr, no.

THE CLERK: Ten noes and four ayes, and four absent.

THE CHAIR: The motion is lost.

SUPERVISOR GALLAGHER: With the permission of the Committee, or the author, and I hope not to embarrass the maker of the ordinance, in Section One, which reads as follows: "The Board of Public Works is hereby directed to obtain from the City Engineer plans, specifications and estimates of cost on the construction of a pipe line across San Joaquin Valley for the purpose of conveying water across the said valley from the Oakdale Portal to the Tesla Portal of the Hetch Hetchy water project." I would move the inclusion of the following: "And the Board of Public Works and the City Engineer herein referred to are herewith pledged to include in all specifications prepared and approved by the City Attorney which shall insure, if possible, local manufacture for the materials used, and rigid provisions for the employment of local labor in so far as possible on the entire job." If that language is out of order, for some legal reason

or other, or from some other point of view, all right. I realize that may not be the exact legal phraseology, but I make that as a motion.

SUPERVISOR STANTON: Second the motion.

SUPERVISOR GALLAGHER: This might be illuminating for you, the Charter itself states: "Every contract for work to be performed within the State of California at the expense of the City and County or paid for out of moneys deposited in the treasury, whether such work is to be done within or outside the limits of the City and County, and whether such work be done directly by or under such contract duly awarded, or indirectly by or under subcontract, subpartnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide." Notice, it says, "must provide." Then it says: "That in the performance of the contract, eight hours shall be the maximum hours of labor on any calendar day, and that the minimum wages or compensation of persons performing labor in the execution of such contract, subcontract, subpartnership, day labor, station work, piece work or other arrangement, shall be three dollars per day." That provision for three dollars a day, of course, is out. "(2) That any person performing labor in the execution of such contract shall be a citizen of the United States or have declared his intention of becoming such; (3) that preference in the performance of labor under such contract, or other arrangement, shall be given to persons who shall have actually resided in the City and County and shall have so resided for a period of one year next preceding the date of their engagement to perform labor thereunder. The foregoing provisions designated (1), (2) and (3) must also apply to persons performing labor in the commissary or other auxiliary department of labor conducted in the course of the execution of such contract or any part thereof; and the said provisions shall also apply to any work done for or by City and County or by any officer, board or commission thereof, when such work is to be done at the expense of the City and County or paid for out of moneys deposited in the treasury," and so forth.

I don't want to hog-tie the measure at this moment, but I do want to get the consent of every one that it will be made as rigid as possible. If that language is out of order, perhaps we could get it from the City Attorney.

SUPERVISOR COLMAN: If you would suggest whatever language the City Attorney thinks is legal, in other words, we are willing to do all we can to safeguard the employment of San Francisco labor on this project.

SUPERVISOR GALLAGHER: Would this provision be all right, that the specifications—"And be it provided that the specifications when prepared shall contain rigid provisions for the employment of local labor wherever possible, and preference for home industry in the contracts so awarded."

SUPERVISOR CANEPA: I desire to offer a motion that this matter be continued for one week. There is no question in my own mind after listening to Supervisors Colman and Gallagher and McSheehy that possibly they may get together in the meantime and come to this Board with a proper amendment so that it may be satisfactory to the Water Department, the City Engineer and the members of this Board.

SUPERVISOR McSHEEHY: I second that motion.

THE CHAIR (Interrupting): I should think the Public Utilities Committee should guide us, and I am willing to follow the recommendations of the Public Utilities Committee on this outstanding question.

SUPERVISOR COLMAN: We are voting on the motion for postponement?

THE CHAIR: Yes, call the roll.

THE CLERK: Supervisor Andriano, absent; Supervisor Breyer, no; Supervisor Canepa, aye; Supervisor Colman, no; Supervisor Garrity, no; Supervisor Gallagher, no; Supervisor Havenner, no; Supervisor Hayden, no; Supervisor McGovern, aye; Supervisor McSheehy, aye; Supervisor Miles, aye; Supervisor Peyser, absent; Supervisor Power, absent; Supervisor Roncovieri, absent; Supervisor Shannon, absent; Supervisor Spaulding, absent; Supervisor Stanton, no; Supervisor Suhr, no.

THE CLERK: Eight noes, five ayes, and five absent.

THE CHAIR: The motion is lost. The question is on the recommendation of the Public Utilities Committee to strike out Subsections Two, Three and Four of Section Four.

Ordering the Improvement of Quesada Avenue and Other Streets.

Also, Bill No. 9364, Ordinance No. ——— (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors March 10, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Fran-

cisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Quesada avenue between Rankin street and a line 250 feet southeasterly therefrom, where not already so improved, by the construction of armored concrete curbs, by the construction of two course concrete sidewalks to conform with the existing sidewalks, by the construction of side sewers, and by the construction of an asphaltic concrete pavement consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch class "F" concrete base on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of Quint street between Oakdale avenue and Palou avenue, including the intersection of Drummond alley, by the construction of armored concrete curbs—the curbs are to be extended across Drummond alley and depressed—by the construction of an 8-inch vitrified clay pipe sewer and one brick manhole along the center line of Drummond alley produced between the center and southeasterly line of Quint street, by the construction of side sewers, and by the construction of an asphaltic concrete pavement consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch class "F" concrete base on the roadway thereof, and by resetting the existing granite and concrete curbs and brick catchbasins and constructing conform pavement and sidewalks at Oakdale avenue and Palou avenue.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of the westerly one-half of Ashton avenue from a line parallel with and 320 feet southerly from Grafton avenue to a line parallel with and 360 feet southerly from Grafton avenue, by the construction of armored concrete curbs, by the construction of 6-inch vitrified clay pipe side sewers, and by the construction of a 6-inch class "E" concrete pavement on the roadway thereof.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Consideration of Garbage Disposal Bids.

Supervisor Hayden acted as chairman of the meeting in the absence of the Mayor.

After the transaction of other business the following proceedings were had in relation to the consideration of garbage disposal bids:

THE CHAIRMAN: The next order of business is the special order for the consideration of garbage disposal bids.

SUPERVISOR ANDRIANO: I am just going to make a motion to postpone, Supervisor McSheehy.

THE CHAIRMAN: Proceed, Supervisor Andriano.

SUPERVISOR ANDRIANO: There is a special order on our Calendar relative to the disposal of garbage, and I am informed that there is a delegation present representing the fishing industries of California which desires to be heard on the subject. Now, it is evident, with the other matters we have pending before us today, that it would be impossible to discuss this matter, or at least to allow the privilege of the floor to outsiders, and I am going to move that it be made a special order of business for next Monday at 3 o'clock. No, we have one for 3; make it for 3:30.

THE CHAIRMAN: If there is no objection, so ordered.

SUPERVISOR CANEPA: I am asking if there is anything on the Calendar.

SUPERVISOR ANDRIANO: Yes, a special matter.

SUPERVISOR GALLAGHER: I am serving notice—I don't want Supervisor McSheehy to feel that he had my consent that it would be decided by a simple motion. I intend to debate this matter, and to suggest that it be rereferred to committee.

SUPERVISOR ANDRIANO: I don't see anything on the Calendar for the consideration of this Board, so I suggest that the matter be heard before the committee. Garbage was not—or it was understood this matter would not be heard until next Monday, and we cannot go into it today.

THE CHAIRMAN: If there is no objection, the garbage question goes over one week, to be made a special order of business for 3:30.

SUPERVISOR GALLAGHER: One moment. You recognized Supervisor Andriano on this subject-matter, and now I understand you are closing the doors on it.

THE CHAIRMAN: Do you want to speak on it?

SUPERVISOR GALLAGHER: I certainly do. Mr. Chairman, the subject-matter of the bids received, and the only legal bids on garbage disposal, were referred to the Health Committee two or three weeks ago on the plea of the new chairman, and a new Supervisor on the Board, that he desired to acquaint himself with the question, and he pleaded for and was granted a week's time. The subject-matter, as I recall it, was heard the following Friday, partly only. Then in committee it was decided—can we get some order, please, Mr. Chairman?

THE CHAIRMAN: The members will please give their attention.

SUPERVISOR GALLAGHER: Then in committee it was decided to postpone further hearing for a week, and when that Friday came there was no committee meeting, due, probably, to the illness of Supervisor Roncovieri, and further due to the absence of Supervisor McSheehy on legislative business. A meeting was then scheduled, as I understand it, for last Friday, and, due again to the absence of members

for what cause I am not now informed, but, I think, the same, it was again postponed. Whether in the meantime somebody has been holding some conferences—in the meantime this garbage thing is just like it always was, being kicked around here until it has become a disgrace.

I call your attention to an article in the "Call" of today, this afternoon, "Contractors Flay Proposal for Sea Dump Change as Unfair," and that the Supervisors will decide it next Monday and a legal fight is promised. Quoting from the "Call": "Vigorous protest against the proposal to call for new bids for dumping the city's garbage at sea temporarily was made today by Charles Brennan, attorney for one of the sea-dumping bidders." And continuing: "Brennan expressed 'amazement' at reports that Patrick Meherin, harbor commissioner, had urged that old bids be thrown out and new bids called. 'I am sure,' he said, 'that such reports must be incorrect, because for the life of me I cannot see why the harbor commissioner should be interested in what firm wins the contract for dumping the garbage at sea. What difference could it possibly make to them whether my clients or someone else won the contract?'"

"Brennan's clients are Frank O'Kane and Walter J. O'Brien. They submitted one bid January 12 for dumping at sea. J. H. Baxter, represented by Attorney Robert Jeffries, submitted another. Five bids for incinerating the garbage were submitted but all were subsequently declared illegal.

"About two weeks ago Mayor Angelo J. Rossi and other city officials announced that pending a final solution of the incineration problem they favored dumping the city's garbage at sea.

"'Last week,' said Brennan, 'it was decided by some officials that our bids should be thrown out and new bids for dumping at sea should be called.

"'This would be manifestly unfair. My clients and J. B. Baxter bid in good faith. Months ago we saw that even if an incineration contract should be let now it would probably be five years before incineration could begin, and that meanwhile the garbage should be dumped at sea.'

"'We bid. We bid in good faith. We revealed our estimates. We told the wide world what we proposed. Now it is suggested that our bids be thrown out, that other persons be permitted to scan our figures and then submit bids; that others be permitted to take advantage of the thousands of dollars' worth of study that we have made.'

"Brennan said that the Supervisors would have to decide the issue. They have set it for next Monday.

"The conference at which the proposal to throw out the bids was made was held in Mayor Rossi's office and one of those attending was Meherin, because the harbor board would have to provide space for the loading of the garbage ships. Meherin was reported to have led in urging that new bids be called.

"'This I can't understand,' said Brennan. 'Either the board will give permission to use a pier or it will not. Certainly the identity of those who win the contract will not enter into their decision.'

I should like permission of the Chairman to ask a question, through you, of Mr. Brennan, if this statement appearing in the "Call" is, to the best of your knowledge, true?

THE CHAIRMAN: Is there any objection? You may answer, Mr. Brennan.

MR. BRENNAN: Yes, that is correct.

SUPERVISOR GALLAGHER: Have you been informed of a conference held in Mayor Angelo J. Rossi's office at which the disposition of garbage by dumping at sea was discussed?

MR. BRENNAN: There was a conference, Supervisor Gallagher, I understand, between the Mayor, the City Attorney, the City Engineer,

the City Health Officer and the chairman of the Health Committee, last Thursday, I believe.

SUPERVISOR GALLAGHER: Were you or anybody representing your clients invited?

MR. BRENNAN: No, we were not invited.

SUPERVISOR GARRITY: Ask him if he gave that statement in reference to everybody present, the names of the ones who were there?

SUPERVISOR GALLAGHER: Supervisor Garrity asks me to have you make the statement to the Board if you made the statement giving the names of who were present at the conference.

MR. BRENNAN: No, I did not, Supervisor Gallagher.

SUPERVISOR GARRITY: But you do say, Mr. Brennan, that the statement is correct?

MR. BRENNAN: Yes, I do.

SUPERVISOR GALLAGHER: And you say you are informed there was such a conference?

MR. BRENNAN: Yes.

SUPERVISOR GALLAGHER: I am rising to ask if anybody knows if there was such a conference?

SUPERVISOR GARRITY: Supervisor Gallagher has gone into a long statement here on a matter which I believe is pending in the hands of the Health Committee, and I presume that when they bring in the right findings it will be pretty near correct in the way of handling the situation. Supervisor Gallagher says that it will soon amount to a scandal. Supervisor Gallagher himself has been upon this Board for many years, and to my knowledge this garbage matter has been pending all that time.

SUPERVISOR GALLAGHER: I asked a question, and I want no argument on it. I asked the question and I can wait for him to explode on other matters later.

SUPERVISOR GARRITY: I will give it next Monday.

SUPERVISOR GALLAGHER: Fortunately the rules of this Board protect any member against just what has happened here. Supervisor Garrity knows very well that it was the earnest desire of the Board to give him and his committee time to study this question, but no authority was granted to his committee, or to anybody else, for anybody to sit and confer on this subject-matter and dispose of the subject in a conference. If that was done prior to a vote by this Board on the subject it might be as well for Supervisor Garrity, while he is trying to ascertain some information, to be informed that the only authority around this City Hall to dispose of these bids is the Board of Supervisors, and nobody else, and if anybody is holding conferences on the subject, Mr. Chairman, some of us would like to know why, and who is holding them. We would like to know, for instance, if this statement in the "Call" is correct, why the chairman of the Board of Harbor Commissioners tries to advise what disposition should be made of this problem? We are certainly not going down on the waterfront and tell him how many piers to build and where these piers should be built. That is number one.

Under the rules of this Board when a matter is taken into committee and is held in that committee for more than thirty days, under our rules it can be placed on the Calendar.

Now, these two men, or two bidders, have submitted bids in all fairness; these people have submitted the only legal bids which are before this Board; these people have shown their figures to the whole world; these people are ready to accept a contract, and the Mayor and the City Health Officer and the Engineer have said that, pending any solution of this problem, and pending the erection of an incinerator, the advisable thing to do is to dump at sea, because under the mandate of the people we cannot do any other way, and it must be obvious to

anybody that pending the erection of an incinerator some other method of disposal must be found.

I want to register my objection, first, to further delay—and I have fought against delay of this garbage solution for several years, and it has been forever pending in committee, and forever the committee has failed to find a solution, and if this particular committee can find a solution we will all be delighted, but I am serving notice right now, and I am doing it in all charity and in all frankness, that if this matter pends in committee over the time I shall invoke my right to place it on the Calendar for decision by the Board.

It seems to me, Mr. Chairman, I would best be serving the interests of the City and of this Board if I protect the rights of gentlemen who have bid on this question and to see that the doors are thrown open and the full light of day let in on the subject. These gentlemen who bid on the proposition, they have a right to be either invited to be at any conference or discussion thereon, on their bids; they have a right to their day in court and I am going to see that they get it. I want that understood. If anybody walked into a conference or conferences, or called them, that I, as a Supervisor, and my fellow-members on this Board have the right to sit in on and were not given an opportunity, I am serving notice right now that they won't get away with it. Some other people have tried that in the past, and it has led to chaos and confusion. I say it is wrong to call conferences and discuss what disposition is to be made with a subject which is pending in this Board and in so doing jeopardize the rights of anyone. I am going to say to you now, and to Mr. Brennan and to his clients, that I am going to see that they get a fair deal and get their day in court. I am going to see to it. Any conference is not binding on this Board; that is not the place to settle it.

I may say, as I said before the committee, there is just one simple question to answer: "Shall we award contracts for dumping at sea while the question of the erection of an incinerator, private or otherwise, is being solved?" That is the only question before them. If they wish to address themselves to the building of an incinerator, to that there can be no objection.

I think, now, Mr. Chairman, in view of the fact that right now in the public print everywhere, and everywhere else, the Board is being attacked as a whole—I just saw it this afternoon, either this afternoon or yesterday—one of the things this Board is being attacked on, and one of the principal arguments for voting the new Charter in was the subject of garbage disposal. Now, Mr. Chairman, this is the place to hear a question of that kind; this is the place to discuss it; this is the place to decide it. I here protest, and I for one beg that they bring it to us here and take our vote on it and let no outsiders, no other officials who haven't anything to do with it, vote on it. I think meetings and discussions regarding garbage are more helpful here than they can be by being held behind closed doors. There have been too many meetings in times past—I am not criticising anyone here for them—held behind closed doors. These bidders have some rights, and I repeat that these conferences do not give them those rights, and they are entitled to a day in court, and they have a right, if their bids are legal, to be considered, and upon that I am going to insist.

SUPERVISOR COLMAN: Mr. Chairman, I am absolutely surprised. That is an amazing statement, based on a mere newspaper article, upon a matter which we do not know whether it ever happened or not. That is the most amazing statement I have heard in some time.

Mr. Chairman, I personally approve heartily of the interest the Mayor of San Francisco takes in the problems that confront our City, and he is thoroughly within his rights in calling members of the official family into his office to discuss these problems.

THE CHAIRMAN: A little order, please. Proceed, Supervisor Colman.

SUPERVISOR COLMAN: I think, moreover, it is his duty to show enough interest in the affairs of this City to look into these things. I do think a statement of that kind—that he or anyone else is attempting to take away anyone's rights—is absurd.

Of course, a statement like that would tend rather to prejudice me against the applicants than anything else; to try to bluff me or intimidate me into considering favorably what they are trying to put over here. Personally I wouldn't stand for a cheap bluff. That is not in any way personal, because I don't personally know anything about the exact conditions in this case.

I do think it is entirely unwarranted to criticize our chief executive of the city for taking a proper interest in the affairs of the city—why, that is something unheard of. I commend him for it. He is directly concerned with every problem that faces the City of San Francisco, and he certainly takes up those problems and attempts by his criticism and counsel to bring about a proper solution of them and to aid us in our work here. If that is not the proper function of the chief executive of a city, to whose desk goes all legislation of the city, I don't know what it is. I think it is a fine attitude on the part of our Mayor, Angelo Rossi, which he has taken in the affairs of the city, and instead of criticizing him I commend him.

We all know where the decision rests in matters of this kind, and Supervisor Gallagher knows that it is in the Board, subject to the approval of the Mayor, and any question that he is a man that would take away anyone's rights is almost an insult, and I resent it; he is not that kind of a man, and during the short time that he has been in the position of Mayor he has shown a grasp of affairs of the city and an interest in those affairs that certainly entitles him to the appreciation and respect of this Board.

SUPERVISOR GALLAGHER: I rise to a point of personal privilege. I desire a few minutes to reply to Supervisor Colman. If Supervisor Colman wants credit on the record for making a defense of his Honor the Mayor and wants to receive the benefit of the bread that falls from the table, political or otherwise, I have no objection to that. I want Supervisor Colman to know that we all know when he takes and builds up a straw man and then hides behind it. I want him to know that I made no attack on Mayor Rossi. I said that conferences were being held, at which conferences—I don't know where they were held, except what I read to you here and what you heard Mr. Brennan say—conferences were held in which there was an attempt made to throw out bids that were before this Board and to take away the rights of this Board of Supervisors.

Relative to the bluff provision which Supervisor Colman mentioned, that is a manufacture of your own mind. You are very adept at Machiavellian practices; you would make a great character of Mephisto in any play, but your fairness is shown when you say that because I raised the question about Mr. Brennan's clients, with that little twist of your brain, you might be forced, or that might prompt you to vote against them. That is on a par with your tactics. The best thing for you to do would be to have the clerk read the record. I know that I made no attack on the Mayor and I made no attack on anybody, but I say to you again, and I will repeat it to the day I go out of this Board, if I stay one day or one hundred years, that if anybody thinks they are going to take on themselves any of my prerogatives as a Supervisor, or that they can settle matters which are sent to committee and which are properly pending in this Board, they can't get away with it, and I resent it. You may be somebody's man around here, but I am independent, I hope, and I resent those statements made by the Supervisor.

As to the statement in the article in the "Call," I believe that was made by Mr. Larsen—he can answer as to that—because it bears his stamp, and I will take his word for it. I think a conference was held, and I think somebody is trying to hide it. I have no objection to the Mayor holding conferences; I glory in it; I asked him to hold one today; but I do know something about this garbage question, and I know how vicious it has been. Supervisor Garrity also misquoted me when he said—

THE CHAIRMAN: Just a moment, gentlemen. (Rapping for order.) I have allowed a lot of latitude and we have wandered pretty far afield. I will ask the clerk what the matter before the Board is.

THE CLERK: The matter of postponement of the garbage disposal question for one week.

SUPERVISOR GARRITY: I should like to say a few words—

SUPERVISOR McSHEEHY: What is the subject before the Board?

THE CHAIRMAN: Consideration of the garbage disposal bids, on a motion to postpone one week.

SUPERVISOR GARRITY: I want to say a few words in response to Supervisor Gallagher here and his tirade, his effort to call somebody down here, and I want to say it is very characteristic of him to do that, not alone here in the Board, but he seems to take a delight in doing it in meetings outside, in taking to task various Supervisors.

When this matter was assigned to me as chairman of the Health Committee I had only one thing in view, and that was to get the garbage situation where it had never been before, out in the clear, out in the light of day, so that when I was finished with it and it came into the Board every citizen, everyone in San Francisco, would know that it was on the up-and-up and that it is not being held or handled for the benefit of anybody, but for everybody. I want everybody, every Supervisor here, to know that, and every citizen, and in reference to the garbage disposal question, it is my right, and Supervisor Gallagher and no other Supervisor can take that from me, and when I do bring it in here, Mr. Chairman and Mr. Supervisors, I hope to have it in some sort of shape so that you will know what it is all about. Supervisor Gallagher says that for years it has been somewhat of a crime around here the way the garbage question has been handled, but Supervisor Gallagher has been here for sixteen or seventeen years more on the Board than I have. He has gone to work today and taken our chairman, our Mayor, to task, and it is uncalled for. I want to say, just as long as I am chairman of the Health Committee, or member of any committee, I am going to act as a member of that committee regardless of what Supervisor Gallagher says or what anyone says, or what Supervisor Gallagher threatens.

I want to say to you this much, that I am well aware of the fact that I or my committee cannot settle the garbage question in committee, and that we cannot settle any other matter in committee; that it is a matter which is before the Board and which the Board must settle, and that they are the only ones that have the right to settle the matter for the City and County of San Francisco. I am clear on that subject, Mr. Presiding Officer, and I want Supervisor Gallagher and everyone else to know it.

I want Supervisor Gallagher to know, although he may be talking for the record or talking for the newspapers trying to show this committee how to do its duty, and apparently he is talking for the effect and not for the purpose of doing anything for the garbage situation, as I see it. Now, as far as I am concerned, the papers can quote anything they like; I have no objection to the papers quoting anything. I don't say I gave that to them, but the gentleman here today said that as far as he knew everything there was correct. Now, I am somewhat in doubt about the correctness of one or two statements in that, but this fact is in my mind, Mr. Chairman and Supervisors, that the Board of Supervisors are the only people that can

settle the question, and no conferences can do that, but no one will deny me the right, as long as I am a member of the Board of Supervisors, to seek light wherever I can find it.

SUPERVISOR GALLAGHER: Will Supervisor Garrity yield to a question?

SUPERVISOR GARRITY: Just a minute.

SUPERVISOR GALLAGHER: Will you yield to a question? Will you inform me as to whether there has been anywhere that you know of a conference on this subject-matter?

SUPERVISOR GARRITY: The thing doesn't make a bit of difference—

SUPERVISOR GALLAGHER: Will Supervisor Garrity answer yes or no whether there was such a conference or not?

SUPERVISOR GARRITY: I will answer in my own way; it doesn't make a bit of difference whether I answer yes or no, but I have already stated in this Board, and they have accepted it, and my answer will be in the Board next Monday.

SUPERVISOR GALLAGHER: Will Supervisor Garrity answer the question whether or not he was in any conferences?

SUPERVISOR GARRITY: Yes, I was.

SUPERVISOR GALLAGHER: Will you tell me where it was?

SUPERVISOR GARRITY: That's all you are going to get.

SUPERVISOR GALLAGHER: That's a nice argument—

SUPERVISOR GARRITY: Yes, I am just a little bit too smart for you.

SUPERVISOR GALLAGHER: You are not so smart; why don't you tell us where it was?

THE CHAIRMAN: The question is on postponement for one week. Is there any objection? (No response.) (Bringing down the gavel.)

SUPERVISOR CANEPA: May I ask if there will be a hearing on that?

SUPERVISOR GARRITY: Yes, on Friday, the regular committee meeting.

THE CHAIRMAN: The matter is postponed for one week.

Declaration of Surrender and Operating Permit.

Know All Men by These Presents:

That the California Street Cable Railroad Company, a corporation, organized and existing under and by virtue of the laws of the State of California, and engaged in operating a street railway in the City and County of San Francisco, State of California, hereby makes and files with the Clerk of the Board of Supervisors of the City and County of San Francisco, State of California, this written declaration of surrender to said City and County of San Francisco of all rights, franchises, privileges, permits and/or resolutions heretofore granted to or held by California Street Cable Railroad Company, a corporation, or its predecessors in interest, whether of record or howsoever appearing, to operate said street railway under said rights, franchises, privileges, permits or resolutions over the streets, avenues and highways in the City and County of San Francisco hereinafter set forth, along and over which said California Street Cable Railroad Company operated its railroad at any time during the calendar year 1930, being the calendar year in which the election for the adoption of the amendment to the Charter of the City and County of San Francisco by the addition of section 6a and section 6b of chapter II, article II, of said Charter was held, to-wit:

California Street—From junction with Market street to midway between Presidio avenue and Walnut street.

Hyde Street—From Pine street to Beach street.

Jones Street—From junction with McAllister street to Pine street.

O'Farrell Street—From junction with Market street to Jones street.

Pine Street—From Jones street to Hyde street.

Together with all single and double tracks over the entire routes above mentioned as they now exist and are in operation, with necessary switches, turnouts and crossovers, endless ropes or cables, with the right of erection, maintenance and operation of necessary machinery, steam, power or electric plants therein or near or adjacent to said streets along the whole of said routes, to connect said plants with said endless rope or cable for the operation of its said railway; signal apparatus and towers, telephone equipment, branch-offs, connecting tracks, platforms, switch houses, crossings, loops, curves, switchbacks, trenches, pits and excavations, derails and all other appliances, sidings and connections to public or private property used or necessary or useful in the operation of said railway, with the right of crossing and traversing all intersecting streets, avenues or highways en route. All as provided in all orders, ordinances and resolutions hereinafter referred to, which are made a part hereof as though expressly repeated.

In consideration and by reason thereof declarant accepts in place of said rights, franchises, privileges, permits and resolutions an operating permit to operate its street railway and cars along and upon said streets, avenues and highways in said City and County of San Francisco above mentioned, as provided in sections 6a and 6b of chapter II, article II, of the Charter of the City and County of San Francisco, said sections being hereby and herein referred to and made a part hereof as though expressly repeated.

The following is a statement of said rights, franchises, privileges, permits and resolutions so surrendered and herein referred to and existing February 15th, 1929, with the designation and number of the order, ordinance and/or resolution of the Board of Supervisors of the City and County of San Francisco, granting said rights, franchises, privileges, permits and resolutions, and with the respective dates of their approval, all of which appears upon the records of the City and County of San Francisco:

Order Number 1292 (Board of Supervisors), June 14, 1876. (Modified by Order No. 1302.) (Extended by Order No. 1538.)

Order Number 1489 (Board of Supervisors), February 21, 1879. (Extended by Order No. 1538.)

Order Number 1537 (Board of Supervisors), November 29, 1879.

Order Number 1538 (Board of Supervisors), November 29, 1879.

Order Number 2015 (Board of Supervisors), December 10, 1888.

Order Number 2058 (Board of Supervisors), May 3, 1889.

Order Number 2175 (Board of Supervisors), March 3, 1890.

It is the purpose and intention of declarant to hereby surrender to said City and County of San Francisco all rights, franchises, privileges, permits and resolutions owned by declarant and existing February 15, 1929, or operated during the year 1930, and existing or being exercised at the time of the filing of this declaration of surrender whether specifically described or herein mentioned or not, all in accordance with the provisions of section 6a of chapter II, article II, of the Charter of the City and County of San Francisco.

This declaration of surrender is executed by declarant and duly acknowledged and certified and is made pursuant to provisions of section 6a of chapter II, article II, of said Charter.

California Street Cable Railroad Company hereby requests the Clerk of the Board of Supervisors to file this declaration of surrender in the office of the Board of Supervisors and to indorse thereon the fact and date of filing, and to sign such indorsement and to deliver to California Street Cable Railroad Company a true and correct copy of this declaration of surrender so filed by this declarant, with the certificate of said Clerk attached thereto, duly signed, and attested by

the seal of said City and County of San Francisco, to the effect that the same is a true and correct copy of the declaration of surrender so filed by California Street Cable Railroad Company, and stating therein the date of such filing and the name of California Street Cable Railroad Company as executing such declaration.

In witness whereof, California Street Cable Railroad Company has caused its corporate name and seal to be hereunto affixed and this declaration to be signed by its president and attested by its secretary this 23rd day of March, 1931.

(Seal) CALIFORNIA STREET CABLE RAILROAD COMPANY.
By JAS. W. HARRIS, President.

Attest: LESTER K. WELLS, Secretary.

Indorsement.

This is to certify that California Street Cable Railroad Company has filed in the office of the Clerk of the Board of Supervisors of the City and County of San Francisco the above and foregoing declaration of surrender, and that the same was filed, as aforesaid, on the 23rd day of March, 1931.

This is to further certify that the above and foregoing declaration of surrender is a true and correct copy of the declaration of surrender so filed with said Clerk on the 23rd day of March, 1931, by California Street Cable Railroad Company.

(Seal) J. S. DUNNIGAN,
Clerk of the Board of Supervisors of the
City and County of San Francisco.

Settlement of Claim Against Frank I. Ingersoll.

Supervisor Hayden presented:

Resolution No. 34157 (New Series), as follows:

Resolved, That the City Attorney and the Mayor be and they are hereby authorized to settle for and on behalf of the City and County of San Francisco the claim against Frank I. Ingersoll in the sum of \$429.50, as represented by that certain promissory note made and executed on or about the 21st day of February, 1930, by said Frank I. Ingersoll, to the order of the City and County of San Francisco, a municipal corporation, and/or the Juvenile Court of said City and County, in the sum of \$429.50, and secured by a mortgage of even date therewith, and in full payment and satisfaction of said claim to make and execute on behalf of the City and County of San Francisco and/or the Juvenile Court of said City and County of San Francisco, a satisfaction of said note and mortgage.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Peyser, Power—2.

Veterans' Diagnostic Center Hospital Approved.

Supervisor Hayden presented:

Resolution No. 34158 (New Series), as follows:

Whereas, the Congress of the United States did appropriate during the year 1929 the sum of \$1,100,000 for the erection of a diagnostic center hospital in the vicinity of San Francisco; and

Whereas, additional sums were appropriated again this last session for the same purpose; and

Whereas, efforts of a Citizens' Committee and representatives of the United States Veterans' Bureau and the representatives of the

leading veteran organization, the American Legion, have failed to settle upon a suitable location within the City and County of San Francisco; and

Whereas, the Administrator of Veterans' Affairs has indicated his desire to so locate this diagnostic center hospital within the City and County of San Francisco, and nowhere else; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting assembled, this, the 23d day of March, 1931, appreciating the tremendous advantages to this City to have this diagnostic center hospital located in this, the medical center of the Pacific Coast, respectfully request his Honor the Mayor to call into conference at his earliest convenience the Citizens' Committee, the representative of the Administrator of Veterans' Affairs and the representatives of the veterans' organizations, and use every endeavor to settle upon a site suitable for this hospital and acceptable to the Administrator of Veterans' Affairs; and be it

Further Resolved, That a copy of this resolution be forwarded to General Frank T. Hines, Administrator of Veterans' Affairs, Washington, D. C.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Peyser, Power—2.

Citizens' Committee Welcome to the "President Hoover."

Supervisor Gallagher presented:

Resolution No. 34159 (New Series), as follows:

Whereas, a great epoch in Pacific Ocean shipping will occur when the Dollar Steamship Company's steamship "President Hoover" arrives, and leaves on her maiden voyage to and from this port on August 28, 1931, this magnificent boat being the largest commercial vessel ever built in the United States, and which, with her sister ship, the "President Coolidge," will be placed this year in transpacific service by the above-named shipping interest; and

Whereas, the Dollar Steamship Company has its home office and headquarters in San Francisco, and these super vessels have their home port here; and

Whereas, it is deemed fitting that the San Francisco Chamber of Commerce should sponsor the maiden trip of this great "President" liner, and that proper civic recognition should be given to the first arrival of this boat in San Francisco, on August 24, 1931; now, therefore, be it

Resolved, That his Honor the Mayor be and he is hereby authorized and requested to appoint a Citizens' Committee of One Hundred to cooperate with the San Francisco Chamber of Commerce in arranging a fitting celebration and welcome to the "President Hoover" when she arrives at this port.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Peyser, Power—2.

Passed for Printing.

The following matters were *passed for printing*:

Appropriation, \$100,000, Out of "1931 Public Parks and Squares Bond Fund" for Improvement, Etc., Parks and Squares.

On motion of Supervisor Hayden:

Resolution No. ———— (New Series), as follows:

Resolved, That the sum of \$100,000 be and the same is hereby set aside, appropriated and authorized to be expended out of the "1931 Public Parks and Squares Bond Fund," for the construction and improvement of parks and squares located within the City and County of San Francisco.

Appropriation, \$60,000, Out of "1931 Boulevards and Roads Bond Fund," for Acquisition, Construction, Etc., Roads and Boulevards.

Also, Resolution No. ———— (New Series), as follows:

Resolved. That the sum of \$60,000 be and the same is hereby set aside, appropriated and authorized to be expended out of the "1931 Boulevards and Roads Bond Fund" for the acquisition, construction and completion of boulevards and roads within the City and County of San Francisco, including the purchase of necessary lands required for same.

Appropriation, \$2,500, to San Francisco Musical Association, for Services of Symphony Orchestra, Concert of March 18, 1931.

Also, Resolution No. ———— (New Series), as follows:

Resolved, That the sum of \$2,500 be and the same is hereby set aside and appropriated out of Auditorium Fund, and authorized in payment to the San Francisco Musical Association, being payment for services of Symphony Orchestra furnished for the concert of March 18, 1931, at the Civic Auditorium, and including three rehearsals. (Claim dated March 23, 1931.)

Prohibiting More Than Five and One-Half Days Per Week on War Memorial Buildings.

Supervisor McSheehy presented:

Resolution No. ———— (New Series), as follows:

Whereas, the principal reason advanced and universally accepted for the present lack of demand for labor has been the increasing use of labor-saving machinery, resulting in over-production; and

Whereas, the Board of Trustees of the San Francisco War Memorial is empowered to let contracts for the construction of buildings comprising said War Memorial, and in the foundation work now in progress the author of this resolution has observed men at work Saturday afternoons; now, therefore, be it

Resolved, That the Board of Supervisors hereby requests the Trustees of the San Francisco War Memorial to include a provision in contracts to be let for the construction of the buildings of said War Memorial whereby work other than that done on the basis of five and one-half days per week be prohibited.

Referred to Public Buildings Committee, to confer with War Memorial Trustees.

Relative to Restoration of Race Course in Golden Gate Park.

SUPERVISOR GALLAGHER: And while you were under my name, the San Francisco Driving Club, an organization composed of sportsmen who give freely exhibitions to our people every Sunday in the season at the Stadium Track in Golden Gate Park, have made a very earnest appeal for the bringing of that track into proper shape. There

are some of the largest and wealthiest owners of horses in this western country who refuse, with the track in its present condition, to send their horses there for exhibitions, which, I repeat, have been an edification to our people for many, many years past. The track, as you know, was donated through the instrumentality of Mr. Frank G. O'Kane, about twenty years or more ago. It has got into a bad state. I know not now how much it will take to put it into shape. Various estimates have been made, ranging from twelve thousand dollars down. Addressing this to yourself, Mr. Mayor, at this time, I do so in the hope that, inasmuch as this is pending before the Park Commission, and the hearing will be held shortly, that you yourself can give it some attention. The San Francisco Driving Club members frankly feel that they are sort of an orphan child and they have been neglected. They are very representative citizens, and I repeat, only engaged in producing horseflesh for the edification of the people and for their own pleasure. And I am going to ask your Honor to please give their petition some attention. I am going to ask if you will not, some day soon, receive a delegation of these people, and plead with your Park Commission, or suggest some other method, with us, of finding a way to put this track in shape. It will be just too bad if we do not do it, and it is not fair to them.

And I move that the Clerk ask the Board of Park Commissioners, when the subject matter will be before them, and that his Honor the Mayor be requested to give his interest and attention to this matter and is requested to grant a hearing to the members of the Driving Club at his convenience.

THE MAYOR: I will be very glad to give the gentlemen you speak of a hearing. I would suggest also that the Parks and Playgrounds Committee interest itself in such matter. It is a park matter.

SUPERVISOR McSHEEHY: If you wish you can refer it to our Committee and we will make a report on it.

SUPERVISOR GALLAGHER: Then I suggest that a memorandum of my motion be drafted by the stenographer and be handed to the Clerk of the Committee on Education, Parks and Playgrounds.

THE MAYOR: No objection? So ordered. (Bringing down the gavel.)

ADJOURNMENT.

There being no further business, the Board at the hour of 8 p. m. adjourned.

Approved by the Board of Supervisors April 6, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

SPECIAL ORDER—2:30 P. M.

Passed for Printing.

The following bill was *passed for printing:*

Ordinance Regulating Installation, Alteration and Maintenance of Signs, and Repealing Ordinance No. 1009 (New Series).

Bill No. 9367, Ordinance No. ——— (New Series), as follows:

Regulating the installation, alteration, and maintenance of signs, devices, and sidewalk clocks, fixing a penalty for violations of the provisions thereof, and repealing Ordinance No. 1009 (New Series) and all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. This ordinance shall be known as the "Sign Ordinance" of the City and County of San Francisco.

Section 2. It shall be unlawful for any person, firm or corporation hereafter to place or maintain upon or in front of, or attach to any building or premises, any sign, advertisement, transparency, bulletin board, or sidewalk clock, projecting beyond the property line over any sidewalk or public thoroughfare, except such as are embraced within the classifications of Section 11 and subject to the conditions stated herein; provided that this ordinance shall not be deemed to apply to "billboards," as defined and regulated by Ordinance No. 4059 (New Series), nor to render unlawful the maintenance of any sign, advertisement, transparency, or bulletin board erected and maintained under a lawful permit prior to the passage of this ordinance.

Section 3. No sign, transparency, advertisement, bulletin board, or sidewalk clock shall hereafter be placed, maintained upon or in front of, or attached to any building, structure, or premises, without a permit therefor from the Board of Public Works. Application for such permit shall be made to the said Board of Public Works by the owner, lessee, or agent thereof, of the property on which the proposed sign is to be located, on the form and in the manner required by the said Board. Said application shall be accompanied by duplicate scale or dimensioned drawings of the proposed sign, which shall show fully the location, dimensions, and construction thereof, together with such other information as may be required. When the proposed sign is to be attached to a building or other independent structure, the drawings shall show the position of the sign on the supporting structure, the method of attachment to such structure, and the character of the structural members to which such attachment is made.

Section 4. It shall be the duty of the Board of Public Works, through its authorized representatives, upon the filing of application and exhibits as provided in Section 3, to examine such drawings and other data and, if necessary, the premises upon which it is proposed to erect the sign, and if it shall appear that the proposed sign is in accordance with all legal requirements, the Board of Public Works shall issue a permit for the erection of the sign. During the erection of the sign, and upon the completion thereof, the Board of Public Works shall cause the same to be inspected.

Section 5. All rights and privileges acquired under the provisions of this ordinance or any amendment thereto, permitting the erection or maintenance of signs or sidewalk clocks on or over sidewalks or public thoroughfares, are mere licenses revocable at any time by the Board of Supervisors, and all such permits shall contain this proviso.

Section 6. Any person, firm, or corporation maintaining a sign or advertisement upon or in front of the premises of which he, she or they are the owner or occupant, or over which he, she or they have control, shall, upon notice from the Board of Public Works, cause such signs or advertisements to be placed and secured in such manner as the said Board may direct. In case of failure to comply with such notification, the Board of Public Works is authorized to cause the removal forthwith of such sign or advertisement, and without prejudice to the penalties herein imposed for violations of this ordinance.

Section 7. Before any sign, transparency, advertisement or sign device is erected which is intended to be used in connection with electricity, a permit shall be secured from the Board of Public Works as provided in Sections 3 and 4, and this permit, together with all necessary data regarding the proposed electrical construction, shall be submitted to the Department of Electricity. It shall be the duty of the Department of Electricity to examine such electrical data, and if the proposed sign is found to be in accordance with all ordinances regarding electrical construction, and the provisions herein regarding illuminating qualities, the said department shall issue a permit for the erection of such sign. No sign intended to be used in connection with electricity shall be erected unless permits therefor have been secured from both the Board of Public Works and the Department of Electricity.

Section 8. Upon the completion of the electrical construction for

which permit is issued or required as herein provided, the Department of Electricity shall inspect the sign, and if it is found to be in accordance with all requirements regarding electrical construction and illuminating qualities, the said department shall issue a certificate of satisfactory inspection to the permittee upon the payment to the said department of a fee in the amount of two dollars and fifty cents (\$2.50) for each hour of time reasonably consumed by each inspector in making such inspection, including time reasonably consumed in going from the office of the said department to the place of inspection, and return to the said office; provided, however, that such minimum fee shall be three dollars (\$3.00). The issuance of the certificate of satisfactory inspection shall constitute a permit for the connection of electric current to the sign. Prior to the issuance of such certificate, such current shall be turned on only by special permission of the Department of Electricity, and only for the purpose of testing the sign.

Section 9. Definitions.

(9.1) The word "sign" as used herein when appearing alone, shall be understood to include all types of signs, sign devices, advertisements, transparencies, bulletin boards on or attached to any building, structure, or premises, and shall also include sidewalk clocks; provided, however, that the said word shall not include "billboards" as defined in Ordinance No. 4059 (New Series).

(9.2) "Electric sign" shall mean a sign whereon letters, figures, or designs are formed or outlined by incandescent electric lights, "Neon" or other luminous electric tubes, or by a transparent medium illuminated from electric lights or luminous tube contained within the sign. Electric lights or luminous tubes which are not an essential element of the sign proper, are not classified as electric signs within the meaning of this ordinance.

(9.3) "Face of Building" shall be construed to mean the general outer surface of the walls of the building facing the street, except where bay windows or pillars project beyond such walls, the outer surface of such windows or pillars shall be considered the face of the building at those points.

(9.4) Where the distance from sign to sidewalk is specified, there is meant the clear distance from the bottom of the sign or the frame thereof, to the highest point of the sidewalk immediately beneath such sign.

Section 10. General Specifications.

(10.1) All fixed signs, except those lying flat against the surface of the building to which they are attached, shall be designed to withstand wind loadings as follows, the detail design to be in accordance with the provisions of the Building Law:

(a) For solid signs, twenty (20) pounds per square foot on one face of sign.

(b) For skeleton signs, thirty-six (36) pounds per square foot of the total face area of the letters or other sign surface, or ten (10) pounds per square foot on the gross area within the frame of the sign proper, whichever is the greater.

(10.2) Metal shapes or flats used for supporting or bracing signs shall not be less than one-eighth (1/8) inch thick, and shall be galvanized or porcelain enameled. Where wire is used to support or brace signs, it shall be galvanized or equal.

(10.3) All electric signs shall be constructed throughout of non-combustible materials.

(10.4) The amount of illumination supplied to an electric sign shall not be less than eight (8) candlepower, or one (1) lineal foot of Neon tubing, per square foot area of the illuminated side or sides of the sign.

(10.5) The illuminating elements of all electric signs shall be maintained in good order and in the full number for which the sign was designed.

(10.6) No sign other than electric sign shall project more than twelve (12) inches from the face of the building, nor shall any electric sign project beyond the curb line of the sidewalk below such sign.

(10.7) No double or triple face electric sign shall be more than four (4) feet thick between sign faces.

(10.8) No sign which projects more than eight (8) inches over a public sidewalk or thoroughfare, shall be less than eight (8) feet above the sidewalk; provided, however, that this provision shall not apply to non-electric pole signs when the base thereof is placed at sidewalk elevation.

(10.9) No sign other than a swinging electric or marquee sign shall extend across or in front of any window or other exterior opening in any building above the first story thereof, nor across the end windows or the end three (3) feet of glass front at each side of a mezzanine floor.

(10.10) No sign shall be attached to any fire escape or standpipe, and none except marquee signs shall be placed in front thereof, nor shall any sign be so placed as to obstruct the means of ingress or egress of a building.

(10.11) No sign which is placed parallel with or flat against the wall of a building, shall extend above the fire wall of such building.

Section 11. The classification of signs referred to in section 2, and the special conditions pertaining to each classification, shall be as follows:

Class A. Flat or curved signs, plain or electric, the face of the sign being parallel for its whole length to the face of the building, and the sign fastened directly thereto. Such signs shall project not more than ten (10) inches from the face of the building unless the sign is ten (10) feet or more above the sidewalk, in which case they may project not to exceed eighteen (18) inches.

Class B. Drum signs attached to the pillars or entrances of buildings, and projecting not more than eight (8) inches from the face of the building unless the sign is eight (8) feet or more above the sidewalk, in which case they may project not to exceed twelve (12) inches. Provided, an electric drum sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

Class C. "V" signs, attached at their ends to the face of the building, and with the apex projecting therefrom not more than eight (8) inches unless the sign is eight (8) feet or more above the sidewalk, in which case this projection may be made not to exceed twelve (12) inches. Provided, an electric "V" sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

Class D. Barber pole and similar type signs, free from any separate signs attached thereto, and projecting not more than fourteen (14) inches from the face of the building.

Class E. Horizontal double face or triple face signs illuminated and conforming to the following specifications.

(a) Swinging electric signs having a maximum height not to exceed seven (7) feet nor projecting beyond the outer edge of the sidewalk nor having their lowest point less than ten (10) feet above the sidewalk. Provided also that such signs shall be erected in such manner as to permit their being swung back parallel with the face of the building and when so swung back the sign shall not project more than twenty (20) inches from the face of said building, or supporting element at property line. Further provided that said signs shall be swung back between the hours of 8:00 a. m. and 5:00 p. m.

(b) Horizontal electric signs having a maximum height not to exceed five (5) feet nor projecting from the face of the building for more than one-half (1-2) the width of the sidewalk, nor in any case more than seven (7) feet, nor having their lowest point less than ten (10) feet above the sidewalk. Provided also that they shall be mounted in such a way as to permit their being swung back parallel with the building face (in case of emergencies, such as fire), but shall be fastened permanently with galvanized metal cables and turnbuckles in their extended position for normal usage, the lateral guys to be not more than ten (10) feet above the sidewalk at their point of attachment to the building.

Class F. Double face vertical electric signs, illuminated on both sides, the face of the sign set at right angles to the face of the building, except that at a corner of the building which is also a street corner, the sign may be so set that the plane of the sign bisects the angle formed by the intersecting wall faces. The limiting dimensions pertaining to such signs shall be as follows:

| Height Above Sidewalk, Feet. | Maximum Projection From Face of Building, Feet. | Minimum Length of Sign, Feet. |
|------------------------------|---|-------------------------------|
| 10 | 4 | 8 |
| 12 | 5 | 10 |
| 15 | 6 | 20 |
| 18 | 7 | 30 |
| 20 | 8 | 40 |
| 23 | 9 | 50 |
| 25 | 10 | 60 |

Class G. Single face vertical electric signs having a maximum width of six (6) feet placed either flat against the building or at an angle of forty-five (45) degrees with the walls at a corner thereof which is also a street corner. Such signs shall be not less than twelve (12) feet above the sidewalk, nor shall any portion project above the fire wall of the building.

Class H. Gas or electric lamp or lamp globes on which signs may be placed, such lamps or globes to be suspended in front of the building or premises, not less than eight (8) feet above the sidewalk, nor projecting more than two and one-half (2 1-2) feet from the face of the building. No inscription or sign other than the name of the person, firm, or corporation at whose expense and in front of whose premises the lamp is erected shall be placed thereon, nor shall the size of such lamp or globe exceed that of those used in lighting the public streets.

Class I. Flat or curved mesh signs and raised letters. Such signs may be extended from the front of one bay window above the first story to an adjacent bay window, provided that the sign shall not project more than six (6) inches from the front of the bay window.

Class J. Bulletin boards, which shall not project more than eight (8) inches from the face of the building.

Class K. Signs supported upon metal awnings or marquees. Such signs shall be not less than ten (10) feet above the sidewalk, and unless electric signs, shall be not more than two (2) feet in vertical dimension; if electric signs, their vertical dimension shall be not more than sixty-five (65) percent of the projection of the marquee from the face of the building. When projecting above the roof of the marquee, the face of signs parallel with the building, or the apex of "V" signs, shall be distant from the face of the building not less than one and one-half times the height of the sign above the marquee. There shall be a clear space of not less than two (2) feet from the face of the building to any portion of any sign extending more than two (2) feet above the roof of the marquee, unless there is provided a walkway as herein specified. Such walkway shall extend along the face of the building for the full distance between signs, shall be at an elevation of not more than two (2) feet below the top of the sign at the face of the building, and shall be not less than two (2) feet wide. Such walkway shall be designed for its dead load plus a live load of sixty (60) pounds per square foot of area, and shall be of fireproof construction throughout. Where the walkway is located more than two (2) feet above the roof of the marquee, a hand-rail shall be provided along the outer edge of the walkway, and metal stairs or ladder, not less than eighteen (18) inches wide, shall be provided to give access from the walkway to the roof below. Signs extending above the roof of a marquee and placed other than along and flush with the edges thereof, shall be set back not less than two (2) feet from the side edges of the roof. No temporary sign of any kind shall be attached or supported on any marquee, except as provided in Class L. All

marquees shall be designed and constructed to sustain, in accordance with the provisions of the building law, their full dead load plus a live load of twenty (20) pounds per square foot of horizontal area, plus the weight of signs, and no sign shall be supported on any marquee which does not satisfy this requirement.

Class L. Temporary signs, advertisements, or flags. These may be suspended over the sidewalk in front of buildings or premises upon holidays, election days, and days of public parade or display, provided that such signs, advertisements, or flags shall be placed and secured as may be directed by the Board of Public Works, and be removed immediately following the day or days for which the permit is granted.

Class M. Sidewalk clocks, which shall be ornamental in character and construction, the design thereof to be subject to the approval of the Board of Public Works. Such clocks shall be placed just inside of and abutting on the curb line, shall be not less than ten (10) feet above the sidewalk, and the clock face shall be not less than two (2) nor more than three (3) feet in diameter. No advertisement, notice, lettering, inscription, or name shall be painted, placed, or attached to the clock or to the pole or standard upon which it is mounted. After the erection thereof, all such clocks shall be maintained in good condition and shall correctly indicate the time; failure to comply with this condition shall be cause for revocation of permit.

Class N. Roof Signs. The extreme height of such signs above the lowest portion of the roof directly beneath the sign shall not exceed seventy-five (75) feet when the sign is supported on a Class A or B building, nor thirty (30) feet when supported on a Class C building. The face of the sign shall be set back of and not less than three (3) feet in the clear from the inside face of the parapet wall parallel or adjacent thereto, and the ends of the sign shall be not less than one (1) foot inside the inside face of the parapet wall adjacent to such end. The bottom of such signs shall be not less than five (5) feet above the roof directly beneath, and the space between vertical support shall be not less than six (6) feet in the clear; not less than fifty (50) percent of the spaces so defined shall be and remain clear of any obstructions whatever.

No advertising sign or electric sign shall hereafter be placed on any roof in such a position that any portion of the advertising surface, its supporting structure, posts or braces, will be closer than six (6) feet from the outlet connection of any standpipe or fire plug, nor interfere in any way with the free use of any fire escape or obstruct any ventilator, door or stairway.

Any sign or any character, together with its foundation, framework and supports now or hereafter constructed or maintained on or above any roof shall be kept in safe repair at all times by the person, firm or corporation, owning, operating or having the care or custody of the same.

All roof signs shall be constructed throughout of fireproof materials, except as hereafter provided, and shall be supported on and attached to the building by a suitable frame of galvanized metal, which shall be positively anchored to the main structural members of the building. Sills, stringers, ornamental trim and foot walks supporting such frames on Class C and frame buildings may be of timber. All foot walks supported by the frame shall be provided with a secure metal railing.

On all electrically illuminated roof signs a disconnect switch shall be installed for the purpose of disconnecting all electrical current from the sign, motor, or other control apparatus on the structure. This switch shall be located within six (6) feet six (6) inches from the roof and be placed either on the supporting structure itself or within easy access and view of the supporting structure.

Section 12. Ordinance No. 1009 (New Series) is hereby repealed, as are also any other ordinances or parts of ordinances in conflict with the provisions herein.

Section 13. It shall be the duty of the Chief of Police of the City and County of San Francisco strictly to enforce the provisions of this ordinance.

Section 14. If any section, paragraph, sentence, clause, phrase, table, or portion of any table herein is held to be invalid for any reason, such decision shall not affect the validity of the remaining portion of this ordinance.

Section 15. Any person, firm, or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars (\$500.00), or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

Section 16. This ordinance shall take effect and be in force thirty (30) days from and after the date of its passage.

Privilege of the Floor.

John B. Leonard, Superintendent of Building Inspection, was heard in explanation of the necessity of enacting the foregoing ordinance.

Board of Public Works to Obtain From City Engineer Plans, Etc., of Cost of Pipe Line Across San Joaquin Valley to Convey Water From Oakdale Portal to Tesla Portal of Hetch Hetchy Project, and Directing Board of Public Works to Call for Bids for Said Work and Award Contract.

On recommendation of Public Utilities Committee.

Bill No. 9366, Ordinance No. 8953 (New Series), as follows:

Requesting the Board of Public Works to obtain from the City Engineer plans, specifications and estimates of cost of the construction of a pipe line across the San Joaquin Valley for conveying water from the Oakdale portal to the Tesla portal of the Hetch Hetchy water project, and directing the Board of Public Works to call for bids for said work, and award a contract or contracts.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby directed to obtain from the City Engineer plans, specifications and estimates of cost of the construction of a pipe line across San Joaquin Valley for the purpose of conveying water across the said valley from the Oakdale portal to the Tesla portal of the Hetch Hetchy water project, and award a contract or contracts.

Section 2. The said pipe line is to have a capacity of delivering not less than 60,000,000 gallons of water daily, and is to be constructed between the points specified in Section 1 of this ordinance, together with all necessary appurtenances.

Section 3. The said bids are to be requested by the Board of Public Works on the assumption that the construction herein described shall be completed within twelve months from the date that a contract for said work is entered into, and that these specifications when prepared shall contain rigid provisions for the employment of local labor whenever possible and preference for home industry.

Section 4. Bids for the construction described in this ordinance shall be asked for in the following manner:

1. For the complete manufacture and installation of said pipe line.

2. Separate bids shall also be obtained as to the cost of the completion of construction of the Red Mountain Bar Siphon to complete the aqueduct between Moccasin creek and Oakdale portal concurrently with the construction of the said pipe line described in this ordinance over the right of way easement owned by the City and County of San Francisco in the San Joaquin Valley.

Section 5. This ordinance shall take effect immediately.

Ordering the Improvement of Quesada Avenue and Other Streets.

Also, Bill No. 9364, Ordinance No. 8959 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors March 10, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Quesada avenue between Rankin street and a line 250 feet southeasterly therefrom, where not already so improved, by the construction of armored concrete curbs, by the construction of two course concrete sidewalks to conform with the existing sidewalks, by the construction of side sewers, and by the construction of an asphaltic concrete pavement consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch class "F" concrete base on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of Quint street between Oakdale avenue and Palou avenue, including the intersection of Drummond alley, by the construction of armored concrete curbs—the curbs are to be extended across Drummond alley and depressed—by the construction of an 8-inch vitrified clay pipe sewer and one brick manhole along the center line of Drummond alley produced between the center and southeasterly line of Quint street, by the construction of side sewers, and by the construction of an asphaltic concrete pavement consisting of a 2-inch

asphaltic concrete wearing surface and a 6-inch class "F" concrete base on the roadway thereof, and by resetting the existing granite and concrete curbs and brick catchbasins and constructing conform pavement and sidewalks at Oakdale avenue and Palou avenue.

Resolution No. 34181 (New Series), as follows:

Whereas, an offer has been received from Lester G. Loupe Company,

a corporation, to convey to the City and County of San Francisco the hereinafter described real property for street purposes; and

Whereas, after negotiations had, it has been agreed by way of compensation, and to avoid litigation, that the reasonable value thereof is the sum of \$7,500; therefore, be it

Resolved, That the offer of said owner to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, be and the same is hereby accepted for the said sum of \$7,500, the said land being described as follows, to-wit:

All that real property situated in the City and County of San Francisco, State of California, being described as follows, to-wit:

Beginning at a point which is distant 412 feet and 6 inches perpendicularly southwesterly from the southwesterly line of Fourth street and distant 165 feet perpendicularly southeasterly from the southeasterly line of Folsom street; thence running southwesterly and parallel with said line of Folsom street 137 feet and 6 inches; thence at a right angle southeasterly 35 feet; thence at a right angle north-easterly 137 feet and 6 inches, and thence at a right angle northwesterly 35 feet to the point of beginning.

Being part of 100 Vara Block No. 374.

It is hereby understood and agreed that immediately upon notification from the Board of Public Works of the City and County of San Francisco that the said Lester G. Loupe Company, a corporation, will construct at its own expense new curbs and sidewalk along the northwesterly and the southeasterly boundary lines.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Re Report of Legislative Committee on Legislation Affecting San Francisco Now Pending Before the State Legislature.

Supervisor Hayden acted as chairman of the meeting in the absence of the Mayor.

After the transaction of other business, the following proceedings were had in connection with legislation now pending before the State Legislature, which affects the City and County of San Francisco:

SUPERVISOR McSHEEHY: Under this roll call, I haven't got any resolution here with me, but I can verbally state it. I would like to be instructed, as chairman of the Legislative Committee on a rather important matter, a matter which means something to the City and County of San Francisco.

The first is on the schools bill now pending before the Senate, or rather in the Senate Committee. When the matter came up on last Thursday before the Senate Committee I asked that it be postponed for a week so that I might be instructed by this Board. That bill places the Supervisors in the counties of this State in a position to review the budgets as outlined by the Boards of Education. Might I state in passing here that a week ago last Thursday a number of citizens, or rather a number of Senators, expressed themselves on the

matter and it seems from what I can gather that it is rather a complicated bill, and it was therefore sent back to committee. In committee I made the statement that this Board had asked for a postponement and it was held in committee, and with this thought in mind. Senator Sharkey stated it briefly, that in his district there are some sixty-eight school districts and out of that number five boards of supervisors. He stated those men were not conversant with the school department affairs and that it was rather hard to think that they would try to instruct the school departments, and he was replied to by Senator Bush, the author of the bill, that they were not attempting to review the work of the school departments, except in reference to construction. Now, members of the Board, I imagine what will happen next Thursday night will be this, that an amendment, at least the bill as introduced by Senator Bush will be amended so as to give certain rights to boards of Supervisors in reference to reviewing certain matters set up by the boards of education. Now, I should like to be instructed today by this Board that we would be in favor of an amendment somewhat of that nature. In other words, I imagine that by the amendment the teeth will be taken out of the bill as introduced by Senator Bush, but I think the amendment will be such that it will be to the advantage of San Francisco, because it will permit a certain amount of review of the budget of the board of education. If this board will instruct the committee I will appear up there next Thursday night and make that statement, but I would like to go there fortified by some instruction.

SUPERVISOR ANDRIANO: Would you repeat your statement as to the purport of the amendment?

SUPERVISOR McSHEEHY: The purport of the bill is a review of the budget as set up by the board of education, or rather by the boards of education throughout the entire State of California, and I think it will be amended to such a degree that it will be accepted by the State School Department, because—I cannot think now of the man's name—he was made the chairman of the committee—

SUPERVISOR ANDRIANO: To what degree will it be amended, did you say?

SUPERVISOR McSHEEHY: I couldn't tell you to what degree, because I don't know, but I imagine it will be amended to a degree so that it will be a benefit to the boards of Supervisors of the State.

SUPERVISOR PEYSER: I think that before this Board goes on record about any matter as vital as the one presented it should know more about the bill and the amendment. I happened to be in Sacramento a short time ago and I looked into the matter also.

SUPERVISOR McSHEEHY: Didn't I state it about right?

SUPERVISOR PEYSER: I am not questioning that part of it, but until the amendment is presented and until we know what it is, I certainly would not record my vote either aye or no. It may be that the amendment will be perfectly acceptable, but until presented I don't think this Board should take any action whatever.

SUPERVISOR RONCOVIERI: There are two bills before the Legislature, one is the bill referred to by Supervisor McSheehy introduced by Senator Bush, and another one was introduced by Senators Nelson—

SUPERVISOR McSHEEHY: That's the one I am talking about.

SUPERVISOR RONCOVIERI: They are practically the same, yes, and I think they are going to get together. Now, this is Senate Bill Number 785, which was introduced by Senators Nelson, Breed, Deuel, Jones and McKinley. These Senators were appointed by Governor Young as a special committee to study the mounting costs of taxation, or that is, rather the mounting taxing power of the various school districts, and there is a state-wide sentiment, and there are two bills which have been introduced for the same purpose. There is a state-wide sentiment today that the boards of supervisors should have the power

to advise or at least review the budgets of the boards of education. You all know that in 1921 or 1922 a law was passed which gave to the boards of education throughout the state the power practically of unlimited taxation. There is a limit, but it is so high in the rate that if it were applied in San Francisco for building purposes only it might run over \$6,000,000 annually. Now, we all know that the buildings program of the board of education has been a good one up to the present time, and that they can without doubt slow up their building program to the extent of \$1,000,000 a year. A million dollars a year is a very considerable sum. Last year they commanded of this Board to give them \$2,240,000. Now, that is a very large sum to produce out of the tax rate in any one year, and if the board of education will make its building program to run over a period of six, seven or eight years at \$1,000,000 a year, they will accomplish all they have in mind without crowding in the next four or five years the people of the City with such a heavy tax rate. I want you to know that in the past ten years nearly \$24,000,000 have been expended for school buildings, a good sized sum, and from now on the program for future buildings should be a little slower. We have reached a point in our tax rate where it is very high, and we have reached a year in which the tax on the people of this city has reached \$4.06, which is about the limit, and we have been told by our City Assessor that beyond any possible doubt the total assessment roll of this city will be reduced by a great sum of money, which will mean an additional amount in the rate.

Now, it does seem to me that inasmuch as the board of education and the societies supporting the board of education stated that they would do their best to get the Legislature to adopt just such a bill as this, I trust that this board will approve of this bill, in spirit at least, and this is not said with any desire in the slightest degree to injure the public schools of San Francisco, because I think they are a most highly important government function, but we have other government functions. Just consider for a moment, the police department, the fire department, the board of public works and the health department, suppose they had an equal right to command a sum of money for the support of their various departments. Why, the aggregate sum would not be \$4.06 in the tax rate, it would be six or seven or eight dollars. The Board of Supervisors should be, and have always been up to 1922, the clearing house for the demands of the various departments of government. We are interested in the grand total, and the people are interested in the grand total of the tax rate. I repeat to you that if each department of the city government had only to demand what they want for their own particular department, if they were in a position to demand what they think they need, the tax rate then would become unbearable.

The board of education I am sure with a million dollars a year could carry on very nicely. I can build two or three schools a year and get along very nicely on \$1,000,000 a year, spread over six or seven or eight years.

The total increased daily attendance in the public schools in the last ten years was 18,000, not a large number, that is 36 per cent of what it was ten years ago, and the yearly expenditures have gone up nearly 150 per cent. Now, the amount of cost in the name of education should be hauled within reason, just within reason, give them \$1,000,000 a year and not \$2,225,000. As it is at present they have the right to come in and ask for two or three million dollars.

SUPERVISOR McSHEEHY: Would you make that as a motion?

SUPERVISOR PEYSER: I don't believe that this is the proper time to argue the merits of the question, because we don't know what the amendments are going to be.

SUPERVISOR RONCOVIERI: Yes we do.

SUPERVISOR PEYSER: He doesn't know what it is going to be,

Supervisor McSheehy has stated he doesn't know what it is going to be and I don't think that we as members of the Board of Supervisors should even presume to instruct our committee on such a matter when we haven't the slightest idea of what those amendments may be, so I am going to move that the matter be laid over for one week so that when these amendments come in Supervisor McSheehy can then present the matter to us and we will know what we are acting upon.

SUPERVISOR RONCOVIERI: It will be too late. I happen to know that next Thursday will be the third time on which the committee has taken this matter up. The bill is perfectly clear, it gives to the boards of supervisors the right to review the board of education budget—

SUPERVISOR PEYSER: No, you are wrong—

SUPERVISOR RONCOVIERI: No, I am not wrong.

SUPERVISOR PEYSER: Supervisor McSheehy says himself he doesn't know what the amendment will be.

SUPERVISOR RONCOVIERI: I move this in place of the motion by Supervisor Peyser, that we approve of this bill in this form, the bill to review the board of education's budget, that in principle we are in favor of that, and I so move you.

SUPERVISOR PEYSER: I made a motion that the matter be put over for one week and that then Supervisor McSheehy report back to us for action.

THE CHAIRMAN: Is there any objection to Supervisor Peyser's motion?

SUPERVISOR RONCOVIERI: I amended that by moving that we approve in principle of the bill now pending before the Legislature.

SUPERVISOR PEYSER: Mr. Chairman, I think that Supervisor Roncovieri is entirely wrong. It may be that when the amendment comes in if it is to review the capital expenditures by the boards of education we will all be in favor of it. The bill as it is now is entirely different. If the amendments come in in such form that we approve, all right, but I don't think this Board should commit itself on anything unless it knows exactly what that thing is before doing it.

SUPERVISOR ANDRIANO: I second the motion by Supervisor Roncovieri.

SUPERVISOR HAYDEN: Of course, we are very seriously concerned in the amount of the tax rate, and if any bill is pending in the Legislature that would give to this Board the right to review the budget of the board of education, I think we would all be in sympathy with the passage of such a bill, because if we could find it proper to cut down the amount of the budget of the board of education, within proper limits, we would all be interested in that. I think the motion of Supervisor Roncovieri giving Supervisor McSheehy as Chairman of the Legislative Committee instructions to practically use his own judgment where he considers the best interests of the City of San Francisco lie would be all right.

SUPERVISOR GARRITY: Question.

THE CHAIRMAN: The motion before the Board is by Supervisor Roncovieri seconded by Supervisor Andriano. What is the pleasure of the Board?

SUPERVISOR PEYSER: I didn't know that we were going to argue the merits of this question now.

THE CHAIRMAN: May I ask to be excused at this time? Would you nominate someone to take my place?

SUPERVISOR PEYSER: I move that Supervisor Hayden take the chair in the absence of the Mayor.

(Thereupon Supervisor Hayden acted as chairman of the meeting in the absence of the Mayor.)

SUPERVISOR McSHEEHY: I hope we don't get into any controversy here over this now, as I have two or three other bills which I have to say something about.

SUPERVISOR PEYSER: Well, there are none of them more important than the one under discussion now. The education and the public school system is of vital importance to the State of California. It is true that they could be reasonable in their demands, but the question of education is uppermost, foremost, the most important to the people of the State, and the various school boards are put there presumably, and I assume that such is the fact, because of their knowledge of school administration and because of their knowledge of the needs of education, and I don't think it is proper that in matters of education those who have not the same knowledge—not by virtue of the fact that they are ignorant—but by virtue of the fact that they have not the same opportunities and the same facilities for acquiring that knowledge, should have it in their power to in any way curb or in any way affect the present school system. On a question of investment in school buildings and the like, that is a different thing, and when that is presented in proper form it might be very well to allow our Boards of Supervisors to examine their expenditures. However, I do not believe that on a matter as important as this anyone—and I am not saying anything in derogation of Supervisor McSheehy's judgment or anything of that kind—I don't think it is fair to the people of San Francisco, and I don't think it is fair to the entire system that we should presume to vote on the subject until we know what is before us to vote on. Supervisor Roncovieri's motion, really, in favor of the spirit of the bill means nothing—

SUPERVISOR RONCOVIERI: Principle, I said.

SUPERVISOR PEYSER: Principle, all right; his motion is that the principle is that of allowing the educational system of our State to be tampered with, the educational system is to be subject to political influence, and if that is the case then I say that spirit or that meaning should be well defined and should be well considered. I don't think it is fair and I don't think it is proper that we should be called upon to even consider it until such time as Supervisor McSheehy has brought back the amendment, and then let us go into it.

THE CHAIRMAN: The question is on Supervisor Roncovieri's amendment to the motion by Supervisor Peyser. Call the roll, Mr. Clerk.

THE CLERK: (Roll Call.) Supervisor Andriano, aye; Supervisor Breyer, aye; Supervisor Canepa, aye; Supervisor Colman, no; Supervisor Gallagher, absent; Supervisor Garrity, aye; Supervisor Havenner, aye; Supervisor Hayden, aye; Supervisor McGovern, aye; Supervisor McSheehy, aye; Supervisor Miles, no; Supervisor Peyser, no; Supervisor Power, absent; Supervisor Roncovieri, aye; Supervisor Shannon, aye; Supervisor Spaulding, absent; Supervisor Stanton, aye; Supervisor Suhr, absent.

SUPERVISOR PEYSER: I desire to change my vote from no to aye and give notice of reconsideration.

SUPERVISOR RONCOVIERI: I move for suspension of the rules and immediate reconsideration.

THE CHAIRMAN: All right. Supervisor Roncovieri asks for immediate reconsideration. Call the roll, Mr. Clerk, on immediate reconsideration.

THE CLERK: (Roll Call.) Supervisor Andriano, aye; Supervisor Canepa, aye; Supervisor Breyer, aye; Supervisor Colman, no; Supervisor Gallagher, absent; Supervisor Garrity, aye; Supervisor Havenner, aye; Supervisor Hayden, aye; Supervisor McGovern, aye; Supervisor McSheehy, aye; Supervisor Miles, no; Supervisor Peyser, no; Supervisor Power, absent; Supervisor Roncovieri, aye; Supervisor Shannon, aye; Supervisor Spaulding, absent; Supervisor Stanton, aye; Supervisor Suhr, absent.

THE CLERK: Eleven ayes, three noes.

THE CHAIRMAN: The motion is lost.

SUPERVISOR MCSHEEHY: May I make this statement, members

of the Board, and I think you will all be interested. You asked me to see the Governor of the State in reference to the judges' salaries, amounting to \$84,000—

SUPERVISOR SHANNON: I don't think it is right to take up all these legislative matters under roll call for the introduction of motions and reports.

SUPERVISOR McSHEEHY: I think, if you will allow me to make this statement—I don't want to take up your time, Supervisor—may I make this statement, and you can do just as you please with it—

SUPERVISOR SHANNON: We always do anyway, just as we please.

SUPERVISOR McSHEEHY: I saw the Governor and he told me that he had made a promise that if the Senate and the Assembly voted in favor of those bills that he would sign them, that the bills would be passed. It is in this position, if the City of San Francisco does not report on these bills, I think you will find—

SUPERVISOR COLMAN: We reported on the question of raises for the judges; we went on record as opposed to the raises for the judges. The—

THE CHAIRMAN: Sure we did, unanimously.

SUPERVISOR STANTON: I wasn't present. I want to be recorded as voting against it.

THE CHAIRMAN: Those present voted unanimously.

SUPERVISOR McSHEEHY: Members of the Board, as Chairman of the Legislative Committee I have not yet received any instructions in reference to what I was to do next Thursday on this board of education matter, is it tentatively understood—

SUPERVISOR PEYSER: No, it is put over.

SUPERVISOR McSHEEHY: Then I would simply make the statement that this Board cannot act on an amendment unless they see the amendment?

THE CHAIRMAN: Ask for a postponement.

SUPERVISOR McSHEEHY: I have asked for two now, and I think it is part of the duty of any committee to state what has transpired in this board—

SUPERVISOR ANDRIANO: I think that is the proper thing to do, we have no right to make any recommendation, but we have the right to state what has happened in this Board in reference to it.

SUPERVISOR McSHEEHY: I will make that statement.

SUPERVISOR ANDRIANO: I would take the record of the proceeding by the stenographic reporter and take it up there.

SUPERVISOR McSHEEHY: I will do that.

Authorizing Purchase From Sisters of Mercy of Certain Real Property.

Supervisor Shannon presented:

Resolution No. 34193 (New Series), as follows:

Resolution fixing time, terms and conditions for the surrender of possession of real property described in Resolution No. 33949 (New Series).

Whereas, this Board adopted on February 16, 1931, and the Mayor approved on February 17, 1931, Resolution No. 33949 (New Series), authorizing the purchase from the Sisters of Mercy, a corporation, of certain real property described in said resolution, which said real property consists of vacant lands, a cemetery and improved lands upon which stand the buildings now used as St. Catherine's Home; and

Whereas, during the negotiations for said purchase it was understood and agreed that said Sisters of Mercy, a corporation, in order effectively to carry out, without interruption, the charitable and humanitarian work of St. Catherine's Home, be permitted to occupy, rent free, the buildings now in use, upon said premises, for the purposes of St. Catherine's Home, for a reasonable period of time within

which to erect a new home; and that the heating plant, pipes, boilers, tanks necessary to serve the same and other appliances pertinent thereto should remain intact and be surrendered with said premises, and that said Sisters of Mercy, at their own expense, should remove all bodies from said cemetery within ninety (90) days after the acceptance of the deed by the City and County of San Francisco; and that the City and County of San Francisco should be let into the immediate possession of all unoccupied, vacant and unused portions of said premises with the right to remove therefrom any and all out-buildings that might interfere with the immediate erection of a psychopathic hospital or a cancer hospital; and

Whereas, it has been determined that a reasonable period of time within which to accomplish said work will be until March 1, 1932; now, therefore, be it

Resolved, That for the purpose of acquiring title to said real property from said Sisters of Mercy and adjusting and settling all differences and litigation relative to the acquisition of said real property and its appurtenances, said Sisters of Mercy, a corporation, be and they are hereby authorized and permitted to occupy the buildings now occupied and used in the conduct of St. Catherine's Home, rent free, until March 1, 1932, and that on said date the possession of said buildings be surrendered, together with the heating plant, pipes, boilers, tanks necessary to serve the same and all other appliances pertinent thereto, and that said Sisters of Mercy have ninety (90) days after the acceptance of the deed by the City and County of San Francisco within which to remove all bodies from the cemetery on said premises; and be it

Further Resolved, That nothing in this resolution shall interfere with the immediate possession, use and occupation by the City and County of San Francisco, or the Board of Health, of all unoccupied, vacant or unused portions of the land described in said Resolution No. 33949 (New Series), or with the improvement of said unoccupied, vacant or unused portions of said land and the erection of buildings thereon, and that said City and County of San Francisco shall have the right to remove therefrom any and all outhouses that may interfere with the immediate erection of a psychopathic hospital or a cancer hospital.

BOARD OF SUPERVISORS

MONDAY, APRIL 6, 1931, 2 P. M.

In Board of Supervisors, San Francisco, Monday, April 6, 1931,
2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Peyser, Roncovieri, Spaulding, Stanton, Suhr—15.

Absent—Supervisors Miles, Shannon—2.

Quorum present.

His Honor Mayor Rossi presiding.

Remarks of Mayor Angelo J. Rossi on Death of Supervisor James E. Power.

It is with the sincerest regret that I received advice today that Supervisor James E. Power had been taken from us.

A man of steadfast character, lovable personality, staunch and loyal to his friends, Supervisor Power's death will bring genuine grief to the hearts of all San Franciscans.

A devoted husband, a loving father, a friend of all who were in need, he endeared himself to the many who had an opportunity of coming in close contact with him in business or social life. He never shirked a responsibility and never betrayed a trust.

Like all men of forceful character, James E. Power formed deep and lasting friendships, and, like all strong men, at times had energetic opponents, but he never cherished rancor in his heart. He looked with charity on all his fellow-men, and his departure to the beyond will bring regret to all who knew him.

Supervisor Power's connection with the municipal government began in January, 1911, when he was appointed a member of the Board of Education. From this position, after three years' tenure in office, he resigned to accept an appointment to the Board of Supervisors.

As a school director he did much to build up the department, and was a consistent advocate of liberality in the matter of salaries for all teachers, recognizing the necessity of a high-minded and efficient personnel in this department.

He introduced the school children's savings bank system, as a result of which school children now have deposits aggregating over a million dollars.

As a member of the Board of Supervisors he attained the highest honor which that body can confer—the chairmanship of the Finance Committee.

For three years Mr. Power was postmaster at San Francisco, in which position he established an enviable record for efficiency and service and did much to build up the postoffice in San Francisco to its present high standard.

As a lifelong friend of Supervisor Power and as Mayor of the City which he served so well, I join with his host of friends in expressing to the bereaved family my sincerest sympathy at his untimely passing.

Motion.

Supervisor Hayden moved that a committee of the Board be appointed to attend the funeral; that at 2:30 p. m. next Monday appropriate services be held in the chambers commemorating the passing of Supervisor Power; that the Clerk provide a suitable floral tribute, and that when the Board adjourns it does so out of respect to his memory.

Adopted unanimously by rising vote.

Amending Sections 20 and 37 of Ordinance No. 5132 (New Series), "License Ordinance," Reducing the License Fee on Wrestling or Boxing Exhibitions to \$10 for Each Performance, and Reducing the License Fee on the Conducting of Concerts Based on the Seating Capacity of the House.

On recommendation of Police Committee.

Bill No. 9368, Ordinance No. 8961 (New Series), as follows:

Amending Section 20 of Ordinance No. 5132 (New Series), entitled "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco," by reducing the license fee for the conducting of boxing or wrestling exhibitions by persons other than bona fide athletic organizations to \$10.00 for each such exhibition; and Section 37 thereof by placing a license fee on persons holding concerts based on the seating capacity of the house, instead of on both seating capacity and admission charge, as heretofore.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 20 and 37 of Ordinance No. 5132 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 20. Every person, firm or corporation conducting, carrying on or managing a boxing or wrestling exhibition, shall pay a license fee of \$10.00 for each such exhibition.

Provided that no license shall be exacted from bona fide athletic organizations where boxing or wrestling exhibitions are given for the entertainment of the members thereof and to which no admission fee is charged, directly or indirectly.

Section 37. Every person, firm or corporation holding, promoting or giving a concert, shall pay a license fee for each such performance depending upon the seating capacity of the place, as follows:

Places with a seating capacity of less than 500, \$5.00.

Places with a seating capacity of 500 and less than 1500, \$10.00.

Places with a seating capacity of 1500 and over, \$20.00.

A concert within the meaning of this section, shall be an entertainment open to the public at large, the principal part of which shall be composed of vocal or instrumental music or both, and to which an admission fee is charged.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Peyser, Roncovieri, Spaulding, Stanton, Suhr—15.

Ordinance Regulating Installation, Alteration and Maintenance of Signs, and Repealing Ordinance No. 1009 (New Series).

On recommendation of Public Buildings and Lands Committee.

Bill No. 9367, Ordinance No. 8962 (New Series), as follows:

Regulating the installation, alteration, and maintenance of signs, devices, and sidewalk clocks, fixing a penalty for violations of the provisions thereof, and repealing Ordinance No. 1009 (New Series) and all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. This ordinance shall be known as the "Sign Ordinance" of the City and County of San Francisco.

Section 2. It shall be unlawful for any person, firm or corporation hereafter to place or maintain upon or in front of, or attach to any building or premises, any sign, advertisement, transparency, bulletin board, or sidewalk clock, projecting beyond the property line over any sidewalk or public thoroughfare, except such as are embraced within the classifications of Section 11 and subject to the conditions stated herein; provided that this ordinance shall not be deemed to apply to "billboards," as defined and regulated by Ordinance No. 4059 (New Series), nor to render unlawful the maintenance of any sign, advertisement, transparency, or bulletin board erected and maintained under a lawful permit prior to the passage of this ordinance.

Section 3. No sign, transparency, advertisement, bulletin board, or sidewalk clock shall hereafter be placed, maintained upon or in front of, or attached to any building, structure, or premises, without a permit therefor from the Board of Public Works. Application for such permit shall be made to the said Board of Public Works by the owner, lessee, or agent thereof, of the property on which the proposed sign is to be located, on the form and in the manner required by the said Board. Said application shall be accompanied by duplicate scale or dimensioned drawings of the proposed sign, which shall show fully the location, dimensions, and construction thereof, together with such other information as may be required. When the proposed sign is to be attached to a building or other independent structure, the drawings shall show the position of the sign on the supporting structure, the method of attachment to such structure, and the character of the structural members to which such attachment is made.

Section 4. It shall be the duty of the Board of Public Works, through its authorized representatives, upon the filing of application and exhibits as provided in Section 3, to examine such drawings and other data and, if necessary, the premises upon which it is proposed to erect the sign, and if it shall appear that the proposed sign is in accordance with all legal requirements, the Board of Public Works shall issue a permit for the erection of the sign. During the erection of the sign

and upon the completion thereof, the Board of Public Works shall cause the same to be inspected.

Section 5. All rights and privileges acquired under the provisions of this ordinance or any amendment thereto, permitting the erection or maintenance of signs or sidewalk clocks on or over sidewalks or public thoroughfares, are mere licenses revocable at any time by the Board of Supervisors, and all such permits shall contain this proviso.

Section 6. Any person, firm, or corporation maintaining a sign or advertisement upon or in front of the premises of which he, she or they are the owner or occupant, or over which he, she or they have control, shall, upon notice from the Board of Public Works, cause such signs or advertisements to be placed and secured in such manner as the said Board may direct. In case of failure to comply with such notification, the Board of Public Works is authorized to cause the removal forthwith of such sign or advertisement, and without prejudice to the penalties herein imposed for violations of this ordinance.

Section 7. Before any sign, transparency, advertisement or sign device is erected which is intended to be used in connection with electricity, a permit shall be secured from the Board of Public Works as provided in Sections 3 and 4, and this permit, together with all necessary data regarding the proposed electrical construction, shall be submitted to the Department of Electricity. It shall be the duty of the Department of Electricity to examine such electrical data, and if the proposed sign is found to be in accordance with all ordinances regarding electrical construction, and the provisions herein regarding illuminating qualities, the said department shall issue a permit for the erection of such sign. No sign intended to be used in connection with electricity shall be erected unless permits therefor have been secured from both the Board of Public Works and the Department of Electricity.

Section 8. Upon the completion of the electrical construction for which permit is issued or required as herein provided, the Department of Electricity shall inspect the sign, and if it is found to be in accordance with all requirements regarding electrical construction and illuminating qualities, the said department shall issue a certificate of satisfactory inspection to the permittee upon the payment to the said department of a fee in the amount of two dollars and fifty cents (\$2.50) for each hour of time reasonably consumed by each inspector in making such inspection, including time reasonably consumed in going from the office of the said department to the place of inspection, and return to the said office; provided, however, that such minimum fee shall be three dollars (\$3.00). The issuance of the certificate of satisfactory inspection shall constitute a permit for the connection of electric current to the sign. Prior to the issuance of such certificate, such current shall be turned on only by special permission of the Department of Electricity, and only for the purpose of testing the sign.

Section 9. Definitions.

(9.1) The word "sign" as used herein when appearing alone, shall be understood to include all types of signs, sign devices, advertisements, transparencies, bulletin boards on or attached to any building, structure, or premises, and shall also include sidewalk clocks; provided, however, that the said word shall not include "billboards" as defined in Ordinance No. 4059 (New Series).

(9.2) "Electric sign" shall mean a sign whereon letters, figures, or designs are formed or outlined by incandescent electric lights, "Neon" or other luminous electric tubes, or by a transparent medium illuminated from electric lights or luminous tube contained within the sign. Electric lights or luminous tubes which are not an essential element of the sign proper, are not classified as electric signs within the meaning of this ordinance.

(9.3) "Face of Building" shall be construed to mean the general outer surface of the walls of the building facing the street, except where bay windows or pillars project beyond such walls, the outer

surface of such windows or pillars shall be considered the face of the building at those points.

(9.4) Where the distance from sign to sidewalk is specified, there is meant the clear distance from the bottom of the sign or the frame thereof, to the highest point of the sidewalk immediately beneath such sign.

Section 10. General Specifications.

(10.1) All fixed signs, except those lying flat against the surface of the building to which they are attached, shall be designed to withstand wind loadings as follows, the detail design to be in accordance with the provisions of the Building Law:

(a) For solid signs, twenty (20) pounds per square foot on one face of sign.

(b) For skeleton signs, thirty-six (36) pounds per square foot of the total face area of the letters or other sign surface, or ten (10) pounds per square foot on the gross area within the frame of the sign proper, whichever is the greater.

(10.2) Metal shapes or flats used for supporting or bracing signs shall not be less than one-eighth (1/8) inch thick, and shall be galvanized or porcelain enameled. Where wire is used to support or brace signs, it shall be galvanized or equal.

(10.3) All electric signs shall be constructed throughout of non-combustible materials.

(10.4) The amount of illumination supplied to an electric sign shall not be less than eight (8) candlepower, or one (1) lineal foot of Neon tubing, per square foot area of the illuminated side or sides of the sign.

(10.5) The illuminating elements of all electric signs shall be maintained in good order and in the full number for which the sign was designed.

(10.6) No sign other than electric sign shall project more than twelve (12) inches from the face of the building, nor shall any electric sign project beyond the curb line of the sidewalk below such sign.

(10.7) No double or triple face electric sign shall be more than four (4) feet thick between sign faces.

(10.8) No sign which projects more than eight (8) inches over a public sidewalk or thoroughfare, shall be less than eight (8) feet above the sidewalk; provided, however, that this provision shall not apply to non-electric pole signs when the base thereof is placed at sidewalk elevation.

(10.9) No sign other than a swinging electric or marquee sign shall extend across or in front of any window or other exterior opening in any building above the first story thereof, nor across the end windows or the end three (3) feet of glass front at each side of a mezzanine floor.

(10.10) No sign shall be attached to any fire escape or standpipe, and none except marquee signs shall be placed in front thereof, nor shall any sign be so placed as to obstruct the means of ingress or egress of a building.

(10.11) No sign which is placed parallel with or flat against the wall of a building, shall extend above the fire wall of such building.

Section 11. The classification of signs referred to in section 2, and the special conditions pertaining to each classification, shall be as follows:

Class A. Flat or curved signs, plain or electric, the face of the sign being parallel for its whole length to the face of the building, and the sign fastened directly thereto. Such signs shall project not more than ten (10) inches from the face of the building unless the sign is ten (10) feet or more above the sidewalk, in which case they may project not to exceed eighteen (18) inches.

Class B. Drum signs attached to the pillars or entrances of buildings, and projecting not more than eight (8) inches from the face of the building unless the sign is eight (8) feet or more above the sidewalk, in which case they may project not to exceed twelve (12) inches.

Provided, an electric drum sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

Class C. "V" signs, attached at their ends to the face of the building, and with the apex projecting therefrom not more than eight (8) inches unless the sign is eight (8) feet or more above the sidewalk, in which case this projection may be made not to exceed twelve (12) inches. Provided, an electric "V" sign ten (10) feet or more above the sidewalk may project not more than four (4) feet.

Class D. Barber pole and similar type signs, free from any separate signs attached thereto, and projecting not more than fourteen (14) inches from the face of the building.

Class E. Horizontal double face or triple face signs illuminated and conforming to the following specifications.

(a) Swinging electric signs having a maximum height not to exceed seven (7) feet nor projecting beyond the outer edge of the sidewalk nor having their lowest point less than ten (10) feet above the sidewalk. Provided also that such signs shall be erected in such manner as to permit their being swung back parallel with the face of the building and when so swung back the sign shall not project more than twenty (20) inches from the face of said building, or supporting element at property line. Further provided that said signs shall be swung back between the hours of 8:00 a. m. and 5:00 p. m.

(b) Horizontal electric signs having a maximum height not to exceed five (5) feet nor projecting from the face of the building for more than one-half (1-2) the width of the sidewalk, nor in any case more than seven (7) feet, nor having their lowest point less than ten (10) feet above the sidewalk. Provided also that they shall be mounted in such a way as to permit their being swung back parallel with the building face (in case of emergencies, such as fire), but shall be fastened permanently with galvanized metal cables and turnbuckles in their extended position for normal usage, the lateral guys to be not more than ten (10) feet above the sidewalk at their point of attachment to the building.

Class F. Double face vertical electric signs, illuminated on both sides, the face of the sign set at right angles to the face of the building, except that at a corner of the building which is also a street corner, the sign may be so set that the plane of the sign bisects the angle formed by the intersecting wall faces. The limiting dimensions pertaining to such signs shall be as follows:

| Height Above Sidewalk, Feet. | Maximum Projection From Face of Building, Feet. | Minimum Length of Sign, Feet. |
|------------------------------|---|-------------------------------|
| 10 | 4 | 8 |
| 12 | 5 | 10 |
| 15 | 6 | 20 |
| 18 | 7 | 30 |
| 20 | 8 | 40 |
| 23 | 9 | 50 |
| 25 | 10 | 60 |

Class G. Single face vertical electric signs having a maximum width of six (6) feet placed either flat against the building or at an angle of forty-five (45) degrees with the walls at a corner thereof which is also a street corner. Such signs shall be not less than twelve (12) feet above the sidewalk, nor shall any portion project above the fire wall of the building.

Class H. Gas or electric lamp or lamp globes on which signs may be placed, such lamps or globes to be suspended in front of the building or premises, not less than eight (8) feet above the sidewalk, nor projecting more than two and one-half (2 1-2) feet from the face of the building. No inscription or sign other than the name of the person, firm, or corporation at whose expense and in front of whose premises the lamp is erected shall be placed thereon, nor shall the size of such lamp or globe exceed that of those used in lighting the public streets.

Class I. Flat or curved mesh signs and raised letters. Such signs

may be extended from the front of one bay window above the first story to an adjacent bay window, provided that the sign shall not project more than six (6) inches from the front of the bay window.

Class J. Bulletin boards, which shall not project more than eight (8) inches from the face of the building.

Class K. Signs supported upon metal awnings or marquees. Such signs shall be not less than ten (10) feet above the sidewalk, and unless electric signs, shall be not more than two (2) feet in vertical dimension; if electric signs, their vertical dimension shall be not more than sixty-five (65) percent of the projection of the marquee from the face of the building. When projecting above the roof of the marquee, the face of signs parallel with the building, or the apex of "V" signs, shall be distant from the face of the building not less than one and one-half times the height of the sign above the marquee. There shall be a clear space of not less than two (2) feet from the face of the building to any portion of any sign extending more than two (2) feet above the roof of the marquee, unless there is provided a walkway as herein specified. Such walkway shall extend along the face of the building for the full distance between signs, shall be at an elevation of not more than two (2) feet below the top of the sign at the face of the building, and shall be not less than two (2) feet wide. Such walkway shall be designed for its dead load plus a live load of sixty (60) pounds per square foot of area, and shall be of fireproof construction throughout. Where the walkway is located more than two (2) feet above the roof of the marquee, a hand-rail shall be provided along the outer edge of the walkway, and metal stairs or ladder, not less than eighteen (18) inches wide, shall be provided to give access from the walkway to the roof below. Signs extending above the roof of a marquee and placed other than along and flush with the edges thereof, shall be set back not less than two (2) feet from the side edges of the roof. No temporary sign of any kind shall be attached or supported on any marquee, except as provided in Class L. All marquees shall be designed and constructed to sustain, in accordance with the provisions of the building law, their full dead load plus a live load of twenty (20) pounds per square foot of horizontal area, plus the weight of signs, and no sign shall be supported on any marquee which does not satisfy this requirement.

Class L. Temporary signs, advertisements, or flags. These may be suspended over the sidewalk in front of buildings or premises upon holidays, election days, and days of public parade or display, provided that such signs, advertisements, or flags shall be placed and secured as may be directed by the Board of Public Works, and be removed immediately following the day or days for which the permit is granted.

Class M. Sidewalk clocks, which shall be ornamental in character and construction, the design thereof to be subject to the approval of the Board of Public Works. Such clocks shall be placed just inside of and abutting on the curb line, shall be not less than ten (10) feet above the sidewalk, and the clock face shall be not less than two (2) nor more than three (3) feet in diameter. No advertisement, notice, lettering, inscription, or name shall be painted, placed, or attached to the clock or to the pole or standard upon which it is mounted. After the erection thereof, all such clocks shall be maintained in good condition and shall correctly indicate the time; failure to comply with this condition shall be cause for revocation of permit.

Class N. Roof Signs. The extreme height of such signs above the lowest portion of the roof directly beneath the sign shall not exceed seventy-five (75) feet when the sign is supported on a Class A or B building, nor thirty (30) feet when supported on a Class C building. The face of the sign shall be set back of and not less than three (3) feet in the clear from the inside face of the parapet wall parallel or adjacent thereto, and the ends of the sign shall be not less than one (1) foot inside the inside face of the parapet wall adjacent to such end. The bottom of such signs shall be not less than five (5) feet above the roof directly beneath, and the space between vertical support shall

be not less than six (6) feet in the clear; not less than fifty (50) percent of the spaces so defined shall be and remain clear of any obstructions whatever.

No advertising sign or electric sign shall hereafter be placed on any roof in such a position that any portion of the advertising surface, its supporting structure, posts or braces, will be closer than six (6) feet from the outlet connection of any standpipe or fire plug, nor interfere in any way with the free use of any fire escape or obstruct any ventilator, door or stairway.

Any sign or any character, together with its foundation, framework and supports now or hereafter constructed or maintained on or above any roof shall be kept in safe repair at all times by the person, firm or corporation, owning, operating or having the care or custody of the same.

All roof signs shall be constructed throughout of fireproof materials, except as hereafter provided, and shall be supported on and attached to the building by a suitable frame of galvanized metal, which shall be positively anchored to the main structural members of the building. Sills, stringers, ornamental trim and foot walks supporting such frames on Class C and frame buildings may be of timber. All foot walks supported by the frame shall be provided with a secure metal railing.

On all electrically illuminated roof signs a disconnect switch shall be installed for the purpose of disconnecting all electrical current from the sign, motor, or other control apparatus on the structure. This switch shall be located within six (6) feet six (6) inches from the roof and be placed either on the supporting structure itself or within easy access and view of the supporting structure.

Section 12. Ordinance No. 1009 (New Series) is hereby repealed, as are also any other ordinances or parts of ordinances in conflict with the provisions herein.

Section 13. It shall be the duty of the Chief of Police of the City and County of San Francisco strictly to enforce the provisions of this ordinance.

Section 14. If any section, paragraph, sentence, clause, phrase, table, or portion of any table herein is held to be invalid for any reason, such decision shall not affect the validity of the remaining portion of this ordinance.

Section 15. Any person, firm, or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars (\$500.00), or by imprisonment in the County Jail for not exceeding six (6) months, or by both such fine and imprisonment.

Section 16. This ordinance shall take effect and be in force thirty (30) days from and after the date of its passage.

SPECIAL ORDER—2:30 P. M.

Memorial Service for the Late Supervisor James E. Power.

The following proceedings were had in relation to memorial services for the late Supervisor James E. Power:

THE CHAIRMAN: Members of the Board: This hour was set apart for the purpose of the Board of Supervisors paying their respect to the memory of our late colleague, James E. Power. I believe there are several communications, Mr. Clerk, that I will ask you to read at this time.

THE CLERK (reading):

“Mayor’s Office, San Francisco, California, April 13, 1931.

“To the Honorable the Board of Supervisors of the City and County of San Francisco:

“Circumstances over which I have no control prevent my attending today’s meeting of your Board.

“However, I take this occasion of adding my tribute to those of other friends of the late Supervisor James E. Power, whom you honor today.

“During his twenty years in public office James E. Power served his city faithfully and efficiently and his work has reflected glory on his name.

“His death is an irreparable loss to the City of San Francisco, to his legion of friends, to his bereaved wife and family.

“A devoted husband, a loving father, a loyal friend, we shall always cherish his memory with love and reverence.

‘Respectfully,

“ANGELO J. ROSSI, Mayor.”

THE CLERK (reading):

"San Francisco Chamber of Commerce, Office of the President,
"San Francisco, California, April 10, 1931.

"To the Honorable the Board of Supervisors of the City and County
of San Francisco.

"Gentlemen: The untimely passing of Colonel James E. Power was learned with profound regret by the Board of Directors of the San Francisco Chamber of Commerce, who have asked me to express to you, on their behalf, their condolences in the loss of a loyal friend and associate.

"The life of Colonel Power will long remain in our memories as a record of distinguished service to his government and his city.

"Faithfully yours,

"LELAND W. CUTLER, President."

THE CLERK (reading):

"Sacramento, California.

"Honorable Angelo Rossi, Mayor, City Hall.

"Regret very much my inability to attend the Supervisors' session this p. m. to express in person my tribute as to the loyalty, sincerity and achievements of a great statesman and lover of his city and a true friend, the late James E. Power.

"SENATOR THOMAS A. MALONEY."

THE CLERK: Supervisor Hayden presents the following: (Reading resolution in memoriam.)

Resolution No. 34249 (New Series), as follows:

Whereas, Colonel James E. Power, member of the Board of Supervisors of the City and County of San Francisco died recently after a long illness, endured with Christian fortitude; and

Whereas, The late Supervisor James E. Power served his native city in various public and private capacities for many years, as a member of the Board of Education, as Postmaster of San Francisco, as Colonel of the League of the Cross Cadets, and as a faithful member of numerous fraternal and benevolent organizations; and

Whereas, In all these divergent capacities and different positions of honor and trust he showed notable qualities of constancy, fidelity, integrity, and above all, a loyalty to ideals and an unswerving adherence to the principles of Christianity; and

Whereas, These qualities of the late Supervisor James E. Power were most perfectly manifested in beautiful form in his devotion to his family; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, does hereby revere the memory of its late colleague and expresses publicly its regret and sorrow at his death, and offers to his widow and the bereaved members of his family sincere sympathy and condolence; and be it

Further Resolved, That a copy of this Resolution be spread on the minutes of this meeting of the Board of Supervisors and another copy be sent to the widow of the late Supervisor, and that the Board adjourn today, when it does adjourn, out of respect to the memory of the late Supervisor, James E. Power.

THE CHAIRMAN: The question is on the adoption by a rising vote.

(All of the Supervisors rise and the chairman brings down the gavel.)

THE CHAIRMAN: Members of the Board and fellow-citizens: It is now my privilege to introduce to you Mr. Edward F. O'Day, a most intimate and dear friend of the late Supervisor James E. Power, who will deliver the eulogy on this occasion. Mr. O'Day.

MR. EDWARD F. O'DAY: Your Honor the Mayor, members of the Board of Supervisors, ladies and gentlemen: To speak publicly of a friend who has gone forever is an ordeal that most of us would like to avoid. It is not easy at one and the same time to put a curb on the private emotion of sorrow and to discriminate those outstanding—but not too intimate—qualities of character that make our lost friend worthy of public remembrance. It is, of course, a privilege to speak in this chamber, but on this occasion it is a privilege obtained at the heavy price of irreparable loss.

It is difficult for me to think of James E. Power the public servant when my thoughts are engaged with the man who was my friend. It scarcely seems of first importance to dwell upon the loss our city has suffered when we are full of sorrow for the bereavement of a family and of a group that loved James E. Power in the tender relationship of family friends.

Those of us who attended his obsequies at the Elks Club and at St. Mary's Cathedral know how profoundly Mr. William H. McCarthy and Father Curtis plumbed the depths of his public and private qualities. It helps us to measure his character that two such men—two such friends—should be so deeply moved and moved to such nobility of speech by his untimely death.

What more is said today can be but the echo of their sentiments, different only in this respect, that a personality so rich as his presented itself in varying aspects to his various friends.

I think of Colonel Power first of all as a Christian gentleman—a gentleman who feared God and therefore feared no man. A gentleman who loved God and therefore loved his fellow-man. The Ten Commandments and the Sermon on the Mount were not upon his lips, but graven upon his soul. In the happiness of his ancestral faith he hitched his wagon to the star that shines on Bethlehem, and in the fine tolerance of the Golden Rule all good men, of no matter what creed, were his brothers—commanding his respect, his sympathy, his understanding, and his tireless generosity of helpfulness.

None knew better than he that human nature is weak. He would be the last to call himself strong, but strong he was, and of his strength he gave untiringly to weaker men in ways that shall never be forgotten.

Only a few will ever know how sternly his character was tested during the supreme experience of his career—that time when he hoped to achieve the great ambition of his public service. It was a bitter campaign—as campaigns waged between strong men are bound to be. Only a few know how earnestly and sincerely he labored to eliminate a bitterness he himself did not share—how many times he quelled the mistaken enthusiasm of his friends—how he vetoed ill-judged and misguided measures—and brought back to the sweet path of charity impulsive hearts that were tempted beyond their experience or beyond their strength. His hope of the mayoralty was frustrated. He accepted defeat with a smile. In that trying hour James E. Power was the same good man that he had always been, but he was a greater citizen than ever before.

It is, of course, as a great citizen of the San Francisco he loved that we are honoring James E. Power at this time and in this chamber. It is not necessary to review his civic career. Policies he advocated, measures he devised and carried through have become basic in the conduct of our affairs. The School Department will carry his impress forever. The Board of Supervisors—and more especially its Finance Committee—has never known a more upright, a more enlightened or a more constructive leader. His was the faculty that resolved difficulties, accommodated jarring views and straightened out the tangles of honest but dangerous antagonisms. He could argue with a smile—he could convince and remain a friend. Call this politics if you will,

but remember that politics is only an odious word when its functions are degraded by the selfish motives of petty men.

James E. Power served the federal government with the same high efficiency that he gave to municipal business. As postmaster he had a two-fold opportunity—to enhance the prestige of San Francisco at Washington, where he was justly valued, and to place the strength of the national government at the service of San Francisco's growth and prosperity. Meanwhile he could not forget the postal worker—that most faithful of national employees. I can think of no tribute more truly spoken or more honestly deserved than that of an aged letter carrier who said to me the day of James E. Power's death: "He was the best postmaster we ever had."

During all his mature years James E. Power devoted himself to the welfare of young men. He wanted to see boys grow into virtuous, patriotic manhood, and the help he gave them—in the League of the Cross Cadets and through other channels—will be reflected in many lives for many years.

Fortunately he was not one of those puzzling philanthropists who go abroad to do good while neglecting the duties that confront them at home. In this hour of sorrow the wife and children of James E. Power, while looking to heaven for consolation, may comfort themselves with the thought that he was as pure and true in his family as in his public life. And the influence he exerted on young manhood is strikingly shown in the unfolding career of a son who has been deemed worthy to take his place on this Board of Supervisors. It is a high honor for the son—it speaks volumes for the father. In the ideals of such a father the son will find his inspiration and his success.

If San Francisco is to flourish and to develop all the riches of her nature she must find and honor and reward men like our dear dead friend, James E. Power. While we breathe to a kindly Providence a prayer for his eternal rest, let us not forget to pray also for good citizens to carry on the work to which he dedicated his public career.

THE CHAIRMAN: We are honored today by the presence of a representative of the county officers in the person of City Attorney John J. O'Toole, who will now say a few words.

CITY ATTORNEY JOHN J. O'TOOLE: Mr. Chairman, members of the Board of Supervisors and my fellow-citizens: After the most eloquent words of Mr. O'Day words of mine must seem empty indeed to express the deep feeling of sorrow and regret that I personally feel at the untimely taking of a distinguished member of this Board, or to convey to his family a sympathy that springs from the heart at the great loss which they have suffered.

The work of Colonel Power in this Board of Supervisors and for the City of San Francisco speaks for itself and needs no words of mine to make itself felt among the people of San Francisco. There never was a truer, fairer or more earnest official than the one whose chair is vacant here today. His duty was performed as he saw it, and there was naught in this world that would swerve him from that duty when he saw it in the light of duty. To him duty was a command, and when that command came he knew only one thing to do, and that was, like every other true soldier, to obey that command.

Mr. Chairman, this Board is better and will be better because of the fact that James E. Power was one of its members. San Francisco itself is better and will be better for the service he rendered in this Board and in other positions that he held for the city that he loved. And I, with the members of this Board, the other elected officials of San Francisco, and all the people of this great city, can only mourn and sorrow at the untimely taking of Colonel Power, and express to his bereaved ones our sorrow at the great loss that has befallen them above all others.

THE CHAIRMAN: Supervisor Andrew J. Gallagher.

SUPERVISOR GALLAGHER: Mr. Chairman, I count it a privilege to be able, as a member of the Board, to, for just a few moments, speak in that capacity. Certainly we have watched the departure of a great many men in this community. You and I and a few others have seen pass from this active official life many men who have accomplished in this community things of which they could be proud. But within my recollection there have been few men whose passing has seemed to cause such a spontaneous wave of sympathy towards those who will miss him most, whose loss is the hardest, and who, after all, carry the heaviest burden. It is many years ago since I first sat with the departed Supervisor in the old Finance Committee—those troublesome, hard-working days. It is many years ago since we worked together on other lines. Jim Power, as we used to call him in a friendly sense, Supervisor Power as we would call him in the Board, had a peculiar faculty of holding his temper, even under great stress, something some of us have not been able to do with all the years of experience behind us.

One of the very first acts of his when he became a member of the Board, after his recent victory, was to attempt to heal some of the wounds that had been opened by the change of the legislative and supervisory situation. And I watched him take men at daggers' points and bring them to a place of reasoning and agreement so that our work here might be more peacefully done.

I stood in Holy Cross Cemetery a few days ago—it was Easter Sunday—and I found an old, rheumatic, crippled man, some years ago prominent in public life, searching among the host of headstones for a grave. And I helped him find it. And I saw him, groaning with pain, lay his hat at the head of that stone, and kneel, under great pain, at this grave. When he arose he said to me: "He was the best friend I had." And I thought to myself, what a beautiful thing. In the case of James E. Power that is multiplied thousands of times. It is altogether too bad, of course, that he could not know what we all thought. He saw life—he saw the tragedy of it. His boat sailed on a river of golden dreams at times and his boat saw terrible, choppy, terrifying waters. We know now that he knew some months ago that the end of the trail was in sight. And the remarkable fortitude of the man is best expressed when we know now that he knew that soon the curtain would fall, and knew it, as I understand, with certainty, that his last act was to come here and vote for his friend, Mr. Rossi, a sacrifice, under the circumstances, my friends, that only the thinking of it makes you understand what it must have meant to him. Not only a testimonial of loyalty, not only a gesture of the utmost friendship, but coming here in the face of the journey's end, and sitting in that chair so that he might cast his vote for a friend for a position which he prized himself so highly, which, as Mr. O'Day said, he would have liked to have occupied. Many a Monday afternoon and many a day when we meet here we will look at that chair—surely it will be occupied within a week by his sterling son—but, at the same time, we will, in recollection and retrospection, see him sitting there.

The tribute of Father Curtis, the tribute of Mr. McCarthy, and the tribute of Mr. O'Day is certainly deserved. And high-minded and intellectual as all those tributes were, each one of them was delivered under the stress of a friendship which made it difficult, and makes it difficult for us today. We sit here in this Board and contact each other, and with the impressions that confront us we see different sides of men other than that are presented to people on the outside. There are a great many people who depended upon Supervisor James E. Power, who are going to miss him, of course, because, when something was needed to be done, when some cause needed to be espoused, he was their peculiar friendly champion.

We can only, Mr. Chairman, in kindly remembrance and recollection, and in summing up Mr. Power's life, and just before we close the book, as we do today, to be reopened on a little private page when his boy next week takes his place, we can only agree that, as we knew him as a fellow-Supervisor, all of the values that have been spoken of, regardless of our differences, were his. And in my mind the greatest, the finest, quality that I saw in him, besides the others, was his intense loyalty to his friends. He is mourned by thousands; he will be missed by us. His supervisory career was one of progress, and I am sure it looked to me and to others that life held for him a very fine prospect.

We say good-bye, as we have to in this hurried legislative life, to a very good friend, and it is to be hoped that, in saying good-bye to that friend, and trusting that God will be good to him, as we think he deserves, we shall not forget the living, and a sympathetic wish and hand and heart and thought for them, for that boy who, because of the friendship for Jim Power, we owe it to that boy to take him as if he was our own, to make his work here easy. I thank you.

THE CHAIRMAN: Supervisor Alfred Roncovieri will kindly respond.

SUPERVISOR RONCOVIERI: Mr. Chairman, fellow-members of the Board of Supervisors, ladies and gentlemen, and the bereaved family: The announcement of the death of Supervisor James E. Power last Monday sent a wave of sorrow over San Francisco.

Born in this city, his life was an open book. There was no flaw in his armor, and no stain upon his shield. It was, and will ever be, my great privilege in the years to come to remember that I was intimately associated with him in the efforts he made to advance his native city in the noble ideals that give to a community its high character before the world.

James E. Power suddenly halted in his course while yet seemingly strong in body and mind, and his sun set in the mid-summer of his life.

Those of us who called him friend know that he was a friend indeed.

But it was in his dear little home circle that his warm heart was best known. He was a model and devoted husband and father. It was in his home that he found his greatest joy, in the confidence of wife and children.

The stern hand of Destiny has dealt his beloved family a severe blow, but in the face of the unutterable sorrow which is theirs may they be comforted by the fragrance of thought that his memory is held in sacred remembrance by a host of friends whose gentle sympathies are extended to the family in an atmosphere of mutual love.

Colonel Power was a man among men. He attracted to himself the strong and the virile, for he was a natural-born leader.

He was distinguished for those qualities of head and heart which ennoble man even unto the image of his Creator. He was loyal, able and courageous in behalf of right; always a generous and chivalrous opponent; but never an enemy.

He was faithful and ever conscious of his duty to God, walking in humility before his Maker.

He was a patriot, ever alive to the rights of the American home, American youth and manhood, and American civilization. He was generous with his loyalty and with his love as he was with his charity, and this won for him universal friendship.

I feel a personal bereavement in his passing, for Colonel Power's life was a benediction, and he was my best friend. His family and all who knew him have lost infinitely more than I can express—but heaven has gained thereby.

After a long illness, and with a patience born of an heroic soul, uncomplainingly he fell asleep in the faith of his fathers, trusting that the Hand that had guided him through dangers, seen and unseen, would yet arouse him from the watches of an eternal night.

His sublime faith was manifest unto the last, when he whispered to the reverend father who anointed him the prayers and the responses that he had learned at his mother's knee. All was well and he was going home, and would await the coming of his loved ones.

It is as natural to die as it is to live. Death is the low door and the narrow passage through which we must all travel to that mysterious realm of eternity; but the blessed hope of immortality sends a gleam of radiant light into our souls when contemplating death as a prelude to a higher life.

Our friend has but preceded us. May we be as well prepared to meet Almighty God as was he when we hear the last summons.

THE CHAIRMAN: We will be pleased to hear from any other member of the Board who wishes to speak at this time. Mr. Mulcrevy, would you like to say a few words?

COUNTY CLERK MULCREVY: Mr. President of the Board and members of the Board of Supervisors, and fellow-citizens: The good deeds of men have been the nourishment upon which the world has grown wholesome and excellent. And so long as good men and good deeds continue will the world progress in wholesomeness and excellence. James E. Power was the personification of good deeds. Doing good, always doing good for all. After what has been so eloquently said it can all be summarized in the fact that James E. Power lived amongst us, that he died and was buried. His life should be an inspiration to us and we should endeavor to emulate him. He left no great wealth in this world's goods, but he left an inheritance greater than mines of gold, a heritage of an honorable name. He was an honorable man, distinguished among his fellow-citizens, elevated to high places as the representative of the people. He was a devoted husband and affectionate father and a loyal friend. We may well follow his example in our private lives and in the conduct of public affairs, so that when the inevitable hour does come for each of us we may be, as little children, smilingly stepping from a beautiful garden to a luxurious meadow, to be there awaited by our faithful and our loving friend.

THE CHAIRMAN: This will conclude the exercises in memoriam of the late Supervisor James E. Power.

Appointment of James E. Power, Jr.

The following was presented, read and *ordered filed*:

The City and County of San Francisco, State of California.

To all to whom these presents shall come—Greeting:

Reposing special confidence in the fidelity and ability of James E. Power, Jr., I do, by these presents, by virtue of the authority vested in me by the Charter of the City and County of San Francisco, appoint him a member of the Board of Supervisors, in and for the City and County of San Francisco, he to hold said office for the term ending the first Monday after the first day of January, 1934, from and after the 9th day of April, 1931, vice James E. Power, deceased.

In testimony whereof, I have signed my name and have caused the seal of my office to be affixed hereto this 9th day of April, 1931.

Amending Ordinance No. 5132 (New Series), License Ordinance, as to Warehouse Operators and Money Lenders.

On recommendation of Police Committee.

Bill No. 9376, Ordinance No. ——— (New Series), as follows:

Amending Section 76 of Ordinance No. 5132 (New Series), entitled "Imposing license taxes on certain businesses, callings, trades and employments within the City and County of San Francisco," by reducing the license fee imposed on persons whose warehouse operations amount to less than 1000 square feet to \$10 per year; and Section 81 thereof by adding the provision that persons, firms or corporations shall not be allowed to engage in the business of money lending unless permit has first been secured from the Board of Police Commissioners and presented to the Tax Collector.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 76 and 81 of Ordinance No. 5132 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 76. Every person, firm or corporation conducting a warehouse business, or engaged in the business of storing goods, wares or merchandise on any premises, shall pay an annual license fee as follows:

Where the net area of whose warehouse operations amount to less than 1000 square feet, \$10; 1000 to 25,000 square feet, \$60; 25,001 to

50,000 square feet, \$100; 50,001 to 75,000 square feet, \$140; 75,001 to 100,000 square feet, \$175; 100,001 to 200,000 square feet, \$200; 200,001 to 300,000 square feet, \$225; 300,001 to 400,000 square feet, \$250; 400,000 square feet and over \$300.

Section 81. Every person, firm or corporation engaged in the business or occupation of lending money on or purchasing notes, time, wages or salary of laborers, clerks, or other wage earners or other persons, or negotiating such as third party brokers or agents, whether the same is earned or unearned, or in lending money on chattel mortgages or on goods, wares and chattels, and whether said business is conducted in an office or otherwise, shall pay a license fee of one hundred (\$100) dollars per quarter year.

Provided, however, that a permit to engage in such business must first be procured from the Board of Police Commissioners and presented to the Tax Collector before the latter may issue the license provided for in this section.

Section 2. This ordinance shall take effect immediately.

Adopted.

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

(a) That said lease shall be for a term of twenty years from July 1, 1931.

(b) That said premises shall be used only as a golf course and for catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the General Manager of the San Francisco Water Department.

(c) That lessee shall, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.

(d) That rental of said premises shall be payable monthly in advance, and by way of additional rental for the demised premises an amount equal to all taxes and assessments of every kind which shall be levied against or made a lien upon the demised premises and/or the improvements now or hereafter erected thereon, commencing with the taxes for the fiscal year ending June 30, 1932, and continuing during the life of this lease; and further provided, in the event there should be a consolidation of the counties of San Francisco and San Mateo, and if for any reason the demised properties are not subject to taxation, as additional rental for the term created the bidders will agree to pay as additional rental throughout the term created, yearly, a sum equal to the amount of all taxes paid at the end of the year when said property was subject to taxation; the amount of each assessment or of each installment of taxes to be due on or before ten days prior to the date upon which the same becomes delinquent.

(e) Lessee shall not assign said lease without the written consent of the proper officials of the City duly authorized by law to give such consent.

(f) Default in payment of the amounts agreed to be paid, or a breach of any of the terms or conditions of the lease, or upon proceedings against said lessee in bankruptcy or insolvency, or in any manner by operation of law, shall operate as a forfeiture and said lease shall thereupon be terminated and all improvements of said lessee thereon shall revert to and become the property of the City and County of San Francisco.

(g) At all times during the term of the lease lessee shall conduct his business thereon and use said land in such manner as not to interfere with the conduct of the City's water supply, and the City

reserves the right at all times to enter upon said land and construct water pipes, mains or any other structures necessary or useful in connection with said water supply.

(h) No improvements or changes in said golf course shall be made on said property without the written consent of the General Manager of the San Francisco Water Department first had and obtained therefor.

(i) For a period of thirty days commencing at the expiration or other termination of the lease, excepting as above provided for breach of provisions of subdivision "f" hereof, the City shall have the option to purchase the buildings, water pipes, tanks or other removable property of lessee, excepting sod of greens and fairways and drainage system, which shall belong to and be a part of said property. A board of arbitration consisting of three members, one to be selected by the City, one by the lessee and a third by the two so selected, shall fix the value of such property, the decision of any two to be binding on both the City and the lessee. At the expiration of said thirty days, and during the period of sixty days thereafter, lessee shall be entitled to remove the aforesaid improvements from the premises in so far as the option may not have been exercised, leaving the premises from which such improvements have been removed in a condition satisfactory to the General Manager of the San Francisco Water Department; provided, however, that in event of failure to so remove such improvements same shall remain on the property and become a part thereof without recourse by said lessee.

(j) Lessee shall save and hold harmless the City from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or his patrons' use of or activities on the demised area or any adjacent lands of the City.

(k) Lessee, or anyone using or in any way connected with the uses or purposes of the lease, shall not trespass on any adjacent land of the City.

(l) Lessee shall at all times, and at his sole expense, comply with all regulations of the Boards of Health of the City or State in the matter of sanitation on the demised premises.

(m) The golf course shall be maintained during the term of the lease in a manner satisfactory to the City.

(n) The bidder shall agree to pay the sum of \$300 to defray the cost of advertising the necessary resolutions, ordinances and notices in connection with this solicitation of bids.

(o) No bid will be received unless the bidder shall agree to pay to Crystal Springs Country Club the sum of \$172,000, which sum represents the value of the improvements on the demised premises and existing lease.

Be it Further Resolved, That the Clerk of this Board advertise said property for lease, describing it by metes and bounds, which publication of notice advertising said property for lease shall be published for at least three weeks in the official newspaper, and set a date in said notice that, at the termination of said publication, bids for the leasing of said property will be received on the terms and conditions herein specified, and provide in said notice that all persons bidding for the lease of said property shall accompany their said bid by a certified check payable to the Clerk of the Board of Supervisors in the sum of \$1,000 as security that said bidder will enter into said lease if and in the event the lease is awarded to him.

Ordering the Improvement of Ingerson Avenue Between Ingalls and Hawes Streets.

On recommendation of Streets Committee.

Bill No. 9384, Ordinance No. ——— (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors April 7, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Ingerson avenue between Ingalls and Hawes streets, including the intersection of Redondo street, by grading to official line and grade; by the construction of unarmored concrete curbs, by the construction of side sewers, by the construction of one-course concrete sidewalks, by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts on the intersection of Redondo street, by the construction of concrete stairs, and by the construction of an asphalt concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch class "F" concrete base, on the roadway thereof.

That in the opinion of the said Board of Public Works the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered, respectively, as Lots 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 25 of Block No. 4965; Lots 1, 2, 3, 4, 19, 20, 21 and 22 of Block No. 4970; Lots 1, 13, 14, 15, 16, 17, 18 and 19 of Block No. 4971, all being designated on the maps and books of the Assessor of the City and County of San Francisco and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

Report of Legislative Committee.

San Francisco, April 20, 1931.

To the Honorable Board of Supervisors:

Gentlemen: Your committee on legislation submits the following report:

On Monday, April 13, 1931, the Charter of the City and County of San Francisco was presented to and ratified by the Assembly and Senate of the State of California, by joint resolution of both houses.

Senate Constitutional Amendment No. 10, providing for the support of elementary and high schools by a sales tax, failed to pass out of the committee on constitutional amendments.

Senate Bill No. 504 proposing to amend Section 394 of the Code of Civil Procedure by striking out the provisions which constrain the plaintiff to bring his action in the county where the injury occurred, was amended by the proposer, on request. Section 394 will remain as it now is and persons injured must bring their action against a city, city or county, or county, in the county in which the accident happened.

Senate Bill No. 509, proposing to amend Section 1248 of the Code of Civil Procedure and to change the measure of damages where water or the use of water is taken, will be amended by the proponent.

This bill is important as it would change the measure of damages from the market value of the land to the value of the proposed use.

Senate Bill No. 578, introduced by Senator Fellom, was voted to pass by the Assembly Committee on Roads and Highways. The bill provides for the creation and operation of joint highway districts.

Assembly Bill No. 1423 was voted to pass by the Assembly Committee on Judiciary. The bill relates to the arrest and commitment of insane persons and was approved by our Board of Health.

Assembly Bill No. 1459, proposing to escheat to the State all unclaimed deposits for meter service, failed to pass the Assembly Committee on Soldiers' and Sailors' Affairs.

Assembly Bill No. 1044, relating to the disposal of garbage was signed by the Governor on Friday, April 17, 1931.

Assembly Constitutional Amendment No. 29 failed to pass the Assembly Committee on Constitutional Amendments.

This bill proposed to authorize a majority vote on bonds after a certificate had been obtained from the Railroad Assembly Bill No. 218, relating to special assessments, has been held up in the Assembly after being passed out by the Committee on Municipal Corporations.

This bill would limit special assessments to one-half ($\frac{1}{2}$) of the true value of the property assessed and would require the State Board of Equalization to determine the ratio of assessed value to true value.

An amendment will be offered on the floor to exempt chartered municipalities. Should this not be accepted amendments will be offered substituting appraised value as the basis of the special assessments and striking out all reference to the State Board of Equalization.

Senate Bill No. 577 has passed the Senate and is now in the Assembly for assignment to its proper committee.

This is an important bill as it provides as follows:

"the state or the political subdivision thereof causing such paving, repaving, macadamizing, remacadamizing or improvement to be done, shall bear the expense thereof when the same is caused as a result of changing the quality or quantity of paving or improving the surface or any portion of the surface of any street or highway used by such track or tracks; and provided, further, that no person, company, association or corporation owning or operating any track or tracks along such highway or street shall be required to construct or install in the first instance any paving along the whole or any part of the street, streets, highway or highways occupied by the track or tracks of such person, company, association or corporations."

Proper data should be furnished to our representatives in the Assembly so that they may know the approximate loss to the City if this bill passes.

Respectfully submitted,

J. McSHEEHY.

VICTOR J. CANEPA.

Endorsement of "Buddy Poppy" Sale.

Supervisor Roncovieri presented:

Resolution No. 34276 (New Series), as follows:

Whereas, the San Francisco County Council, Veterans of Foreign Wars of the United States, will conduct their annual sale of "Buddy Poppies," a copyrighted product, made in government hospitals by disabled veterans, purchased from these disabled veterans who draw but small compensation, by the Veterans of Foreign Wars of the United States. This sale will take place during Memorial Week, ending May 30th, and the artificial flowers will be sold by volunteer and unemployed workers of the organization for the benefit of the welfare, relief, and widows and orphans funds of the San Francisco County Council, Veterans of Foreign Wars of the United States, which fund is dispensed throughout the year in cases of emergency. This is a commendable project and all citizens are asked to wear the "Buddy Poppy" which bears the tag "Made by a Disabled Veteran." During the year 1930-1931 up to the present, the sum of five thousand dollars in relief moneys was dispensed by the San Francisco County Council among unemployed veterans, widows and orphans, and other relief activities; therefore, be it

Resolved, That the Board of Supervisors, in meeting assembled, do hereby indorse the annual "Buddy Poppy" sale of the San Francisco County Council, Veterans of Foreign Wars of the United States, and do commend this worthy enterprise to the attention of the citizens of San Francisco for their support and consideration.

Clerk to Advertise Sale of Lease of Water Department Lands.

On motion of Supervisor Colman:

Bill No. 9386, Ordinance No. ————— (New Series), as follows:

Providing for the disposal at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of article II, chapter II, section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the County of Alameda, State of California, and more particularly described as follows, to-wit:

That certain portion of Plot No. 43 of the Bernal portion of the Rancho El Valle de San Jose in Alameda county commencing at the point of intersection of the southerly line of County Road No. 2000, or Bernal street, with the southwesterly corporate limits of the Town of Pleasanton; running thence south 25 deg. 34 min. east along said corporate limits 129.13 feet to the westerly line of the right of way of the Western Pacific Railway Company, as described in a deed from Spring Valley Water Company dated November 14, 1913, and recorded December 4, 1913, in Book 2217 of Deeds at Page 134, Alameda County Records; thence south 36 deg. 03 min. west along said right of way line 550 feet; thence, leaving said right of way line, north 53 deg. 57 min. west 152.66 feet; thence north 36 deg. 03 min. east 587.01 feet to said southerly line of County Road No. 2000; then south 85 deg. 55 min. east along said southerly line 46.03 feet to the point of commencement; and containing 2.052 acres.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash in United States gold coin at public auction to be held in accordance with the provisions of article II, chapter II, section 9, of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made the notice of such sale, describing the land to be sold with common certainty. The said notice shall also state that no purchase price will be received less than \$3,052.00.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise

said land within three weeks after the final passage of this ordinance as required by article II, chapter II, section 9, of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Indefinite Postponement.

The following bill, heretofore passed for printing, was taken up and, on motion, *indefinitely postponed*:

Auction Sale of Public Lands, Alameda County.

Bill No. 9386, Ordinance No. ————— (New Series), as follows:

Providing for the disposal at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the County of Alameda, State of California, and more particularly described as follows, to-wit:

That certain portion of Plot No. 43 of the Bernal portion of the Rancho El Valle de San Jose in Alameda County commencing at the point of intersection of the southerly line of County Road No. 2000, or Bernal street, with the southwesterly corporate limits of the Town of Pleasanton; running thence south 25 degrees 34 minutes east along said corporate limits 129.13 feet to the westerly line of the right of way of the Western Pacific Railway Company, as described in a deed from Spring Valley Water Company dated November 14, 1913, and recorded December 4, 1913, in Book 2217 of Deeds, at page 134, Alameda County Records; thence south 36 degrees 03 minutes west along said right of way line 550 feet; thence, leaving said right of way line, north 53 degrees 57 minutes west 152.66 feet; thence north 36 degrees 03 minutes east 587.01 feet to said southerly line of County Road No. 2000; thence south 85 degrees 55 minutes east along said southerly line 46.03 feet to the point of commencement, and containing 2.052 acres.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash, in United States gold coin, at public auction to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made, the notice of such sale, describing the land to be sold with common certainty. The said notice shall also state that no purchase price will be received less than \$3,052.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance as required by Article II, Chapter II, Section 9, chargeable upon a

district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered respectively as Lots 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 25 of Block No. 4965; Lots 1, 2, 3, 4, 19, 20, 21 and 22 of Block No. 4970; Lots 1, 13, 14, 15, 16, 17, 18 and 19 of Block No. 4971, all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

Section 2. This ordinance shall take effect immediately.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Reducing Sidewalk Widths on Wawona Street.

On recommendation of Streets Committee.

Bill No. 9380, Ordinance No. 8974 (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by adding thereto a new section, to be numbered eleven hundred and five.

Be it ordained by the People of the City and County of San Francisco as follows:

The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors April 7, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of the crossing of Quintara street and Thirty-third avenue by grading to official line and grade, by the construction of armored concrete curb, by the construction of artificial stone sidewalks of the full official width, on the angular corners thereof, by the construction of catchbasins with accompanying 10-inch vitrified clay pipe culverts, by the construction of 8-inch and 21-inch vitrified clay pipe sewers with accompanying manhole, and by the construction of an asphaltic concrete pavement, consisting of a 2-inch asphaltic con-

crete wearing surface and a 6-inch class "F" concrete base on the roadway thereof.

And the improvement of Quintara street between the westerly line of Thirty-third avenue and the center line of Thirty-fourth avenue, by the construction of 21-inch vitrified clay pipe sewer with accompanying manholes and Y branches.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Suhr—15.

Ordering the Improvement of Ingerson Avenue Between Ingalls and Hawes Streets.

Also, Bill No. 9384, Ordinance No. 8977 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors April 7, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Ingerson avenue between Ingalls and Hawes streets, including the intersection of Redondo street, by grading to official line and grade; by the construction of unarmored concrete curbs, by the construction of side sewers, by the construction of one-course concrete sidewalks, by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts on the intersection of Redondo street, by the construction of concrete stairs, and by the construction of an asphalt concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch class "F" concrete base, on the roadway thereof.

That in the opinion of the said Board of Public Works the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does

hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered, respectively, as Lots 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 25 of Block No. 4965; Lots 1, 2, 3, 4, 19, 20, 21 and 22 of Block No. 4970; Lots 1, 13, 14, 15, 16, 17, 18 and 19 of Block No. 4971, all being designated on the maps and books of the Assessor of the City and County of San Francisco and upon the assessment book of the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

Section 2. This ordinance shall take effect immediately.

The following was read by the Clerk and *approved* by the Board:

San Francisco, Cal., April 27, 1931.

To the Honorable Board of Supervisors, City and County of San Francisco, City, Hall, San Francisco, Cal.:

Gentlemen: Under date of March 7th, an invitation has been extended to myself and Mrs. Rossi by the Marechal of France, Commissioner-General of the International Colonial Exposition, the President of the Municipal Council of Paris and the Board of Directors of the Office National du Courisme to represent the City and County of San Francisco at this exposition to be held in Paris in June, 1931.

These officials ask that, in case of my inability to accept their invitation, I nominate a substitute as a representative.

Supervisor Sylvester Andriano, being a master of many foreign languages, I nominate as my substitute, and am addressing this letter to your Honorable Board to ask your confirmation of this appointment. Mrs. Andriano will accompany him.

All expenses, other than any that may be extended in the way of appreciation by the City and County of San Francisco, will be borne by the French Commission.

Respectfully,

ANGELO J. ROSSI, Mayor.

Resolution Urging Defeat of Bill Proposing Extension of Franchise for Operation of Toll Bridge Across Carquinez Straits.

Supervisor Canepa presented:

Resolution No. 34316 (New Series), as follows:

Whereas, it is the declared policy of the Legislature that bridges

shall constitute a part of the State highway system and that existing privately owned bridges shall be acquired by the State as expeditiously as possible; and

Whereas, there is now pending in the State Legislature a bill which has for its purpose the extension, for a period of twenty-five years, of the franchise granted the American Toll Bridge Company for the operation of the toll bridge across Carquinez Straits; and

Whereas, to grant this extension of franchise would be to impose an additional and unwarranted burden upon the motoring public and would tend, by precedent, to abrogate the declared policy of the State Legislature now in effect; therefore be it

Resolved, That the State Legislature be and is hereby memorialized and urged to defeat the passage of the bill proposing an extension to the present franchise for this bridge; and be it

Further Resolved, That copies of this resolution be transmitted to the Governor, the Lieutenant-Governor, the Speaker of the Assembly and to the members of the San Francisco delegation in the State Legislature.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Suhr—15.

Auction Sale of City Land in Alameda County.

Bill No. 9390, Ordinance No. ——— (New Series), as follows:

Providing for the disposal at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter I, Section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the County of Alameda, State of California, and more particularly described as follows, to-wit:

That certain portion of Plot No. 43 of the Bernal portion of the Rancho el Valle de San Jose in Alameda County, beginning at the intersection of the northwesterly line of the Western Pacific Railroad Company right-of-way with the southerly line of County Road No. 2000, also known as Bernal street, said point being at right angles 50 feet distant northwesterly from the center line of main track of said Western Pacific Railroad Company; thence running southwestwardly along the northwesterly line of said right-of-way parallel with and 50 feet distant from the center line of said main track south 36 de-

degrees 03 minutes west 680 feet to a point; thence at right angles northwesterly, north 53 degrees 57 minutes west 150 feet to a point; thence at right angles northeasterly parallel with and 150 feet distant from said right-of-way line, north 36 degrees 03 minutes east, 586.39 feet to a point in the southerly line of said County Road No. 2000; thence south 85 degrees 55 minutes east along the southerly line of said road 176.81 feet to the point of beginning, and containing 2.18 acres, more or less.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash in United States gold coin at public auction to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made the notice of such sale, describing the land to be sold with common certainty. The said notice shall also state that no purchase price will be received less than \$3,180.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance as required by Article II, Chapter II, Section 9, of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

In Memoriam.

On motion of Supervisor McSheehy, the Clerk was directed to prepare suitable resolutions of sympathy commemorating the passing of Dr. C. E. Jones, Captain Gill, Fire Department, and William Egan, former city officials and employees, which motion was *adopted* unanimously by rising vote.

In re Criticism of Wage Specifications of Hetch Hetchy Contract for San Joaquin Valley Pipe Line.

Supervisor Gallagher brought up the question of what he considered improper wording of the wage specifications of the Hetch Hetchy contract for the San Joaquin Valley pipe line, and interrogated Mr. Stocker of the City Engineer's office as to how it was that the intent of the Board of Supervisors was not carried out.

Recommendation of Special Water Shortage Investigation Committee.

Summoning City Engineer and Manager of San Francisco Water Department Before Board of Supervisors for Explanation in Detail of Charges Preferred Against John G. Little, Civil Engineer, Before the State Board of Registration for Civil Engineers.

Resolved, That City Engineer M. M. O'Shaughnessy and Nelson A. Eckart, manager of the San Francisco Water Department, be and they are hereby requested and summoned to appear before this Board of Supervisors at the next meeting of the Board and submit an explanation, in detail, of the charges which have been preferred against John G. Little, civil engineer, before the State Board of Registration for Civil Engineers.

Statements of Engineers.

The following matters were read by the Clerk:

San Francisco, Cal., May 4, 1931.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: In response to the request made by resolution of your Board adopted April 27 that we submit an explanation in detail of the charges which have been preferred against John G. Little before the State Board of Registration for Civil Engineers, the following is submitted:

Before entering into an explanation of these charges, we desire to preface the statement by saying that in preferring these charges against Mr. Little we deny most emphatically any intent of casting any reflection on the Board of Supervisors or any member of the Board. We feel that the question involved is entirely one affecting us personally, as engineers, and the engineering profession in general, and we fail to see how the matter is one which in the slightest degree can be construed to be an affront to any member of the Board.

Mr. Little is a registered civil engineer licensed by the State Board of Registration for Civil Engineers, which body is charged by the laws of the State with responsibility for passing on the qualifications of engineers and any question of competency which may be brought properly to their attention.

Briefly reviewing the circumstances leading up to the filing of the charges, we should point out that your Board had duly appointed a committee to investigate the probability of a shortage of water in San Francisco and the probable sources to which the City might look, together with the cost of such water and the necessary construction to make the same available. This committee consisted of the then Mayor, Hon. James Rolph, Jr.; the then Chairman of the Finance Committee, Angelo J. Rossi; the Chairman of the Public Utilities Committee, Jesse C. Colman; Supervisor Andrew J. Gallagher, Supervisor J. Emmet Hayden; the President of the Board of Public Works, T. A. Reardon; the City Attorney, John J. O'Toole; the City Engineer, M.

M. O'Shaughnessy, and the General Manager of the Water Department, N. A. Eckart. This committee, after a number of meetings at which were carefully considered data and engineering reports compiled by the engineers of the San Francisco Water Department and concurred in by the City Engineer's office, covering the entire water situation and the available sources of supply, under date of September 29, 1930, submitted to your Board the result of its investigations and its recommendations, which were as follows:

Recommendations.

After full consideration of all elements of the problem, and in view of the very definite possibility of an acute and prolonged water shortage unless adequate steps are immediately taken to prevent, or at least insure against the same, this committee makes the following recommendations:

1. That your Board pass the necessary legislation authorizing and directing the Board of Public Works to enter into contracts for the purchase of the necessary pipes, pumping equipment and auxiliaries and to complete, as far as may be necessary to insure San Francisco against a water shortage, a connection between the East Bay Municipal Utility District and the bay Crossing pipe of the Hetch Hetchy project—now utilized by the Water Department, and appropriating from the proper funds the necessary cost of such work, estimated at \$1,196,000.

2. That your Board pass the necessary ordinance authorizing the Board of Public Works to enter into an agreement, to be approved by the City Attorney, with the East Bay Municipal Utility District, under the general terms of their offer in which they agree to furnish up to 20,000,000 gallons of water daily for a period of three years for the sum of \$292,500, plus 4 cents per 100 cubic feet of water furnished, which period may be extended under agreed conditions, and that additional water up to approximately 30 mgd. may be obtained at the same price, providing they are reimbursed for the additional cost of increasing the system capacity.

3. That your Board, by resolution, declare that an emergency exists, and calling upon the Board of Public Works and all concerned to use every endeavor to expedite the work to the end that the fullest value of insurance may be obtained for the money expended.

Following its presentation, this report was referred to the Public Utilities Committee, who the following week—Monday, October 6—reported it back to the Board with the approval of the committee, together with the necessary ordinances to carry out those recommendations.

Subsequently, on motion of Supervisor McSheehy, October 14, your Board appointed a committee consisting of Supervisors Havenner, Shannon, Stanton, Miles and McSheehy to check the report of the original committee in reference to purported water famine.

Supervisor McSheehy, as chairman of this committee, engaged John B. Little. Under date of November 17, 1930, Mr. Little submitted to Mr. McSheehy his report and recommendations. Following is the report:

November 17, 1931.

Hon. James B. McSheehy, Chairman of Special Committee on Water Supply Investigation of the Board of Supervisors, San Francisco, Cal.:

Dear Sir: As directed, I have made an examination of the San Francisco water system, and have to report as follows:

Attached Exhibits Nos. 1, 2, 3, 4, 5 and 6 are familiar to all members of the Board and are self-explanatory.

These documents indicate a very serious water shortage, and a physical survey of the reservoirs intensifies this impression.

Out of a total storage capacity west of Tracy of 65,000,000,000 gallons, we have only 8,000,000,000 gallons in the reservoirs.

It would be folly for San Francisco to proceed on any course that does not assure a positive addition to her present water supply within six months' time.

The following recommendations are submitted:

1. That nothing be done to prevent the Board of Public Works from entering into the proposed contract with the East Bay Municipal Utilities District.

2. That a pipe line approximately as outlined in Mr. Eckart's report under Proposal "A" be immediately constructed from Tesla Portal over Altamont Pass, and preferably continuing on to Sunol.

3. That the Hetch Hetchy aqueduct system be completed with all possible speed, and in not more than six months' time, from the O'Shaughnessy dam to Sunol, utilizing the pipe line above mentioned as a part of this system.

4. That no further expenditures be made upon the Coast Range tunnels until we are drinking Hetch Hetchy water from the faucets in San Francisco, except in the preserving of the works already accomplished.

JOHN G. LITTLE, Civil Engineer.

It is on the basis of certain statements and recommendations made in this report and certain statements made before the Board of Supervisors by Mr. Little that we felt constrained to file the charges before the Board of Registration for Civil Engineers, which are as follows:

M. M. O'SHAUGHNESSY and N. A. ECKART, Complainants, vs. JOHN G. LITTLE, Respondent.

We, each being duly sworn, complain and say:

That John G. Little, the respondent above named, is registered with the State Board of Registration for Civil Engineers of the State of California under Register No. 377; that said respondent has committed acts of gross incompetency in his practice of civil engineering in this, that:

Said respondent did on or about the 17th day of November, 1930, render to a special committee on water supply investigation of the Board of Supervisors of the City and County of San Francisco a purported engineering report upon the San Francisco water system, which report was made without proper or adequate investigation by said respondent and without proper or adequate examination of the matters and things which said report purports to cover.

M. M. O'SHAUGHNESSY,
N. A. ECKART.

Subscribed and sworn to before me this 23rd day of March, 1931.

FLORENCE M. HANDY,

Notary public in and for the City and County of San Francisco, State of California. My commission expires August 13, 1931.

Mr. Little, after the most superficial investigation of the water supply situation, did not hesitate to recommend the adoption of a plan for the relief of a recognized serious and acute threatened shortage which, if adopted, could not have been completed, we feel certain, within the time recognized as available. His plan further involved the abandonment of a feasible plan recommended by engineers thoroughly familiar, through long experience and intensive study, with the entire situation, and which plan at the time was well under way

toward being carried out. As the situation has developed, we feel that the Board of Supervisors are to be congratulated in having voted to proceed with the construction of the East Bay pipe line in accordance with the plan recommended by the original committee, instead of having attempted to complete the San Joaquin crossing and a pipe line over Altamont Pass by May 17 to avert the shortage, as Mr. Little recommended.

Illustrative of the lack of proper and adequate investigation on this matter: Mr. Little in his report of November 17 advised that "We have only 8,000,000,000 gallons in the reservoirs." As a matter of fact, on that date we had only 7,216,000,000 gallons in our reservoirs, as against 8,142,000,000 on October 17, a month before.

In his statement before the Board, Mr. Little gave the length of the proposed line from Tesla to Sunol via Altamont Pass as not more than 30 miles—as a matter of fact, it would be nearer 37 miles. Evidently Mr. Little did not even take the trouble to scale the length of his proposed line from a map; presumably he guessed that it would not be more than 30 miles.

We feel that Mr. Little did not adequately investigate the feasibility of completing the San Joaquin-Altamont-Sunol pipe line within six months, or by May 17, 1931. We feel that he was not at all certain that this could be done, yet he did not hesitate to recommend it instead of carrying out the plan recommended by your original committee and which has been approved by your Board and, as was pointed out, was well under way.

Further, Mr. Little did not hesitate, without, according to his own statement, having inspected or even visited the Coast Range tunnels, to recommend on them, except in preserving the work already accomplished. This in spite of the fact that the people of San Francisco by an emphatic vote had authorized the construction and completion of these tunnels. He admitted he did not know the expense of maintaining these tunnels, even with no progress being made, would be not less than \$540,000 for a six months' period.

We feel that certain of the recommendations of Mr. Little as contained in his report are not logical on the basis of the known facts available or easily ascertained, and that if these recommendations had been adopted for the purpose of meeting the emergency there would have resulted a gross waste of money and the health and prosperity of the City would have been imperiled.

Under authorization of your Board, the Water Department, supported by the City Engineer, has provided for the emergency supply which we will be able to draw on from the East Bay District at the rate of 35,000,000 gallons per day; 5,500,000 gallons per day from the Sunset wells, and in addition to which there has been available from the Livermore tunnels 4,000,000 gallons per day, a total of 45,000,000 gallons per day.

In view of the above, and believing that when an engineer is called upon to check the work of other engineers, he owes it to those engineers, to his client and the engineering profession to thoroughly investigate the problem in the light of all available data. This would seem to be, if anything, more strongly applicable to those features of the problem where his findings are not in accord with the plans or report of the engineers whose work he is called upon to check.

The State of California, recognizing the necessity of protecting the public by providing for the establishment and enforcement of certain standards of proficiency in the professions, as witness the laws regulating the practice of architecture and medicine, and the recent action of the Bar Association against ambulance chasers, something over a year ago enacted a law regulating the practice of engineering, and provided for the creation of a board of three engineers appointed by

the Governor to administer the act. The hearing of the charges against Mr. Little is to be before this body.

We trust the foregoing statement answers the request of the Board.
Respectfully submitted,

M. M. O'SHAUGHNESSY,
N. A. ECKART.

November 21, 1930.

Mr. Albert J. Givan, Secretary of Board of Registration of Civil Engineers, Sacramento, Cal.

Dear Sir: Enclosed please find copy of report made by John G. Little, civil engineer, to a Supervisors' Committee on November 17, 1930.

Mr. Little pretends to pass on hydraulic problems, of which he is entirely ignorant, and lent himself as a tool to a political buccaneer to bolster up a report which is adverse to the Hetch Hetchy project.

You will see from Paragraph 4 that he says, "That no further expenditures be made upon the Coast Range tunnels until we are drinking Hetch Hetchy water from the faucets of San Francisco, except in the preserving of the works already accomplished."

We had a hearing on Monday, November 17, and Tuesday, November 18, on this proposition, and only one Supervisor finally sustained Mr. Little's report. This Supervisor is a notorious agitator and political derelict, and got a special fund of \$1,000 to work up his propaganda against the recommendation of Mr. Eckart, myself, the Public Utilities Committee and the Finance Committee to obtain an emergency water supply.

The object of the raiders on our recommendation was to juggle up the Hetch Hetchy project. Today we are working on the last 28.6-mile tunnel from Tesla, seven miles south of Tracy, to Irvington. Practically 15 miles of the tunnel is made. We have 13 miles more to finish, and we are encountering great difficulties, which engineers have to experience on many problems, such as soft grounds, which need continuous timbering, gas pockets in the Franciscan formation, and lastly, superabundance of water in the west part of the tunnel near Irvington. This naturally delays the work, but the engineers of the City, with an unblemished record of achievement, are pushing the work with all skill and vitality in the interest of the taxpayers.

Mr. McSheehy solicited several engineers to approve his adverse report on building twelve miles of pipe line from San Leandro down to Newark, which gives the City adequate relief with water. They all declined to have anything to do with it except Little.

I am not excited or angry over the contest, because it cut no ice, but it was unprincipled and unprofessional for an engineer bearing the stamp of the State of California to indulge in such practice, and I respectfully recommend that his license be suspended for a period of one year.

Very respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

Action Deferred.

The following was presented by Supervisor Havenner, who asked that it be printed on next Monday's Calendar:

Establishing the Width of Sidewalks on Montcalm Street Between Peralta Avenue and Isabel Street and on Franconia Street Between Wolfe Street and Montcalm Street.

Bill No. 9395, Ordinance No. ——— (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the width of

sidewalks," approved December 18, 1903, by adding thereto new sections to be numbered eleven hundred and six and eleven hundred and seven.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the width of sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office April 24, 1931, by adding thereto new sections to be numbered eleven hundred and six and eleven hundred and seven, to read as follows:

Section 1106. The width of sidewalks on Montcalm street between Peralta avenue and Isabel street shall be shown on that certain map entitled "Map of Montcalm street between Peralta avenue and Isabel street," showing the location of street and curb lines and the width of sidewalks.

Section 1107. The width of sidewalks on Franconia street between Wolfe street and Montcalm street shall be shown on that certain map entitled "Map of Franconia street between Wolfe street and Montcalm street," showing the location of street and curb lines and the width of sidewalks.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect immediately.

UNFINISHED BUSINESS.

Final Passage.

The following matters, hertofore passed for printing, were taken up and *finally passed* by the following vote:

Auction Sale of Water Department Lands in Alameda County.

Also, Bill No. 9390, Ordinance No. 8978 (New Series), as follows:

Providing for the disposal at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Article II, Chapter II, Section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of the following described parcel or piece of land owned and held by the City and County of San Francisco. Said parcel of land is situated in the County of Alameda, State of California, and more particularly described as follows, to-wit:

That certain portion of Plot No. 43 of the Bernal portion of the Rancho el Valle de San Jose in Alameda County, beginning at the intersection of the northwesterly line of the Western Pacific Railroad Company right of way with the southerly line of County Road No. 2000, also known as Bernal street, said point being at right angles 50 feet distant northwesterly from the center line of main track of said Western Pacific Railroad Company; thence running southwesterly along the northwesterly line of said right of way parallel with and 50 feet distant from the center line of said main track south 36 degrees

03 minutes west 680 feet to a point; thence at right angles north-westerly, north 53 degrees 57 minutes west 150 feet to a point; thence at right angles northeasterly parallel with and 150 feet distant from said right of way line, north 36 degrees 03 minutes east, 586.39 feet to a point in the southerly line of said County Road No. 2000; thence south 85 degrees 55 minutes east along the southerly line of said road 176.81 feet to the point of beginning, and containing 2.18 acres, more or less.

Section 2. The said piece or parcel of land hereinabove described shall be sold for cash, in United States gold coin, at public auction, to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

Section 3. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made the notice of such sale, describing the land to be sold with common certainty. The said notice shall also state that no purchase price will be received less than \$3,180.

Section 4. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise said land within three weeks after the final passage of this ordinance, as required by Article II, Chapter II, Section 9, of the Charter.

Section 5. Upon receipt and examination of bids or offers for said land as aforesaid, the Mayor shall accept the highest bid made, provided said bid be for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Lease of City Land at Public Auction.

On recommendation of Public Utilities Committee.

Bill No. 9393, Ordinance No. ——— (New Series), as follows:

Providing for the leasing at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Section 32, Article II, Chapter II, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the leasing of the following described parcels or pieces of land owned and held by the City and County of San Francisco; said parcels of land being situated in the City and County of San Francisco, and more particularly described as follows, to-wit:

All that portion of Stanford Heights Block 32 lying southerly of Portola drive; all of Stanford Heights Block 39; all that portion of Stanford Heights Block 38 lying westerly of a line 1000 feet distant easterly from the easterly line of Stanford Heights avenue and parallel to the easterly line of Stanford Heights avenue; all that portion of the La Place and Drioton Tract lying westerly of the above mentioned line and southerly from Portola drive.

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

(a) The successful bidder shall pay in addition to the monthly charge the sum not to exceed \$300 for the cost of advertising this lease.

(b) The said lease shall be for a term of one year.

(c) The said premises shall be used only as a golf practice course and catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the City Engineer of the City and County of San Francisco.

(d) That lessee, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.

(e) The rental of said premises shall be payable monthly in advance.

(f) Lessee shall not assign said lease without the written consent of the City Engineer.

(g) Default in payment of the amounts agreed to be paid or a breach of any of the terms or conditions of the lease, or upon proceedings against said lessee in bankruptcy or insolvency, or any manner by operation of law, shall operate as a forfeiture and said lease shall be thereupon terminated.

(h) Lessee shall save and hold harmless from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or her patrons' use of or activities on the demised area or any adjacent lands of the City.

The Clerk of this Board is hereby instructed to advertise said property for lease, describing it as above, which publication of notice shall be published for at least three (3) weeks in the official newspaper, and set a date in said notice that, at the termination of said publication, bids for the leasing of said property will be received on the terms and conditions herein specified, and provide in said notice that all persons bidding for the lease of said property shall accompany their said bid by a certified check payable to the Clerk of the Board of Supervisors in the sum of \$300 as security that said bidder will enter into said lease if and in the event the lease is awarded to him.

Fourth: The right to construct, reconstruct, patrol, maintain and use, from time to time, for electric power transmission and/or distribution purposes, a line of poles, together with all necessary or proper wires, guys and other appliances installed thereon and connected therewith, and a right of way along the same, upon, over and across that certain tract of land described as Parcel 62 of Alameda Creek Lands in Alameda County in the deed from Spring Valley Water Company to City and County of San Francisco, dated as of March 3, 1930, and recorded March 3, 1930, in Book 2350, Official Records of Alameda County, at page 1, along a line described as follows, to-wit:

Commencing in the center line of County Road No. 3193, being the easterly line of said Parcel 62, distant on said easterly line south 11 degrees 49 minutes east 620 feet from the northerly line of said parcel, and running thence south 61 degrees 33½ minutes west 490 feet to the westerly line of said Parcel 62.

Each of said right of way easements shall include, in addition to the rights herein specified, the rights of ingress to and egress from said rights of way over adjacent lands of the City, with the provision that the purchaser or purchasers of said rights of way, or the officers, employees, contractors or servants of said purchaser or purchasers,

shall, in the exercise of said rights, be limited to the use of existing roads and lanes across said lands; or, if no such roads or lanes be available, then to such routes thereover as shall be most convenient and at the same time cause the least possible injury to said lands of the City, or to the crops, trees, buildings or other structures growing or situate thereon. In the case of the right of way easements "Third" and "Fourth" hereinbefore described, said purchaser or purchasers shall be granted the rights to trim trees and foliage wherever necessary to avoid interference with power lines or telephone lines, and to place and maintain gates in all fences that cross or shall cross said rights of way, in addition to the rights of ingress and egress to be granted as in this paragraph provided.

Each of said right of way easements shall be sold and conveyed subject to the following reservations and conditions, which shall be inserted in the conveyance thereof to the purchaser; the term "structure" used therein shall be taken to mean said gas pipe line or lines, said telephone line or said electric power line, respectively, with their appurtenances, as the case may be:

"Reserving, however, to the City the right to plant, cultivate and harvest crops of grass, hay or grain upon the right of way herein granted, and the right to construct, reconstruct, install, maintain, repair, renew, operate and use, from time to time, pipes, pipe lines, conduits, power lines, telephone lines, roads, roadways or other structures, but not buildings or wells, across, over or under said right of way and said structure of the purchaser, at the option of the City; it being expressly understood and agreed that if any structure of the purchaser be so located that it shall hereafter become necessary to change, alter, move or reconstruct the same in order to allow the City to exercise and enjoy the rights, but not those relating to agriculture, herein reserved, then the purchaser, upon the request of the City so to do, shall, within a reasonable time, change, alter, move or reconstruct said structure at the purchaser's expense; and the City, upon failure of the purchaser so to do after reasonable notice, may, by contract or otherwise, change, alter, move or reconstruct said structure at the expense of the purchaser, which expense the purchaser shall pay on demand.

"This grant is made subject to the following conditions, which become binding upon the purchaser upon his acceptance and recording of this indenture:

"First: That the purchaser shall repay the City, on demand, the reasonable value of animals, crops, trees, buildings or other structures injured, damaged or destroyed by the purchaser, his officers, employees, contractors or servants, in the exercise of any right herein conveyed.

"Second: That the purchaser shall do no work of constructing, reconstructing, installing or renewing said structure except in accordance with plans and/or specifications therefor first submitted to and approved by the Commission, Board or officer of the City having jurisdiction; provided, however, that said plans and/or specifications shall be returned disapproved in writing with reasonable objections thereto within ten days after submission, otherwise they shall be deemed approved within the meaning hereof. The provisions hereof shall not apply to emergency work.

"Third: That the purchaser shall indemnify and save harmless the City, or any Commission, Board, officer, servant or employee thereof from any and all claims, liabilities or expenses, whether for injuries, damages or otherwise, caused by or resulting from any act, negligence or omission of the purchaser, his officers, employees, contractors or servants, in the exercise of any right herein conveyed.

"Fourth: That the purchaser shall not abandon nor discontinue the use of said structure for the purposes hereinbefore stated for any

period of three consecutive years, and that in the event of such abandonment or discontinuance of use the easement and rights herein granted shall forthwith cease and determine, and the City, without prejudice to any other remedy it may have, may take possession of the right of way herein conveyed and remove the purchaser's structure therefrom.

"Fifth: That the right of way herein described is conveyed subject to any rights, rights of way, leases and agreements heretofore granted or made by the City or its predecessors in interest.

"The rights, reservations, conditions and obligations herein set forth shall inure to the benefit of and bind both parties hereto and their successors and assigns."

Section 2. Said right of way easements hereinbefore described shall be sold for cash, in United States gold coin, at public auction, to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

Section 3. The minimum purchase price of said right of way easements shall be as follows:

For the right of way easement for gas line purposes in San Mateo County, "First" hereinabove described, the sum of \$13,450.

For the right of way easement for gas line purposes in Alameda County, "Second" hereinabove described, the sum of \$2,030.

For the right of way for telephone purposes in Alameda County, "Third" hereinabove described, the sum of \$1,080.

For the right of way for power line purposes in Alameda County, "Fourth" hereinabove described, the sum of \$10.

In addition to the foregoing the purchasers shall be required to pay the cost of advertising of this ordinance and of the notice of sale hereinafter provided for, said cost to be ratably divided among them.

Section 4. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made, the notice of such sale, which shall describe said easements and the lands affected thereby with common certainty. The said notice shall also state that no purchase price shall be received for any of the hereinbefore described right of way easements less than the several minimum amounts hereinbefore expressed.

Section 5. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise the value of said right of way easements within three weeks after the final passage of this ordinance, as required by Article II, Chapter II, Section 9, of the Charter.

Section 6. Upon receipt and examination of bids or offers for said right of way easements, as aforesaid, the Mayor shall accept the highest bid made, provided said bid is for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

Granting Spur Track Privilege to the Western Pacific Company.

On recommendation of Streets Committee.

Bill No. 9400, Ordinance No. ——— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors,

to the Western Pacific Railroad Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad tracks in Barneveld avenue and Newcomb avenue, and across Toland, Selby and Rankin streets, and across a portion of Newcomb avenue and McKinnon avenue, and along the seventeen-foot strip of City property to Jerrold avenue, as per blue print attached to petition of said Western Pacific Railroad Company.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted the Western Pacific Railroad Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad spur tracks in and upon Barneveld avenue and Newcomb avenue, and across Toland, Selby and Rankin streets, and across a portion of Newcomb avenue and McKinnon avenue, and along the seventeen-foot strip of City property to Jerrold avenue, as per blue print attached to petition, on which said spurs and tracks are indicated in yellow, and more specifically described as follows:

Track No. 1.

From a connection with an existing track of applicant in Barneveld avenue in said City and County, along Barneveld avenue and Newcomb avenue and across Toland street, Selby street and Rankin street. The description of said spur track is as follows:

Beginning at a point in the center line of the existing track of the Western Pacific Railroad Company, said point being approximately 50 feet westerly at right angles from the eastern line of Barneveld avenue and approximately 410 feet northerly along said eastern line of Barneveld avenue from the northeastern line of McKinnon avenue; thence southerly through a turnout to the left and along the center line of Barneveld avenue, a distance of approximately 580 feet; thence southerly and southeasterly on a curve to the left, having a radius of 294.439 feet, leaving Barneveld avenue and running along the center line of Newcomb avenue a distance of approximately 321 feet to a point in said center line of Newcomb avenue, distant northwesterly thereon 613.15 feet from the western line of Toland street; thence southeasterly along said center line of Newcomb avenue; crossing Toland street, Selby street and Rankin street, a distance of 2605.15 feet to the western line of Quint street.

Track No. 2.

From a point of connection with the above described spur track along Barneveld avenue and McKinnon avenue in said City and County. The description of said spur track is as follows:

Beginning at a point in the above described center line of Track No. 1, said point being 40 feet at right angles westerly from the eastern line of Barneveld avenue and approximately 160 feet northerly along the eastern line of Barneveld avenue from the northeastern line of McKinnon street; thence southerly through a No. 7 turnout to the left a distance of 70 feet; thence southerly and southeasterly on a curve to the left, having a radius of 287.94 feet, an arc distance of 278.15 feet to a point in McKinnon avenue distant 23 feet at right angles northeasterly from the southwestern line of McKinnon avenue and approximately 760 feet northwesterly from the northwestern line of Toland street; thence southwesterly and parallel to said southwestern line of McKinnon avenue, approximately 760 feet to the northwestern line of Toland street.

Track No. 3.

From a connection with the spur track first hereinabove described, across a portion of Newcomb avenue and across McKinnon avenue, in

said City and County. The description of said track across a portion of Newcomb avenue is as follows:

Beginning at a point in Newcomb avenue in the above described center line of Track No. 1, said point being approximately 295 feet northwesterly along the center line of Newcomb avenue from the northwestern line of Toland avenue; thence northwesterly through a No. 7 turnout to the right a distance of 70 feet; thence northwesterly, crossing Newcomb avenue on a curve to the right having a radius of 287.94 feet a distance of approximately 40 feet to a point in the northeastern line of Newcomb avenue, distant northwesterly thereon approximately 405 feet from the northwestern line of Toland street.

Also, beginning at a point in the northeastern line of Newcomb avenue, distant approximately 405 feet northwesterly thereon from the northwestern line of Toland street; thence northwesterly and northerly on the arc of a curve to the right having a radius 287.94 feet along the center line of the property, 17 feet in width, owned by the City and County of San Francisco, a distance of approximately 230 feet to end of curve; thence continuing along said center line of City and County property in a northerly direction a distance of 88.437 feet to a point in the southwestern line of McKinnon avenue distant 607.96 feet thereon from the northwestern line of Toland street.

The description of said track across McKinnon avenue is as follows:

Beginning at a point in the southwestern line of McKinnon avenue, distant approximately 60 feet northwesterly thereon from the southwesterly prolongation of the northwestern line of Upton street; thence northerly, crossing McKinnon avenue to a point in the northeastern line thereof, distant approximately 99.58 feet northwesterly thereon from the northwestern line of Upton street.

Also, beginning at a point in the northeastern line of McKinnon avenue, distant 99.58 feet northwesterly thereon from the northwestern line of Upton street; thence in a northerly direction along the center line of the property, 17 feet in width, owned by the City and County of San Francisco, a distance of 93.182 feet to a point; thence continuing along said center line of property 17 feet in width, on the arc of a curve to the right having a radius of 287.94 feet, a distance of 138.131 feet to end of curve; thence northeasterly in a straight line, tangent to last described curve and along said center line of property 17 feet in width, a distance of 544.443 feet to a point in the southwestern line of Jerrold avenue.

Provided, that the Western Pacific Railroad Company shall not have exclusive right to the tracks requested in this application and shall allow any other railroad owners or operators to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of six (6) per cent per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Provided, said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur tracks shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Western Pacific Railroad Company.

Provided, That the Western Pacific Railroad Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Granting Spur Track Privilege to the Southern Pacific Company.

Also Bill No. 9401, Ordinance No. ——— (New Series), as follows:

Granting permission, revocable at the will of the Board of Supervisors, to Southern Pacific Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad tracks across Jerrold avenue and upon the property of the City and County of San Francisco, State of California, in the locations hereinafter described:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at the will of the Board of Supervisors, is hereby granted to the Southern Pacific Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad spur tracks across Jerrold avenue and upon the property of the City and County of San Francisco in the locations hereinafter described:

Center Line of Drill Track Crossing Jerrold Avenue and on Property of the City and County of San Francisco.

Beginning at a point on the northeasterly line of Jerrold avenue, distant northwesterly thereon 725.09 feet from the westerly line of Toland street; thence southwesterly, crossing Jerrold avenue to a point on the southwesterly line thereof; thence continuing in a southwesterly direction along the center line of the 17-foot strip of property owned by the City and County of San Francisco, a distance of 325 feet.

Center Line of Spur Track on Property of the City and County of San Francisco.

Beginning at a point in the center line of the 17-foot strip of property of the City and County of San Francisco, distant southwesterly thereon 5 feet, more or less, from the southwesterly line of Jerrold avenue; thence in a southerly direction through a switch turnout to the left a distance of 90 feet, more or less, to a point on the southeasterly line of said 17-foot strip of property; thence continuing into private property.

Provided, that girder rail be used where the proposed track crosses Jerrold avenue; that the Southern Pacific Company shall not have the exclusive right to that portion of the track on the 17-foot strip through City property, and shall allow any other railroad owners or operators to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of six (6) per cent per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Provided, said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Southern Pacific Company.

Provided, that the Southern Pacific Railroad Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Market Street Railway Franchise on Turk Street and on Balboa Street.

On motion of Supervisor Colman:

Bill No. 9403, Ordinance No. ——— (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street, and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May,

1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms, conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, maintained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit:

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Unless said acceptance be filed within said period of twenty days after this ordinance becomes effective, this ordinance shall become and remain null and void and all rights granted thereby shall cease and determine.

Section 7. This ordinance shall take effect from and after the date of its approval.

Passed for Printing.

The following resolution was passed for printing:

Absent—Supervisors Garrity, Miles, Suhr—3.

Report of Legislative Committee.

The following was presented by Supervisor McSheehy and copies ordered sent to members:

May 4, 1931.

To the Honorable the Board of Supervisors:

Gentlemen: Your Committee on Legislation reports as follows:

On Monday, April 27th, Senate Bill 504 was passed out by the Senate Committee on Judiciary, as amended. This bill, as it now reads, is satisfactory, as it retains the provision that actions for negligence, when brought against a municipality, must be tried in the county in which the action accrued.

On Tuesday, April 28th, Assembly Bills 1597 and 1598 passed the Assembly. These bills would compel a county water district, before it could construct any waterworks in a territory in which there is an existing system, operating as a public utility, to purchase such system. These bills have had opposition, but the smaller communities do not seem to realize the effect upon them should they wish to install a new and efficient system to replace one that is old, insufficient or impure. Your committee will continue to oppose this bill in the Senate.

On Wednesday, April 29th, Assembly Bills 1879 and 1880 passed the Assembly. These bills enable the Board of Harbor Commissioners, after fixing the line of a sea wall, to permit, by agreement, private interests to construct the sea wall and to be reimbursed from tolls and charges collected by the commission. The sea wall will be owned by the State and be under the supervision of the Harbor Commission.

On Thursday, April 30th, Assembly Bill 218, relating to special assessments, was submitted to a sub-committee of the Senate on Municipal Corporations. As we succeeded in having the City and County of San Francisco amended out of the bill our only interest is to see that it is not put back.

On Thursday, April 30th, Senate Bill 577 (the Mixer Bill) was passed out, as amended, by the Assembly Committee on Municipal Corporations. This bill deals with the paving between tracks by street railway companies.

At the hearing the City and County of San Francisco was the only objector to the bill and succeeded in having stricken from the bill the following provision:

“. . . provided, however, that the state or the political subdivision thereof causing such paving, repaving, macadamizing or remacadamizing or improvement to be done, shall bear the expense thereof when the same is caused as a result of changing the quality or quantity of paving or improving the surface or any portion of the surface of any street or highway used by such track or tracks.”

While the bill, as amended, is less objectionable, we must continue to resist its passage.

On Thursday afternoon a meeting was held in the office of the Governor to consider the Harbor Bills. Representatives were present from the Chamber of Commerce, shipping interests, agricultural interests, the Harbor Commissioners and members of the Senate and Assembly. The meeting lasted about three hours and, although the bills were discussed at length, no definite action was taken.

On Thursday evening the Senate Committee on Education passed out Senate Bill 665, as amended, with favorable recommendation. This bill creates a board of appeal to review the school budget. The appellate board, under the bill as amended, would consist of three members of the Board of Education, three taxpayers in the school district, appointed by the Board of Education, and three taxpayers in the school district, appointed by the Board of Supervisors.

Respectfully submitted,

JAS. B. McSHEEHY,
VICTOR J. CANEPA,
Committee.

Action Deferred.

The following was presented by Supervisor Canepa and *laid over one week*:

Establishing Width of Sidewalks on Peralta Avenue Between Rutledge Street and Esmeralda Avenue.

Also, Bill No. 9396, Ordinance No. ——— (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the width of sidewalks," approved December 18, 1903, by amending Section ten hundred and eighty-seven thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the width of sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office April 24, 1931, by amending Section ten hundred and eighty-seven thereof to read as follows:

Section 1087. The width of sidewalks on Peralta avenue between Mullen street and Rutledge street shall be as shown on those certain maps entitled "Map of Peralta avenue between Mullen street and Montcalm street" and "Peralta avenue between Montcalm street and Rutledge street," showing the location of street and curb lines and the width of sidewalks.

The width of sidewalks on Peralta avenue between Rutledge street and Esmeralda avenue shall be fifteen (15) feet.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect immediately.

Inspection of County Jail Sites.

Supervisor Shannon announced that the Board of Supervisors would investigate jail sites in San Mateo County on Saturday, members to meet at City Hall at 10 a. m. for that purpose.

Supervisor Havenner: I would like to ask the City Attorney if he would advise the Board, at the next meeting, just what the rights of the City and County will be if this site, or any site, is purchased in San Mateo County. I would like to know whether San Francisco would be secure in the possession of the property, and the use of the property which is intended, and what safeguards we would have against actions for removal in the future and just what the safety

factors would be if we purchased this property down there for an attempted Jail Site.

Announcements.

Supervisor Hayden announced Public School Week, now being celebrated at the Auditorium, to which the Board of Education extends invitation.

Supervisor Hayden announced public hearings on Budget before Finance Committee for Wednesday at 10:30 a. m.

Supervisor Peyser announced Rose Festival at San Jose and that official cars are at disposal of Board of Supervisors, leaving Saturday, May 16, 1931.

ADJOURNMENT.

There being no further business, the Board at 7:35 p. m. adjourned.
J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors May 18, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

the City; thence along said boundary line north 33 degrees 53 minutes west 1499.43 feet; north 37 degrees 45 minutes west 5057.04 feet to the point of beginning; excepting therefrom the Skyline boulevard; the hereby described tract containing 172.53 acres.

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

Terms and Conditions of Sale.

(a) That said lease shall be for a term of 20 years from July 1, 1931.

(b) That said premises shall be used only as a golf course and for catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the general manager of the San Francisco Water Department.

(c) That lessee shall, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.

(d) That rental of said premises shall be payable monthly in advance, and by way of additional rental for the demised premises an amount equal to all taxes and assessments of every kind which shall be levied against or made a lien upon the demised premises and/or the improvements now or hereafter erected thereon, commencing with the taxes for the fiscal year ending June 30, 1932, and continuing during the life of this lease; and further provided, in the event there should be a consolidation of the counties of San Francisco and San Mateo and if for any reason the demised properties are not subject to taxation, as additional rental for the term created, the bidders will agree to pay as additional rental throughout the term created yearly a sum equal to the amount of all taxes paid at the end of the year when said property was subject to taxation; the amount of each assessment or of each installment of taxes to be due on or before ten days prior to the date upon which the same becomes delinquent.

(e) Lessee shall not assign said lease without the written consent of the proper officials of the City only authorized by law to give such consent.

(f) Default in payment of the amounts agreed to be paid, or a breach of any of the terms or conditions of the lease, or upon proceedings against said lessee in bankruptcy or insolvency, or in any manner by operation of law, shall operate as a forfeiture and said lease shall thereupon be terminated and all improvements of said lessee thereon shall revert to and become the property of the City and County of San Francisco.

(g) At all times during the term of the lease, lessee shall conduct his business thereon and use said land in such manner as not to interfere with the conduct of the City's water supply, and the City reserves the right at all times to enter upon said land and construct water pipes, mains or any other structures necessary or useful in connection with said water supply.

(h) No improvements or changes in said golf course shall be made on said property without the written consent of the general manager of the San Francisco Water Department first had and obtained therefor.

(i) For a period of 30 days commencing at the expiration or other termination of the lease, excepting as above provided for breach of provisions of subdivision "f" hereof, the City shall have the option to purchase the buildings, water pipes, tanks or other removable property of lessee, excepting sod of greens and fairways and drainage system, which shall belong to and be a part of said property. A board of arbitration consisting of three members, one to be selected by the City, one by the lessee and a third by the two so selected, shall fix the value of such property, the decision of any two to be binding on both the City and the lessee. At the expiration of said 30 days, and during the period of 60 days thereafter, lessee shall be entitled to re-

move the aforesaid improvements from the premises in so far as the option may not have been exercised, leaving the premises from which such improvements have been removed in a condition satisfactory to the general manager of the San Francisco Water Department; provided, however, that in event of failure to so remove such improvements, same shall remain on the property and become a part thereof without recourse by said lessee.

(j) Lessee shall save and hold harmless the City from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or his patrons' use of or activities on the demised area or any adjacent lands of the City.

(k) Lessee, or anyone using or in any way connected with the uses or purposes of the lease, shall not trespass on any adjacent land of the City.

(l) Lessee shall at all times, and at his sole expense, comply with all regulations of the Boards of Health of the City or State in the matter of sanitation on the demised premises.

(m) The golf course shall be maintained during the term of the lease in a manner satisfactory to the City.

(n) The bidder shall agree to pay the sum of \$300 to defray the cost of advertising the necessary resolutions, ordinances and notices in connection with this solicitation of bids.

(o) No bid will be received unless the bidder shall agree to pay to Crystal Springs Country Club the sum of \$172,000, which sum represents the value of the improvements on the demised premises and existing lease.

Manner of Bidding.

At the time and place hereinabove stated the Clerk of the Board of Supervisors will read this notice, and thereupon the Presiding Officer of the Board of Supervisors will call for bids for the lease of the property described herein.

Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease.

Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Supervisors the sum of \$1,000, or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County.

In case any bidder shall fail to make such deposit, his bid shall be then and there rejected and the lease shall be struck off and awarded to the next highest bid, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

This notice is given pursuant to the direction of Resolution No. 34239 (New Series).

Bid.

1. Crystal Springs Golf Club, certified check \$1,000.

SPECIAL ORDER—3 P. M.**Sale of Jail Bonds for the New City and County of San Francisco County Jail.**

Resolution No. ————— (New Series), as follows:

Resolved, That bids be invited for the sale of County Jail Bonds in the sum of \$100,000, to be expended for the purchase of a new County Jail site, and the erection of buildings thereon; and the Clerk of this Board is hereby directed to advertise for bids in accordance with the provision of this resolution.

SPECIAL ORDER—3 P. M.**Prepare Plans and Specifications for New San Francisco City and County Jail.**

Resolution No. ————— (New Series), as follows:

Resolved, That the Board of Public Works be and is hereby authorized to prepare plans and specifications for the new San Francisco County Jail and to receive bids therefor.

SPECIAL ORDER—3 P. M.**Requesting Approval of Board of Supervisors of San Mateo County for Purchase of Land for San Francisco Jail Site.**

Resolution No. ————— (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby request the approval by the Board of Supervisors of the County of San Mateo of the purchase by the City and County of San Francisco of the certain land, situate in San Mateo County, required by the City and County of San Francisco for the erection of a County Jail thereon. The said land herein referred to is situate east of the highway, distant about one mile south of Half Moon Bay, and known as the "Cassinelli Ranch", comprising approximately 420 acres, and being distant about 28.7 miles from the City and County of San Francisco.

Jail Sites—Digest of Engineering Reports and Data Relating to the Several Jail Sites in San Mateo County.

The following was presented and read by the Clerk:

On Saturday, May 9, 1931, the following members of the Board of Supervisors visited the proposed Jail Sites offered in San Mateo County:

Supervisors—Breyer, Garrity, Havenner, McGovern, McSheehy, Power, Roncovieri, Shannon, Spaulding and Stanton; also Sheriff Fitzgerald, Joseph Phillips, Right of Way Department, and Leo Lennon, Assistant City Attorney.

Site No. 1—Franchesi Ranch.

The first site visited was the Franchesi Ranch.

This site has an area of about 200 acres, and is located six miles

south of San Francisco County line, fronting on the Half-Moon Bay-Purissima Highway.

Cost—\$425 per acre.

Visibility—Good.

Soil—Good.

Water—There are two wells and a spring and a reservoir on this property. The present water supply will not be sufficient for the jail, but at an estimated cost of \$25,000 a pipeline can be constructed from the City supply near Colma to the ranch.

Site No. 2—Josephine C. Valencia, Pillar Point.

Location—On Half Moon Bay Road, 23 miles from San Francisco County line.

Area—240 plus acres.

Cost—\$100,000 or about \$416 per acre.

Visibility—Good.

Soil—Good.

Water—Engineer's reports state the water supply to be satisfactory as to quality, and will be sufficient for jail purposes.

Note—At a joint meeting of the Buildings and Lands Committee with the Supervisors of San Mateo County, on account of opposition from the San Mateo Supervisors, Sites Nos. 1 and 2 were not further considered.

Site No. 3—The Cassinelli Ranch.

Location—One mile south of Half Moon Bay and distant 28.7 miles from San Francisco.

Area—420 acres.

The west boundary fronts on the Half Moon Bay-Purissima Highway for a distance of over one-half mile. A surfaced road from the main highway runs along or adjacent to the north boundary for three-fourths of a mile.

The western portion of the property embracing approximately 200 acres is flat—lying along the main highway. It merges into gentle sloping land and then broad rolling hill slopes to a crest in the rear of the property. The topography is smooth and clear of brush, giving excellent visibility. All but a small tract in the northeast corner has been or is under cultivation.

Leon Creek flows through the ranch near the northeast boundary for a distance of 3095 feet.

Water rights have not been adjudicated, but it appears that the ranch has an appropriative right to the flow of Leon Creek to the extent of 60 miner's inches (540 gallons per minute); 777,600 gallons per day when available, and needed, and the dam can impound 3,400,000 gallons.

The existing storage facilities will yield approximately 17,000 gallons per day.

There are two possible reservoir sites that can be developed at small cost.

The complete water system is located upon the property as offered.

The soil is good.

This site, comprising, as stated heretofore, of 420 acres (more or less), has been offered for the sum of \$95,000.

Site No. 4—Butts Ranch—Midstate Oil Company.

Location—West of highway, 3.7 miles below Half-Moon Bay.

Distance—32.4 miles from San Francisco.

Area—283 acres; will sell less acreage if City wishes.

Price—\$450 per acre.

Visibility—Fair.

Soil—Good.

Water—Riparian to Purissima Creek. Rights should be adjudicated.

Site No. 5—Balanesi Ranch.

Location—West of highway, 4 miles below Half Moon Bay.
 Distance—32.6 miles from San Francisco.
 Area—220 acres.
 Price—\$350 per acre (since reduced to \$220 per acre).
 Water—From Lobitos Creek. Rights should be adjudicated.
 Soil—Good.
 Visibility—Fair.

Site No. 9—Driver Ranch.

Location—West of highway at San Gregorio.
 Distance—40.6 miles south of San Francisco.
 Area—311 acres.
 Price—\$77,750. In the event City only requires 250 acres, the price will be \$62,500—\$250 per acre.
 Visibility—Fair over portion.
 Soil—Good.
 Water—Pumped from San Gregorio Creek. Rights should be adjudicated.

Appraisal of the Value of Properties Suggested for Jail Sites in San Mateo County.

May 11, 1931.

Honorable Board of Supervisors,
 City Hall,
 San Francisco.

Gentlemen: In pursuance with your request of May 6, I have made an investigation of the value of the Cassinelli Ranch and the Pillar Point site and beg leave to submit the following report:

I had for my information the report of Mr. F. W. Roeding, Superintendent of the Agricultural Division of the San Francisco Water Department; report of Mr. Chas. H. Lee, Consulting Hydraulic Engineer of the water supply possibilities of the Cassinelli Ranch (this report was made at the request of Mr. E. J. Cassinelli, the owner); report of Mr. M. J. Bartell, dated March, 1931, on nine sites in San Mateo County.

No actual survey has been made of any of these sites, so it is impossible to accurately determine the amount of flat land as against hill land. In Mr. Lee's report he states that there are approximately 200 acres of flat land lying along the main highway. Mr. Roeding reports the flat land at 100 acres and states that the southerly portion contains a depression which would be swampy in a normal winter. This southerly portion is included in the 100 acres.

With the limited amount of data on hand it would be impossible to make an accurate appraisal and the figures quoted herein are subject to slight revisions.

I visited the Cassinelli ranch early Friday morning, May 8, and drove almost to the top of the watershed in back. There are ten or eleven ranches and a schoolhouse located on this watershed and several pumping plants are in operation on the stream. Mr. Lee admits that there is no underground storage on the Cassinelli ranch, so an appraisal of this property would have to take into consideration the water rights on Leon Creek which flows through the property. From all of the maps submitted it was impossible to determine whether Leon Creek was the boundary line. Mr. Lee and the owner informed me, however, on Saturday when I again visited the property, that the property line was five feet northeast of the further bank of the stream. The water right was initiated June 14, 1912, in accordance with the Civil Code requirements by the posting and recording of a notice of appropriation, and called for a division of the use of water between the Cassinelli ranch and Johnston ranch adjoining on the north.

I am informed by the owner that the concrete dam on Leon Creek on the Cassinelli ranch was constructed at a cost of \$10,000. Mr. Lee estimates that at an additional cost of \$30,000 the present dam in the center of the ranch could be increased in height. In his report he states "the dam can easily be repaired and raised three or four feet with present slopes." However, in my conversation with him on the property on Saturday, he stated that the present dam would merely be used as the toe of a new structure to be built entirely inside of the present structure.

Taking into consideration the acreage of this property with its water rights and the present means of impounding the water, I am of the opinion that approximately \$57,000 is the present market value. As stated above, a careful survey might change this figure, but not in my opinion to any great extent.

On Friday, after completing my visit to the Cassinelli ranch, I visited the Pillar Point site, driving around the top of the hill and driving for a considerable distance over the watershed of Dennison Creek, which supplies the water for this property. This property is riparian to Dennison Creek and the flow of the stream has been divided by a Superior Court Decree among the owners tributary thereto.

Mr. Bartell reports that the present wells on the property would furnish sufficient water of good quality for a number of years to come.

No accurate survey has been made of this property separating the hill land from the flat land. However, from the information obtained from the report of Mr. Roeding, I would estimate the market value of this property at about \$75,000.

I had no opportunity on Friday to visit the Franchesi ranch and made my first visit to this property with the Board of Supervisors on Saturday, May 9. I understand that the price asked is \$425 per acre throughout and consists partly of flat land and partly hilly land. While I am not prepared to make an appraisal on this property, I would state that in my opinion that this property is not worth the price asked.

Respectfully submitted,

JOSEPH J. PHILLIPS,

Chief Right of Way Agent.

Appraisals Requested.

Supervisor Peyser requested that the right of way agent submit appraisals of all sites and get the final selling price for each.

So ordered.

Action Deferred.

Whereupon, on motion of Supervisor Shannon the foregoing matter was *laid over one week and made a Special Order for 2:30 p. m.*

Notice of Hearing Appeals, Castro Street.

Hearing the appeals filed by Mrs. Anna L. Paulsen, et al., from the assessment and warrant issued to Charles L. Harney in the matter of the improvement of Castro street from the existing pavement at the south side of Twenty-ninth street to Thirtieth street, and of Thirtieth street easterly to the existing pavement on Thirtieth street, as per Resolution of Intention No. 108121 adopted by the Board of Public Works of the City and County of San Francisco on October 21, 1929.

Appellants object to said assessment and warrant for the reasons that the assessments or charges against their respective properties are excessive, and that said assessments or charges exceed the benefits to said properties.

Reference is hereby made to said several appeals for the names of the several appellants and for further particulars as to the grounds of appeal.

And for said reasons, appellants appeal of the Board of Supervisors as provided by said ordinance.

The chair asked if there was anyone present who wanted to be heard and there was no response.

Adopted.

Whereupon, the following resolution was *adopted*:

Resolution No. 34407 (New Series), as follows:

Resolved, That the appeal of property owners, filed by Mrs. Anna L. Paulsen, et al., against the assessment levied for the improvement of Castro street, Twenty-ninth to Thirtieth streets, and of Thirtieth street easterly to existing pavement on Thirtieth street, be, and is hereby denied.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Absent—Supervisor Andriano—1.

Lease of City Land at Public Auction.

On recommendation of Public Utilities Committee.

Bill No. 9393, Ordinance No. 8984 (New Series), as follows:

Providing for the leasing at public auction of certain lands belonging to the City and County of San Francisco in accordance with provisions of Section 32, Article II, Chapter II, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the leasing of the following described parcels or pieces of land owned and held by the City and County of San Francisco; said parcels of land being situated in the City and County of San Francisco, and more particularly described as follows, to-wit:

All that portion of Stanford Heights Block 32 lying southerly of Portola drive; all of Stanford Heights Block 39; all that portion of Stanford Heights Block 38 lying westerly of a line 1000 feet distant easterly from the easterly line of Stanford Heights avenue and parallel to the easterly line of Stanford Heights avenue; all that portion of the La Place and Drioton Tract lying westerly of the above mentioned line and southerly from Portola drive.

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

(a) The successful bidder shall pay in addition to the monthly charge the sum not to exceed \$300 for the cost of advertising this lease.

(b) The said lease shall be for a term of one year.

(c) The said premises shall be used only as a golf practice course and catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the City Engineer of the City and County of San Francisco.

(d) That lessee, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.

(e) The rental of said premises shall be payable monthly in advance.

(f) Lessee shall not assign said lease without the written consent of the City Engineer.

(g) Default in payment of the amounts agreed to be paid or a breach of any of the terms or conditions of the lease, or upon pro-

ceedings against said lessee in bankruptcy or insolvency, or any manner by operation of law, shall operate as a forfeiture and said lease shall be thereupon terminated.

(h) Lessee shall save and hold harmless from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or her patrons' use of or activities on the demised area or any adjacent lands of the City.

The Clerk of this Board is hereby instructed to advertise said property for lease, describing it as above, which publication of notice shall be published for at least three (3) weeks in the official newspaper, and set a date in said notice that, at the termination of said publication, bids for the leasing of said property will be received on the terms and conditions herein specified, and provide in said notice that all persons bidding for the lease of said property shall accompany their said bid by a certified check payable to the Clerk of the Board of Supervisors in the sum of \$300 as security that said bidder will enter into said lease if and in the event the lease is awarded to him.

Ayes—Supervisors Breyer, Canepa, Colman, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—15.

Absent—Supervisors Andriano, Gallagher, Peyser—3.

Providing for the Disposal at Public Auction of Certain Right of Way Easements Across and Over Lands Belonging to the City and County of San Francisco, in Accordance With Provisions of Article II, Chapter II, Section 9, of the Charter.

Also, Bill No. 9394, Ordinance No. 8985 (New Series), as follows:

Providing for the disposal at public auction of certain right of way easements across and over lands belonging to the City and County of San Francisco, in accordance with provisions of Article II, Chapter II, Section 9, of the Charter.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That public interest and necessity demand the sale of certain right of way easements across and over lands owned and held by the City and County of San Francisco in the counties of San Mateo and Alameda. Said lands and said right of way easements are more particularly described as follows, to-wit:

First: A right of way easement to construct, reconstruct, install, maintain, patrol, repair, renew, operate and use, from time to time, pipes and pipe lines, with the usual and necessary appurtenances thereto, for conveying and transporting gas, within a strip of land 10 feet wide, being 5 feet on each side of the following described lines across and over portions of those certain tracts of lands situate in said County of San Mateo and designated as "Parcel 31, Crystal Springs, San Andreas and Pilarcitos Reservoirs and Watershed Lands," "Parcel 31A, Watershed Land at south end of Crystal Springs Reservoir," "Parcel 32, Crystal Springs Reservoir and Watershed Lands, Phelps Tract," and "Parcel 33, Crystal Springs Watershed Lands, Kreiss Tract," in the deed from Spring Valley Water Company to City and County of San Francisco, dated as of March 3, 1930, recorded March 3, 1930, in Volume 491, Official Records of San Mateo County, at page 1, to-wit:

Parcel 1: Commencing at a point in the northwestern line of said Parcel 31 from which an iron pipe, marking the intersection thereof with the southwesterly line of the Skyline boulevard, bears north 40 degrees 17½ minutes east 184.2 feet distant, and running thence south 38 degrees 47½ minutes east 1827.7 feet; thence south 47 degrees 29½ minutes east 726 feet; thence south 37 degrees 38 minutes east, parallel to and distant 11 feet at right angles southwesterly from the center line of the steel pole electric transmission line of the Great

Second: A right of way easement to construct, reconstruct, install, maintain, patrol, repair, renew, operate and use, from time to time, pipes and pipe lines, with the usual and necessary appurtenances thereto, for conveying and transporting gas, within a strip of land fifteen (15) feet wide, being seven and one-half feet on each side of the following described lines across and over portions of that certain tract described as Parcel 65 of Sunol and San Antonio Lands in Alameda County in the deed from Spring Valley Water Company to City and County of San Francisco, dated as of March 3, 1930, and recorded March 3, 1930, in Book 2350, Official Records of Alameda County, at page 1, to-wit:

Parcel 1: Commencing at a point in the easterly line of the westerly portion of said Parcel 65, distant thereon south 17 degrees 00 minutes east 84 feet from the angle in said line formed by the courses in said deed described as "north 17 degrees 00 minutes west 1.34 chains" and "north 76 degrees 30 minutes west 44.78 chains" and running thence south 46 degrees 14½ minutes west 1534.4 feet, south 60 degrees 51 minutes west 2327.3 feet, south 47 degrees 41½ minutes west 2839.9 feet, south 55 degrees 23½ minutes west 3581.5 feet, and south 58 degrees 46½ minutes west 370 feet to a point in the westerly line of said Parcel 65.

Parcel 2: Commencing at a point in the westerly line of the westerly of those two certain strips of land 60 links wide which extend northerly from the main portion of said Parcel 65 to the Patterson Pass Road, so called, distant northerly on said westerly line 626.2 feet from the angle therein formed by the courses described in said deed as "south 20 degrees 30 minutes east 47.08 chains" and "south 67 degrees 30 minutes east 15.98 chains" and running thence north 46 degrees 14½ minutes east 40.1 feet to the easterly line of said 60-link strip.

Parcel 3: Commencing at a point in the westerly line of the easterly of said two strips of land 60 links wide, distant northerly on said westerly line 501 feet from the angle therein formed by the courses described in said deed as "south 3 degrees 45 minutes west 15.79 chains" and "south 72 degrees 50 minutes west 2.03 chains" and running thence north 53 degrees 30½ minutes east 40 feet to the easterly line of said 60-link strip.

Third: The right to construct, reconstruct, patrol, maintain and use, from time to time, for telephone purposes, a line of poles, together with all necessary or proper wires, guys and other appliances installed thereon and connected therewith, and a right of way along the same, upon, over and across that certain tract of land described as Parcel 65 of Sunol and San Antonio Lands in Alameda County in the deed from Spring Valley Water Company to City and County of San Francisco, dated as of March 3, 1930, and recorded March 3, 1930, in Book 2350, Official Records of Alameda County, at page 1, along a line described as follows, to-wit:

Commencing at a point in the northerly line of said parcel, said northerly line being the northerly line of the Sunol portion of the Rancho El Valle de San Jose, distant thereon 848.6 feet northwesterly from its intersection with the center line of the Patterson Pass Road, so called, and running thence the following courses and distances: South 65 degrees 02 minutes west 1297 feet, south 42 degrees 21 minutes west 567 feet, south 38 degrees 21 minutes west 377 feet, south 8 degrees 25½ minutes west 564 feet, south 29 degrees 02½ minutes west 1885 feet, south 19 degrees 48½ minutes west 798.2 feet, south 5 degrees 09½ minutes east 892.8 feet, south 32 degrees 13½ minutes west 892.7 feet, south 41 degrees 20½ minutes west 1540.2 feet, south 43 degrees 09 minutes west 3206.4 feet, and south 40 degrees 27 minutes west 1340 feet, more or less, to the westerly line of said Parcel 65.

Fourth: The right to construct, reconstruct, patrol, maintain and use, from time to time, for electric power transmission and/or distribution purposes, a line of poles, together with all necessary or proper wires, guys and other appliances installed thereon and connected therewith, and a right of way along the same, upon, over and across that certain tract of land described as Parcel 62 of Alameda Creek Lands in Alameda County in the deed from Spring Valley Water Company to City and County of San Francisco, dated as of March 3, 1930, and recorded March 3, 1930, in Book 2350, Official Records of Alameda County, at page 1, along a line described as follows, to-wit:

Commencing in the center line of County Road No. 3193, being the easterly line of said Parcel 62, distant on said easterly line south 11 degrees 49 minutes east 620 feet from the northerly line of said parcel, and running thence south 61 degrees 33½ minutes west 490 feet to the westerly line of said Parcel 62.

Each of said right of way easements shall include, in addition to the rights herein specified, the rights of ingress to and egress from said rights of way over adjacent lands of the City, with the provision that the purchaser or purchasers of said rights of way, or the officers, employees, contractors or servants of said purchaser or purchasers, shall, in the exercise of said rights, be limited to the use of existing

roads and lanes across said lands; or, if no such roads or lanes be available, then to such routes thereover as shall be most convenient and at the same time cause the least possible injury to said lands of the City, or to the crops, trees, buildings or other structures growing or situate thereon. In the case of the right of way easements "Third" and "Fourth" hereinbefore described, said purchaser or purchasers shall be granted the rights to trim trees and foliage wherever necessary to avoid interference with power lines or telephone lines, and to place and maintain gates in all fences that cross or shall cross said rights of way, in addition to the rights of ingress and egress to be granted as in this paragraph provided.

Each of said right of way easements shall be sold and conveyed subject to the following reservations and conditions, which shall be inserted in the conveyance thereof to the purchaser; the term "structure" used therein shall be taken to mean said gas pipe line or lines, said telephone line or said electric power line, respectively, with their appurtenances, as the case may be:

"Reserving, however, to the City the right to plant, cultivate and harvest crops of grass, hay or grain upon the right of way herein granted, and the right to construct, reconstruct, install, maintain, repair, renew, operate and use, from time to time, pipes, pipe lines, conduits, power lines, telephone lines, roads, roadways or other structures, but not buildings or wells, across, over or under said right of way and said structure of the purchaser, at the option of the City; it being expressly understood and agreed that if any structure of the purchaser be so located that it shall hereafter become necessary to change, alter, move or reconstruct the same in order to allow the City to exercise and enjoy the rights, but not those relating to agriculture, herein reserved, then the purchaser, upon the request of the City so to do, shall, within a reasonable time, change, alter, move or reconstruct said structure at the purchaser's expense; and the City, upon failure of the purchaser so to do after reasonable notice, may, by contract or otherwise, change, alter, move or reconstruct said structure at the expense of the purchaser, which expense the purchaser shall pay on demand.

"This grant is made subject to the following conditions, which become binding upon the purchaser upon his acceptance and recording of this indenture:

"First: That the purchaser shall repay the City, on demand, the reasonable value of animals, crops, trees, buildings or other structures injured, damaged or destroyed by the purchaser, his officers, employees, contractors or servants, in the exercise of any right herein conveyed.

"Second: That the purchaser shall do no work of constructing, reconstructing, installing or renewing said structure except in accordance with plans and/or specifications therefor first submitted to and approved by the Commission, Board or officer of the City having jurisdiction; provided, however, that said plans and/or specifications shall be returned disapproved in writing with reasonable objections thereto within ten days after submission, otherwise they shall be deemed approved within the meaning hereof. The provisions hereof shall not apply to emergency work.

"Third: That the purchaser shall indemnify and save harmless the City, or any Commission, Board, officer, servant or employee thereof from any and all claims, liabilities or expenses, whether for injuries, damages or otherwise, caused by or resulting from any act, negligence or omission of the purchaser, his officers, employees, contractors or servants, in the exercise of any right herein conveyed.

"Fourth: That the purchaser shall not abandon nor discontinue the use of said structure for the purposes hereinbefore stated for any period of three consecutive years, and that in the event of such aban-

donment or discontinuance of use the easement and rights herein granted shall forthwith cease and determine, and the City, without prejudice to any other remedy it may have, may take possession of the right of way herein conveyed and remove the purchaser's structure therefrom.

"Fifth: That the right of way herein described is conveyed subject to any rights, rights of way, leases and agreements heretofore granted or made by the City or its predecessors in interest.

"The rights, reservations, conditions and obligations herein set forth shall inure to the benefit of and bind both parties hereto and their successors and assigns."

Section 2. Said right of way easements hereinbefore described shall be sold for cash, in United States gold coin, at public auction, to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

Section 3. The minimum purchase price of said right of way easements shall be as follows:

For the right of way easement for gas line purposes in San Mateo County, "First" hereinabove described, the sum of \$13,450.

For the right of way easement for gas line purposes in Alameda County, "Second" hereinabove described, the sum of \$2,030.

For the right of way for telephone purposes in Alameda County, "Third" hereinabove described, the sum of \$1,080.

For the right of way for power line purposes in Alameda County, "Fourth" hereinabove described, the sum of \$10.

In addition to the foregoing the purchasers shall be required to pay the cost of advertising of this ordinance and of the notice of sale hereinafter provided for, said cost to be ratably divided among them.

Section 4. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper and in one other daily newspaper for three weeks successively next before the day on which the sale is to be made, the notice of such sale, which shall describe said easements and the lands affected thereby with common certainty. The said notice shall also state that no purchase price shall be received for any of the hereinbefore described right of way easements less than the several minimum amounts hereinbefore expressed.

Section 5. The Mayor, Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby directed to appraise the value of said right of way easements within three weeks after the final passage of this ordinance, as required by Article II, Chapter II, Section 9, of the Charter.

Section 6. Upon receipt and examination of bids or offers for said right of way easements, as aforesaid, the Mayor shall accept the highest bid made, provided said bid is for at least 90 per cent of the value found by said appraisers, and shall immediately thereafter, at the next meeting of the Supervisors, report the fact of such sale to the Supervisors, with a statement of the sum bid and the name of the highest bidder, with a request that the Board confirm such sale.

The following Bill was on motion *laid over one week*:

Market Street Railway Franchise on Turk Street and on Balboa Street.

Bill No. 9403, Ordinance No. ——— (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco

and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street, and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May, 1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms, conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, maintained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit:

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Granting Spur Track Privilege to the Western Pacific Company.

Also, Bill No. 9400, Ordinance No. 8991 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Western Pacific Railroad Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad tracks in Barneveld avenue and Newcomb avenue, and across Toland, Selby and Rankin streets, and across a portion of Newcomb avenue and McKinnon avenue, and along the seventeen-foot strip of City property to Jerrold avenue, as per blue print attached to petition of said Western Pacific Railroad Company.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted the Western Pacific Railroad Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad spur tracks in and upon Barneveld avenue and Newcomb avenue, and across Toland, Selby and Rankin streets, and across a portion of Newcomb avenue and McKinnon avenue, and along the seventeen-foot strip of City property to Jerrold avenue, as per blue print attached to petition, on which said spurs and tracks are indicated in yellow, and more specifically described as follows:

Track No. 1.

From a connection with an existing track of applicant in Barneveld avenue in said City and County, along Barneveld avenue and Newcomb avenue and across Toland street, Selby street and Rankin street. The description of said spur track is as follows:

Beginning at a point in the center line of the existing track of the Western Pacific Railroad Company, said point being approximately 50 feet westerly at right angles from the eastern line of Barneveld avenue and approximately 410 feet northerly along said eastern line of Barneveld avenue from the northeastern line of McKinnon avenue; thence southerly through a turnout to the left and along the center line of Barneveld avenue, a distance of approximately 580 feet; thence southerly and southeasterly on a curve to the left, having a radius of 294.439 feet, leaving Barneveld avenue and running along the center line of Newcomb avenue a distance of approximately 321 feet to a point in said center line of Newcomb avenue, distant northwesterly thereon 613.15 feet from the western line of Toland street; thence southeasterly along said center line of Newcomb avenue; crossing Toland street, Selby street and Rankin street, a distance of 2605.15 feet to the western line of Quint street.

Track No. 2.

From a point of connection with the above described spur track along Barneveld avenue and McKinnon avenue in said City and County. The description of said spur track is as follows:

Beginning at a point in the above described center line of Track No. 1, said point being 40 feet at right angles westerly from the eastern line of Barneveld avenue and approximately 160 feet northerly along the eastern line of Barneveld avenue from the northeastern line of McKinnon street; thence southerly through a No. 7 turnout to the left a distance of 70 feet; thence southerly and southeasterly on a curve to the left, having a radius of 287.94 feet, an arc distance of 278.15 feet to a point in McKinnon avenue distant 23 feet at right angles northeasterly from the southwestern line of McKinnon avenue and approximately 760 feet northwesterly from the northwestern line of Toland street; thence southwesterly and parallel to said southwestern line of McKinnon avenue, approximately 760 feet to the northwestern line of Toland street.

Track No. 3.

From a connection with the spur track first hereinabove described, across a portion of Newcomb avenue and across McKinnon avenue, in said City and County. The description of said track across a portion of Newcomb avenue is as follows:

Beginning at a point in Newcomb avenue in the above described center line of Track No. 1, said point being approximately 295 feet northwesterly along the center line of Newcomb avenue from the northwestern line of Toland avenue; thence northwesterly through a No. 7 turnout to the right a distance of 70 feet; thence northwesterly, crossing Newcomb avenue on a curve to the right having a radius of 287.94 feet a distance of approximately 40 feet to a point in the northeastern line of Newcomb avenue, distant northwesterly thereon approximately 405 feet from the northwestern line of Toland street.

Also, beginning at a point in the northeastern line of Newcomb avenue, distant approximately 405 feet northwesterly thereon from the northwestern line of Toland street; thence northwesterly and northerly on the arc of a curve to the right having a radius 287.94 feet along the center line of the property, 17 feet in width, owned by the City and County of San Francisco, a distance of approximately 230 feet to end of curve; thence continuing along said center line of City

and County property in a northerly direction a distance of 88.437 feet to a point in the southwestern line of McKinnon avenue distant 607.96 feet thereon from the northwestern line of Toland street.

The description of said track across McKinnon avenue is as follows:

Beginning at a point in the southwestern line of McKinnon avenue, distant approximately 60 feet northwesterly thereon from the southwesterly prolongation of the northwestern line of Upton street; thence northerly, crossing McKinnon avenue to a point in the northeastern line thereof, distant approximately 99.58 feet northwesterly thereon from the northwestern line of Upton street.

Also, beginning at a point in the northeastern line of McKinnon avenue, distant 99.58 feet northwesterly thereon from the northwestern line of Upton street; thence in a northerly direction along the center line of the property, 17 feet in width, owned by the City and County of San Francisco, a distance of 93.182 feet to a point; thence continuing along said center line of property 17 feet in width, on the arc of a curve to the right having a radius of 287.94 feet, a distance of 138.131 feet to end of curve; thence northeasterly in a straight line, tangent to last described curve and along said center line of property 17 feet in width, a distance of 544.443 feet to a point in the southwestern line of Jerrold avenue.

Provided, that the Western Pacific Railroad Company shall not have exclusive right to the tracks requested in this application and shall allow any other railroad owners or operators to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of six (6) per cent per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Provided, said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur tracks shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Western Pacific Railroad Company.

Provided, That the Western Pacific Railroad Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—15.

Absent—Supervisors Andriano, Gallagher, Peyser—3.

Granting Spur Track Privilege to the Southern Pacific Company.

Bill No. 9401, Ordinance No. 8992 (New Series), as follows:

Granting permission, revocable at the will of the Board of Supervisors, to Southern Pacific Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad tracks across Jerrold avenue and upon the property of the City and County of San Francisco, State of California, in the locations hereinafter described:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at the will of the Board of Super-

visors, is hereby granted to the Southern Pacific Company, a corporation, to lay down, construct, maintain and operate standard gauge railroad spur tracks across Jerrold avenue and upon the property of the City and County of San Francisco in the locations hereinafter described:

Center Line of Drill Track Crossing Jerrold Avenue and on Property of the City and County of San Francisco.

Beginning at a point on the northeasterly line of Jerrold avenue, distant northwesterly thereon 725.09 feet from the westerly line of Toland street; thence southwesterly, crossing Jerrold avenue to a point on the southwesterly line thereof; thence continuing in a southwesterly direction along the center line of the 17-foot strip of property owned by the City and County of San Francisco, a distance of 325 feet.

Center Line of Spur Track on Property of the City and County of San Francisco.

Beginning at a point in the center line of the 17-foot strip of property of the City and County of San Francisco, distant southwesterly thereon 5 feet, more or less, from the southwesterly line of Jerrold avenue; thence in a southerly direction through a switch turnout to the left a distance of 90 feet, more or less, to a point on the southeasterly line of said 17-foot strip of property; thence continuing into private property.

Provided, that girder rail be used where the proposed track crosses Jerrold avenue; that the Southern Pacific Company shall not have the exclusive right to that portion of the track on the 17-foot strip through City property, and shall allow any other railroad owners or operators to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of six (6) per cent per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Provided, said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Southern Pacific Company.

Provided, that the Southern Pacific Railroad Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Wage Ordinance for City Contracts.

Bill No. 9405, Ordinance No. ————— (New Series), as follows:

Relating to the provisions of contracts for work to be performed at the expense of the City and County of San Francisco, or paid for out of moneys deposited in the treasury, and providing for the enforcement of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every contract for any public work or improvement to be performed within the State of California at the expense of the City and County or paid for out of moneys deposited in the treasury, whether such work be done directly under contract awarded, or indirectly by or under subcontract, subpartnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide, in addition to other provisions required by law, that any person performing labor in the State of California, in the execution of such contract, subcontract, subpartnership, day labor, station work, piece work or other arrangement, shall be paid not less than the highest general prevailing rate of wages in private employment for similar work in the City and County of San Francisco; provided, however, that the minimum wages or compensation of any such person performing such labor shall be not less than three dollars (\$3) per day, and that in the performance of the contract eight hours shall be the maximum hours of labor on any calendar day; and provided further,

that the foregoing provisions as to payment of the highest general prevailing rate of wages shall not apply to materials for which no manufacturing plant or plants exist in San Francisco or to standard make materials or commodities carried in stock by dealers and/or manufacturers generally.

Section 2. The Civil Service Commission shall, upon request of the Board of Supervisors, furnish the said Board with data as to the highest general prevailing rate of wages, as herein defined, including such rate of wages paid, overtime and holiday work, and the Board of Supervisors shall on or before the first Monday of January and the first Monday of July of each year determine the highest general prevailing rate of wages, including said rates for holidays and overtime work, in private employment in the City and County of San Francisco for work similar to that which is usually performed at the expense of the City and County, and such wages shall remain in force until the next said subsequent determination by the Board of Supervisors. Every contract referred to in the first section of this ordinance shall provide that the determination of the Board of Supervisors then in force with respect to the general prevailing rate of wages in private employment in the City and County of San Francisco for similar work shall be binding upon the parties during the life of such contract. The contractor and/or subcontractor shall be jointly and severally liable and shall forfeit as a penalty to the City and County of San Francisco ten dollars (\$10) for each laborer, workman or mechanic employed, for each calendar day, or portion thereof, such laborer, workman or mechanic is paid less than said rate of wages set forth in said contract for any work done under, or by virtue of, or made necessary by said contract, by him or by any subcontractor under him, and every said contract shall have inserted therein a clause to this effect; and every contractor or subcontractor wilfully violating said terms or provisions of any contract or subcontract shall be deemed to be an irresponsible bidder upon all future contracts for public works or improvements to be performed for said City and County, and it shall be the duty of the officer, board or commission awarding the contract or authorizing payments for work performed thereunder, when certifying to the Treasurer any sums for payment, to deduct any and all amounts forfeited by the contractor, and/or subcontractor, as aforesaid hereunder, and it shall be the duty of the Treasurer to withhold the payment of any such amounts forfeited.

Section 3. The officer, board or commission authorized to let any contract for any public work or improvement to be performed in the State of California shall include in the specifications setting forth the terms of performance of said contract a detailed statement of such prevailing rates of wages which the successful contractor will be required to pay, including holiday and overtime work.

Every contract falling under the terms of Section 1 hereof shall contain a provision that the contractor shall insert in every subcontract entered into provisions regarding such rates of wages and hours of labor identical with the provisions set forth in the contract which he has been awarded.

Section 4. The contracts herein set forth shall also include all other provisions demanded by the Charter of the City and County of San Francisco in relation to residence and citizenship of persons employed and preference of employment of persons engaged in the execution of such contracts.

Section 5. Every contract shall contain a clause that the contractor shall keep or cause to be kept an accurate record of the name, residence address, citizenship, occupation and per diem pay of each person engaged in the execution of such contract, and every subcontract entered into by said contractor shall contain such a provision binding

upon said subcontractor compelling performance of this section. Said books shall at all times be open to inspection by duly constituted and delegated officials of the City and County of San Francisco.

Section 6. Any contract for work to be performed under the provisions of this section which does not comply with the provisions thereof shall be null and void, and any officer who shall sign the same shall be deemed guilty of misfeasance and upon proof of such misfeasance shall be removed from office.

Section 7. If any section, subsection, sentence, clause, phrase or paragraph of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each part thereof irrespective of the fact that any one or more portions thereof may be declared unconstitutional.

Section 8. In addition to all other penalties herein provided, a violation of any of the provisions of this ordinance shall be held to be a misdemeanor and shall be punished accordingly.

Section 9. This ordinance shall take effect immediately, but shall not affect any contract then existing or any contract that may hereafter be entered into pursuant to invitations for bids that are outstanding at the time of the passage of this ordinance.

1378 Portola Drive, San Francisco, May 3, 1931.

Members of the Board of Supervisors,

City and County of San Francisco, California.

Honorable Gentlemen: It is with a deep sense of appreciation that I take this opportunity of thanking you for the many kind and comforting services you performed to honor my beloved husband at the time of his death.

Sorrow in the loss of a loved one is inevitable, and only time can assuage it, but the knowledge that he was honored among men and that his last rites were beautiful and in keeping with his life has lessened that sorrow as much as anything can at this time. Your prompt and generous actions made public the respect in which my husband was held and added much to the dignity and solemnity of our last tributes to him. I am keenly aware that no smallest detail was neglected which might conceivably express your regret at his passing or bring one meager vestige of comfort to his stricken family.

My son and daughter join me in begging you to accept our heartfelt and lasting gratitude.

Respectfully yours,

WINIFRED F. POWER.

Leave of Absence, Alfred I. Esberg.

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

Terms and Conditions of Sale.

- (a) That said lease shall be for a term of 20 years from July 1, 1931.
- (b) That said premises shall be used only as a golf course and for catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the general manager of the San Francisco Water Department.
- (c) That lessee shall, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.
- (d) That rental of said premises shall be payable monthly in advance, and by way of additional rental for the demised premises an amount equal to all taxes and assessments of every kind which shall be levied against or made a lien upon the demised premises and/or the improvements now or hereafter erected thereon, commencing with the taxes for the fiscal year ending June 30, 1932, and continuing during the life of this lease; and further provided, in the event there should be a consolidation of the counties of San Francisco and San Mateo and if for any reason the demised properties are not subject to taxation, as additional rental for the term created, the bidders will agree to pay as additional rental throughout the term created yearly a sum equal to the amount of all taxes paid at the end of the year when said property was subject to taxation; the amount of each assessment or of each installment of taxes to be due on or before ten days prior to the date upon which the same becomes delinquent.

(e) Lessee shall not assign said lease without the written consent of the proper officials of the City only authorized by law to give such consent.

(f) Default in payment of the amounts agreed to be paid, or a breach of any of the terms or conditions of the lease, or upon proceedings against said lessee in bankruptcy or insolvency, or in any manner by operation of law, shall operate as a forfeiture and said lease shall thereupon be terminated and all improvements of said lessee thereon shall revert to and become the property of the City and County of San Francisco.

(g) At all times during the term of the lease, lessee shall conduct his business thereon and use said land in such manner as not to interfere with the conduct of the City's water supply, and the City reserves the right at all times to enter upon said land and construct water pipes, mains or any other structures necessary or useful in connection with said water supply.

(h) No improvements or changes in said golf course shall be made on said property without the written consent of the general manager of the San Francisco Water Department first had and obtained therefor.

(i) For a period of 30 days commencing at the expiration or other termination of the lease, excepting as above provided for breach of provisions of subdivision "f" hereof, the City shall have the option to purchase the buildings, water pipes, tanks or other removable property of lessee, excepting sod of greens and fairways and drainage system, which shall belong to and be a part of said property. A board of arbitration consisting of three members, one to be selected by the City, one by the lessee and a third by the two so selected, shall fix the value of such property, the decision of any two to be binding on both the City and the lessee. At the expiration of said 30 days, and during the period of 60 days thereafter, lessee shall be entitled to remove the aforesaid improvements from the premises in so far as the option may not have been exercised, leaving the premises from which such improvements have been removed in a condition satisfactory to the general manager of the San Francisco Water Department; provided, however, that in event of failure to so remove such improvements, same shall remain on the property and become a part thereof without recourse by said lessee.

(j) Lessee shall save and hold harmless the City from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or his patrons' use of or activities on the demised area or any adjacent lands of the City.

(k) Lessee, or anyone using or in any way connected with the uses or purposes of the lease, shall not trespass on any adjacent land of the City.

(l) Lessee shall at all times, and at his sole expense, comply with all regulations of the Boards of Health of the City or State in the matter of sanitation on the demised premises.

(m) The golf course shall be maintained during the term of the lease in a manner satisfactory to the City.

(n) The bidder shall agree to pay the sum of \$300 to defray the cost of advertising the necessary resolutions, ordinances and notices in connection with this solicitation of bids.

(o) No bid will be received unless the bidder shall agree to pay to Crystal Springs Country Club the sum of \$172,000, which sum represents the value of the improvements on the demised premises and existing lease.

Manner of Bidding.

At the time and place hereinabove stated the Clerk of the Board of Supervisors will read this notice, and thereupon the Presiding Of-

ficer of the Board of Supervisors will call for bids for the lease of the property described herein.

Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease.

Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Supervisors the sum of \$1,000, or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County.

In case any bidder shall fail to make such deposit, his bid shall be then and there rejected and the lease shall be struck off and awarded to the next highest bid, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

This notice is given pursuant to the direction of Resolution No. 34239 (New Series).

Action Deferred.

The following matter, heretofore passed for printing, was, on motion, laid over one week:

**Market Street Railway Franchise on Turk Street and on
Balboa Street.**

The following matter, heretofore passed for printing, was taken up:
Bill No. 9403, Ordinance No. ——— (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street, and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May, 1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms, conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, maintained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit:

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed

hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Unless said acceptance be filed within said period of twenty days after this ordinance becomes effective, this ordinance shall become and remain null and void and all rights granted thereby shall cease and determine.

Section 7. This ordinance shall take effect from and after the date of its approval.

Explanation of Vote.

Supervisor Gallagher: I am perfectly willing this goes through, but I wish the record to show, Mr. Chairman, that if the condition concerning the paving, the construction of the tracks, and the usual provisions regarding the taking up of same and the maintenance of same during the life of this project are not what we think they should be, I reserve the right to attack this permit. I mean not to attack it, but take it up.

Mr. Chairman, with relation to No. 7, of course, I regret that although I searched, I could not find the information, and I am not able to satisfy myself of these important provisions. I can simply say, Mr. Chairman, that I shall not obstruct at this time or object, but shall vote for it, and I wish the Clerk to take from me the statement here now made and to please hand me a copy of it later, to-wit: That I insist that the conditions relating to the rights and authority of the administrative boards of the City to require the proper amount and kind of pavement in the installation and as is contained in other franchises granted, and that the rights and authority of the administrative departments of the City to order repairs of the tracks or of pavement, and upon the expiration or withdrawal or the giving up of the privileges of this permit by the holding company, that said company binds itself, without equivocation, unless otherwise requested by the authorities in whom the power is vested, to remove its rails and place the street in a condition agreeable to the City, assuming that those provisions are somewhere within the legislative reach of this permit, I will vote for it. However, I find they are not so stated

as to leave room for no doubt in the future as to the people's rights in the premises, and I will reserve the right to either include the provisions or to rescind in order that those provisions might be properly included.

Motion.

Superisor Havenner moved that the City Attorney advise the Board of Supervisors as to the questions raised by Supervisor Gallagher by next meeting.

Final Passage.

The following bill, heretofore passed for printing, was taken up and *finally passed* by the following vote:

Wage Ordinance for City Contracts.

On recommendation of Finance Committee.

Bill No. 9405, Ordinance No. 8995 (New Series), as follows:

Relating to the provisions of contracts for work to be performed at the expense of the City and County of San Francisco, or paid for out of moneys deposited in the treasury, and providing for the enforcement of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every contract for any public work or improvement to be performed within the State of California at the expense of the City and County or paid for out of moneys deposited in the treasury, whether such work be done directly under contract awarded, or indirectly by or under subcontract, subpartnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide, in addition to other provisions required by law, that any person performing labor in the State of California, in the execution of such contract, subcontract, subpartnership, day labor, station work, piece work or other arrangement, shall be paid not less than the highest general prevailing rate of wages in private employment for similar work in the City and County of San Francisco; provided, however, that the minimum wages or compensation of any such person performing such labor shall be not less than three dollars (\$3) per day, and that in the performance of the contract eight hours shall be the maximum hours of labor on any calendar day; and provided further, that the foregoing provisions as to payment of the highest general prevailing rate of wages shall not apply to materials for which no manufacturing plant or plants exist in San Francisco or to standard make materials or commodities carried in stock by dealers and/or manufacturers generally.

Section 2. The Civil Service Commission shall, upon request of the Board of Supevisors, furnish the said Board with data as to the highest general prevailing rate of wages, as herein defined, including such rate of wages paid, overtime and holiday work, and the Board of Supervisors shall on or before the first Monday of January and the first Monday of July of each year determine the highest general prevailing rate of wages, including said rates for holidays and overtime work, in private employment in the City and County of San Francisco for work similar to that which is usually performed at the expense of the City and County, and such wages shall remain in force until the next said subsequent determination by the Board of Supervisors. Every contract referred to in the first section of this ordinance shall provide that the determination of the Board of Supervisors then in force with respect to the general prevailing rate of wages in private employment in the City and County of San Francisco for similar work shall be binding upon the parties during the life of such contract. The contractor and/or subcontractor shall be

jointly and severally liable and shall forfeit as a penalty to the City and County of San Francisco ten dollars (\$10) for each laborer, workman or mechanic employed, for each calendar day, or portion thereof, such laborer, workman or mechanic is paid less than said rate of wages set forth in said contract for any work done under, or by virtue of, or made necessary by said contract, by him or by any subcontractor under him, and every said contract shall have inserted therein a clause to this effect; and every contractor or subcontractor wilfully violating said terms or provisions of any contract or subcontract shall be deemed to be an irresponsible bidder upon all future contracts for public works or improvements to be performed for said City and County, and it shall be the duty of the officer, board or commission awarding the contract or authorizing payments for work performed thereunder, when certifying to the Treasurer any sums for payment, to deduct any and all amounts forfeited by the contractor, and/or subcontractor, as aforesaid hereunder, and it shall be the duty of the Treasurer to withhold the payment of any such amounts forfeited.

Section 3. The officer, board or commission authorized to let any contract for any public work or improvement to be performed in the State of California shall include in the specifications setting forth the terms of performance of said contract a detailed statement of such prevailing rates of wages which the successful contractor will be required to pay, including holiday and overtime work.

Every contract falling under the terms of Section 1 hereof shall contain a provision that the contractor shall insert in every subcontract entered into provisions regarding such rates of wages and hours of labor identical with the provisions set forth in the contract which he has been awarded.

Section 4. The contracts herein set forth shall also include all other provisions demanded by the Charter of the City and County of San Francisco in relation to residence and citizenship of persons employed and preference of employment of persons engaged in the execution of such contracts.

Section 5. Every contract shall contain a clause that the contractor shall keep or cause to be kept an accurate record of the name, residence address, citizenship, occupation and per diem pay of each person engaged in the execution of such contract, and every subcontract entered into by said contractor shall contain such a provision binding upon said subcontractor compelling performance of this section. Said books shall at all times be open to inspection by duly constituted and delegated officials of the City and County of San Francisco.

Section 6. Any contract for work to be performed under the provisions of this section which does not comply with the provisions thereof shall be null and void, and any officer who shall sign the same shall be deemed guilty of misfeasance and upon proof of such misfeasance shall be removed from office.

Section 7. If any section, subsection, sentence, clause, phrase or paragraph of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each part thereof irrespective of the fact that any one or more portions thereof may be declared unconstitutional.

Section 8. In addition to all other penalties herein provided, a violation of any of the provisions of this ordinance shall be held to be a misdemeanor and shall be punished accordingly.

Section 9. This ordinance shall take effect immediately, but shall not affect any contract then existing or any contract that may hereafter be entered into pursuant to invitations for bids that are outstanding at the time of the passage of this ordinance.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,
BILLS AND COMMUNICATONS NOT CONSIDERED OR
REPORTED UPON BY A COMMITTEE.**

Mayor to Appoint Committee to Arrange Civic Tribute for David Belasco.

Supervisor Peyser presented:

Resolution No. 34443 (New Series), as follows:

Whereas, on the 15th day of May David Belasco, noted theatrical producer and former San Franciscan, passed on to a well-earned rest; and

Whereas, his was a figure universally beloved, not only among those whose privilege it was to be associated with him personally, but among those whose lives have been brightened over a period of many years by the dramatic triumphs of his outstanding genius; and

Whereas, David Belasco, though called by the exigencies of his art to other fields, remained at heart a sincere and loyal San Franciscan, and the lustre of his fame redounded to the credit of San Francisco, which ever regarded him as one of its best-beloved and favorite sons; now, therefore, be it

Resolved, That his Honor the Mayor be respectfully requested to appoint a committee to arrange a civic tribute to the memory of David Belasco, in a memorial service to be held at the Exposition Auditorium.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Andriano, McSheehy—2.

Site for U. S. Veterans' Hospital.

Supervisor Miles presented:

Resolution No. 34445 (New Series), as follows:

Whereas, the Citizens' Committee on the Selection of a Site for the Veterans' Hospital and Diagnostic Center, appointed by the Mayor under authority of the Board of Supervisors, herewith submits the following site, selected unanimously by them as the most desirable and feasible site for the above-named hospital:

Being a portion of what is known as Pine Lake Park situated on the north side of Sloat boulevard between Twenty-second and Twenty-ninth avenues, consisting of 27.3 acres, and offered by the Parkside Realty Company for the sum of \$125,000; now, therefore, be it

Resolved, That the Mayor and the Board of Supervisors be and they are hereby requested to approve the selection of the Citizens' Committee, and forward a copy of this resolution to General Frank T. Hines, Administrator of Veterans' Affairs, Washington, D. C., urging him to speedily approve this selection and proceed with the erection of the hospital for which an appropriation \$1,100,000 was made by the 70th Congress for this purpose.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Andriano, McSheehy—2.

State Park Commission Requested to Purchase Property Along the Marin Shore Between Point Bolinas and Stinson Beach for Bathing Beach.

Supervisor Peyser presented:

Resolution No. 34446 (New Series), as follows:

Whereas, the construction of the Golden Gate Bridge, which is about to be commenced, will bring into close proximity the populations of San Francisco, San Mateo county and the Bay region, one of the most picturesque strips of sandy bathing beach within Northern California; and

Whereas, this property is the only safe bathing beach within the reach of the people of this region; and

Whereas, the State Park Commission has expended large sums of money for the development of similar property in various locations in Southern California; now, therefore, be it

Resolved, That the State Park Commission be requested to set aside an adequate amount of money from the \$6,000,000 recently voted by the people for the acquisition of parks, the same to be applied for the purchase some time in the future of this desirable beach property situated along the Marin shore between Point Bolinas and Stinson Beach.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Andriano, McSheehy—2.

In Memoriam, David Belasco.

Supervisor Roncovieri presented:

Resolution No. 34447 (New Series), as follows:

Whereas, the final curtain has been rung down by the Supreme Creator on the last scene of all for David Belasco, playwright, actor, producer, critic and artist extraordinary of things histrionic, and

Whereas, the master realist of the American stage was literally the cynosure of all eyes, for more than a half century, of those who have followed the most ancient art of Thespis, and

Whereas, David Belasco's work for the American stage was characterized with a keen and sympathetic knowledge of human kind, a virile and true interpretation of human psychology, a faithful adherence to the artistic principle of verisimilitude demanded for the correct portrayal of passions and situations, and a sentient grasp of the realistic presentation of American life and manners, in words and deeds, so as to maintain the best traditions of the stage, detailed in Hamlet's speech to the players, and

Whereas, David Belasco devoted his talent and ability to the healthier, broader, and more natural human studies, rather than to the so-called mystic innerself problems, and thus developed a school of acting, racy, energetic, prolific, and of a most healthy simplicity after the style of the Bard of Avon, and

Whereas, the thousands of players who have had the good fortune to train under David Belasco have, through such training reached the very highest plane of their profession, and have built up a stage tradition which undoubtedly will last for many years; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, the city in which David Belasco first realized his talent, does hereby publicly deplore the death of such an able artist, and regrets the loss to the profession to which he had devoted his life; and be it further

Resolved, That a copy of this resolution be spread on the minutes of this Board and another copy be sent to his relatives; and be it further

Resolved, That the Board adjourns today, when it does adjourn, out of respect to the memory of that incomparable follower of the actors' profession, David Belasco.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

Absent—Supervisors Andriano, McSheehy—2.

Death of David Belasco.

The following was presented and read by the Clerk:

San Francisco, Cal., May 15, 1931.

To the Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: In the death of David Belasco, San Francisco, and in fact the whole nation, has suffered an irreparable loss.

Born in the most humble surroundings, handicapped in his early youth by every conceivable hardship and obstacle, he rose to the highest pinnacle of success in his chosen art—the drama.

David Belasco was a genius. His art has furnished to millions of Americans the highest inspirations and the best the stage affords.

Belasco's ideals reflected the glories of our City at one of the most picturesque periods of its history. He spread the fame of his native San Francisco in every village, every hamlet and in every great metropolis of the nation.

It is fitting, therefore, that solemn memorial services be held in this, the City of his birth, to commemorate the life and achievements of one of San Francisco's greatest sons.

I therefore respectfully request that your Honorable Board grant to the Mayor authority to appoint a committee of citizens, who will arrange for an appropriate and adequate memorial service in honor of the late David Belasco.

Sincerely,

ANGELO J. ROSSI, Mayor.

FINANCE COMMITTEE REPORT.

San Francisco, California, May 18, 1931.

To the Honorable The Board of Supervisors.

Gentlemen: The Finance Committee presents herewith budget estimates for the fiscal year 1931-32, total of which is \$26,376,130. The budget for 1931 total was \$26,858,329. This total does not include the School Department.

The Finance Committee was confronted with extraordinary and difficult economic conditions, because of unemployment relief and the large increase in bond interest and redemption charges. Obviously, the committee and the Board of Supervisors cannot be held responsible for any part of these two circumstances. The people voted the bonds, and the first obligation of the community is to pay interest and redemption on these expenditures.

There has been no reduction in the wage rates of any municipal employees, and no additional positions estimated for. There have been no increase in salaries other than several minor positions which were authorized by the Board of Supervisors subsequent to the adoption of the 1931 budget.

The problem of the five-day week employment for per diem men was one of the adjustments which caused considerable delay in the preparation of the budget. Every effort has been made to make the adjustment equitable as far as is humanly possible at this time. The Committee recommends that per diem men be employed at the present rates five days a week, and the balance of the money which would have been in the items for the sixth day is concentrated in an item under the control of the Board of Supervisors; this money to be appropriated by the Board of Supervisors on recommendation of the departments as the men are employed. The purpose of this set-up is to provide the same amount of money for these employments for 1931-32 as in 1930-31, and to distribute the money, under the control of the Supervisors, in such manner as will provide wages for additional men to do necessary work. In other words, the same amount of money is recommended, to be spread as far as possible in creating employment for more men during this economic depression.

Bond Interest and Redemption.

The gross requirements for bond interest and redemption is \$11,-

548,264. To meet this charge, the Committee has taken into consideration as a credit the following revenues:

| | |
|--|----------------|
| San Francisco Water Department..... | \$2,755,000.00 |
| Pipeline Rentals | 250,000.00 |
| Premium on Bonds | 700,000.00 |
| Hetch Hetchy Depreciation | 100,000.00 |
| Hetch Hetchy Power Operative Revenue..... | 1,500,000.00 |
| County Road Fund (for 1927 boulevard bonds interest) | 243,264.00 |
| | \$5,548,264.00 |

By using the foregoing balances for bond interest and redemption, it requires the levying of a tax to raise \$6,000,000 as against \$5,525,000 in 1931.

The obligation to the federal government to build roads and trails in Hetch Hetchy terrain we recommend be met out of Hetch Hetchy Bond Fund. It is apparent that completion of the Hetch Hetchy project will require an additional bond issue within the next two or three years.

The Committee believes, and recommends, that every effort should be made to provide for the installation and operation of the new charter on January 8, 1932. So far as is possible, we estimate the moneys required have been provided in the sums appropriated. In addition, there is a sum of \$25,000 (a sort of contingent fund), for the use of the 1932 officials when they take office and set up their official functions. The Committee on Accounting, working on this problem, has suggested, and the City Attorney has concurred therein, that the Board of Supervisors make up a budget for the fiscal year in the regular form. January 8th, when the new officials take office, these various accounts can be transferred to the new bookkeeping set-up, and there need be no interruption in the functioning of the city government.

Accompanying this report and budget estimate is an ordinance appropriating from the County Roads Fund moneys for street maintenance and repairs. Therefore, these two bureaus of the Board of Public Works are omitted from the budget ordinance.

The Charter procedure after January 8th takes the preparation of the budget from the Board of Supervisors. The estimate to be compiled by the Administrative Department and the Mayor, and in due time presented to the Board of Supervisors, which still retains the authority and the power to enact the budget.

The condition of the assessment roll cannot be estimated at this time. The Assessor estimates a very marked decrease in revenues, which necessarily must be reflected in the tax rate which is to be fixed in September. After the assessment is prepared by the Assessor and revised by the Board of Equalization, it will be then possible to adjust the tax rate to meet conditions and provide for the necessary money to carry on the city government.

The Committee calls to the attention of the Board the earnest and sincere recommendation of the Advisory Committee on Unemployment to include in this year's budget \$350,000 for relief of unemployed men and women and the care of families during the coming winter. This situation is the most acute in the history of the United States; and, in fact, of all the world. The Committee has sympathetic concern for this recommendation, but feels that it is a matter which should be determined by the Board when the facts are presented to it.

Your committee, in conformity with the Budget data required by the Freeholders' charter, to be in effect January 8, 1932, will, prior to the fixing of the tax rates, submit to your Board an all-inclusive Budget.

This report will contain not only estimated expenditures, but the

estimated revenues and receipts from all and for all purposes, and will be inclusive of the

General Fund,
Hetch Hetchy Water,
San Francisco Water Department,
Municipal Railways,
County Road Fund,
School Department,
Parks,
Playgrounds.

When the same shall have been presented, it will formally establish a procedure necessary for more easily establishing the system effective January 8, 1932.

Respectfully submitted,

J. EMMET HAYDEN, *Chairman*.
ALFRED RONCOVIERI.
CARL W. MILES.

BUDGET

For Municipal Expenditures, City and County of San Francisco, California, for Fiscal Year 1931-1932.

BILL NO. _____, ORDINANCE NO. _____ (New Series).

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1932, and making a budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposes set opposite the same, to be expended during the fiscal year ending June 30, 1932, in accordance with the provisions of Article III, Chapter I, of the Charter of the City and County.

Section 2. No department, officer, board or commission shall expend, or agree to expend, moneys, or to incur liabilities which, in total amount, exceed the total sum appropriated to such department, officer, board or commission by this ordinance, or which may subsequently be appropriated to such department, officer, board or commission.

Section 3. The amounts appropriated to the various departments, officers, boards and commissions shall be expended and administered by them subject to the following conditions:

a. No department, officer, board or commission shall expend moneys, or incur liabilities, in excess of the total amount appropriated to such department, officer, board or commission; provided further, that such expenditure shall conform to the provisions of Article III, Chapter I, Section 9, of the Charter.

b. When a specific appropriation is made to any bureau, division or institution of a department, board or commission, such appropriation shall be known and administered as a main appropriation title, and the main division thereunder of an object of expenditure classification as theretofore adopted shall be known and administered as a specific sub-appropriation thereof.

c. Departments, officers, boards or commissions desiring to make transfers from one sub-appropriation to any other sub-appropriation embraced within the same main appropriation title shall file with the Finance Committee of the Board of Supervisors a statement in duplicate setting forth the reasons for requesting such transfers, the purpose to which the money is to be devoted, the sub-appropriations

from and to which such transfer is requested, the amounts of such transfers, and any other facts which may aid in determining the merits of such request. Whenever any such transfer is approved by the Finance Committee, the duplicate request shall be forwarded to the Auditor and a notice sent to each department making the request, setting forth the amounts of each sub-appropriation, or budget item numbers affected. In case of disapproval, notice to this effect shall be given to the department making the request.

d. Whenever any department, officer, board or commission desires to make a transfer from any sub-appropriation or appropriation embraced in one main appropriation title or titles, to any other or the same sub-appropriation or appropriations embraced in or desired to be embraced in any other main appropriation title or titles, said department, officer, board or commission shall file with the Board of Supervisors a statement in duplicate similar to the statement required in condition "C" above and containing, in addition, the main appropriation title or titles from and to which such transfer is requested. If the Board of Supervisors approves the request, notice thereof shall be forwarded to the originating department and the duplicate copy of the request forwarded to the Auditor. Said notice shall contain the main appropriation title or titles affected, the sub-appropriation or appropriations from and to which such transfer is to be made and the amounts thereof. If the Board of Supervisors denies the request, notice thereof shall be sent to the originating department, with the reasons for such action.

Section 4. The amounts appropriated are as follows:

Public Hearing on Budget.

Supervisor Hayden moved that Thursday, May 21, at 10 a. m., be fixed as the time for public hearing on the Budget.

Supervisor Gallagher declared that Miss Felton, representing the Associated Charities, had notified representatives of the largest tax payers that the public hearing would be on Wednesday, at 10 a. m. and moved as an amendment that that time be fixed.

Motion *lost* by the following vote:

Ayes—Supervisors Breyer, Gallagher, Garrity, McGovern, Roncovieri, Spaulding—6.

Noes—Supervisors Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Shannon, Stanton, Suhr—10.

Absent—Supervisors Andriano, McSheehy—2.

Whereupon, the roll was called and Supervisor Hayden's motion fixing Thursday, at 10 a. m., *carried*.

ADJOURNMENT.

There being no further business, the Board, at the hour of 7:15 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors June 1, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

THURSDAY, MAY 21, 1931, 10 A. M.

In Board of Supervisors, Thursday, May 21, 1931, 10: a. m.

The Board of Supervisors met for the purpose of hearing the public on the proposed Budget of Municipal Expenditures for the fiscal year 1931-1932.

CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Breyer, Canepa, Colman, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Absent—Supervisors Andriano, Gallagher, Suhr—3.

PUBLIC HEARING.

Selah Chamberlain, chairman of the Citizens' Committee for the Stimulation of Employment and director of the Community Chest, appeared in behalf of the request of the Associated Charities for an item in the budget of \$350,000 to take care of anticipated needs for affording relief of the unemployed during the coming winter. He filed a statement of the operations of his committee, showing payments made from Bond Issue Fund for relief of unemployment up to May 21, 1931.

John O'Connell, secretary of the San Francisco Labor Council, was heard on the same subject, declaring that the necessity for affording relief was increasing and that \$350,000 set aside for that purpose would be at least needed during the coming winter when the unemployment condition would be at its crisis.

Mr. E. B. De Golia, representing the Citizens' Budget Committee comprising thirty organizations banded together to effect economies in the budget, was also heard to the effect that his organization had given consideration to the urgency of this appropriation of \$350,000 for unemployment relief during the ensuing fiscal year, and recommended that that amount be made available.

Rev. Father Moriarty, representing the Catholic Welfare Council, also urged the necessity of this appropriation with particular stress upon the necessity of providing for approximately 400 women a week at a cost of \$20,000 per month. He urged that this question of unemployed women be given particular consideration inasmuch as it had been overlooked more or less in the past.

Rev. Dr. Deems, representing the Church Federation, read a letter from Bishop Parsons, who could not be present, also urging the necessity for this appropriation for relief of unemployment.

Mrs. Paul Spring, representing Parents and Teachers Association, interested in the care of over 4000 children, also spoke in favor of the appropriation.

Col. Corcoran of the Salvation Army also spoke in favor of making this appropriation for relief of unemployment.

Miss Catharine Felton, representing the Associated Charities, was also heard to the same effect.

Mr. Hammer, representing the San Francisco Chamber of Commerce.

declared that his organization was in hearty accord with the organizations above mentioned in providing for relief of unemployment.

Palmer Fuller, representing the Community Chest, also urged the relief for unemployment appropriation.

J. Sabin, taxpayers' association, urged that the amount be raised from \$350,000 to \$500,000 for unemployment relief and the difference be made up by reducing salaries in municipal employment.

Joseph P. Osterloh, representing the East and West of Castro Improvement Club and Noe Valley Improvement Club, urged that there be no cutting down of the Playground Commission's budget and declaring that great need for the extension of playground facilities in Eureka and Noe Valley existed and should not be let down at this time.

Mr. Houston, representing Ingleside, Balboa, Mt. Davidson and Ocean View District, protested contemplated cut in playground commission appropriation from 7 cents to 5 cents on the hundred, declaring that same has been maintained at the 7 cent rate for the past three years and there was still much work to be done and kept up, besides the larger rate would make for additional employment for the people of San Francisco.

Edward Kenny, representing the Geary Street Merchants' Association, favored the Playground Commission for an adequate appropriation to take care of its program for the ensuing fiscal year.

George Gerhardt, representing Civic League of Improvement Clubs and Associations, declared that his organization was backing up the Finance Committee 100 per cent in its report. He commended the committee for its proposed economies and urged that funds be conserved wherever possible without hardship to any of our citizens.

J. Ford, representing Visitacion Valley Organization, spoke in favor of the appropriation for the Playground Commission, and urged that some attention be given to the needs of the people living in Visitacion Valley, where playgrounds are a growing necessity.

T. Marshall, representing the Mission Merchants' Association, urged an appropriation of \$100,000 out of the County Road Fund, to start the proposed widening of Army street from San Bruno avenue to San Jose avenue.

A. B. Frank, representing the Excelsior Merchants' Association; Mr. Farley, representing Southern Civic Clubs, and Assemblyman Gilmour also urged the appropriation of \$100,000 for the Army street widening improvement.

Mr. Marquette, representing the Visitacion Valley Improvement Club, urged large appropriations for everything necessary that employment might be afforded.

RECESS.

Thereupon, at the hour of 12 noon, the Board of Supervisors took a recess until 2:30 p. m.

J. S. DUNNIGAN, Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2:30 p. m., all members heretofore noted being present, Supervisor Breyer in the chair.

PUBLIC HEARING (Continued).

John Daily, representing the Per Diem Men's Association, was heard in favor of a proposition to place the per diem men in the city's employ on a monthly basis.

John Hughes and J. McMillan, representing the Per Diem Men's Association; Thomas Doyle, secretary, Building Trades Council, and John O'Connell, president of the San Francisco Labor Council, added their arguments for the per diem men's request that they be put on a monthly basis.

Pierre Flaherty, representing Auto Machinists, a representative of

the Blacksmiths' Union, John J. O'Conner, representing the Asphalt Pavers, and J. J. Kelly, representing the Central Federation of Improvement Clubs, were heard to the same effect.

M. Champain, electrician in the Board of Public Works, and first on the Civil Service list, urged position be made for an additional electrician to take care of needed superintendence of public buildings.

R. R. Cory, representing operating engineers, and S. Malatesta, member of the Board of Freeholders, were also heard.

Mrs. Edna Calhan, representing members of the San Francisco Fire Department, urged an appropriation of \$2,700 to provide for the promotion of ten hosemen to the position of lieutenants in the Fire Department, these men having passed the necessary Civil Service examination and qualified for the position.

Chief Charles J. Brennan, San Francisco Fire Department, declared that they now had 131 lieutenants and that number was all that was necessary for the operation of the Fire Department. He believed that the Fire Commission were best qualified to know the number of lieutenants necessary for its proper maintenance and operation.

Frank Kennedy, secretary of the Fire Commission, was also heard to the same effect.

E. B. De Golia, representing the Citizens' Budget Committee, declared that his organization sustained the contention of the Fire Department as to the number of lieutenants necessary.

Mrs. J. Friedman, representing the Visitacion Valley Improvement Club, favored the utmost appropriation for the Playground Commission in order that playground facilities might be afforded children in the Visitacion Valley.

G. R. Hill, representing the Highway Division Association, urged an appropriation of \$200,000 for the proposed Divisadero-Castro boulevard extension through the Western Addition.

A. Becker, representing Eureka Valley-Divisadero-Castro Highway Association, consisting of eight improvement clubs, urged the securing of state aid which, together with an adequate appropriation by the City, will provide for the proposed Divisadero-Castro Highway development.

T. Mahoney also urged that steps be taken to bring about a realization of the projected Divisadero-Castro boulevard.

Harry Hook, representing the Machinists' Union, urged a monthly salary for machinists now working for the City on a per diem basis and the doing away with overtime as a result of such a change. He says there are 56 men in all working as machinists for the City, 49 of which are per diem men.

John Cuddy, representing Californians Incorporated, thanked the Finance Committee for the continued support it was giving its organization in advertising northern California.

Adolph Uhl, representing the Taxpayers' Association, made numerous suggestions for the reduction of the budget. He recommended the giving up of the Mills Field Airport, and saving the appropriation of \$105,000 for land purchase this year. The closing temporarily of the California Palace of the Legion of Honor, saving thereby \$85,000 to \$90,000. In this connection he took exception to the employment in that institution of a typist brought from the East, declaring that there is sufficient talent in San Francisco available for such employment. He recommended certain economies in the operation of the Auditorium and declared that there was a deficit there now of \$185,000. Referring to the highway bonds, he declared that Milton Marks, chairman of the Citizens' Committee, had promised that there would be no bond interest and redemption to be taken care of in the tax rate when the people were asked to vote these bonds, but that the same would be taken care of out of the County Road Fund. "These items should not be in the budget," he said. He also spoke of the losses suffered by operation of the Municipal Railway and indicated steps that might

be taken to correct this condition. With reference to maintenance of streets and sewers, he declared he had made certain checks on men working in the Sewer Department which indicated to him that there was a good deal of wasted time on numerous street repairing and sewer repairing jobs in the city, two of which he mentioned specifically.

William E. Edminster, employee of the Sewer Department, replied in detail to the statements of Mr. Uhl with respect to operation of the Sewer Department and the methods employed by men engaged in sewer work in order to prevent accident and danger to those employed in such precarious employment. He explained necessity of some of the crew to remain above in apparent idleness in order to be ready to afford relief to the men below in case any are overcome by noxious gases and other dangers incident to the work. He also explained the necessity of one crew relieving the other each hour, as that is as long as men can effectively work in sewers without endangering their health or life.

M. Sovig, representing the Park-Presidio Improvement Club, urged the widening of Fulton street on the park side. He complained of the so-called bottleneck at Geary street and Presidio avenue and the necessity for correcting it.

Captain Lamb, Secretary of the Park Commission, declared that the Commission will try to cooperate and economize to the best of its ability. He urged that the parks be allowed 10 cents in the tax rate.

William N. Naury, representing the San Francisco Municipal Research Bureau, was also granted the privilege of the floor and was heard at length on the proposed Budget.

W. M. Strother, secretary of the California Palace of the Legion of Honor and the DeYoung Museum, was heard in reply to the criticism of Adolph Uhl as to the temporary closing of the museums and the employment of Eastern help in preference to local labor.

Motion.

Whereupon, on motion of Supervisor Peyser, the Budget was taken into the hands of the Board, and on motion of Supervisor Peyser, seconded by Supervisor Canepa, the Board took a recess until 10 a. m. tomorrow, May 23, 1931.

J. S. DUNNIGAN, Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2:30 p. m., all members before noted being present, Supervisor Breyer in the chair.

**Opinion of the City Attorney as to Result of Failure of Board to
Appropriate \$105,000 for Additional Land For Airport.**

The following was presented, read and ordered spread in the Journal:

May 22, 1931.

Hon. J. Emmet Hayden, Chairman Finance Committee, Board of Supervisors, City.

Dear Sir: I have your letter under date of May 21st wherein you ask that I advise the Board of Supervisors as to the result which would follow should the Board fail to appropriate the sum of \$105,000 for the purchase of additional land for Mills Airport.

The rights of the City to acquire this property are fixed by agreement, under date of August 16, 1930, between Mills Estate, Inc., and the City and County. Under the terms of this agreement the City was obligated to purchase a portion of the land prior to the first day of September, 1930, at a cost of \$105,000, and was granted the option of acquiring a like portion of the property each year upon the payment of a like sum of money.

Under further provisions of the agreement the City did not bind

itself to purchase anything with the exception of the land which was to be acquired prior to September 1, 1930.

However, the right of the City to continue to occupy the entire tract is dependent upon the purchase of at least one parcel of land at a cost of \$105,000 each year, and should the City not avail itself of this privilege, it must vacate all of the property with the exception of that which it has already purchased.

Upon the property being vacated, it will be incumbent upon the City to remove, at its own expense, all improvements which it has made upon any part of the property which may not have been acquired by the City.

The lease which the City formerly held upon the property actually occupied at the present time for aviation purposes was merged in the agreement above mentioned, and the failure of the City to purchase a parcel of the property described in the agreement prior to September 30th would mean that the right of the City to acquire any further property from the Mills estate would cease, and the City would be obliged to remove all the improvements which it heretofore constructed upon the property, for the reason that none of these improvements are situated upon the property acquired by the City last year.

Sincerely yours,

JOHN J. O'TOOLE, City Attorney.

Amendments Referred.

Thereupon, the following amendments were proposed and *ordered referred to the Finance Committee*:

Supervisor Stanton, that Item 31, Street Lighting, be increased to \$900,000.

Supervisor McSheehy, that Item 35, Exempt Firemen, be increased from \$4,170 to \$5,000.

Supervisor Colman, that Item 950, Playground Commission, be increased to \$450,000.

Supervisor McSheehy, that Park Commission be allowed 10 cents in the tax rate.

Supervisor Peyser, that Items 911 to 915, inclusive, San Francisco Hospital other than Personal Services, be increased \$25,000.

Supervisor Peyser, that Items 928 to 931, inclusive, Emergency Hospitals other than Personal Services, be increased \$25,000.

Supervisor Peyser, that Item 961, Publicity and Advertising, be increased \$10,000.

Supervisor Spaulding, that Item 549, Lieutenants in the Fire Department, be increased from 128 to 138, with an additional appropriation of \$2,700.

Supervisor Canepa, that \$50,000 be appropriated out of County Road Fund for the Divisadero-Castro Highway, and \$100,000 for the widening of Army street.

Amendments Carried.

The following amendments were offered and *carried*:

Supervisor Colman, that Playground Commission appropriation be increased from \$400,000 to \$450,000.

Supervisor Havenner, that Item 966, De Young Museum, and Item 967, California Palace of the Legion of Honor, be each reduced to \$80,000.

Supervisor Havenner, to reduce Item 71 \$10,900, taking 10 per cent off each item above \$1,000.

Supervisor Havenner, that Item 620, Materials and Supplies, Police Department, be reduced from \$50,000 to \$40,000.

Supervisor Havenner, that Item 621, Equipment, Autos, etc., be reduced from \$35,000 to \$30,000.

Per Diem Men's Adjustment.

Supervisor Miles offered an adjustment of the per diem men's employment whereby they are placed on a monthly basis, as requested. To this end the Budget was amended by adding a new subdivision known as Subdivision (e), relating to per diem employments, and by changes in the salary indicated for those heretofore so employed as appears in the Budget following.

Passed for Printing.

Whereupon, on motion of Supervisor Hayden, the following matters were *passed for printing* by the following vote:

BUDGET

For Municipal Expenditures, City and County of San Francisco, California, for Fiscal Year 1931-1932.

BILL NO. 9412, ORDINANCE NO. 9001 (New Series).

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1932, and making a budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposes set opposite the same, to be expended during the fiscal year ending June 30, 1932, in accordance with the provisions of Article III, Chapter I, of the Charter of the City and County.

Section 2. No department, officer, board or commission shall expend, or agree to expend, moneys, or to incur liabilities which, in total amount, exceed the total sum appropriated to such department, officer, board or commission by this ordinance, or which may subsequently be appropriated to such department, officer, board or commission.

Section 3. The amounts appropriated to the various departments, officers, boards and commissions shall be expended and administered by them subject to the following conditions:

a. No department, officer, board or commission shall expend moneys, or incur liabilities, in excess of the total amount appropriated to such department, officer, board or commission; provided further, that such expenditure shall conform to the provisions of Article III, Chapter I, Section 9, of the Charter.

b. When a specific appropriation is made to any bureau, division or institution of a department, board or commission, such appropriation shall be known and administered as a main appropriation title, and the main division thereunder of an object of expenditure classification as theretofore adopted shall be known and administered as a specific sub-appropriation thereof.

c. Departments, officers, boards or commissions desiring to make transfers from one sub-appropriation to any other sub-appropriation embraced within the same main appropriation title shall file with the Finance Committee of the Board of Supervisors a statement in duplicate setting forth the reasons for requesting such transfers, the purpose to which the money is to be devoted, the sub-appropriations from and to which such transfer is requested, the amounts of such transfers, and any other facts which may aid in determining the merits of such request. Whenever any such transfer is approved by the Finance Committee, the duplicate request shall be forwarded to the Auditor and a notice sent to each department making the request, setting forth the amounts of each sub-appropriation, or budget item numbers affected. In case of disapproval, notice to this effect shall be given to the department making the request.

d. Whenever any department, officer, board or commission desires to make a transfer from any sub-appropriation or appropriation embraced in one main appropriation title or titles, to any other or the same sub-appropriation or appropriations embraced in or desired to be embraced in any other main appropriation title or titles, said department, officer, board or commission shall file with the Board of Supervisors a statement in duplicate similar to the statement required in condition "C" above and containing, in addition, the main appropriation title or titles from and to which such transfer is requested. If the Board of Supervisors approves the request, notice thereof shall be forwarded to the originating department and the duplicate copy of the request forwarded to the Auditor. Said notice shall contain the main appropriation title or titles affected, the sub-appropriation or appropriations from and to which such transfer is to be made and the amounts thereof. If the Board of Supervisors denies the request, notice thereof shall be sent to the originating department, with the reasons for such action.

e. Where any appropriation contained in this budget ordinance is based upon a per diem wage, the Board may, by proper resolution or ordinance, change the basis of compensation to a monthly wage, provided the said change makes no increase in said appropriation. The said monthly wage to be one-twelfth of the annual amount indicated in any budget item number in said ordinance for each employee. Provided, however, that when any employee shall work less than five days in any one week, deductions shall be made from his monthly compensation for each day not worked, including recognized holidays, on the basis of 1/254 of his annual compensation, provided no deduction shall be made for the annual vacation allowed by law.

Section 4. The amounts appropriated are as follows:

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

Terms and Conditions of Sale.

- (a) That said lease shall be for a term of 20 years from July 1, 1931.
- (b) That said premises shall be used only as a golf course and for catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the general manager of the San Francisco Water Department.
- (c) That lessee shall, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.
- (d) That rental of said premises shall be payable monthly in advance, and by way of additional rental for the demised premises an amount equal to all taxes and assessments of every kind which shall be levied against or made a lien upon the demised premises and/or the improvements now or hereafter erected thereon, commencing with the taxes for the fiscal year ending June 30, 1932, and continuing during the life of this lease; and further provided, in the event there should be a consolidation of the counties of San Francisco and San Mateo and if for any reason the demised properties are not subject to taxation, as additional rental for the term created, the bidders will agree to pay as additional rental throughout the term created yearly

a sum equal to the amount of all taxes paid at the end of the year when said property was subject to taxation; the amount of each assessment or of each installment of taxes to be due on or before ten days prior to the date upon which the same becomes delinquent.

(e) Lessee shall not assign said lease without the written consent of the proper officials of the City only authorized by law to give such consent.

(f) Default in payment of the amounts agreed to be paid, or breach of any of the terms or conditions of the lease, or upon proceedings against said lessee in bankruptcy or insolvency, or in any manner by operation of law, shall operate as a forfeiture and said lease shall thereupon be terminated and all improvements of said lessee thereon shall revert to and become the property of the City and County of San Francisco.

(g) At all times during the term of the lease, lessee shall conduct his business thereon and use said land in such manner as not to interfere with the conduct of the City's water supply, and the City reserves the right at all times to enter upon said land and construct water pipes, mains or any other structures necessary or useful in connection with said water supply.

(h) No improvements or changes in said golf course shall be made on said property without the written consent of the general manager of the San Francisco Water Department first had and obtained therefor.

(i) For a period of 30 days commencing at the expiration or other termination of the lease, excepting as above provided for breach of provisions of subdivision "f" hereof, the City shall have the option to purchase the buildings, water pipes, tanks or other removable property of lessee, excepting sod of greens and fairways and drainage system, which shall belong to and be a part of said property. A board of arbitration consisting of three members, one to be selected by the City, one by the lessee and a third by the two so selected, shall fix the value of such property, the decision of any two to be binding on both the City and the lessee. At the expiration of said 30 days, and during the period of 60 days thereafter, lessee shall be entitled to remove the aforesaid improvements from the premises in so far as the option may not have been exercised, leaving the premises from which such improvements have been removed in a condition satisfactory to the general manager of the San Francisco Water Department; provided, however, that in event of failure to so remove such improvements, same shall remain on the property and become a part thereof without recourse by said lessee.

(j) Lessee shall save and hold harmless the City from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or his patrons' use of or activities on the demised area or any adjacent lands of the City.

(k) Lessee, or anyone using or in any way connected with the uses or purposes of the lease, shall not trespass on any adjacent land of the City.

(l) Lessee shall at all times, and at his sole expense, comply with all regulations of the Boards of Health of the City or State in the matter of sanitation on the demised premises.

(m) The golf course shall be maintained during the term of the lease in a manner satisfactory to the City.

(n) The bidder shall agree to pay the sum of \$300 to defray the cost of advertising the necessary resolutions, ordinances and notices in connection with this solicitation of bids.

(o) No bid will be received unless the bidder shall agree to pay to Crystal Springs Country Club the sum of \$172,000, which sum represents the value of the improvements on the demised premises and existing lease.

Manner of Bidding.

At the time and place hereinabove stated the Clerk of the Board of Supervisors will read this notice, and thereupon the Presiding Officer of the Board of Supervisors will call for bids for the lease of the property described herein.

Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease.

Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Supervisors the sum of \$1,000, or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County.

In case any bidder shall fail to make such deposit, his bid shall be then and there rejected and the lease shall be struck off and awarded to the next highest bid, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

This notice is given pursuant to the direction of Resolution No. 34239 (New Series).

Referred.

Bid of Crystal Springs Golf Club, with certified check for \$1,000, referred to Joint Committee on Public Utilities and Welfare to report at next meeting.

On motion of Supervisor Havenner the following bill was *rereferred to the Public Utilities Committee*:

Market Street Railway Franchise on Turk Street and on Balboa Street.

Bill No. 9403, Ordinance No. ——— (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street, and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May, 1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms, conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, main-

tained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit: .

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Unless said acceptance be filed within said period of twenty days after this ordinance becomes effective, this ordinance shall become and remain null and void and all rights granted thereby shall cease and determine.

Section 7. This ordinance shall take effect from and after the date of its approval.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Establishing Grades on Montcalm Street and Other Streets and Avenues.

On recommendation of Streets Committee.

Bill No. 9408, Ordinance No. 8997 (New Series), as follows:

Changing and re-establishing the official grades on Montcalm street between its intersection with Isabel and Brewster streets and Peralta avenue; in Peralta avenue between Montcalm street and the westerly line of Florida street produced southerly; on Mullen avenue between

Peralta avenue and Wolfe street; on Wolfe street between Peralta avenue and Franconia street; on Macedonia street between Montcalm and Brewster streets; and on Franconia street between Wolfe and Montcalm streets.

Whereas, the Board of Supervisors, on the written recommendation of the Board of Public Works, did, on the 24th day of February, 1931, by Resolution No. 34,009 (New Series), declare its intention to change and re-establish the grades on Montcalm street between its intersection with Isabel and Brewster streets and Peralta avenue; on Peralta avenue between Montcalm street and the westerly line of Florida street produced southerly; on Mullen avenue between Peralta avenue and Wolfe street; on Wolfe street between Peralta avenue and Franconia street; on Macedonia street between Montcalm and Brewster streets; and on Franconia street between Wolfe and Montcalm streets.

Whereas, said resolution was so published for ten days, and the Board of Public Works within ten days after the first publication of said resolution of intention caused notices of the passage of said resolution to be conspicuously posted along all streets specified in the resolution, in the manner and as provided by law; and

Whereas, more than forty days has elapsed since the first publication of said resolution of intention; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on the streets named at the points thereon indicated and at the elevations above City base as shown thereon are hereby changed and established as per that certain diagram entitled

"Grade Map, showing the proposed change and establishment of grades on Montcalm street between its intersection with Isabel and Brewster streets and Peralta avenue; on Peralta avenue between Montcalm street and the westerly line of Florida street produced southerly on Mullen avenue between Peralta avenue and Wolfe street; on Wolfe street between Peralta avenue and Franconia street; on Macedonia street between Montcalm and Brewster streets; and on Franconia street between Wolfe and Montcalm streets.

Section 1. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute rights-of-way easements to the County of Alameda over lands owned by the City and County of San Francisco situated in Alameda County and under the control of the Water Department of the City and County of San Francisco, for the purpose of constructing and maintaining roads.

Section 2. The rights-of-way easements for which the deeds described in Section 1 hereof are to be issued are situate within the following described lands in the County of Alameda, State of California—

(a) For the Niles Canyon Road, so called, which leads from the town of Niles to the town of Sunol, an easement of right-of-way over and upon a strip of land varying in width from 50 to 100 feet (as said width has been fixed and adopted by the Board of Supervisors of said County of Alameda), commencing at or near the westerly line of Vallejo street, so called, in said town of Niles and running in a general northeasterly direction to the westerly terminus of County Road No. 7486;

(b) For said Niles Canyon Road, so called, an easement of right-of-way over and upon a strip of land containing an area of 0.081 acres,

more or less, extending in a westerly direction from the westerly line of said Vallejo street, so called;

(c) For the Vallecitos road, so called, which leads from a point near the town of Sunol to a point near the city of Livermore, an easement of right-of-way over and upon a strip of land 66 feet wide, commencing at or near the northerly line of Lots J and K of the Sunol portion of Rancho El Valle de San Jose and running in a general northeasterly direction to the northerly line of the Sunol portion of said rancho;

—in so far as said strips of land herein described lie within the boundaries of lands owned by said City and County of San Francisco.

Section 3. The grants to be made are to be subject to the following express conditions, which shall be accepted by legal legislation by the Board of Supervisors of the County of Alameda before these easements of rights-of-way become effective, viz.:

First: The party of the second part shall at its own expense construct and maintain a public road or highway over and on the land above described, and shall hold the party of the first part free from any obligation or expense in connection with the construction, maintenance or repair of such road or highway, the necessity for which may result from any cause whatsoever.

Second: The easements of rights-of-way hereby granted shall apply solely to the surface of the land hereinabove described, and the party of the first part hereby expressly reserves the right at all times to construct, place, maintain, use, repair and replace pipe lines and any and all waterworks structures, appurtenances, appliances and equipment, including telegraph, telephone and electric power pole and wire lines, under, across, along and/or over the said land hereinabove described and not inconsistent with the uses and purposes for which this grant is made.

Third: The party of the second part shall hold and save harmless the party of the first part from any and all responsibility due directly or indirectly to the construction, maintenance or use of said highway.

Fourth: The easements of rights-of-way hereby granted are for public road or highway purposes only, and no other rights shall be granted by the party of the second part to any person, corporation or municipality without first receiving the approval of the party of the first part.

Section 4. This ordinance shall take effect immediately.

Action Deferred.

The following bill was *laid over one week*:

Requesting the Railroad Commission to Make a Report on the Operation of the Municipal Railway.

Bill No. 9417, Ordinance No. ——— (New Series), as follows:

Directing the Board of Public Works to request the Railroad Commission of the State of California to assist said Board of Public Works to make an investigation and report to the Board of Public Works covering the operations of the Municipal Railway of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Board of Public Works be and it is hereby directed to request the Railroad Commission of the State of California to assist the Board of Public Works of the City and County of San Francisco by having its engineering and technical organization, under the direction of its Chief Engineer, make an investigation and report to said Board of Public Works covering the operations of the Municipal Railway, including a study of traffic characteristics, sched-

ules, financial results of operation and financial and physical requirements for the immediate future; these studies to include possible operating economies, reroutings and all other matters looking toward improvement in return with the maintenance of adequate service and the retention of existing wage schedules and present basic rate of fare. That said study, report and investigation shall not embrace the formulation of plans for consolidation or joint operation of the Municipal Railway with privately owned companies except where incidentally necessary to effect economies, improve service or relieve street congestion.

Section 2. The cost of this work shall be met out of Municipal Railway funds, and the sum of ten thousand (\$10,000) dollars is hereby appropriated and ordered paid from said funds to the State Railroad Commission, to be deposited with the Secretary of said Commission when the said Railroad Commission shall signify its intention of complying with the aforesaid request; and the Secretary of said Commission is requested to make a monthly report of expenditures to this Board, and, upon completion of the work, shall return any unexpended balance to the City Treasurer.

Section 3. The Board of Public Works shall direct the Superintendent of the Municipal Railway to furnish the Chief Engineer of the Railroad Commission and his authorized assistants with free transportation over the lines of the railway for use in the performance of their official duties while engaged on this work.

Section 4. That when said report is completed and received that the Board of Public Works forthwith file a copy of the same with this Board and with the Mayor of the City and County of San Francisco.

Section 5. This ordinance shall take effect immediately upon its passage.

The following resolution was *adopted*:

Award of Contract for Annual Report of Playground Commission.

On recommendation of Supplies Committee.

Resolution No. 34474 (New Series), as follows:

Whereas, under a certain agreement dated January 23, 1928, and entered into between Welded Products Company, Inc., and Leonard S. Leavy, the duly appointed, qualified and acting Purchaser of Supplies of the City and County of San Francisco, the said Welded Products Company, Inc., did promise and agree to furnish to the City and County of San Francisco certain supplies, to-wit: certain steel street markers; and

Whereas, it was provided in said agreement above mentioned that

the said Welded Products Company, Inc., would save the said Purchaser of Supplies and the City and County of San Francisco free and harmless from all claims of any other person, firm or corporation claiming to have a patent on the said street markers furnished under said contract; and

Whereas, the said Welded Products Company, Inc., did on the said 23rd day of January, 1928, with the Royal Indemnity Company as surety, execute and deliver to the said Purchaser of Supplies a bond in the sum of four thousand (\$4,000) dollars, conditioned for the faithful performance of the said contract; and

Whereas, said Welded Products Company, Inc., has delivered to the City and County of San Francisco the said steel street markers in conformity with the provisions of said contract, and the United States courts have finally determined that no person had a valid patent upon the said street markers, and that the said Welded Products Company, Inc., in manufacturing and delivering the same to the City infringed on the patent of no person, and that all liability on the aforesaid bond has now ceased and determined; now, therefore, be it

Resolved, That the Welded Products Company, Inc., and the Royal Indemnity Company are hereby released and acquitted from all further liability under the aforesaid contract or under the said bond given for the faithful performance thereof.

Endorsing Senate Bill No. 339, Appropriating \$250,000 From the State Treasury for Permanent Buildings for Annual Live Stock Shows.

Supervisor Hayden presented:

Resolution No. 34480 (New Series), as follows:

Whereas, the Legislature of the State of California has passed

Senate Bill No. 339, appropriating the sum of \$250,000 from the State Treasury, to be used in the construction of permanent buildings for a live stock exposition to be held annually in Agricultural District 1A, comprised of San Francisco and San Mateo counties and

Whereas, Agricultural District 1A has agreed to furnish the site for the above-mentioned buildings, and also to match the State appropriation of \$250,000 with an equal amount; and

Whereas, these national live stock expositions have been of great benefit to other sections of the country where they are held annually, not only benefiting the cities in which they are held, but also the entire live stock industry and other branches of agriculture in those sections of the country; and

Whereas, we believe that this national live stock exposition would be a great asset, not only to the City of San Francisco, but also to the entire State of California; and

Whereas, this live stock exposition has the backing of the live stock interests of the State, and is an exposition that has been long wanted by the live stock interests of the State; therefore, be it

Resolved, That we, the Board of Supervisors of the City and County of San Francisco, meeting this 25th day of May, 1931, do endorse Senate Bill No. 339 and urge the Governor of the State of California to sign the said bill.

Message of His Honor Mayor Rossi on Importance of Averting Water Shortage in San Francisco.

The following was read by the Clerk and copies ordered sent to members:

San Francisco, Cal., May 25, 1931.

The Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen of the Board of Supervisors: In conformity with the duties imposed upon me under the provisions of Section 2 of Chapter I, Article IV, of the Charter, I address you upon a matter which I believe to be of the utmost importance to the people of San Francisco, to-wit: the present and future water supply available for the needs of our City. I am glad to be able to state that the recent action of your Board in obtaining an auxiliary supply of water from the East Bay Municipal Utility District has averted a water shortage for the

present year, but I cannot report as favorable a condition for the coming calendar year.

I am advised by Chief Engineer O'Shaughnessy and Mr. Nelson A. Eckart, manager of the San Francisco Water Department, through the Board of Public Works, that on January 1, 1931, we had in storage in the various reservoirs approximately 6,455,000,000 gallons of water. On May 16th of this year, notwithstanding the runoff for the year and the receipt of approximately the 20,000,000 gallons per day from the East Bay Municipal Utility District, the stored supply was reduced to approximately 5,368,000,000 gallons. At the present time, owing to the series of unprecedented dry years, the Spring Valley properties are producing about 22,000,000 gallons per day. We are obtaining 5,500,000 gallons from the Sunset wells and 20,000,000 gallons from the East Bay Municipal Utility District, which later amount will be increased to 35,000,000 prior to July 1st of this year. Mr. O'Shaughnessy and Mr. Eckart estimate that with the present ratio of the income and outgo of water being maintained, we will have a storage January 1, 1932, of approximately 3,800,000,000 gallons of water, which would be augmented by some 2,000,000,000 gallons if we continue to receive the 35,000,000 per day from the East Bay instead of the 20,000,000 now being received. Mr. O'Shaughnessy and Mr. Eckart report that this amount does not include any runoff prior to January 1st. Our storage water is the lowest that we have had on a corresponding date within the past 25 years. Should the coming year be as deficient in rainfall as the present one, it will be necessary, even with our supply from the East Bay, to augment our incoming water not later than August 1st and preferably by July 1, 1932.

It would be most regrettable and one of the severest blows that could fall on our City if we should suffer from a shortage of water, and I believe that the remedy for so serious a situation should not be permitted to depend upon the uncertainty of climatic conditions, especially when we have an ample supply of water in our mountain division.

I therefore recommend to your honorable Board that steps be taken at once to construct over the Coast Range, along the most suitable and economic route, a pipe line of sufficient capacity to supply the present needs of the City and to connect with the westerly terminus of the San Joaquin Valley pipe line, the contract for which has recently been let by the Board of Public Works, and to terminate at some point in our present water system in Alameda County.

For the purpose of carrying out this recommendation, I suggest that your Board enact necessary legislation directing the Board of Public Works, through the City Engineer, to prepare and furnish forthwith to your Board the necessary plans and estimates of cost of such a pipe line, together with the requisite rights of way for the same and the pumping equipment necessary to force the water over the ridge. That as soon as these plans and estimates are received, your Board appropriate from the Hetch Hetchy Bond Fund an amount sufficient to construct the pipe line and pumping equipment and acquire the rights of way, and that thereupon a contract be entered into for the construction of the pipe line and pumping equipment, with a time for completion identical with the completion of the San Joaquin pipe line.

In making this recommendation, I wish it definitely understood that I am not criticizing our City Engineer or any one connected with the City administration, past or present.

If we had not been confronted by the unprecedented cycle of dry years, the plans outlined by our City Engineer for the Hetch Hetchy project would have undoubtedly brought that project to completion in ample time to fill all the needs of the City for water. These dry years could not have been foreseen, and if they were, plans would have undoubtedly been made to meet the existing emergency. Neither must

my recommendation be taken as any indications that the present plans for the completion of the aqueduct tunnel should be abandoned. I have but one thought in mind on this subject, and that is to give to San Francisco a water supply to meet the threatened shortage and not leave this relief to the vagaries of the weather.

I earnestly hope that my suggestions will receive your prompt and serious consideration.

Respectfully,

ANGELO J. ROSSI, Mayor.

Whereupon, Supervisor Hayden presented the following bill and moved its reference to the Public Utilities and Finance Committees:

Directing the Board of Public Works to Prepare Plans, Specifications and Estimate of Cost of Pipe Line Over Altamont Pass, Alameda County.

Bill No. 9418, Ordinance No. ——— (New Series), as follows:

Directing the Board of Public Works, through the City Engineer, to prepare and present to the Board of Supervisors plans and specifications for, and an estimate of, the cost of a pipe line over the Altamont Pass in Alameda County, or over some other feasible route, which said pipe line shall connect with the westerly terminus of the contemplated Hetch Hetchy pipe line across the San Joaquin Valley and terminate at a point in the present aqueduct of the San Francisco Water Department, and which said pipe line shall be of sufficient size to furnish to the City and County of San Francisco a sufficient amount of water from the Hetch Hetchy to meet the present needs of said City and County, and also to prepare and present plans and specifications for, and an estimate of, the cost of the necessary pumping equipment to operate said pipe line, as well as the estimated cost and description of the necessary rights of way for said pipe line and said pumping equipment; all to be constructed and operated in conjunction with and as a part of the Hetch Hetchy water project, and for the purpose of furnishing to San Francisco and to its inhabitants a supply of pure water for all necessary purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco, through the City Engineer, is hereby directed to prepare and present to the Board of Supervisors plans and specifications for, and an estimate of, the cost of a pipe line over the Altamont Pass in Alameda County, or over some other feasible route, which said pipe line shall connect with the westerly terminus of the contemplated Hetch Hetchy pipe line across the San Joaquin Valley, and terminate at a point in the present aqueduct of the San Francisco Water Department, and which said pipe line shall be of a sufficient size to furnish to the City and County of San Francisco a sufficient amount of water to meet the needs of said City and County. Said Board of Public Works, through the City Engineer, is also directed to prepare and present to said Board of Supervisors plans and specifications for, and an estimate of, the cost of the necessary equipment to operate said pipe line above mentioned, as well as an estimate of the cost of, and a description of, the necessary rights of way for said pipe line and said pumping equipment. That in making said plans and specifications and estimates, the Board of Public Works, through the City Engineer, shall make an estimate of the cost of constructing said pipe line and pumping plants, with a capacity of not less than 45,000,000 gallons daily, and also the additional cost of constructing said pipe line and pumping plants to provide for a delivery of 60,000,000 gallons daily, together with the probable time necessary to construct each of said lines; and he shall recommend the most feasible route for said pipe line.

Section 2. That said pipe line shall be a portion of the Hetch Hetchy water project, and shall be operated in conjunction therewith for the purpose of furnishing to San Francisco and to its inhabitants a supply of pure water for all necessary purposes.

Section 3. That the cost of constructing said pipe line and pumping equipment, as well as the cost of the necessary rights of way therefor, shall be a charge against the Hetch Hetchy Bond Fund.

Section 4. This ordinance shall be effective immediately upon its passage.

Amendment.

Supervisor Hayden moved reference to Public Utilities, Finance and Special Water Committees.

Amendment *lost* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Shannon—3.

Noes—Supervisors Breyer, Canepa, Garrity, Hayden, McGovern, Miles, Peyser, Power, Spaulding, Stanton—10.

Absent—Supervisors Andriano, Colman, Gallagher, Roncovieri, Suhr—5.

Referred.

Whereupon, the foregoing bill was, on Supervisor Hayden's motion, referred to the Public Utilities and Finance Committee jointly.

Sealed Estimate of Cost of Construction of San Joaquin Pipe Line.

The following was opened and read by the Clerk and referred to Special Water Committee:

May 20, 1931.

Board of Supervisors, J. S. Dunnigan, Clerk:

We are delivering to you today, under separate cover in a sealed envelope, itemized estimate of cost for the construction of the San Joaquin pipe line in the San Joaquin division of the Hetch Hetchy Aqueduct, Hetch Hetchy Contract No. 123, in accordance with request of the Board of Supervisors under date of May 11, 1931.

BOARD OF PUBLIC WORKS,
S. J. HESTER, Secretary.

May 19, 1931.

To the Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen: Following is my estimate of cost of the work required under Hetch Hetchy Water Supply Contract No. 123 for the construction of the San Joaquin pipe line:

- 1. Total cost of work required under all items of the contract (as shown in detail on statement hereto attached) .. \$5,761,295
 - 2. Total weight of pipe 40,000 tons
 - 3. Cost of steel plates for pipe, f. o. b. San Francisco, at \$45 per ton \$1,800,000
 - 4. Cost of fabrication 1,000,000
 - 5. Cost of delivery and installation..... 1,455,050
-
- 6. Total for 3, 4 and 5 \$4,255,050

This total is equal to the sum of Items 17 to 26, inclusive, in the itemized statement.

The difference between the totals (6) and (1), amounting to \$1,506,245, represents the cost of excavation, protective coatings, concrete and many miscellaneous items, all set forth in the itemized statement.

This estimate is furnished you in order that you may comply with

the requirements of Resolution No. 114030 (Second Series) of the Board of Supervisors.

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

Letter of Thanks From Mrs. Marsden Manson.

The following was read and ordered spread in the Journal:

San Francisco, May 22, 1931.

Mr. John S. Dunnigan, Secretary, Board of Supervisors, City Hall, San Francisco.

Dear Mr. Dunnigan: The Mayor directs me to pass to you the enclosed letter of thanks from Mrs. Marsden Manson.

Yours very truly,

_____, Secretary.

2905 Regent Street, Berkeley, Cal.

To the Mayor and Board of Supervisors, City and County of San Francisco.

Gentlemen: My two children join with me in acknowledging the most beautifully engrossed tribute and expression of appreciation of your honorable Board towards my beloved husband, the late Marsden Manson. I know that the interests of San Francisco and the State were ever in his thoughts.

Cordially,

JULIA D. E. MANSON.
(Mrs. Marsden Manson.)

Opinion of the City Attorney as to Result of Failure of Board to Appropriate \$105,000 for Additional Land For Airport.

The following was presented, read and ordered spread in the Journal:

May 22, 1931.

Hon. J. Emmet Hayden, Chairman Finance Committee, Board of Supervisors, City.

Dear Sir: I have your letter under date of May 21st wherein you ask that I advise the Board of Supervisors as to the result which would follow should the Board fail to appropriate the sum of \$105,000 for the purchase of additional land for Mills Airport.

The rights of the City to acquire this property are fixed by agreement, under date of August 16, 1930, between Mills Estate, Inc., and the City and County. Under the terms of this agreement the City was obligated to purchase a portion of the land prior to the first day of September, 1930, at a cost of \$105,000, and was granted the option of acquiring a like portion of the property each year upon the payment of a like sum of money.

Under further provisions of the agreement the City did not bind itself to purchase anything with the exception of the land which was to be acquired prior to September 1, 1930.

However, the right of the City to continue to occupy the entire tract is dependent upon the purchase of at least one parcel of land at a cost of \$105,000 each year, and should the City not avail itself of this privilege, it must vacate all of the property with the exception of that which it has already purchased.

Upon the property being vacated, it will be incumbent upon the City to remove, at its own expense, all improvements which it has made upon any part of the property which may not have been acquired by the City.

The lease which the City formerly held upon the property actually occupied at the present time for aviation purposes was merged in the agreement above mentioned, and the failure of the City to purchase a parcel of the property described in the agreement prior to September 30th would mean that the right of the City to acquire any further property from the Mills estate would cease, and the City would be obliged to remove all the improvements which it heretofore constructed upon the property, for the reason that none of these improvements are situated upon the property acquired by the City last year.

Sincerely yours,

JOHN J. O'TOOLE, City Attorney.

Adopted.

The following resolution was *adopted*:

His Honor Mayor Rossi being absent, Supervisor Hayden was elected to preside.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of May 18, 1931, was considered read and approved.

Welcome Extended to Hon. Waclaw Lecki, Vice-Consul of Poland.

The Hon. Waclaw Lecki, vice-consul of Poland, who came to San Francisco from Chicago to decorate Professor Noyes of the University of California and head of its Slavonic Department, with a degree from the University of Poland for his profound Slavonic studies and for his wonderful consideration of the living Polish poets, was presented by his Honor Mayor Angelo Rossi and addressed the Board, expressing his pleasure and gratitude for his hearty welcome and the privilege of being a guest of the City of San Francisco. He declared that he had just come from Los Angeles, where he went to discuss and settle several questions connected with the participation of Poland in the Olympic games. He referred, too, to his study of economic conditions in this country with a view to develop and to stimulate commercial relations between California and Poland.

Miss Margaret Krsae, secretary of the Slavonic Alliance, was first introduced to the Board by his Honor Mayor Rossi. She expressed briefly the purpose of this visit. She declared that while she was a native daughter, she was proud, as secretary of the Slavonic Alliance, comprising Serbian, Polish, Croatian, Slavonian and Dalmatian citizens to the number of 150,000, to present the distinguished Vice-Consul Lecki to San Francisco.

She spoke of the loyalty to America of all the citizens of Polish extraction or birth, as well as Slavs of other origins.

Otto G. Kuklinski was also heard. He presented Mr. Walters and Mr. Brotaz of Los Angeles.

Governor Balzar of Nevada Presented.

Governor Balzar of Nevada and Senator Getchell of the same state were introduced to the members. They invited the officials of San Francisco and its citizens to visit the only "free state" in the Union.

The said lease to be made to the highest bidder therefor and to be on the following terms and conditions:

Terms and Conditions of Sale.

- (a) That said lease shall be for a term of 20 years from July 1, 1931.
- (b) That said premises shall be used only as a golf course and for

catering to the patrons thereof; any other uses of said premises to be subject to the written approval of the general manager of the San Francisco Water Department.

(c) That lessee shall, throughout the term of the lease, keep the premises in a neat and attractive condition and not permit any nuisance to be created thereon.

(d) That rental of said premises shall be payable monthly in advance, and by way of additional rental for the demised premises an amount equal to all taxes and assessments of every kind which shall be levied against or made a lien upon the demised premises and/or the improvements now or hereafter erected thereon, commencing with the taxes for the fiscal year ending June 30, 1932, and continuing during the life of this lease; and further provided, in the event there should be a consolidation of the counties of San Francisco and San Mateo and if for any reason the demised properties are not subject to taxation, as additional rental for the term created, the bidders will agree to pay as additional rental throughout the term created yearly a sum equal to the amount of all taxes paid at the end of the year when said property was subject to taxation; the amount of each assessment or of each installment of taxes to be due on or before ten days prior to the date upon which the same becomes delinquent.

(e) Lessee shall not assign said lease without the written consent of the proper officials of the City only authorized by law to give such consent.

(f) Default in payment of the amounts agreed to be paid, or a breach of any of the terms or conditions of the lease, or upon proceedings against said lessee in bankruptcy or insolvency, or in any manner by operation of law, shall operate as a forfeiture and said lease shall thereupon be terminated and all improvements of said lessee thereon shall revert to and become the property of the City and County of San Francisco.

(g) At all times during the term of the lease, lessee shall conduct his business thereon and use said land in such manner as not to interfere with the conduct of the City's water supply, and the City reserves the right at all times to enter upon said land and construct water pipes, mains or any other structures necessary or useful in connection with said water supply.

(h) No improvements or changes in said golf course shall be made on said property without the written consent of the general manager of the San Francisco Water Department first had and obtained therefor.

(i) For a period of 30 days commencing at the expiration or other termination of the lease, excepting as above provided for breach of provisions of subdivision "f" hereof, the City shall have the option to purchase the buildings, water pipes, tanks or other removable property of lessee, excepting sod of greens and fairways and drainage system, which shall belong to and be a part of said property. A board of arbitration consisting of three members, one to be selected by the City, one by the lessee and a third by the two so selected, shall fix the value of such property, the decision of any two to be binding on both the City and the lessee. At the expiration of said 30 days, and during the period of 60 days thereafter, lessee shall be entitled to remove the aforesaid improvements from the premises in so far as the option may not have been exercised, leaving the premises from which such improvements have been removed in a condition satisfactory to the general manager of the San Francisco Water Department; provided, however, that in event of failure to so remove such improvements, same shall remain on the property and become a part thereof without recourse by said lessee.

(j) Lessee shall save and hold harmless the City from liens of every kind and nature and also from claims for damage to persons or property which may in any way be connected with his or his patrons'

use of or activities on the demised area or any adjacent lands of the City.

(k) Lessee, or anyone using or in any way connected with the uses or purposes of the lease, shall not trespass on any adjacent land of the City.

(l) Lessee shall at all times, and at his sole expense, comply with all regulations of the Boards of Health of the City or State in the matter of sanitation on the demised premises.

(m) The golf course shall be maintained during the term of the lease in a manner satisfactory to the City.

(n) The bidder shall agree to pay the sum of \$300 to defray the cost of advertising the necessary resolutions, ordinances and notices in connection with this solicitation of bids.

(o) No bid will be received unless the bidder shall agree to pay to Crystal Springs Country Club the sum of \$172,000, which sum represents the value of the improvements on the demised premises and existing lease.

Manner of Bidding.

At the time and place hereinabove stated the Clerk of the Board of Supervisors will read this notice, and thereupon the Presiding Officer of the Board of Supervisors will call for bids for the lease of the property described herein.

Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease.

Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Supervisors the sum of \$1,000, or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County.

In case any bidder shall fail to make such deposit, his bid shall be then and there rejected and the lease shall be struck off and awarded to the next highest bid, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

This notice is given pursuant to the direction of Resolution No. 34239 (New Series).

Referred.

Bid of Crystal Springs Golf Club, with certified check for \$1,000, referred to Joint Committee on Public Utilities and Welfare to report at next meeting.

J. S. DUNNIGAN, Clerk.

Notice of Sale of City Lands.

Pursuant to the provisions of Ordinance No. 8978 (New Series), Board of Supervisors of the City and County of San Francisco, notice is hereby given that bids or offers will be received at the chambers of the Board of Supervisors, second floor, in the City Hall, City and County of San Francisco, State of California, at the hour of 3 o'clock p. m. on Monday, June 1, 1931, for the sale of the following described parcel of land, owned and held by the City and County of San Francisco, a municipal corporation. Said parcel of land is situated in the County of Alameda, State of California, and more particularly described as follows, to-wit:

That certain portion of Plot No. 43 of the Bernal portion of the Rancho el Valle de San Jose in Alameda County, beginning at the intersection of the northwesterly line of the Western Pacific Railroad Company right of way with the southerly line of County Road No. 2000, also known as Bernal street, said point being at right angles 50 feet distant northwesterly from the center line of main track of said Western Pacific Railroad Company; thence running southwesterly along the northwesterly line of said right of way parallel with and 50 feet distant from the center line of said main track south 36 degrees 03 minutes west 680 feet to a point; thence at right angles northwesterly, north 53 degrees 57 minutes west 150 feet to a point; thence at right angles northeasterly parallel with and 150 feet distant from the said right of way line, north 36 degrees 03 minutes east 586.39 feet to a point in the southerly line of said County Road No. 2000; thence south 85 degrees 55 minutes east along the southerly line of said road 176.81 feet to the point of beginning; and containing 2.18 acres, more or less.

Said parcel of land will be sold on the above mentioned date at public auction, duly authorized by the said ordinance, to the person making the highest cash bid therefor, such sale, however, to be subject to confirmation by the Board of Supervisors, in accordance with law. A deposit in the sum of ten (10) per cent of the amount bid will be required of the successful bidder before the sale can be made.

Dated, May 6, 1931.

J. S. DUNNIGAN,

Clerk of the Board of Supervisors.

Notice of Confirmation of Sale of City Lands.

Notice is hereby given that on Monday, June 1, 1931, at the hour of 3 o'clock p. m., the Board of Supervisors, in meeting assembled, will take up for consideration the matter of confirming the sale to Herman Christensen, for the sum of twenty-five hundred and fifty dollars (\$2,550), the following described City lands, to-wit:

Commencing at a point on the easterly line of Twenty-second avenue distant thereon 285 feet southerly from the southerly line of Irving street and running thence southerly along the said easterly line of Twenty-second avenue 30 feet; thence at a right angle easterly 120 feet; thence at a right angle northerly 30 feet; thence at a right angle westerly 120 feet to the easterly line of Twenty-second avenue and point of commencement.

If at said meeting an offer of 10 per cent more in amount than that hereinabove named shall be made to the Supervisors in writing by a responsible person, the Supervisors will confirm such sale to such person or order a new sale in conformity with the provisions of the

Charter; otherwise said sale to Herman Christensen will be confirmed for the price hereinabove stated.

Dated, May 6, 1931.

J. S. DUNNIGAN,
Clerk of the Board of Supervisors.

Pursuant to the foregoing notice the following bill was *passed for printing*:

**Confirming Sale of City Lands on Twenty-second Avenue
Between Irving and Judah Streets.**

Bill No. 9415, Ordinance No. ——— (New Series), as follows:

Confirming the sale of land owned by the City and County of San Francisco and situate in the City and County of San Francisco, State of California.

Whereas, by Ordinance No. 8954 (New Series), approved April 1, 1931, the Board of Supervisors determined that public interest and necessity demanded the sale of the land hereinafter described and by said ordinance directed the Mayor of the City and County of San Francisco to sell all of said land at public auction, and directed that notice of said sale be given for three weeks successively next before the sale as required by law; and

Whereas, the Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County of San Francisco for three weeks successively next before said sale was directed to be made, describing the lands to be sold therein with common certainty and stating that said sale would be made, as specified by Ordinance No. 8954 (New Series), and that all bids or offers would be received by the Mayor at the chambers of the Board of Supervisors, second floor, in the City Hall, City and County of San Francisco, State of California, on April 27, 1931; and

Whereas, the Mayor, the Assessor and the Chairman of the Finance Committee, being the Board of Appraisers constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisalment of said lands and fixed the fair value thereof and reported said appraisalment to the Board of Supervisors in writing; and

Whereas, thereafter, and on said date at public auction, the Mayor of the City and County of San Francisco sold the said parcel of land to Herman Christensen for the sum of \$2,550, and accepted from said Herman Christensen a deposit in the amount of 10 per cent or more of the amount bid, and thereafter on May 4, 1931, duly notified the Board of Supervisors in writing of the fact of such sale, stating the amount bid, the name of the bidder, and requesting that the Board confirm the sale; and

Whereas, the Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of three weeks from and after the 6th day of May, 1931, that at a meeting of the Board of Supervisors to be held on the 1st day of June, 1931, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the land had been sold as aforesaid, and the name of the purchaser, and also stating that if at such meeting on the 1st day of June, 1931, an offer of 10 per cent more in amount than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale; and

Whereas, the date of confirmation specified in said notice has now arrived and a higher bid has not been obtained, and it appearing to the Board of Supervisors that the amount bid as aforesaid is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained; therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That said sale of the said land hereinafter described is hereby ratified, approved and confirmed and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, Herman Christensen, upon payment of the balance of the purchase price, a good and sufficient conveyance in the name of the City and County of San Francisco, conveying all the right, title and interest of the City and County in and to the land sold as aforesaid, and more particularly described as follows, to-wit:

Commencing at a point on the easterly line of Twenty-second avenue, distant thereon 285 feet southerly from the southerly line of Irving street and running thence southerly along the said easterly line of Twenty-second avenue 30 feet; thence at a right angle easterly 120 feet; thence at a right angle northerly 30 feet; thence at a right angle westerly 120 feet to the easterly line of Twenty-second avenue and the point of commencement.

Section 2. The City Attorney is hereby directed to prepare the necessary conveyances and supervise the delivery of deed upon payment of purchase price as aforesaid.

Section 3. This ordinance shall take effect immediately.

UNFINISHED BUSINESS.

Final Pasage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

BUDGET

For Municipal Expenditures, City and County of San Francisco, California, for Fiscal Year 1931-1932.

Bill No. 9412, Ordinance No. 9001 (New Series), as follows:

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1932, and making a budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposes set opposite the same, to be expended during the fiscal year ending June 30, 1932, in accordance with the provisions of Article III, Chapter I, of the Charter of the City and County.

Section 2. No department, officer, board or commission shall expend, or agree to expend, moneys, or to incur liabilities which, in total amount, exceed the total sum appropriated to such department, officer, board or commission by this ordinance, or which may subsequently be appropriated to such department, officer, board or commission.

Section 3. The amounts appropriated to the various departments, officers, boards and commissions shall be expended and administered by them subject to the following conditions:

a. No department, officer, board or commission shall expend moneys, or incur liabilities, in excess of the total amount appropriated to such department, officer, board or commission; provided further, that such expenditure shall conform to the provisions of Article III, Chapter I, Section 9, of the Charter.

b. When a specific appropriation is made to any bureau, division or institution of a department, board or commission, such appropriation shall be known and administered as a main appropriation title, and the main division thereunder of an object of expenditure classification as theretofore adopted shall be known and administered as a specific sub-appropriation thereof.

c. Departments, officers, boards or commissions desiring to make transfers from one sub-appropriation to any other sub-appropriation embraced within the same main appropriation title shall file with the Finance Committee of the Board of Supervisors a statement in duplicate setting forth the reasons for requesting such transfers, the purpose to which the money is to be devoted, the sub-appropriations from and to which such transfer is requested, the amounts of such transfers, and any other facts which may aid in determining the merits of such request. Whenever any such transfer is approved by the Finance Committee, the duplicate request shall be forwarded to the Auditor and a notice sent to each department making the request, setting forth the amounts of each sub-appropriation, or budget item numbers affected. In case of disapproval, notice to this effect shall be given to the department making the request.

d. Whenever any department, officer, board or commission desires

to make a transfer from any sub-appropriation or appropriation embraced in one main appropriation title or titles, to any other or the same sub-appropriation or appropriations embraced in or desired to be embraced in any other main appropriation title or titles, said department, officer, board or commission shall file with the Board of Supervisors a statement in duplicate similar to the statement required in condition "C" above and containing, in addition, the main appropriation title or titles from and to which such transfer is requested. If the Board of Supervisors approves the request, notice thereof shall be forwarded to the originating department and the duplicate copy of the request forwarded to the Auditor. Said notice shall contain the main appropriation title or titles affected, the sub-appropriation or appropriations from and to which such transfer is to be made and the amounts thereof. If the Board of Supervisors denies the request, notice thereof shall be sent to the originating department, with the reasons for such action.

e. Where any appropriation contained in this budget ordinance is based upon a per diem wage, the Board may, by proper resolution or ordinance, change the basis of compensation to a monthly wage, provided the said change makes no increase in said appropriation. The said monthly wage to be one-twelfth of the annual amount indicated in any budget item number in said ordinance for each employee. Provided, however, that when any employee shall work less than five days in any one week, deductions shall be made from his monthly compensation for each day not worked, including recognized holidays, on the basis of 1/254 of his annual compensation, provided no deduction shall be made for the annual vacation allowed by law.

Section 4. The amounts appropriated are as follows:

Rereferred.

The following bill was *rereferred to the Public Utilities Committee:*

Market Street Railway Franchise on Turk Street and on Balboa Street.

Bill No. 9403, Ordinance No. ——— (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street

railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May, 1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms, conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, maintained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit:

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Unless said acceptance be filed within said period of twenty days after this ordinance becomes effective, this ordinance shall become and remain null and void and all rights granted thereby shall cease and determine.

Section 7. This ordinance shall take effect from and after the date of its approval.

Fourteen votes are required for the passage of this measure.

Motion.

Supervisor Havenner moved that the Governor be requested to defer signing bill until examination can be made by the City Attorney and Board of Supervisors can be advised if its present and past rights with respect to paving required between tracks will be preserved in the future if this act goes into effect.

So ordered.

Requesting the Railroad Commission to Make a Report on the Operation of the Municipal Railway.

On recommendation of Public Utilities Committee.

Bill No. 9417, Ordinance No. ——— (New Series), as follows:

Directing the Board of Public Works to request the Railroad Commission of the State of California to assist said Board of Public Works to make an investigation and report to the Board of Public Works covering the operations of the Municipal Railway of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Board of Public Works be and it is hereby directed to request the Railroad Commission of the State of California to assist the Board of Public Works of the City and County of San Francisco by having its engineering and technical organization, under the direction of its Chief Engineer, make an investigation and report to said Board of Public Works covering the operations of the Municipal Railway, including a study of traffic characteristics, schedules, financial results of operation and financial and physical requirements for the immediate future; these studies to include possible operating economies, reroutings and all other matters looking toward improvement in return with the maintenance of adequate service and the retention of existing wage schedules and present basic rate of fare. That said study, report and investigation shall not embrace the formulation of plans for consolidation or joint operation of the Municipal Railway with privately owned companies except where incidentally necessary to effect economies, improve service or relieve street congestion.

Section 2. The cost of this work shall be met out of Municipal Railway funds, and the sum of ten thousand (\$10,000) dollars is hereby appropriated and ordered paid from said funds to the State Railroad Commission, to be deposited with the Secretary of said Commission when the said Railroad Commission shall signify its intention of complying with the aforesaid request; and the Secretary of said Commission is requested to make a monthly report of expenditures to this Board, and, upon completion of the work, shall return any unexpended balance to the City Treasurer.

Section 3. The Board of Public Works shall direct the Superintendent of the Municipal Railway to furnish the Chief Engineer of the Railroad Commission and his authorized assistants with free transportation over the lines of the railway for use in the performance of their official duties while engaged on this work.

Section 4. That when said report is completed and received that the Board of Public Works forthwith file a copy of the same with this Board and with the Mayor of the City and County of San Francisco.

Section 5. This ordinance shall take effect immediately upon its passage.

Adolph Uhl appeared on above matter and asked that a survey be made of Municipal Railway affairs.

Directing the Board of Public Works to Prepare Plans, Specifications and Estimate of Cost of Pipe Line Over Altamont Pass, Alameda County.

On recommendation of Joint Committee on Public Utilities and Finance.

Bill No. 9418, Ordinance No. ——— (New Series), as follows:

Directing the Board of Public Works, through the City Engineer, to prepare and present to the Board of Supervisors plans and specifications for, and an estimate of, the cost of a pipe line over the Altamont Pass in Alameda County, or over some other feasible route, which said pipe line shall connect with the westerly terminus of the contemplated Hetch Hetchy pipe line across the San Joaquin Valley and terminate at a point in the present aqueduct of the San Francisco Water Department, and which said pipe line shall be of sufficient size to furnish to the City and County of San Francisco a sufficient amount of water from the Hetch Hetchy to meet the present needs of said City and County, and also to prepare and present plans and specifications for, and an estimate of, the cost of the necessary pumping equipment to operate said pipe line, as well as the estimated cost and description of the necessary rights of way for said pipe line and said pumping equipment; all to be constructed and operated in conjunction with and as a part of the Hetch Hetchy water project, and for the purpose of furnishing to San Francisco and to its inhabitants a supply of pure water for all necessary purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco, through the City Engineer, is hereby directed to prepare and present to the Board of Supervisors plans and specifications for, and an estimate of, the cost of a pipe line over the Altamont Pass in Alameda County, or over some other feasible route, which said pipe line shall connect with the westerly terminus of the contemplated Hetch Hetchy pipe line across the San Joaquin Valley, and terminate at a point in the present aqueduct of the San Francisco Water Department, and which said pipe line shall be of a sufficient size to furnish to the City and County of San Francisco a sufficient amount of water to meet the needs of said City and County. Said Board of Public Works, through the City Engineer, is also directed to prepare and present to said Board of Supervisors plans and specifications for, and an estimate of, the cost of the necessary equipment to operate said pipe line above mentioned, as well as an estimate of the cost of, and a description of, the necessary rights of way for said pipe line and said pumping equipment. That in making said plans and specifications and estimates, the Board of Public Works, through the City Engineer, shall make an estimate of the cost of constructing said pipe line and pumping plants, with a capacity of not less than 45,000,000 gallons daily, and also the additional cost of constructing said pipe line and pumping plants to provide for a delivery of 60,000,000 gallons daily, together with the probable time necessary to construct each of said lines; and he shall recommend the most feasible route for said pipe line.

Section 2. That said pipe line shall be a portion of the Hetch Hetchy water project, and shall be operated in conjunction therewith for the purpose of furnishing to San Francisco and to its inhabitants a supply of pure water for all necessary purposes.

Section 3. That the cost of constructing said pipe line and pumping equipment, as well as the cost of the necessary rights of way therefor, shall be a charge against the Hetch Hetchy Bond Fund.

Section 4. This ordinance shall be effective immediately upon its passage.

Garbage Disposal Ordinance.

Resolution No. ————— (New Series), as follows:

Whereas, it appears to the Board of Supervisors that the public interest will be subserved by the grant of a franchise, or privilege, for the disposal of garbage and refuse of the City and County of San Francisco;

Therefore, be it Resolved:

Proposition No. 1.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years, for the disposal, by incineration, of all garbage and refuse of the City and County of San Francisco, delivered to the incineration plant, the grantee to state in his bid the price per ton for disposal he will charge the collectors, or anyone delivering such garbage and refuse to the incineration plant.

That the grantee shall not compel the segregation of such garbage or refuse.

That the grantee of this franchise, or privilege, shall erect a complete incineration plant, including approaches, within one year from date of grant, in accordance with plans and specifications No. S-18440, prepared by the City Engineer, said plans and specifications to be obtained from the said City Engineer by depositing twenty-five (\$25) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished by the said City and County, and designated as Assessor's Block No. 3914 (bounded by Alameda, De Haro, Fifteenth and Rhode Island streets), rent free to the successful bidder for the life of the franchise.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operations franchise or privilege.

That upon termination of the franchise the complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

Or, as an alternative:

Proposition No. 2.

That this Board, when satisfactory bids are offered, shall grant a

franchise, or privilege, for a period of twenty-five years, for the disposal, by incineration, of all garbage and refuse of the City and County of San Francisco, delivered to the incineration plant, the grantee to state in his bid the price per ton for disposal he will charge the collectors, or anyone delivering such garbage and refuse to the incineration plant.

That the grantee shall not compel the segregation of such garbage or refuse.

That the grantee of this franchise, or privilege, shall erect a complete incineration plant, including approaches, within one year from date of grant, in accordance with his own plans and specifications.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day, as determined by a test of six consecutive days, such test to be made in accordance with Sections 341 to 348, inclusive, of specification No. S-18440, prepared by the City Engineer. Said specifications are on file and open for inspection or may be obtained from said City Engineer by depositing twenty-five (\$25) dollars as a guarantee for the safe return of such specifications.

If the City Engineer should determine that the furnaces and appurtenances have not met the guarantees on this first test, he shall so notify the grantee in writing within five (5) days following the last day of the test period. The grantee shall then be allowed sixty (60) days following this date of notification in which to make, at his own expense, any alteration or changes to the equipment that he may desire to make, in order to improve its operation. A second test shall then be run under similar conditions to the first test and this second test shall start on the fifth day following the date of delivery of the grantee's notice in writing to the Board of Supervisors that the plant is ready for this second test.

Should the furnaces and appurtenances fail to meet the requirements of the guarantees on a second test, this failure shall be conclusive evidence that they are defective and not in accordance with the guarantees, and the franchise shall then be declared forfeited, and the grantee shall thereupon remove the building, furnaces, including all foundations, and appurtenances, within ninety (90) days after second test, and the whole amount of the bond in the penal sum of three hundred thousand (\$300,000) dollars shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon such bond. Should the City Engineer determine that the furnaces and appurtenances meet all the requirements of the guarantees, he shall so certify to the Board of Supervisors within five (5) days following the last day of the first or second test period, and thereupon the grantee shall be granted permission to operate the incinerator in accordance with and conforming to the laws and ordinances of the City and County of San Francisco.

That the incineration plant shall be built on a site furnished by the said City and County, and designated as Assessor's Block No. 3914, rent free to the successful bidder for the life of the franchise.

That the successful bidder shall wreck the existing plant on said site and remove or dispose of all surplus earth, rock or other material now on the said site.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise or privilege.

That upon termination of the franchise the complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

Each bidder must file with his bid complete plans and specifications of the building or buildings, foundations, furnaces, and layout of

approaches he proposes to build, and he must include therewith all of the guarantees mentioned in Section 340 of the specifications No. S-18440, prepared by the said City Engineer.

He must guarantee that no nuisance of any nature will result from the disposition of the ashes, residue or reject materials which may accumulate at the incineration plant or place of final disposal, which place of final disposal shall be provided by the grantee without any expense to the City and County of San Francisco.

That the plant will be arranged and equipped so that garbage and refuse may be received continuously and at such a rate that at least thirty trucks, such as are used by garbage collectors, may be served in any one hour without delay.

And that the plant will be ready and prepared to receive, weigh and handle garbage and refuse delivered between the hours of 8 a. m. and 5 p. m. every day of the year except Sundays, New Year's Day, Fourth of July and Christmas Day.

The bidder shall also file with his bid, in a separate sealed envelope, endorsed "Additional Information Required," and with his signature, the following information:

(1) A statement furnishing evidence of established reputation and experience in the construction of incineration plants and of the successful operation of at least one garbage and refuse incineration plant using a furnace of the type proposed by the bidder.

(2) A statement of power consumption per ton of garbage and refuse disposed of.

(3) A statement as to whether additional fuel will be required.

(4) A statement of the operating personnel necessary, including supervision, giving the number of men divided into respective shifts assigned to each class of work when disposing of 800 tons per day of twenty-four hours.

(5) A statement as to the method of and proposed location for the final disposal of ash, residue and reject materials which may accumulate from the operation of the plant.

(6) A statement giving the average number of pounds of garbage and refuse burned per hour per square foot of grate upon which combustion takes place in the proposed furnace.

Or, as an alternative:

Proposition No. 3.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years for the disposal, by any other method than incineration and by dumping at sea, of all garbage and refuse of the City and County of San Francisco, delivered to the grantee, the grantee to state in his bid the price per ton for disposal he will charge the collectors or anyone delivering such garbage and refuse to his plant or place of disposal.

That the grantee shall not compel the segregation of such garbage or refuse.

That the plant shall be built on the aforesaid site furnished by the said City and County, and designated as Assessor's Block No. 3914, rent free to the successful bidder for the life of the franchise, or if such site is not suitable, the bidder shall furnish in lieu thereof another site at his own expense.

That the bidder shall wreck the existing plant on Assessor's Block No. 3914 and remove or dispose of all surplus earth, rock or other material now on the said site, provided such site is used.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise.

That upon termination of the franchise the site and complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

That the grantee of this franchise, or privilege, shall provide a complete plant within one year from the date of grant, in accordance with his own plans and specifications.

That such plant shall have a capacity of at least eight hundred (800) tons per day as demonstrated by a test of six (6) consecutive days, handling each twenty-four hours 800 tons of garbage and refuse as collected in the said City and County. Such test shall be made under the direction and supervision of the said City Engineer at the expense of the grantee. The said City and County will furnish at its own expense all engineers and attendants required for making observations, reading instruments, or recording notes during such test. The said City and County will furnish free of charge to grantee all necessary garbage and refuse for such test.

If the City Engineer should determine that the plant has not met the guarantees on this first test he shall so notify the grantee in writing within five (5) days following the last day of the test period. The grantee shall then be allowed sixty (60) days following this date of notification in which to make, at his own expense, any alteration or changes to the equipment that he may desire to make, in order to improve its operation. A second test shall then be run under similar conditions to the first test and this second test shall start on the fifth day following the date of delivery of the grantee's notice in writing to the Board of Supervisors that the plant is ready for this second test.

Should the plant fail to meet the requirements of the guarantees on a second test, this failure shall be conclusive evidence that it is defective and not in accordance with the guarantees, and the franchise shall then be declared forfeited, and the grantee shall thereupon remove the plant, including all foundations, within ninety (90) days after the second test, and the whole amount of the bond in the penal sum of three hundred thousand (\$300,000) dollars shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond.

Should the City Engineer determine that the plant meets all the requirements of the guarantees, he shall so certify to the Board of Supervisors, within five days following the last day of the first or second test period, and thereupon the grantee shall be granted permission to operate the plant in accordance with and conforming to the laws and ordinances of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the plant he proposes to provide and must include therewith the following guarantees and information:

The bidder shall guarantee that the following conditions will be fulfilled when handling mixed garbage and refuse as collected in the said City and County.

(a) That at no time will there be produced any nuisance through the escape of noxious odors, vapors, smoke, sparks, dust or loose refuse from the plant, nor from the attraction of flies, rodents or other vermin to any part of the plant or place where residue may be deposited.

(b) That garbage, refuse, residue or reject materials containing more than 1 per cent, by weight, of organic matter will, at the end of each day's work, if dumped on a fill above the level of low tide, be completely covered, top and all sides, by not less than fifteen inches of fine soil or earth and thoroughly compacted, to effectually prevent inroads of rodents, flies or other vermin. The said fill and cover shall be done under the direction of and to the satisfaction of the Board of Health of said City and County.

(c) That the plant will be arranged and equipped so that garbage and refuse may be received continuously and at such a rate that at least thirty trucks, such as are now used by the collectors, may be served in one hour without delay.

(d) That the plant will be ready and prepared to receive, weigh and handle all garbage and refuse delivered between the hours of 8 a. m. and 5 p. m. every day of the year except Sundays, New Year's Day, Fourth of July and Christmas Day.

The bidder shall also file with his bid, in a separate sealed envelope, endorsed "Additional Information Required," and with his signature, the following information:

(1) A statement furnishing satisfactory evidence that he has sufficient means, equipment and experience in the operation of similar work to enable him to undertake and successfully complete the work proposed, and of the successful operation of at least one like project, using the process proposed by the bidder, which has been in successful operation on a practical basis.

(2) A statement describing in detail the methods the bidder proposes to use in the treatment and disposal of the garbage and refuse, including the method of and proposed location for the final disposal of residue and reject materials which may accumulate from the operation of the plant or project, and the precautions he proposes to use to prevent the production of any nuisance.

(3) A statement of the operating personnel necessary, including supervision, giving the number of men divided into respective shifts assigned to each class of work when disposing of 800 tons per day of twenty-four hours.

(4) A statement of the power consumption per ton of garbage and refuse disposed of.

Be it Further Resolved, That the definition of the words "garbage and refuse," wherever used in this resolution, shall conform to that given in Section 356, specifications No. S-18440, prepared by the City Engineer.

That in all operations connected with the work on any of the three propositions the Charter and all ordinances of the City and County of San Francisco and all laws of the United States and the State of California which shall be or become applicable to and control or limit in any way the actions of those engaged in any way as principal or agent, shall be respected and strictly complied with.

That the buildings, improvements and equipment which may be furnished by the successful bidder shall be subject to all City and County taxes.

That included with the "Additional Information Required" on any of the three propositions the bidder shall furnish with his bid a general statement covering estimates, itemizing the expected cost of operation and maintenance, and the expected cost of financing the project and amortizing the outlay required during the life of the franchise.

The said statement covering cost of operation and maintenance shall be based upon present tonnage and shall include:

The number of men required for each class of work per day.

The rate of pay allocated to each man.

The estimated cost of operating supplies, water, power and light.

The estimated cost for labor and material for maintenance.

The statement covering the cost of financing the project and amortizing the outlay required shall include:

Estimated cost of buildings.

Estimated cost of equipment.

Estimated amount of interest during construction.

Estimated cost of financing.

Estimated annual interest on investment.

Estimated amount of annual sinking fund.

Estimated cost for bond insurance and taxes.

Estimated allowance for profit.

That all structures, ramps, approaches or roadways shall be designed and constructed to carry loads equivalent to the assumed wheel loadings for trucks shown on Drawing No. W 110, page 136, of the said specifications No. S-18440, prepared by the City Engineer.

Test borings have been made, test piles have been driven, and a soil-bearing test has been made to obtain accurate information as to the nature and bearing power of soil on Assessor's Block No. 3938, near said Block No. 3914, the site designated.

Results of these investigations are shown on Drawing No. W 103, and the said drawing and soil samples, taken during the boring of the test holes, may be inspected at the office of the Bureau of Engineering.

Grantee must use his own judgment as to the value of these borings and tests in connection with work on said Block No. 3914, and any further soil tests, if required, shall be made at his own expense.

Bearing tests on the original soil below the fill indicated that the soil will safely sustain a load of four tons per square foot, but should it be ascertained, when excavating said Block No. 3914, that only part or all of the soil, when excavated to the depth required for the foundations, will not safely sustain such load per square foot, it may become necessary to modify the foundations and involve the use of piling. The grantee shall bear the additional expense of such changes and additions to plant.

Be it Further Resolved, That the maximum price which the grantee may charge for disposal of said garbage and refuse and the method of payment thereof shall conform to the laws and ordinances of the City and County of San Francisco, and such price of disposal shall be collected from the persons delivering garbage or refuse at the plant.

Proposal forms will be furnished gratuitously upon application at the office of the City Engineer, and all proposals must be made on such forms.

There will be three (3) forms of proposal blanks, and the bidder should use the form designated for the proposition or propositions he proposes to use.

Any erasure, addition or interlineation in a proposal or bid will rule out the proposal or bid from consideration.

Be it Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the awarding of this franchise or privilege pursuant to and in accordance with the provisions of the following act, which is made a part thereof for all purposes:

An Act providing for the granting of franchises in counties or cities and counties for the disposal or destruction, or both, of garbage and other waste, and declaring same an urgency measure.

The People of the State of California do enact as follows:

Section 1. Franchise by legislative body. Every franchise or privilege for the disposal or destruction, or both, of garbage, waste, offal and debris shall be granted by the legislative body of any county or city and county under the terms and conditions in this act provided, and not otherwise.

Section 2. Best bid may be called for. Any such governmental subdivision may, by resolution of its legislative body, call for bids for the granting of a franchise, exclusive or otherwise, for the disposal or destruction, or both, of garbage, waste, offal and debris, according to the terms and conditions set forth in such resolution, for a period of time not to exceed twenty-five years. Thereafter said legislative body shall cause to be published once a week for two successive weeks a notice which shall set forth all of the terms and conditions embraced in said resolution, and the time, date and place

for the receiving and opening of sealed bids, which shall not be sooner than four full weeks from date of the first publication of said notice. Upon examination by the legislative body of said bids, the franchise may be awarded to the best bidder. Said legislative body may postpone the granting of said franchise from time to time until said legislative body shall have had a full and complete opportunity to examine into the merits of each bid.

Section 3. Bond. The successful bidder shall file with the said legislative body, upon grant of the franchise, a bond running to the governmental subdivision in an amount and under such terms and conditions as may be prescribed by said legislative body.

Section 4. Grantor may impose additional terms. The grantor may, in such resolution and advertised notice, impose terms and conditions other than those mentioned herein so long as they shall not be in conflict with the provisions hereof.

Section 5. Grantee's terms. The grantee may in his franchise bid set forth such propositions, terms and conditions as he may desire to offer, or receive the benefit from, which may be in addition to, or in conflict with, those mentioned in the resolution or advertised notice calling for bids, so long as they shall not be in conflict with the provisions hereof.

Section 6. Repeal. The provisions of any law in conflict with this act are to that extent hereby repealed.

Section 7. Constitutionality of act. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared unconstitutional.

Section 8. This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public health and safety, within the meaning of Section 1 of Article IV of the Constitution of the State of California, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity:

There exist in several parts of the state inadequate facilities for the disposal or destruction of garbage, waste, offal and debris, a condition which is needful of immediate remedy, and requires action on the part of the legislative bodies of governmental subdivisions herein mentioned to take such steps as are authorized by the provisions of this act as will immediately correct this condition.

Said bids to be filed with the Clerk not later than the . . . day of, 1931, at the hour of 3 p. m., and said time is hereby fixed as the date and hour for the opening and consideration of said bids.

The Board of Supervisors will thereupon, in accordance with the provisions of the said act, open and publicly declare the said bids, make a survey of bids, and thereafter make such award as subserves the best interests of the City and County of San Francisco. The Board of Supervisors reserves the right to reject any or all bids if it believes the public interest will be subserved thereby.

A franchise ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective.

Be it Further Resolved, That when the franchise is awarded the successful bidder shall file a surety company bond running to the City and County of San Francisco, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars

for the first two (2) years of the life of the franchise, and in the penal sum of one hundred thousand (\$100,000) dollars thereafter, conditioned that such bidder shall faithfully fulfill the aforesaid guarantees and shall well and truly observe, fulfill and perform each and every other term and condition of the franchise or privilege, and that in case of any breach of condition of such bond the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Referred.

The following motion was presented by Supervisor Shannon and *referred to the Public Utilities Committee*:

Recommending Inspection of Fixtures and Discontinuance of Washing Sidewalks, Streets or Lawns, by Means of Hose, in Summer Season, to Avoid Water Shortage.

Resolution No. 34548 (New Series), as follows:

Whereas, a shortage of water for domestic and commercial purposes threatens San Francisco during the coming summer months; and

Whereas, the low condition of Peninsula storage reservoirs necessitates conserving our water resources; and

Whereas, his Honor the Mayor, the San Francisco Water Department and the Board of Supervisors recommend the exercising of reasonable economy in the use of water in this crisis; now, therefore, be it

Resolved, That this Board urges all citizens of San Francisco to have thorough inspections made of their water supply fixtures to the end that leaky fixtures may be repaired and waste avoided; that the washing of sidewalks, streets or lawns by means of hose be discontinued temporarily in order that any wasteful use of water may be eliminated.

San Francisco Municipal Airport.

A resolution presented by Supervisor Spaulding, changing the name of Mills Airport to San Francisco Municipal Airport, was ordered *referred to the Airport Committee*.

Conditions and Reservations of Right of Way Easements

Each of said right of way easements shall include, in addition to the rights herein specified, the rights of ingress to and egress from said

rights of way over adjacent lands of the City, with the provision that the purchaser or purchasers of said rights of way, or the officers, employees, contractors or servants of said purchaser or purchasers, shall in the exercise of said rights, be limited to the use of existing roads and lanes across said lands; or, if no such roads or lanes be available then to such routes thereover as shall be most convenient and at the same time cause the least possible injury to said lands of the City, or to the crops, trees, buildings or other structures growing or situate thereon. In the case of the right of way easements "Third" and "Fourth" hereinbefore described, said purchaser or purchasers shall be granted the rights to trim trees and foliage wherever necessary to avoid interference with power lines or telephone lines, and to place and maintain gates in all fences that cross or shall cross said rights of way, in addition to the rights of ingress and egress to be granted as in this paragraph provided.

Each of said right of way easements shall be sold and conveyed subject to the following reservations and conditions, which shall be inserted in the conveyance thereof to the purchaser; the term "structure" used therein shall be taken to mean said gas pipe line or lines, said telephone line or said electric power line, respectively with their appurtenances, as the case may be.

"Reserving, however, to the City the right to plant, cultivate and harvest crops of grass, hay or grain upon the right of way herein granted, and the right to construct, reconstruct, install, maintain, repair, renew, operate and use, from time to time, pipes, pie lines, conduits, power lines, telephone lines, roads, roadways or other structures, but not buildings or wells, across, over or under said right of way and said structure of the purchaser, at the option of the City; it being expressly understood and agreed that if any structure of the purchaser be so located that it shall hereafter become necessary to change, alter, move or reconstruct the same in order to allow the City to exercise and enjoy the rights, but not those relating to agriculture, herein reserved, then the purchaser, upon the request of the City so to do, shall, within a reasonable time, change, alter, move or reconstruct said structure at the purchaser's expense; and the City, upon failure of the purchaser so to do after reasonable notice, may by contract or otherwise, change, alter, move or reconstruct said structure at the expense of the purchaser, which expense the purchaser shall pay on demand.

"This grant is made subject to the following conditions, which become binding upon the purchaser upon his acceptance and recording of this indenture:

"First: That the purchaser shall repay the City, on demand, the reasonable value of animals, crops, trees, buildings or other structures injured, damaged or destroyed by the purchaser, his officers, employees, contractors or servants, in the exercise of any right herein conveyed.

"Second: That the purchaser shall do no work of constructing, reconstructing, installing or renewing said structure except in accordance with plans and/or specifications therefor first submitted to and approved by the Commission, Board or officer of the City having jurisdiction; provided, however, that said plans and/or specifications shall be returned disapproved in writing with reasonable objections thereto within ten days after submission, otherwise they shall be deemed approved within the meaning hereof. The provisions hereof shall not apply to emergency work.

"Third: That the purchaser shall indemnify and save harmless the City, or any Commission, Board, officer, servant or employee thereof from any and all claims, liabilities or expenses, whether for injuries, damages or otherwise, caused by or resulting from any act, negligence or omission of the purchaser, his officers, employees, contractors or servants, in the exercise of any right herein conveyed.

"Fourth: That the purchaser shall not abandon nor discontinue the use of said structure for the purposes hereinbefore stated for any period of three consecutive years, and that in the event of such abandonment or discontinuance of use the easement and rights herein granted shall forthwith cease and determine, and the City, without prejudice to any other remedy it may have, may take possession of the right of way herein conveyed and remove the purchaser's structure therefrom.

"Fifth: That the right of way herein described is conveyed subject to any rights, right of way, leases and agreements heretofore granted or made by the City or its predecessors in interest.

"The rights, reservations, conditions and obligations herein set forth shall inure to the benefit of and bind both parties hereto and their successors and assigns."

Terms and Conditions of Sale.

Said right of way easements hereinbefore described shall be sold for cash, in United States gold coin, at public auction, to be held in accordance with the provisions of Article II, Chapter II, Section 9, of the Charter.

The minimum purchase price of said right of way easements shall be as follows:

For the right of way easement for gas line purposes in San Mateo County, "First" hereinabove described, the sum of \$13,450.

For the right of way easement for gas line purposes in Alameda County, "Second" hereinabove described, the sum of \$2,030.

For the right of way for telephone purposes in Alameda County, "Third" hereinabove described, the sum of \$1,080.

For the right of way for power line purposes in Alameda County, "Fourth" hereinabove described, the sum of \$10.

In addition to the foregoing the purchasers shall be required to pay the cost of advertising of Ordinance No. 8985 (New Series) and of the notice of sale, said cost to be ratably divided among them.

Said right of way easements will be sold on the above mentioned date at public auction, duly authorized by the said ordinance, to the person or persons making the highest cash bids therefor, such sales, however, to be subject to confirmation by the Board of Supervisors in accordance with law. A deposit in the sum of ten (10) per cent of the amount bid will be required of the successful bidder before the sale can be made.

Garbage Disposal Ordinance.

Supervisor Garrity presented:

Resolution No. ————— (New Series), as follows:

Whereas, it appears to the Board of Supervisors that the public interest will be subserved by the grant of a franchise, or privilege, for the disposal of garbage and refuse of the City and County of San Francisco;

Therefore, be it Resolved:

Proposition No. 1.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years, for the disposal, by incineration, of all garbage and refuse of the City and

County of San Francisco, delivered to the incineration plant, the grantee to state in his bid the price per ton for disposal he will charge the collectors, or anyone delivering such garbage and refuse to the incineration plant.

That the grantee shall not compel the segregation of such garbage or refuse.

That the grantee of this franchise, or privilege, shall erect a complete incineration plant, including approaches, within one year from date of grant, in accordance with plans and specifications No. S-18440, prepared by the City Engineer, said plans and specifications to be obtained from the said City Engineer by depositing twenty-five (\$25) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished by the said City and County, and designated as Assessor's Block No. 3914 (bounded by Alameda, De Haro, Fifteenth and Rhode Island streets), rent free to the successful bidder for the life of the franchise.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operations franchise or privilege.

That upon termination of the franchise the complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

Or, as an alternative:

Proposition No. 2.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years, for the disposal, by incineration, of all garbage and refuse of the City and County of San Francisco, delivered to the incineration plant, the grantee to state in his bid the price per ton for disposal he will charge the collectors, or anyone delivering such garbage and refuse to the incineration plant.

That the grantee shall not compel the segregation of such garbage or refuse.

That the grantee of this franchise, or privilege, shall erect a complete incineration plant, including approaches, within one year from date of grant, in accordance with his own plans and specifications.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day, as determined by a test of six consecutive days, such test to be made in accordance with Sections 341 to 348, inclusive, of specification No. S-18440, prepared by the City Engineer. Said specifications are on file and open for inspection or may be obtained from said City Engineer by depositing twenty-five (\$25) dollars as a guarantee for the safe return of such specifications.

If the City Engineer should determine that the furnaces and appurtenances have not met the guarantees on this first test, he shall so notify the grantee in writing within five (5) days following the last day of the test period. The grantee shall then be allowed sixty (60) days following this date of notification in which to make, at his own expense, any alteration or changes to the equipment that he may desire to make, in order to improve its operation. A second test shall then be run under similar conditions to the first test and this second test shall start on the fifth day following the date of delivery of the grantee's notice in writing to the Board of Supervisors that the plant is ready for this second test.

Should the furnaces and appurtenances fail to meet the requirements of the guarantees on a second test, this failure shall be conclusive evidence that they are defective and not in accordance with the

guarantees, and the franchise shall then be declared forfeited, and the grantee shall thereupon remove the building, furnaces, including all foundations, and appurtenances, within ninety (90) days after second test, and the whole amount of the bond in the penal sum of three hundred thousand (\$300,000) dollars shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon such bond. Should the City Engineer determine that the furnaces and appurtenances meet all the requirements of the guarantees, he shall so certify to the Board of Supervisors within five (5) days following the last day of the first or second test period, and thereupon the grantee shall be granted permission to operate the incinerator in accordance with and conforming to the laws and ordinances of the City and County of San Francisco.

That the incineration plant shall be built on a site furnished by the said City and County, and designated as Assessor's Block No. 3914, rent free to the successful bidder for the life of the franchise.

That the successful bidder shall wreck the existing plant on said site and remove or dispose of all surplus earth, rock or other material now on the said site.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise or privilege.

That upon termination of the franchise the complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

Each bidder must file with his bid complete plans and specifications of the building or buildings, foundations, furnaces, and layout of approaches he proposes to build, and he must include therewith all of the guarantees mentioned in Section 340 of the specifications No. S-18440, prepared by the said City Engineer.

He must guarantee that no nuisance of any nature will result from the disposition of the ashes, residue or reject materials which may accumulate at the incineration plant or place of final disposal, which place of final disposal shall be provided by the grantee without any expense to the City and County of San Francisco.

That the plant will be arranged and equipped so that garbage and refuse may be received continuously and at such a rate that at least thirty trucks, such as are used by garbage collectors, may be served in any one hour without delay.

And that the plant will be ready and prepared to receive, weigh and handle garbage and refuse delivered between the hours of 8 a. m. and 5 p. m. every day of the year except Sundays, New Year's Day, Fourth of July and Christmas Day.

The bidder shall also file with his bid, in a separate sealed envelope, endorsed "Additional Information Required," and with his signature, the following information:

(1) A statement furnishing evidence of established reputation and experience in the construction of incineration plants and of the successful operation of at least one garbage and refuse incineration plant using a furnace of the type proposed by the bidder.

(2) A statement of power consumption per ton of garbage and refuse disposed of.

(3) A statement as to whether additional fuel will be required.

(4) A statement of the operating personnel necessary, including supervision, giving the number of men divided into respective shifts assigned to each class of work when disposing of 800 tons per day of twenty-four hours.

(5) A statement as to the method of and proposed location for the final disposal of ash, residue and reject materials which may accumulate from the operation of the plant.

(6) A statement giving the average number of pounds of garbage and refuse burned per hour per square foot of grate upon which combustion takes place in the proposed furnace.

Or, as an alternative:

Proposition No. 3.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years for the disposal, by any other method than incineration and by dumping at sea, of all garbage and refuse of the City and County of San Francisco, delivered to the grantee, the grantee to state in his bid the price per ton for disposal he will charge the collectors or anyone delivering such garbage and refuse to his plant or place of disposal.

That the grantee shall not compel the segregation of such garbage or refuse.

That the plant shall be built on the aforesaid site furnished by the said City and County, and designated as Assessor's Block No. 3914, rent free to the successful bidder for the life of the franchise, or if such site is not suitable, the bidder shall furnish in lieu thereof another site at his own expense.

That the bidder shall wreck the existing plant on Assessor's Block No. 3914 and remove or dispose of all surplus earth, rock or other material now on the said site, provided such site is used.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise.

That upon termination of the franchise the site and complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

That the grantee of this franchise, or privilege, shall provide a complete plant within one year from the date of grant, in accordance with his own plans and specifications.

That such plant shall have a capacity of at least eight hundred (800) tons per day as demonstrated by a test of six (6) consecutive days, handling each twenty-four hours 800 tons of garbage and refuse as collected in the said City and County. Such test shall be made under the direction and supervision of the said City Engineer at the expense of the grantee. The said City and County will furnish at its own expense all engineers and attendants required for making observations, reading instruments, or recording notes during such test. The said City and County will furnish free of charge to grantee all necessary garbage and refuse for such test.

If the City Engineer should determine that the plant has not met the guarantees on this first test he shall so notify the grantee in writing within five (5) days following the last day of the test period. The grantee shall then be allowed sixty (60) days following this date of notification in which to make, at his own expense, any alteration or changes to the equipment that he may desire to make, in order to improve its operation. A second test shall then be run under similar conditions to the first test and this second test shall start on the fifth day following the date of delivery of the grantee's notice in writing to the Board of Supervisors that the plant is ready for this second test.

Should the plant fail to meet the requirements of the guarantees on a second test, this failure shall be conclusive evidence that it is

defective and not in accordance with the guarantees, and the franchise shall then be declared forfeited, and the grantee shall thereupon remove the plant, including all foundations, within ninety (90) days after the second test, and the whole amount of the bond in the penal sum of three hundred thousand (\$300,000) dollars shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond.

Should the City Engineer determine that the plant meets all the requirements of the guarantees, he shall so certify to the Board of Supervisors, within five days following the last day of the first or second test period, and thereupon the grantee shall be granted permission to operate the plant in accordance with and conforming to the laws and ordinances of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the plant he proposes to provide and must include therewith the following guarantees and information:

The bidder shall guarantee that the following conditions will be fulfilled when handling mixed garbage and refuse as collected in the said City and County.

(a) That at no time will there be produced any nuisance through the escape of noxious odors, vapors, smoke, sparks, dust or loose refuse from the plant, nor from the attraction of flies, rodents or other vermin to any part of the plant or place where residue may be deposited.

(b) That garbage, refuse, residue or reject materials containing more than 1 per cent, by weight, of organic matter will, at the end of each day's work, if dumped on a fill above the level of low tide, be completely covered, top and all sides, by not less than fifteen inches of fine soil or earth and thoroughly compacted, to effectually prevent inroads of rodents, flies or other vermin. The said fill and cover shall be done under the direction of and to the satisfaction of the Board of Health of said City and County.

(c) That the plant will be arranged and equipped so that garbage and refuse may be received continuously and at such a rate that at least thirty trucks, such as are now used by the collectors, may be served in one hour without delay.

(d) That the plant will be ready and prepared to receive, weigh and handle all garbage and refuse delivered between the hours of 8 a. m. and 5 p. m. every day of the year except Sundays, New Year's Day, Fourth of July and Christmas Day.

The bidder shall also file with his bid, in a separate sealed envelope, endorsed "Additional Information Required," and with his signature, the following information:

(1) A statement furnishing satisfactory evidence that he has sufficient means, equipment and experience in the operation of similar work to enable him to undertake and successfully complete the work proposed, and of the successful operation of at least one like project, using the process proposed by the bidder, which has been in successful operation on a practical basis.

(2) A statement describing in detail the methods the bidder proposes to use in the treatment and disposal of the garbage and refuse, including the method of and proposed location for the final disposal of residue and reject materials which may accumulate from the operation of the plant or project, and the precautions he proposes to use to prevent the production of any nuisance.

(3) A statement of the operating personnel necessary, including supervision, giving the number of men divided into respective shifts assigned to each class of work when disposing of 800 tons per day of twenty-four hours.

(4) A statement of the power consumption per ton of garbage and refuse disposed of.

Be it Further Resolved, That the definition of the words "garbage and refuse," wherever used in this resolution, shall conform to that given in Section 356, specifications No. S-18440, prepared by the City Engineer.

That in all operations connected with the work on any of the three propositions the Charter and all ordinances of the City and County of San Francisco and all laws of the United States and the State of California which shall be or become applicable to and control or limit in any way the actions of those engaged in any way as principal or agent, shall be respected and strictly complied with.

That the buildings, improvements and equipment which may be furnished by the successful bidder shall be subject to all City and County taxes.

That included with the "Additional Information Required" on any of the three propositions the bidder shall furnish with his bid a general statement covering estimates, itemizing the expected cost of operation and maintenance, and the expected cost of financing the project and amortizing the outlay required during the life of the franchise.

The said statement covering cost of operation and maintenance shall be based upon present tonnage and shall include:

The number of men required for each class of work per day.

The rate of pay allocated to each man.

The estimated cost of operating supplies, water, power and light.

The estimated cost for labor and material for maintenance.

The statement covering the cost of financing the project and amortizing the outlay required shall include:

Estimated cost of buildings.

Estimated cost of equipment.

Estimated amount of interest during construction.

Estimated cost of financing.

Estimated annual interest on investment.

Estimated amount of annual sinking fund.

Estimated cost for bond insurance and taxes.

Estimated allowance for profit.

That all structures, ramps, approaches or roadways shall be designed and constructed to carry loads equivalent to the assumed wheel loadings for trucks shown on Drawing No. W 110, page 136, of the said specifications No. S-18440, prepared by the City Engineer.

Test borings have been made, test piles have been driven, and a soil-bearing test has been made to obtain accurate information as to the nature and bearing power of soil on Assessor's Block No. 3938, near said Block No. 3914, the site designated.

Results of these investigations are shown on Drawing No. W 103, and the said drawing and soil samples, taken during the boring of the test holes, may be inspected at the office of the Bureau of Engineering.

Grantee must use his own judgment as to the value of these borings and tests in connection with work on said Block No. 3914, and any further soil tests, if required, shall be made at his own expense.

Bearing tests on the original soil below the fill indicated that the soil will safely sustain a load of four tons per square foot, but should it be ascertained, when excavating said Block No. 3914, that only part or all of the soil, when excavated to the depth required for the foundations, will not safely sustain such load per square foot, it may become necessary to modify the foundations and involve the use of piling. The grantee shall bear the additional expense of such changes and additions to plant.

Be it Further Resolved, That the maximum price which the grantee may charge for disposal of said garbage and refuse and the method of payment thereof shall conform to the laws and ordinances of the

City and County of San Francisco, and such price of disposal shall be collected from the persons delivering garbage or refuse at the plant.

Proposal forms will be furnished gratuitously upon application at the office of the City Engineer, and all proposals must be made on such forms.

There will be three (3) forms of proposal blanks, and the bidder should use the form designated for the proposition or propositions he proposes to use.

Any erasure, addition or interlineation in a proposal or bid will rule out the proposal or bid from consideration.

Be it Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the awarding of this franchise or privilege pursuant to and in accordance with the provisions of the following act, which is made a part thereof for all purposes:

An Act providing for the granting of franchises in counties or cities and counties for the disposal or destruction, or both, of garbage and other waste, and declaring same an urgency measure.

The People of the State of California do enact as follows:

Section 1. Franchise by legislative body. Every franchise or privilege for the disposal or destruction, or both, of garbage, waste, offal and debris shall be granted by the legislative body of any county or city and county under the terms and conditions in this act provided, and not otherwise.

Section 2. Best bid may be called for. Any such governmental subdivision may, by resolution of its legislative body, call for bids for the granting of a franchise, exclusive or otherwise, for the disposal or destruction, or both, of garbage, waste, offal and debris, according to the terms and conditions set forth in such resolution, for a period of time not to exceed twenty-five years. Thereafter said legislative body shall cause to be published once a week for two successive weeks a notice which shall set forth all of the terms and conditions embraced in said resolution, and the time, date and place for the receiving and opening of sealed bids, which shall not be sooner than four full weeks from date of the first publication of said notice. Upon examination by the legislative body of said bids, the franchise may be awarded to the best bidder. Said legislative body may postpone the granting of said franchise from time to time until said legislative body shall have had a full and complete opportunity to examine into the merits of each bid.

Section 3. Bond. The successful bidder shall file with the said legislative body, upon grant of the franchise, a bond running to the governmental subdivision in an amount and under such terms and conditions as may be prescribed by said legislative body.

Section 4. Grantor may impose additional terms. The grantor may, in such resolution and advertised notice, impose terms and conditions other than those mentioned herein so long as they shall not be in conflict with the provisions hereof.

Section 5. Grantee's terms. The grantee may in his franchise bid set forth such propositions, terms and conditions as he may desire to offer, or receive the benefit from, which may be in addition to, or in conflict with, those mentioned in the resolution or advertised notice calling for bids, so long as they shall not be in conflict with the provisions hereof.

Section 6. Repeal. The provisions of any law in conflict with this act are to that extent hereby repealed.

Section 7. Constitutionality of act. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would

have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared unconstitutional.

Section 8. This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public health and safety, within the meaning of Section 1 of Article IV of the Constitution of the State of California, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity:

There exist in several parts of the state inadequate facilities for the disposal or destruction of garbage, waste, offal and debris, a condition which is needful of immediate remedy, and requires action on the part of the legislative bodies of governmental subdivisions herein mentioned to take such steps as are authorized by the provisions of this act as will immediately correct this condition.

Said bids to be filed with the Clerk not later than the 27th day of July, 1931, at the hour of 3 p. m., and said time is hereby fixed as the date and hour for the opening and consideration of said bids.

The Board of Supervisors will thereupon, in accordance with the provisions of the said act, open and publicly declare the said bids, make a survey of bids, and thereafter make such award as subserves the best interests of the City and County of San Francisco. The Board of Supervisors reserves the right to reject any or all bids if it believes the public interest will be subserved thereby.

A franchise ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective.

Be it Further Resolved, That when the franchise is awarded the successful bidder shall file a surety company bond running to the City and County of San Francisco, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars for the first two (2) years of the life of the franchise, and in the penal sum of one hundred thousand (\$100,000) dollars thereafter, conditioned that such bidder shall faithfully fulfill the aforesaid guarantees and shall well and truly observe, fulfill and perform each and every other term and condition of the franchise or privilege, and that in case of any breach of condition of such bond the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

S. McAtee was heard when foregoing matter was under consideration. He requested that matter be thrown open to all bidders.

Confirming Sale of City Lands on Twenty-second Avenue Between Irving and Judah Streets.

On recommendation of Public Buildings and Lands Committee.

Bill No. 9415, Ordinance No. 9004 (New Series), as follows:

Confirming the sale of land owned by the City and County of San Francisco and situate in the City and County of San Francisco, State of California.

Whereas, by Ordinance No. 8954 (New Series), approved April 1, 1931, the Board of Supervisors determined that public interest and necessity demanded the sale of the land hereinafter described and by said ordinance directed the Mayor of the City and County of San Francisco to sell all of said land at public auction, and directed that notice of said sale be given for three weeks successively next before the sale as required by law; and

Whereas, the Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County of San Francisco for three weeks successively next before said sale was directed to be made, describing the lands to be sold therein with common certainty and stating that said sale would be made, as specified by Ordinance No. 8954 (New Series), and that all bids or offers would be received by the Mayor at the chambers of the Board of Supervisors, second floor, in the City Hall, City and County of San Francisco, State of California, on April 27, 1931; and

Whereas, the Mayor, the Assessor and the Chairman of the Finance Committee, being the Board of Appraisers constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisal of said lands and fixed the fair value thereof and reported said appraisal to the Board of Supervisors in writing; and

Whereas, thereafter, and on said date at public auction, the Mayor of the City and County of San Francisco sold the said parcel of land to Herman Christensen for the sum of \$2,550, and accepted from said Herman Christensen a deposit in the amount of 10 per cent or more of the amount bid, and thereafter on May 4, 1931, duly notified the

Board of Supervisors in writing of the fact of such sale, stating the amount bid, the name of the bidder, and requesting that the Board confirm the sale; and

Whereas, the Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of three weeks from and after the 6th day of May, 1931, that at a meeting of the Board of Supervisors to be held on the 1st day of June, 1931, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the land had been sold as aforesaid, and the name of the purchaser, and also stating that if at such meeting on the 1st day of June, 1931, an offer of 10 per cent more in amount than that named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale; and

Whereas, the date of confirmation specified in said notice has now arrived and a higher bid has not been obtained, and it appearing to the Board of Supervisors that the amount bid as aforesaid is not disproportionate to the value of the property sold, and that a greater sum cannot be obtained; therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That said sale of the said land hereinafter described is hereby ratified, approved and confirmed and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchaser, Herman Christensen, upon payment of the balance of the purchase price, a good and sufficient conveyance in the name of the City and County of San Francisco, conveying all the right, title and interest of the City and County in and to the land sold as aforesaid, and more particularly described as follows, to-wit:

Commencing at a point on the easterly line of Twenty-second avenue, distant thereon 285 feet southerly from the southerly line of Irving street and running thence southerly along the said easterly line of Twenty-second avenue 30 feet; thence at a right angle easterly 120 feet; thence at a right angle northerly 30 feet; thence at a right angle westerly 120 feet to the easterly line of Twenty-second avenue and the point of commencement.

Section 2. The City Attorney is hereby directed to prepare the necessary conveyances and supervise the delivery of deed upon payment of purchase price as aforesaid.

Section 3. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Absent—Supervisor Andriano—1.

Requesting the Railroad Commission to Make a Report on the Operation of the Municipal Railway.

On recommendation of Public Utilities Committee.

Bill No. 9417, Ordinance No. 9005 (New Series), as follows:

Directing the Board of Public Works to request the Railroad Commission of the State of California to assist said Board of Public Works to make an investigation and report to the Board of Public Works covering the operations of the Municipal Railway of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Board of Public Works be and it is hereby directed to request the Railroad Commission of the State of Cali-

fornia to assist the Board of Public Works of the City and County of San Francisco by having its engineering and technical organization, under the direction of its Chief Engineer, make an investigation and report to said Board of Public Works covering the operations of the Municipal Railway, including a study of traffic characteristics, schedules, financial results of operation and financial and physical requirements for the immediate future; these studies to include possible operating economies, reroutings and all other matters looking toward improvement in return with the maintenance of adequate service and the retention of existing wage schedules and present basic rate of fare. That said study, report and investigation shall not embrace the formulation of plans for consolidation or joint operation of the Municipal Railway with privately owned companies except where incidentally necessary to effect economies, improve service or relieve street congestion.

Section 2. The cost of this work shall be met out of Municipal Railway funds, and the sum of ten thousand (\$10,000) dollars is hereby appropriated and ordered paid from said funds to the State Railroad Commission, to be deposited with the Secretary of said Commission when the said Railroad Commission shall signify its intention of complying with the aforesaid request; and the Secretary of said Commission is requested to make a monthly report of expenditures to this Board, and, upon completion of the work, shall return any unexpended balance to the City Treasurer.

Section 3. The Board of Public Works shall direct the Superintendent of the Municipal Railway to furnish the Chief Engineer of the Railroad Commission and his authorized assistants with free transportation over the lines of the railway for use in the performance of their official duties while engaged on this work.

Section 4. That when said report is completed and received that the Board of Public Works forthwith file a copy of the same with this Board and with the Mayor of the City and County of San Francisco.

Section 5. This ordinance shall take effect immediately upon its passage.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—14.

Absent—Supervisors Andriano, McGovern, Shannon, Suhr—4.

Easements for Road Purposes in Alameda County.

Also, Bill No. 9414, Ordinance No. 9006 (New Series), as follows:

Directing the Mayor and the Clerk of the Board of Supervisors to execute rights-of-way easements to the County of Alameda for road purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute rights-of-way easements to the County of Alameda over lands owned by the City and County of San Francisco situated in Alameda County and under the control of the Water Department of the City and County of San Francisco, for the purpose of constructing and maintaining roads.

Section 2. The rights-of-way easements for which the deeds described in Section 1 hereof are to be issued are situate within the following described lands in the County of Alameda, State of California—

(a) For the Niles Canyon Road, so called, which leads from the town of Niles to the town of Sunol, an easement of right-of-way over and upon a strip of land varying in width from 50 to 100 feet (as said width has been fixed and adopted by the Board of Supervisors of said County of Alameda), commencing at or near the westerly line of Vallejo street, so called, in said town of Niles and running in a gen-

eral northeasterly direction to the westerly terminus of County Road No. 7486;

(b) For said Niles Canyon Road, so called, an easement of right-of-way over and upon a strip of land containing an area of 0.081 acres, more or less, extending in a westerly direction from the westerly line of said Vallejo street, so called;

(c) For the Vallecitos road, so called, which leads from a point near the town of Sunol to a point near the city of Livermore, an easement of right-of-way over and upon a strip of land 66 feet wide, commencing at or near the northerly line of Lots J and K of the Sunol portion of Rancho El Valle de San Jose and running in a general northeasterly direction to the northerly line of the Sunol portion of said rancho;

—in so far as said strips of land herein described lie within the boundaries of lands owned by said City and County of San Francisco.

Section 3. The grants to be made are to be subject to the following express conditions, which shall be accepted by legal legislation by the Board of Supervisors of the County of Alameda before these easements of rights-of-way become effective, viz.:

First: The party of the second part shall at its own expense construct and maintain a public road or highway over and on the land above described, and shall hold the party of the first part free from any obligation or expense in connection with the construction, maintenance or repair of such road or highway, the necessity for which may result from any cause whatsoever.

Second: The easements of rights-of-way hereby granted shall apply solely to the surface of the land hereinabove described, and the party of the first part hereby expressly reserves the right at all times to construct, place, maintain, use, repair and replace pipe lines and any and all waterworks structures, appurtenances, appliances and equipment, including telegraph, telephone and electric power pole and wire lines, under, across, along and/or over the said land hereinabove described and not inconsistent with the uses and purposes for which this grant is made.

Third: The party of the second part shall hold and save harmless the party of the first part from any and all responsibility due directly or indirectly to the construction, maintenance or use of said highway.

Fourth: The easements of rights-of-way hereby granted are for public road or highway purposes only, and no other rights shall be granted by the party of the second part to any person, corporation or municipality without first receiving the approval of the party of the first part.

Section 4. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havener, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—14.

Absent—Supervisors Andriano, McGovern, Shannon, Suhr—4.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco, through the City Engineer, is hereby directed to prepare and present to the Board of Supervisors plans and specifications for, and an estimate of, the cost of a pipe line over the Altamont Pass in Alameda County, or over some other feasible route, which said pipe line shall connect with the westerly terminus of the contemplated Hetch Hetchy pipe line across the San Joaquin Valley, and terminate at a point in the present aqueduct of the San Francisco Water Department, and which said pipe line shall be of a sufficient size to furnish to the City and County of San Francisco a sufficient amount of water to meet the needs of said City and County. Said Board of Public Works, through the City Engineer, is also directed to prepare and present to said Board of Supervisors plans and specifications for, and an estimate of, the cost of the necessary equipment to operate said pipe line above mentioned, as well as an estimate of the cost of, and a description of, the necessary rights of way for said pipe line and said pumping equipment. That in making said plans and specifications and estimates, the Board of Public Works, through the City Engineer, shall make an estimate of the cost of constructing said pipe line and pumping plants, with a capacity of not less than 45,000,000 gallons daily, and also the additional cost of constructing said pipe line and pumping plants to provide for a delivery of 60,000,000 gallons daily, together with the probable time necessary to construct each of said lines; and he shall recommend the most feasible route for said pipe line.

Section 2. That said pipe line shall be a portion of the Hetch Hetchy water project, and shall be operated in conjunction therewith for the purpose of furnishing to San Francisco and to its inhabitants a supply of pure water for all necessary purposes.

Section 3. That the cost of constructing said pipe line and pumping equipment, as well as the cost of the necessary rights of way therefor, shall be a charge against the Hetch Hetchy Bond Fund.

Section 4. This ordinance shall be effective immediately upon its passage.

Market Street Railway Franchise on Turk Street and on Balboa Street.

On recommendation of Public Utilities Committee.

Bill No. 9423, Ordinance No. ——— (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street,

and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May, 1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms, conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, maintained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit:

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That upon the expiration of this permit, or on the sooner termination thereof, except if the same be terminated by the acquisition of the properties of the said Market Street Railway Company as provided for in Section 6a, Chapter II, Article II, of the Charter, the said company will remove all rails, ties and poles from and along the right of way described herein, and will restore the pavement in the streets traversed by said right of way to their present condition.

Section 7. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Unless said acceptance be filed within said period of twenty days after this ordinance becomes effective, this ordinance shall become and remain null and void and all rights granted thereby shall cease and determine.

Section 8. This ordinance shall take effect from and after the date of its approval.

Motion.

On motion of Supervisor Colman the previous bill on the same subject (Bill No. 9403), heretofore passed for printing, was *indefinitely postponed*.

Ordering the Improvement of Montana Street.

On recommendation of Streets Committee.

Bill No. 9424, Ordinance No. ——— (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors May 5, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public

Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Montana street, from the easterly line of Faxon avenue produced to Orizaba avenue, by grading to official line and grade, by the construction of armored concrete curbs, by the construction of one-course concrete sidewalks, by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts, by the construction of 6-inch vitrified clay pipe side sewers, and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Board of Public Works, the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof as follows:

Beginning at a point on the easterly line of Orizaba avenue, 25 feet southerly from the southerly line of Montana street; thence northerly along the easterly line of Orizaba avenue to a point 125 feet northerly from the northerly line of Montana street; thence easterly along a line parallel with the northerly line of Montana street to a point 150 feet easterly from the easterly line of Faxon avenue; thence at right angles southerly to the northerly line of Montana street; thence westerly along the northerly line of Montana street to the easterly line of Faxon avenue; thence southerly along the easterly line of Faxon avenue produced to a point 125 feet southerly from the southerly line of Montana street; thence westerly along a line parallel with the southerly line of Montana street to a point 115 feet easterly from the easterly line of Orizaba avenue; thence at right angles northerly 100 feet; thence at right angles westerly to the easterly line of Orizaba avenue and the point of beginning, excepting and excluding all public streets.

Section 2. This ordinance shall take effect immediately.

Spur Track Privileges to Southern Pacific Company.

Bill No. 9425, Ordinance No. ——— (New Series), as follows:

Granting permission revocable at the will of the Board of Supervisors to Southern Pacific Company, a corporation, its successors and assigns, to construct, maintain and operate standard gauge railroad tracks upon, along and across Carroll, Bancroft, Armstrong, Yosemite, Wallace, Van Dyke, Underwood, Thomas, Shafter and Revere avenues, and Hawes, Ingalls, Jennings and Keith streets in the locations hereinafter particularly described:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission revocable at the will of the Board of Supervisors is hereby granted to the Southern Pacific Company, to construct, maintain and operate standard gauge railroad spur tracks along and across certain streets and avenues in the so-called Bay View Industrial District, in accordance with description and blue print set forth in petition to Board of Supervisors, which railroad tracks and spurs are more specifically described as follows:

Crossing No. 1: Proposed Track Crossing Carroll Avenue and Ingalls Street.

Beginning at a point on the center line of an existing Southern Pacific Company track in Carroll avenue, distant northwesterly thereon 60 feet more or less from the northwesterly line of Ingalls street; thence in a southeasterly direction curving to the left and crossing the intersection of Carroll avenue and Ingalls street to a point in the northeasterly line of Carroll avenue, distant southeasterly thereon 40 feet more or less from the southeasterly line of Ingalls street.

Crossing No. 2: Proposed Track Crossing Bancroft Avenue.

Beginning at a point on the southwesterly line of Bancroft avenue distant southeasterly thereon 183 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction curving to the left and crossing Bancroft avenue to a point on the northeasterly line thereof.

Crossing No. 3: Proposed Track Crossing Armstrong Avenue.

Beginning at a point on the southwesterly line of Armstrong avenue distant southeasterly thereon 190 feet more or less from the south-

easterly line of Ingalls street; thence in a northeasterly direction and crossing Armstrong avenue to a point on the northeasterly line thereof.

Crossing No. 4: Proposed Track Crossing Yosemite Avenue.

Beginning at a point on the southwesterly line of Yosemite avenue, distant southeasterly thereon 190 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction and crossing Yosemite avenue to a point on the northeasterly line thereof.

Crossing No. 5: Proposed Track Crossing Wallace Avenue.

Beginning at a point on the southwesterly line of Wallace avenue distant southeasterly thereon 190 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction and crossing Wallace avenue to a point on the northeasterly line thereof.

Crossing No. 6: Proposed Track Crossing Van Dyke Avenue.

Beginning at a point on the southwesterly line of Van Dyke avenue distant southeasterly thereon 210 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction curving to the right and crossing Van Dyke avenue to a point on the northeasterly line thereof.

Crossing No. 7: Proposed Track Crossing Hawes Street and Underwood Avenue.

Beginning at a point on the northwesterly line of Hawes street distant southwesterly thereon 13 feet more or less from the southwesterly line of Underwood avenue; thence in a southeasterly direction crossing Hawes street and Underwood avenue to a point on the northeasterly line of Underwood avenue distant southeasterly thereon 100 feet, more or less, from the southeasterly line of Hawes street.

Crossing No. 8: Proposed Track Crossing Thomas Avenue.

Beginning at a point on the southwesterly line of Thomas avenue distant southeasterly thereon 190 feet more or less from the southeasterly line of Hawes street; thence in a northeasterly direction crossing Thomas avenue to a point on the northeasterly line thereof.

Crossing No. 9: Proposed Track Crossing Shafter Avenue.

Beginning at a point on the southwesterly line of Shafter avenue distant southeasterly thereon 170 feet more or less from the southeasterly line of Hawes street; thence in a northeasterly direction and crossing Shafter avenue to a point on the northeasterly line thereof.

Crossing No. 10: Proposed Track Crossing Revere Avenue.

Beginning at a point on the southwesterly line of Revere avenue distant southeasterly thereon 147 feet more or less from the southeasterly line of Hawes street; thence in a northeasterly direction and crossing Revere avenue to a point on the northeasterly line thereof.

Crossing No. 12: Proposed Track Along Armstrong Avenue.

Beginning at a point on the southwesterly line of Armstrong avenue distant southeasterly thereon 112 feet more or less from the southeasterly line of Ingalls street; thence in a northwesterly direction, curving to the left a distance of 130 feet more or less to a point on the center line of Armstrong avenue distant northwesterly thereon 10 feet more or less from the southeasterly line of Ingalls street produced; thence northwesterly along said center line crossing Ingalls street, Jennings street and Keith street to a point on the easterly line of Third street produced.

Crossing No. 13: Proposed Track Across Thomas Avenue.

Beginning at a point on the northeasterly line of Thomas avenue distant southeasterly thereon 180 feet more or less from the southeasterly line of Hawes street; thence southwesterly and crossing Thomas avenue to a point on the southwesterly line thereof.

*Crossing No. 13-A: Proposed Track Across Hawes Street
and Along Underwood Avenue.*

Beginning at a point on the southeasterly line of Hawes street distant northeasterly thereon 3 feet more or less from the northeasterly line of Underwood avenue; thence in a westerly and northwesterly direction on a curve to the right and crossing Hawes street to a point on the northwesterly line of Hawes street produced and distant southwesterly thereon 10 feet from the northeasterly line of Underwood avenue; thence northwesterly parallel to and distant southwesterly 10 feet from the northeasterly line of Underwood avenue a distance of 300 feet.

*Crossing No. 14: Proposed Track Across and Along
Van Dyke Avenue.*

Beginning at a point on the southwesterly line of Van Dyke avenue distant southeasterly thereon 130 feet more or less from the southeasterly line of Ingalls street; thence in a northwesterly direction curving to the left and crossing Ingalls street to a point on the northwesterly line of Ingalls street produced and distant southwesterly thereon 10 feet from the northeasterly line of Van Dyke avenue; thence northwesterly parallel to and distant southwesterly 10 feet from the northeasterly line of Van Dyke avenue a distance of 600 feet to the southeasterly line of Jennings street produced.

*Crossing No. 16: Proposed Track Along Armstrong Avenue
and Across Jennings Street.*

Beginning at a point in the center line of Armstrong avenue distant southeasterly thereon 27 feet more or less from the southeasterly line of Jennings street; thence northwesterly curving to the right and left and crossing Jennings street intersection with Armstrong avenue to a point distant northwesterly 95 feet more or less from the northwesterly line of Jennings street and distant southwesterly 10 feet from the northeasterly line of Armstrong avenue; thence northwesterly parallel to and distant southwesterly 10 feet from the northeasterly line of Armstrong avenue to a point distant northwesterly 400 feet from the northwesterly line of Jennings street.

Provided, that said Western Pacific California Railroad Company and the Southern Pacific Company, their successors in interest or assigns, shall lay and maintain all the tracks of said railroad crossing any street at grade flush with the surface of said street with rails of approved girder type where and when directed by the Board of Public Works wherever the same is or shall be graded to the official grade and in such manner as to offer as little obstruction as practicable to the free use thereof by the public and by vehicles, and that said Western Pacific California Railroad Company and said Southern Pacific Company, their successors in interest or assigns, shall grade, curb, pave and keep in repair, in such manner and with such material as may, from time to time, be prescribed by the Board of Public Works of said City and County of San Francisco, within sixty (60) days after written notice to them by the Board of Public Works, all streets crossed by said railroads at grade from curb to curb and between two lines, one on each side of the tracks of said railroads and 10 feet distant from the center line of the tracks, or in case there is more than one track, the center line of the outside track of said railroads. The requirements of Ordinance No. 69 (New Series), are to be included.

That girder rail be used and pavement reconstructed along that portion of the route described in No. 12, Armstrong avenue between Third street and the easterly line of Keith street, and that a suitable culvert be constructed in the crossing of Armstrong avenue and Ingalls street to take care of the flow of the existing drainage ditch; that the existing sewer be reinforced if required, and manhole protected in the crossing of Ingalls street and Carroll avenue, track

No. 1, and crossing Shafter avenue east of Hawes street, track No. 9; all drainage conditions, where intercepted, to be provided for by the construction of proper culverts and ditches.

Provided, where sewers are constructed, and the tracks constructed over the sewer, the Southern Pacific Company shall be required to maintain such sewers and appurtenances; where sewers are not constructed, the tracks shall be moved to allow the sewers and appurtenances to be constructed in the center of the streets.

Provided, all work is to be performed under the direction and supervision of the Board of Public Works.

Provided, referring to track No. 12, along Armstrong avenue, the Southern Pacific Company, its successors in interest, or assigns, shall not have exclusive right and shall allow any other railroad owner or operator or owners or operators, to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of six per cent per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Section 2. This ordinance shall take effect immediately.

Granting Spur Track Privileges to The Western Pacific California Railroad Company, Griffith Street and Other Streets.

Also, Bill No. 9426, Ordinance No. ——— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Western Pacific California Railroad Company to construct, maintain and operate spur tracks on, along and across Griffith street, and other streets as specifically indicated in yellow on map marked Exhibit "A" attached to said petition for spur tracks.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Western Pacific California Railroad Company to construct, maintain and operate spur tracks on, along and across Griffith street, and other streets as specifically indicated in yellow on that certain map marked Exhibit "A" filed with petition for said spur track privileges, and more specifically described as follows:

Track No. 3.

From a point of connection with the proposed track of applicant, along Griffith street, in the City and County of San Francisco, and Donner avenue, and across Hawes street, Ingalls street and Jennings street. The description of said track is as follows:

Track No. 4.

From the point of connection of the proposed track of applicant in Griffith street, in the City and County of San Francisco, along Griffith street and Armstrong avenue, and across Hawes street, Ingalls street, Jennings street and Keith street. The description of said track is as follows:

Beginning at a point in the proposed center line of main track of the Western Pacific California Railroad Company, said point being at or near the center line of Griffith street and distant northeasterly thereon approximately 65 feet from the southeasterly prolongation of the southwestern line of Yosemite avenue; thence southwesterly through a No. 10 turnout to the right 90 feet to a point in Griffith street; thence southwesterly on the arc of a curve to the right having a radius of 239.17 feet and crossing Griffith street to a point in the northwestern line thereof, distant southwesterly thereon approximately 112 feet from the southeasterly prolongation of the southwestern line of Yosemite avenue; thence continuing southwesterly along last described curve over and across private property to a point in the southeasterly prolongation of the northeastern line of Armstrong avenue, distant northwesterly thereon approximately 80 feet from the prolongation of the northwestern line of Griffith street; thence continuing westerly and northwesterly along last described curve approximately 140 feet to a point in the center line of Armstrong avenue, distant northwesterly thereon approximately 210 feet from the prolongation of the northwestern line of Griffith street; thence northwesterly along said center line of Armstrong avenue, crossing Hawes street, Ingalls street, Jennings street and Keith street, a distance of approximately 2830 feet to the eastern line of Third street.

Track No. 5.

From the point of connection with the proposed track of applicant in Griffith street, along Griffith street and Van Dyke avenue, and across Hawes street and Ingalls street. The description of said track is as follows:

Beginning at the intersection of the northeastern line of Underwood avenue with the proposed center line of main track of the Western Pacific California Railroad Company, said intersection being at or near the center line of Griffith street; thence southwesterly through a No. 10 turnout to the right, a distance of 105 feet to a point in Griffith street; thence southwesterly, crossing Griffith street on the arc of a curve to the right having a radius of 239.17 feet to a point in the prolongation of the northwestern line of Griffith street, distant approximately 108 feet southwesterly thereon from the southwestern line of Underwood avenue; thence continuing southwesterly along last described curve, over and across private property, to a point in the southeasterly prolongation of the northeastern line of Van Dyke avenue, distant approximately 84 feet northwesterly thereon from the northwestern line of Griffith street; thence westerly and northwesterly, continuing along last described curve a distance of approximately 140 feet to a point in the center line of Van Dyke avenue, distant northwesterly thereon approximately 215 feet from the prolongation of the northwestern line of Griffith street; thence northwesterly along said center line of Van Dyke avenue, crossing Hawes street and Ingalls street, a distance of approximately 1713 feet to the southeastern line of Jennings street

Track No. 6.

From the point of connection with the proposed track of applicant in Griffith street, along Griffith street and Underwood avenue, and across Hawes street. The description of said track is as follows:

Beginning at the intersection of the northeastern line of Thomas avenue with the proposed center line of main track of the Western

Pacific California Railroad Company, said intersection being at or near the center line of Griffith street; thence southwesterly through a No. 10 turnout to the right, a distance of 105 feet to a point in Griffith street; thence southwesterly, crossing Griffith street, on the arc of a curve to the right, having a radius of 239.17 feet to a point in the northwesterly line of Griffith street, distant approximately 108 feet southwesterly thereon from the southwestern line of Thomas avenue; thence continuing southwesterly along last described curve, over and across private property, to a point in the northeastern line of Underwood avenue, distant approximately 84 feet northwesterly thereon from the northwestern line of Griffith street; thence westerly and northwesterly, continuing along last described curve, a distance of approximately 140 feet to a point in the center line of Underwood avenue, distant northwesterly thereon approximately 215 feet from the northwestern line of Griffith street; thence northwesterly along said center line of Underwood avenue, crossing Hawes street, a distance of approximately 1136 feet to the southeastern line of Ingalls street.

Track No. 7.

From the point of connection with the proposed track of applicant in Griffith street, along Griffith street and Wallace avenue, and across Hawes street, Ingalls street and Jennings street. The description of said track is as follows:

Beginning at the intersection of the southeasterly prolongation of the northeastern line of Van Dyke avenue with the proposed center line of main track of the Western Pacific California Railroad Company, said intersection being at or near the prolongation of the center line of Griffith street; thence southwesterly through a No. 10 turnout to the right, a distance of 105 feet to a point in Griffith street; thence southwesterly, crossing Griffith street, on the arc of a curve to the right, having a radius of 239.17 feet to a point in the prolongation of the northwestern line of Griffith street, distant approximately 108 feet southwesterly thereon from the southeasterly prolongation of the southwestern line of Van Dyke avenue; thence continuing southwesterly along last described curve, over and across private property, to a point in the southeasterly prolongation of the northeastern line of Wallace avenue, distant approximately 84 feet northwesterly thereon from the prolongation of the northwestern line of Griffith street; thence westerly and northwesterly, continuing along last described curve, a distance of approximately 140 feet to a point in the center line of Wallace avenue, distant northwesterly thereon approximately 215 feet from the prolongation of the northwestern line of Griffith street; thence northwesterly along said center line of Wallace avenue, crossing Hawes street, Ingalls street and Jennings street, a distance of approximately 2377 feet to the southeastern line of Keith street.

Provided, that the requested permits be granted with the proviso that the permit be granted for the track along Griffith street; that Track No. 3 (Donner avenue) shall terminate at the easterly line of Jennings street.

Provided, as to Track No. 3 (Donner avenue), girder rail shall be used between the westerly line of Hawes street and the westerly line of Ingalls street; existing pavements to be reconstructed; the sewer in the crossing of Donner avenue and Ingalls street to be reinforced.

Where sewers are constructed, and tracks constructed over the sewer, the Western Pacific California Railroad Company shall be required to maintain such sewers and appurtenances, and where sewers are not constructed, the tracks shall be moved to allow the sewers and appurtenances to be constructed in the center of the street. It is noted that official grades are not established on Donner avenue between Hawes and Griffith streets and on Griffith street southerly from Underwood avenue.

Provided, as to Track No. 4 (Armstrong avenue), girder rail shall be used and pavement reconstructed along that portion of Armstrong avenue between Third street and the easterly line of Keith street; a suitable culvert to be constructed in the crossing of Armstrong avenue and Ingalls street to take the flow of the existing drainage ditch.

Provided, as to Track No. 5 (Van Dyke avenue), when sewers are to be constructed in Van Dyke avenue, the track shall be moved to allow the sewers and appurtenances to be constructed in the center of the street. All drainage intercepted by the track shall be provided for by the construction of proper culverts and ditches.

Provided, as to Track No. 6 (Underwood avenue), requirements same as for Track No. 5.

Provided, as to Track No. 7 (Wallace avenue), girder rail shall be used in that portion of Wallace avenue between Jennings and Keith streets.

A permit for the aforementioned block has been granted for grading, sewer, curbs and pavement. The track is not to be laid on this block until the sewer is constructed. The above mentioned provision as in Tracks Nos. 5 and 6 is to apply when future sewers are constructed.

All work to be performed under the direction and supervision of the Board of Public Works on the above mentioned tracks.

The Western Pacific California Railroad Company shall not have exclusive right to the above mentioned tracks and shall allow any other owner or operator or owners or operators to use in common with it such tracks, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of 6 per cent per annum (not compounded) from the time of the expenditure for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Western Pacific California Railroad Company.

Provided, that the Western Pacific California Railroad Company shall erect and maintain all night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that said Western Pacific California Railroad Company and the Southern Pacific Company, their successors in interest or assigns, shall lay and maintain all the tracks of said railroad crossing any street at grade flush with the surface of said street with rails of approved girder type, where and when directed by the Board of Public Works wherever the same is or shall be graded to the official grade and in such manner as to offer as little obstruction as practicable to the free use thereof by the public and by vehicles, and that said Western Pacific California Railroad Company and said Southern Pacific Company, their successors in interest or assigns, shall grade, curb, pave and keep in repair, in such manner and with such material as may, from time to time, be prescribed by the Board of Public Works of said City and County of San Francisco, within sixty (60) days after written notice to them by the Board of Public Works, all streets crossed by said railroads at grade from curb to curb and between two lines,

one on each side of the tracks of said railroads and 10 feet distant from the center line of the tracks, or in case there is more than one track, the center line of the outside track of said railroads. The requirements of Ordinance No. 69 (New Series) are to be included.

Section 2. This ordinance shall take effect immediately.

Abolishing Sidewalks on Oloran Alley.

Also, Bill No. 9427, Ordinance No. ——— (New Series), as follows:

Board of Works Requested to Remove Shipwrecks, Etc., in District Bounded by Griffith Street, Hunters Point Boulevard and Jennings Street.

Supervisor Spaulding presented:

Resolution No. 34567 (New Series), as follows:

Whereas, the practice has grown up of hauling old shipwrecks and discarded and abandoned vessels of all descriptions to the district bounded by Griffith street, Hunters Point boulevard and Jennings street; and

Whereas, these shipwrecks are a menace to navigation and a detriment to business in the vicinity; and

Whereas, there does not appear to be any authority to permit the leaving of these wrecked vessels in this vicinity, to rot and decay; and

Whereas, the City and County of San Francisco has jurisdiction over that portion of the bay on which such streets are located; now, therefore, be it

Resolved, That the City Attorney is requested to advise this Board as to our authority in having these wrecks removed, and, further, that the Board of Public Works is hereby requested to take immediate action to cause the removal of such wrecks as now lay on the San Francisco Bay shores in this vicinity, and prevent further operations of this kind.

Requesting Century Pacific Airlines, Inc., to Consider Advantages of San Francisco Municipal Airport as Its Bay Terminal.

Also, Resolution No. 34568 (New Series), as follows:

Whereas, Century Pacific Airlines, Inc., has indicated its intention to inaugurate frequent airplane passenger and freight schedules on the Pacific Coast; and

Whereas, the San Francisco Bay Region will be an important terminal of such a system of air lines; and

Whereas, the San Francisco Airport is the most conveniently located airport for such a terminal; and

Whereas, the people of San Francisco desire, both from the standpoint of convenience and from the standpoint of development of the city as a commercial and transportation center, that such air lines make their San Francisco Bay region terminal at the San Francisco Airport; and

Whereas, establishment of such a terminal at the San Francisco Airport would do much to put San Francisco in the vanguard of aeronautics; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby respectfully request the officials of the Century Pacific Airlines, Inc., to consider carefully the advantages of the San Francisco Airport as its bay terminal for the proposed new lines, with a view to selecting said site for its permanent base; and be it

Further Resolved, That the Board of Supervisors pledges its wholehearted support to the Century Pacific Airlines, Inc., and promises, in both official and private capacity as individuals, to do all in its power to further the success of this ambitious undertaking.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—14.

Absent—Supervisors Andriano, McGovern, Shannon, Suhr—4.

Recreation Pier at Aquatic Park.

Supervisor McSheehy presented:

Resolution No. ————— (New Series), as follows:

Whereas, the Congress of the United States, at its Seventieth Session, did pass an Act authorizing the Secretary of War of the United States to grant a permit to the Board of Park Commissioners of the City and County of San Francisco to construct, maintain and use a recreation pier in connection with an aquatic park at the foot of Van Ness avenue, and for such purpose to encroach upon the lands belonging to the United States, and comprising a part of Fort Mason Military Reservation; and

Whereas, it was by said Act provided that the permit to encroach upon said lands should and would be conditioned upon the relocation on a suitable site of the present wharf of the Army Transport Service in such a manner as should be determined by the Secretary of War; and

Whereas, the Board of Park Commissioners has constructed a wharf for said United States Transport Service, and relocated the same upon the hereinafter described property owned by the City and County of San Francisco; and

Whereas, the said Secretary of War has requested that the City and County convey the aforesaid wharf to the Government of the United States as a condition precedent to the said Secretary of War granting to the said Board of Park Commissioners the said permit to construct and maintain said recreation pier, and abandoning the said wharf now used by the United States Transport Service; now, therefore, be it

Resolved, That the City and County of San Francisco grant to the United States of America the aforesaid wharf constructed upon the hereinafter described property, together with the said property which is described as follows, to-wit:

All that piece or parcel of land lying in the City and County of San Francisco, State of California, and particularly described as follows:

Beginning at an angle point in the Pueblo line of 1850 as established by the City Engineer of the City and County of San Francisco, State of California, said point being distant 1430.332 feet northerly at right angles from the northerly line of Bay street and 201.78 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 13 feet to a point which is distant 1442.932 feet northerly at right angles from the northerly line of Bay street and 204.98 feet westerly at right angles from the westerly line of Van Ness avenue; thence northeasterly 20.5 feet to a point which is distant 1461.088 feet northerly at right angles from the northerly line of Bay street and 195.461 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 17.5 feet to a point which is distant 1477.859 feet northerly at right angles from the northerly line of Bay street and 200.461 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 20.629 feet to a point which is distant 1487.692 feet northerly at right angles from the northerly line of Bay street and 218.596 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 260.996 feet to a point which is distant 1709.046 feet northerly at right angles from the northerly line of Bay street and 356.876 feet westerly at right angles from the westerly line of Van Ness avenue; thence easterly 46.048 feet to a point which is distant 1710.003 feet northerly at right angles from the northerly line of Bay street and 310.838 feet westerly at right angles from the westerly line of Van Ness avenue; thence at a right angle northerly 12 feet; thence at a right angle westerly 47 feet; thence at a right angle northerly 29 feet; thence at a right angle westerly 156 feet; thence at a right angle southerly 59 feet; thence at a right angle easterly 140.26 feet to a point which is distant 1690.704 feet northerly at right angles from the northerly line of Bay street and 373.188 feet westerly at right angles from the westerly line of Van Ness avenue; thence southeasterly 238.4 feet to a point which is distant 1488.514 feet northerly at right angles from the northerly line of Bay street and 246.88 feet westerly at right angles from the westerly line of Van Ness avenue; thence southwestly 11 feet to a point which is distant 1477.796 feet northerly at right angles from the northerly line of Bay street and 249.356 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 141.07 feet to a point on said Pueblo line which is distant 1502.82 feet northerly at right angles from the northerly line of Bay street and 388.182 feet westerly at right angles from the westerly line of Van Ness avenue; thence southeasterly along said Pueblo line of 1850 200 feet to the point of beginning.

That said grant shall be effective upon the Secretary of War granting to the Board of Park Commissioners of the City and County of San Francisco a permit to construct, maintain and use a recreation pier in connection with the establishment of an aquatic park at the foot of Van Ness avenue, and for such purpose to encroach upon the lands belonging to the United States, and comprising a part of the Fort Mason Military Reservation, a portion of which said lands is occupied by said abandoned wharf.

That said grant to the United States of America shall condition to the effect that when the Government of the United States shall permanently cease to use the said property herein granted and on which said newly located wharf is situated, for governmental purposes, the said property and the said wharf shall revert to the City and County of San Francisco.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized, empowered and directed to make, execute and deliver for and on behalf of the City and County the necessary instruments to carry out the purpose of this resolution.

Appropriation of \$750 for Employment of Five Captains in the Fire Department.

Supervisor Hayden presented:

Resolution No. ————— (New Series), as follows:

Resolved, That the sum of \$750 be and the same is hereby set aside, appropriated and authorized to be expended out of the General Fund, 1930-1931, to the credit of Appropriation 41-A, Fire Department, for the employment of five captains, Fire Department.

Joseph B. Strauss Appointed Consulting Engineer, Third Street Bridge Construction.

Resolution No. ————— (New Series), as follows:

Whereas, the Board of Public Works has, by its Resolution No. 114210 (Second Series), a copy of which has been filed with the Board, recited the necessity of employing a consulting engineer for the purpose of assisting in the designing and in the superintending of the construction of a bridge across the Channel street waterway at Third street; and

Whereas, such position requires expert and technical training on the part of the person appointed to fill said position and discharge the duties thereof; now, therefore, be it

Resolved, That the said position be and the same is hereby exempted from the residential qualifications required by Section 2, Article XVI, of the Charter; and that said person appointed to said position, in lieu of said residential qualification, file with this Board, and with the Board of Public Works, certificates of training and experience; and be it

Further Resolved, That upon Joseph B. Strauss filing the said certificates showing his training and experience, the said Board of Public Works be and it is hereby authorized and directed to employ said Joseph B. Strauss as Consulting Engineer to assist in the preparation of plans and specifications for a bascule bridge over the Channel street waterway at Third street, and to superintend the construction of the same. The services of said Joseph B. Strauss cover the furnishing of general bidding plans for the substructure and superstructure of the complete bridge, specifications, estimates of quantities, checking of working or shop plans, general advisory services, and the right of all bidders to use said plans, without additional cost, save deposit fee to the Board of Public Works, as well as the right of the City to use the bridge called for in said plans, without any royalty charges thereof. That the said Board of Public Works is further authorized to agree upon and fix compensation of said Joseph B. Strauss at a sum not to exceed five per cent of the entire cost of the substructure and superstructure of said bridge in place.

SPECIAL ORDER—2 P. M.

The following matters were taken up:

Requesting Approval of Board of Supervisors of San Mateo County for Purchase of Land for San Francisco Jail Site.

Resolution No. _____ (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby request the approval by the Board of Supervisors of the County of San Mateo of the purchase by the City and County of San Francisco of the certain land, situate in San Mateo County, required by the City and County of San Francisco for the erection of a County Jail thereon. The said land herein referred to is situate east of the highway, distant about one mile south of Half Moon Bay, and known as the "Cassinelli Ranch," comprising approximately 420 acres, and being distant about 28.7 miles from the City and County of San Francisco.

Motions.

Supervisor Shannon moved that the foregoing resolution, requesting approval of Board of Supervisors of San Mateo County to establishment of County Jail on "Cassinelli Ranch," be adopted.

Supervisor Colman moved as an amendment that the Sneath Ranch, at San Andreas, be substituted for the "Cassinelli Ranch."

Supervisor Havenner moved that action be postponed two weeks and that in the meantime Right of Way Agent Phillips furnish an appraisal and get selling price of Sneath Ranch; also (at Supervisor Stanton's request) the Pedro Valley property.

Motion *carried*.

Supervisor Colman moved that our right of way agent, Jos. Phillips, be authorized to offer \$50,000 for the Sneath ranch.

Supervisor McSheehy moved as an amendment acceptance of offer of Sneath ranch at appraisal value of \$41,250, or as second choice the Cassinelli ranch, at appraisal price.

Supervisor Peyser moved, as a substitute for the whole, that this Board of Supervisors recommends to the Board of Supervisors, or ask the Board of Supervisors of the County of San Mateo for permission to the Sneath ranch site for a County Jail and that our right of way agent be authorized to deal with the Sneath property holders and make an offer which in his judgment be deemed advisable not to exceed \$50,000.

Substitute for the whole *carried* by the following vote:

Employment of Consulting Engineer (Joseph B. Strauss) to Assist in the Construction of Third Street Bridge, and Exempting Said Position From Civil Service Provisions.

Also, Resolution No. 34578 (New Series), as follows:

Whereas, the Board of Public Works has, by its Resolution No. 114210 (Second Series), a copy of which has been filed with Board, recited the necessity of employing a consulting engineer for the purpose of assisting in the designing and in the superintending of the construction of a bridge across the Channel street water way at Third street; and

Whereas, such position requires expert and technical training on the part of the person appointed to fill said position and discharge the duties thereof; now, therefore, be it

Resolved, That the said position be and the same is hereby exempted from the residential qualifications required by Section 2, Article XVI, of the Charter; and that said person appointed to said position, in lieu of said residential qualification, file with this Board, and with the Board of Public Works, certificates of training and experience; and be it

Further Resolved, That upon Joseph B. Strauss filing the said certificates showing his training and experience, the said Board of Public Works be and it is hereby authorized and directed to employ said Joseph B. Strauss as consulting engineer to assist in the preparation of plans and specifications for a bascule bridge over the Channel street water way at Third street, and to superintend the construction of the same. The services of said Joseph B. Strauss cover the furnishing of general bidding plans for the substructure and superstructure of the complete bridge, specifications, estimates of quantities, checking of working or shop plans, general advisory services, and the right of all bidders to use said plans, without additional cost, save deposit fee to the Board of Public Works, as well as the right of the City to use the bridge called for in said plans, without any royalty charges thereof. That the said Board of Public Works is further authorized to agree upon and fix compensation of said Joseph B. Strauss at a sum not to exceed five per cent of the entire cost of the substructure and superstructure of said bridge in place.

Grant of Wharf in Consideration of Permit to Maintain Recreation Pier in Connection With Aquatic Park.

On recommendation of Education, Parks and Playgrounds Committee.

Resolution No. 34579 (New Series), as follows:

Whereas, the Congress of the United States, at its Seventieth Session, did pass an Act authorizing the Secretary of War of the United States to grant a permit to the Board of Park Commissioners of the City and County of San Francisco to construct, maintain and use a recreation pier in connection with an aquatic park, at the foot of Van

Ness avenue, and for such purpose to encroach upon the lands belonging to the United States, and comprising a part of Fort Mason Military Reservation; and

Whereas, it was by said Act provided that the permit to encroach upon said lands should and would be conditioned upon the relocation, on a suitable site, of the present wharf of the Army Transport Service, in such a manner as should be determined by the Secretary of War; and

Whereas, the Board of Park Commissioners has constructed a wharf for said United States Transport Service and relocated the same upon the hereinafter described property owned by the City and County of San Francisco; and

Whereas, the said Secretary of War has requested that the City and County convey the aforesaid wharf to the Government of the United States as a condition precedent to the said Secretary of War granting to the said Board of Park Commissioners the said permit to construct and maintain said recreation pier, and abandoning the said wharf now used by the said United States Transport Service; now, therefore, be it

Resolved, That the City and County of San Francisco grant to the United States of America the aforesaid wharf constructed upon the hereinafter described property, together with the said property which is described as follows, to-wit:

All that piece or parcel of land lying in the City and County of San Francisco, State of California, and particularly described as follows: Beginning at an angle point in the Pueblo line of 1850 as established by the City Engineer of the City and County of San Francisco, State of California, said point being distant 1430.332 feet northerly at right angles from the northerly line of Bay street and 201.78 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 13 feet to a point which is distant 1442.932 feet northerly at right angles from the northerly line of Bay street and 204.98 feet westerly at right angles from the westerly line of Van Ness avenue; thence northeasterly 20.5 feet to a point which is distant 1461.088 feet northerly at right angles from the northerly line of Bay street and 195.461 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 17.5 feet to a point which is distant 1477.859 feet northerly at right angles from the northerly line of Bay street and 200.461 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 20.629 feet to a point which is distant 1487.692 feet northerly at right angles from the northerly line of Bay street and 218.596 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 260.996 feet to a point which is distant 1709.046 feet northerly at right angles from the northerly line of Bay street and 356.876 feet westerly at right angles from the westerly line of Van Ness avenue; thence easterly 46.048 feet to a point which is distant 1710.003 feet northerly at right angles from the northerly line of Bay street and 310.838 feet westerly at right angles from the westerly line of Van Ness avenue; thence at a right angle northerly 12 feet; thence at a right angle westerly 47 feet; thence at a right angle northerly 29 feet; thence at a right angle westerly 156 feet; thence at a right angle southerly 59 feet; thence at a right angle easterly 140.26 feet to a point which is distant 1690.704 feet northerly at right angles from the northerly line of Bay street and 373.188 feet westerly at right angles from the westerly line of Van Ness avenue; thence southeasterly 238.4 feet to a point which is distant 1488.514 feet northerly at right angles from the northerly line of Bay street and 246.88 feet westerly at right angles from the westerly line of Van Ness avenue; thence southwestly 11 feet to a point which is distant 1477.796 feet northerly at right angles from the northerly line of Bay street and 249.356 feet westerly at right angles from the westerly line of Van Ness avenue; thence northwesterly 141.07 feet to a point on said Pueblo line which is distant 1502.82 feet northerly at right angles

from the northerly line of Bay street and 388.182 feet westerly at right angles from the westerly line of Van Ness avenue; thence southeasterly along said Pueblo line of 1850 200 feet to the point of beginning.

That said grant shall be effective upon the Secretary of War granting to the Board of Park Commissioners of the City and County of San Francisco a permit to construct, maintain and use a recreation pier in connection with the establishment of an aquatic park at the foot of Van Ness avenue, and for such purpose to encroach upon the lands belonging to the United States, and comprising a part of the Fort Mason Military Reservation, a portion of which said lands is occupied by said abandoned wharf.

That said grant to the United States of America shall condition to the effect that when the Government of the United States shall permanently cease to use the said property herein granted and on which said newly located wharf is situated, for governmental purposes, the said property and the said wharf shall revert to the City and County of San Francisco.

Be It Further Resolved, That the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco be, and they are hereby authorized, empowered and directed to make, execute and deliver for and on behalf of the City and County the necessary instruments to carry out the purpose of this resolution.

Garbage Disposal Resolution.

On recommendation of Public Utilities Committee.

Resolution No. 34580 (New Series), as follows:

Whereas, it appears to the Board of Supervisors that the public interest will be subserved by the grant of a franchise, or privilege, for the disposal of garbage and refuse of the City and County of San Francisco;

Therefore, be it Resolved:

Proposition No. 1.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years, for the disposal, by incineration, of all garbage and refuse of the City and County of San Francisco, delivered to the incineration plant, the grantee to state in his bid the price per ton for disposal he will charge the collectors, or anyone delivering such garbage and refuse to the incineration plant.

That the grantee shall not compel the segregation of such garbage or refuse.

That the grantee of this franchise, or privilege, shall erect a complete incineration plant, including approaches, within one year from date of grant, in accordance with plans and specifications No. S-18440, prepared by the City Engineer, said plans and specifications to be obtained from the said City Engineer by depositing twenty-five (\$25) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished by the said City and County, and designated as Assessor's Block No. 3914 (bounded by Alameda, De Haro, Fifteenth and Rhode Island streets), rent free to the successful bidder for the life of the franchise.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the

amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise or privilege.

That upon termination of the franchise the complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

Or, as an alternative:

Proposition No. 2.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years, for the disposal, by incineration, of all garbage and refuse of the City and County of San Francisco, delivered to the incineration plant, the grantee to state in his bid the price per ton for disposal he will charge the collectors, or anyone delivering such garbage and refuse to the incineration plant.

That the grantee shall not compel the segregation of such garbage or refuse.

That the grantee of this franchise, or privilege, shall erect a complete incineration plant, including approaches, within one year from date of grant, in accordance with his own plans and specifications.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day, as determined by a test of six consecutive days, such test to be made in accordance with Sections 341 to 348, inclusive, of specification No. S-18440, prepared by the City Engineer. Said specifications are on file and open for inspection or may be obtained from said City Engineer by depositing twenty-five (\$25) dollars as a guarantee for the safe return of such specifications.

If the City Engineer should determine that the furnaces and appurtenances have not met the guarantees on this first test, he shall so notify the grantee in writing within five (5) days following the last day of the test period. The grantee shall then be allowed sixty (60) days following this date of notification in which to make, at his own expense, any alteration or changes to the equipment that he may desire to make, in order to improve its operation. A second test shall then be run under similar conditions to the first test and this second test shall start on the fifth day following the date of delivery of the grantee's notice in writing to the Board of Supervisors that the plant is ready for this second test.

Should the furnaces and appurtenances fail to meet the requirements of the guarantees on a second test, this failure shall be conclusive evidence that they are defective and not in accordance with the guarantees, and the franchise shall then be declared forfeited, and the grantee shall thereupon remove the building, furnaces, including all foundations, and appurtenances, within ninety (90) days after second test, and the whole amount of the bond in the penal sum of three hundred thousand (\$300,000) dollars shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon such bond. Should the City Engineer determine that the furnaces and appurtenances meet all the requirements of the guarantees, he shall so certify to the Board of Supervisors within five (5) days following the last day of the first or second test period, and thereupon the grantee shall be granted permission to operate the incinerator in accordance with and conforming to the laws and ordinances of the City and County of San Francisco.

That the incineration plant shall be built on a site furnished by the said City and County, and designated as Assessor's Block No. 3914, rent free to the successful bidder for the life of the franchise.

That the successful bidder shall wreck the existing plant on said site and remove or dispose of all surplus earth, rock or other material now on the said site.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise or privilege.

That upon termination of the franchise the complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

Each bidder must file with his bid complete plans and specifications of the building or buildings, foundations, furnaces, and layout of approaches he proposes to build, and he must include therewith all of the guarantees mentioned in Section 340 of the specifications No. S-18440, prepared by the said City Engineer.

He must guarantee that no nuisance of any nature will result from the disposition of the ashes, residue or reject materials which may accumulate at the incineration plant or place of final disposal, which place of final disposal shall be provided by the grantee without any expense to the City and County of San Francisco.

That the plant will be arranged and equipped so that garbage and refuse may be received continuously and at such a rate that at least thirty trucks, such as are used by garbage collectors, may be served in any one hour without delay.

And that the plant will be ready and prepared to receive, weigh and handle garbage and refuse delivered between the hours of 8 a. m. and 5 p. m. every day of the year except Sundays, New Year's Day, Fourth of July and Christmas Day.

The bidder shall also file with his bid, in a separate sealed envelope, endorsed "Additional Information Required," and with his signature, the following information:

(1) A statement furnishing evidence of established reputation and experience in the construction of incineration plants and of the successful operation of at least one garbage and refuse incineration plant using a furnace of the type proposed by the bidder.

(2) A statement of power consumption per ton of garbage and refuse disposed of.

(3) A statement as to whether additional fuel will be required.

(4) A statement of the operating personnel necessary, including supervision, giving the number of men divided into respective shifts assigned to each class of work when disposing of 800 tons per day of twenty-four hours.

(5) A statement as to the method of and proposed location for the final disposal of ash, residue and reject materials which may accumulate from the operation of the plant.

(6) A statement giving the average number of pounds of garbage and refuse burned per hour per square foot of grate upon which combustion takes place in the proposed furnace.

Or, as an alternative:

Proposition No. 3.

That this Board, when satisfactory bids are offered, shall grant a franchise, or privilege, for a period of twenty-five years for the disposal, by any other method than incineration and by dumping at sea, of all garbage and refuse of the City and County of San Francisco, delivered to the grantee, the grantee to state in his bid the price per ton for disposal he will charge the collectors or anyone delivering such garbage and refuse to his plant or place of disposal.

That the grantee shall not compel the segregation of such garbage or refuse.

That the plant shall be built on the aforesaid site furnished by the said City and County, and designated as Assessor's Block No. 3914,

rent free to the successful bidder for the life of the franchise, or if such site is not suitable, the bidder shall furnish in lieu thereof another site at his own expense.

That the bidder shall wreck the existing plant on Assessor's Block No. 3914 and remove or dispose of all surplus earth, rock or other material now on the said site, provided such site is used.

That the said City and County shall have the right to purchase the plant at the end of any calendar year for cost, less depreciation, the amount of said cost and depreciation per annum to be fixed by agreement or arbitration.

That the purchase of the plant by the said City and County shall terminate the operating franchise.

That upon termination of the franchise the site and complete plant, in good operating condition, free from all liens or encumbrances, shall become the property of the said City and County without cost.

That the grantee of this franchise, or privilege, shall provide a complete plant within one year from the date of grant, in accordance with his own plans and specifications.

That such plant shall have a capacity of at least eight hundred (800) tons per day as demonstrated by a test of six (6) consecutive days, handling each twenty-four hours 800 tons of garbage and refuse as collected in the said City and County. Such test shall be made under the direction and supervision of the said City Engineer at the expense of the grantee. The said City and County will furnish at its own expense all engineers and attendants required for making observations, reading instruments, or recording notes during such test. The said City and County will furnish free of charge to grantee all necessary garbage and refuse for such test.

If the City Engineer should determine that the plant has not met the guarantees on this first test he shall so notify the grantee in writing within five (5) days following the last day of the test period. The grantee shall then be allowed sixty (60) days following this date of notification in which to make, at his own expense, any alteration or changes to the equipment that he may desire to make, in order to improve its operation. A second test shall then be run under similar conditions to the first test and this second test shall start on the fifth day following the date of delivery of the grantee's notice in writing to the Board of Supervisors that the plant is ready for this second test.

Should the plant fail to meet the requirements of the guarantees on a second test, this failure shall be conclusive evidence that it is defective and not in accordance with the guarantees, and the franchise shall then be declared forfeited, and the grantee shall thereupon remove the plant, including all foundations, within ninety (90) days after the second test, and the whole amount of the bond in the penal sum of three hundred thousand (\$300,000) dollars shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond.

Should the City Engineer determine that the plant meets all the requirements of the guarantees, he shall so certify to the Board of Supervisors, within five days following the last day of the first or second test period, and thereupon the grantee shall be granted permission to operate the plant in accordance with and conforming to the laws and ordinances of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the plant he proposes to provide and must include therewith the following guarantees and information:

The bidder shall guarantee that the following conditions will be fulfilled when handling mixed garbage and refuse as collected in the said City and County.

(a.) That at no time will there be produced any nuisance through the escape of noxious odors, vapors, smoke, sparks, dust or loose

refuse from the plant, nor from the attraction of flies, rodents or other vermin to any part of the plant or place where residue may be deposited.

(b) That garbage, refuse, residue or reject materials containing more than 1 per cent, by weight, of organic matter will, at the end of each day's work, if dumped on a fill above the level of low tide, be completely covered, top and all sides, by not less than fifteen inches of fine soil or earth and thoroughly compacted, to effectually prevent inroads of rodents, flies or other vermin. The said fill and cover shall be done under the direction of and to the satisfaction of the Board of Health of said City and County.

(c) That the plant will be arranged and equipped so that garbage and refuse may be received continuously and at such a rate that at least thirty trucks, such as are now used by the collectors, may be served in one hour without delay.

(d) That the plant will be ready and prepared to receive, weigh and handle all garbage and refuse delivered between the hours of 8 a. m. and 5 p. m. every day of the year except Sundays, New Year's Day, Fourth of July and Christmas Day.

The bidder shall also file with his bid, in a separate sealed envelope, endorsed "Additional Information Required," and with his signature, the following information:

(1) A statement furnishing satisfactory evidence that he has sufficient means, equipment and experience in the operation of similar work to enable him to undertake and successfully complete the work proposed, and of the successful operation of at least one like project, using the process proposed by the bidder, which has been in successful operation on a practical basis.

(2) A statement describing in detail the methods the bidder proposes to use in the treatment and disposal of the garbage and refuse, including the method of and proposed location for the final disposal of residue and reject materials which may accumulate from the operation of the plant or project, and the precautions he proposes to use to prevent the production of any nuisance.

(3) A statement of the operating personnel necessary, including supervision, giving the number of men divided into respective shifts assigned to each class of work when disposing of 800 tons per day of twenty-four hours.

(4) A statement of the power consumption per ton of garbage and refuse disposed of.

Be it Further Resolved, That the definition of the words "garbage and refuse," wherever used in this resolution, shall conform to that given in Section 356, specifications No. S-18440, prepared by the City Engineer.

That in all operations connected with the work on any of the three propositions the Charter and all ordinances of the City and County of San Francisco and all laws of the United States and the State of California which shall be or become applicable to and control or limit in any way the actions of those engaged in any way as principal or agent, shall be respected and strictly complied with.

That the buildings, improvements and equipment which may be furnished by the successful bidder shall be subject to all City and County taxes.

That included with the "Additional Information Required" on any of the three propositions the bidder shall furnish with his bid a general statement covering estimates, itemizing the expected cost of operation and maintenance, and the expected cost of financing the project and amortizing the outlay required during the life of the franchise.

The said statement covering cost of operation and maintenance shall be based upon present tonnage and shall include:

The number of men required for each class of work per day.

The rate of pay allocated to each man.

The estimated cost of operating supplies, water, power and light.

The estimated cost for labor and material for maintenance.

The statement covering the cost of financing the project and amortizing the outlay required shall include:

Estimated cost of buildings.

Estimated cost of equipment.

Estimated amount of interest during construction.

Estimated cost of financing.

Estimated annual interest on investment.

Estimated amount of annual sinking fund.

Estimated cost for bond insurance and taxes.

Estimated allowance for profit.

That all structures, ramps, approaches or roadways shall be designed and constructed to carry loads equivalent to the assumed wheel loadings for trucks shown on Drawing No. W 110, page 136, of the said specifications No. S-18440, prepared by the City Engineer.

Test borings have been made, test piles have been driven, and a soil-bearing test has been made to obtain accurate information as to the nature and bearing power of soil on Assessor's Block No. 3938, near said Block No. 3914, the site designated.

Results of these investigations are shown on Drawing No. W 103, and the said drawing and soil samples, taken during the boring of the test holes, may be inspected at the office of the Bureau of Engineering.

Grantee must use his own judgment as to the value of these borings and tests in connection with work on said Block No. 3914, and any further soil tests, if required, shall be made at his own expense.

Bearing tests on the original soil below the fill indicated that the soil will safely sustain a load of four tons per square foot, but should it be ascertained, when excavating said Block No. 3914, that only part or all of the soil, when excavated to the depth required for the foundations, will not safely sustain such load per square foot, it may become necessary to modify the foundations and involve the use of piling. The grantee shall bear the additional expense of such changes and additions to plant.

Be it Further Resolved, That the maximum price which the grantee may charge for disposal of said garbage and refuse and the method of payment thereof shall conform to the laws and ordinances of the City and County of San Francisco, and such price of disposal shall be collected from the persons delivering garbage or refuse at the plant.

Proposal forms will be furnished gratuitously upon application at the office of the City Engineer, and all proposals must be made on such forms.

There will be three (3) forms of proposal blanks, and the bidder should use the form designated for the proposition or propositions he proposes to use.

Any erasure, addition or interlineation in a proposal or bid will rule out the proposal or bid from consideration.

Be it Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the awarding of this franchise or privilege pursuant to and in accordance with the provisions of the following act, which is made a part thereof for all purposes:

An Act providing for the granting of franchises in counties or cities and counties for the disposal or destruction, or both, of garbage and other waste, and declaring same an urgency measure.

The People of the State of California do enact as follows:

Section 1. Franchise by legislative body. Every franchise or privilege for the disposal or destruction, or both, of garbage, waste, offal

and debris shall be granted by the legislative body of any county or city and county under the terms and conditions in this act provided, and not otherwise.

Section 2. Best bid may be called for. Any such governmental subdivision may, by resolution of its legislative body, call for bids for the granting of a franchise, exclusive or otherwise, for the disposal or destruction, or both, of garbage, waste, offal and debris, according to the terms and conditions set forth in such resolution, for a period of time not to exceed twenty-five years. Thereafter said legislative body shall cause to be published once a week for two successive weeks a notice which shall set forth all of the terms and conditions embraced in said resolution, and the time, date and place for the receiving and opening of sealed bids, which shall not be sooner than four full weeks from date of the first publication of said notice. Upon examination by the legislative body of said bids, the franchise may be awarded to the best bidder. Said legislative body may postpone the granting of said franchise from time to time until said legislative body shall have had a full and complete opportunity to examine into the merits of each bid.

Section 3. Bond. The successful bidder shall file with the said legislative body, upon grant of the franchise, a bond running to the governmental subdivision in an amount and under such terms and conditions as may be prescribed by said legislative body.

Section 4. Grantor may impose additional terms. The grantor may, in such resolution and advertised notice, impose terms and conditions other than those mentioned herein so long as they shall not be in conflict with the provisions hereof.

Section 5. Grantee's terms. The grantee may in his franchise bid set forth such propositions, terms and conditions as he may desire to offer, or receive the benefit from, which may be in addition to, or in conflict with, those mentioned in the resolution or advertised notice calling for bids, so long as they shall not be in conflict with the provisions hereof.

Section 6. Repeal. The provisions of any law in conflict with this act are to that extent hereby repealed.

Section 7. Constitutionality of act. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared unconstitutional.

Section 8. This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public health and safety, within the meaning of Section 1 of Article IV of the Constitution of the State of California, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity:

There exist in several parts of the state inadequate facilities for the disposal or destruction of garbage, waste, offal and debris, a condition which is needful of immediate remedy, and requires action on the part of the legislative bodies of governmental subdivisions herein mentioned to take such steps as are authorized by the provisions of this act as will immediately correct this condition.

Said bids to be filed with the Clerk not later than the 27th day of July, 1931, at the hour of 3 p. m., and said time is hereby fixed as the date and hour for the opening and consideration of said bids.

The Board of Supervisors will thereupon, in accordance with the provisions of the said act, open and publicly declare the said bids,

make a survey of bids, and thereafter make such award as subserves the best interests of the City and County of San Francisco. The Board of Supervisors reserves the right to reject any or all bids if it believes the public interest will be subserved thereby.

A franchise ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective.

Be it Further Resolved, That when the franchise is awarded the successful bidder shall file a surety company bond running to the City and County of San Francisco, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars for the first two (2) years of the life of the franchise, and in the penal sum of one hundred thousand (\$100,000) dollars thereafter, conditioned that such bidder shall faithfully fulfill the aforesaid guarantees and shall well and truly observe, fulfill and perform each and every other term and condition of the franchise or privilege, and that in case of any breach of condition of such bond the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Market Street Railway Franchise on Turk Street and on Balboa Street.

On recommendation of Public Utilities Committee.

Also, Bill No. 9403, Ordinance No. 9012 (New Series), as follows:

Granting to the Market Street Railway Company a permit to construct street railway tracks in the City and County of San Francisco and to run and operate cars thereon in conformity with the provisions of Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco and prescribing and setting forth the conditions under which said permit is granted.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The right is hereby granted to the Market Street Railway Company, its successors and assigns, to construct, lay down, maintain and operate, for a term not to exceed twenty-five years from and after the date of this ordinance becoming effective, a double track street railroad, together with the necessary curbs, connections and appliances for operating cars over said railroad upon and along the following streets in the City and County of San Francisco, to-wit:

Commencing and joining with the present tracks of the Market Street Railway Company at Turk and Divisadero streets, and thence along and upon Turk street to its intersection with Arguello boulevard and thence over and across Arguello boulevard to Balboa street, and thence over and along Balboa street to a point thereon midway between Thirtieth and Thirty-first avenues.

The said railway track to constitute an extension to the present Turk street line owned and operated by said Market Street Railway Company and the cars to be operated on, over and along said railway between the terminus thereof at Balboa street between Thirtieth and Thirty-first avenues and the easterly terminus of said Turk street line as now operated under and pursuant to the provisions of Order No. 2541 adopted by the Board of Supervisors on the 31st day of May, 1892, and approved by the Mayor of said City and County on the 3rd day of June, 1892.

Section 2. That said railway over the streets hereinbefore set forth shall be constructed, maintained and operated upon all the terms,

conditions and restrictions set forth and prescribed in said Order No. 2541 above mentioned, except as to same are herein modified for the purpose of providing for the construction and operation of said railroad over the streets above mentioned in the same manner and subject to the same terms and conditions under which the said railway of the Market Street Railway Company is constructed, maintained and operated on Turk Street when this permit is granted, and subject also to such other terms, conditions and restrictions as are herein contained, by agreement of said Market Street Railway Company.

Section 3. The terms and conditions of said Order No. 2541, hereinbefore mentioned, are modified as follows, to-wit:

That paragraph four of Section 2 of said Order is modified to the extent that cars shall be run over said railroad at such hours at such intervals as may be necessary to meet the needs of the persons or passengers desiring to patronize said cars.

That Section 5 of said Order No. 2541, above mentioned, as to the manner of propelling cars over the said railway, shall not apply to the cars propelled or run over the railroad tracks to be constructed hereunder, but that said cars will be propelled by electricity taken from overhead trolley wires and permission is hereby granted to construct and string said trolley wires over the said tracks to be constructed and to construct and maintain the necessary poles for supporting said wires, which said poles shall be erected immediately adjacent to the inside line of the sidewalk curbs along the said street traversed by said railroad tracks.

Section 4. That where the said tracks herein authorized cross the existing lines of the Municipal Railway, said Municipal Railway shall be considered the senior company and the Market Street Railway Company shall install and maintain the necessary crossings over said Municipal Railway lines at its own expense.

Section 5. All rights granted to the Market Street Railway Company by this ordinance shall expire concurrently with the permit heretofore granted by the City and County of San Francisco to said company under the provisions of Section 6a, Chapter II, Article II, of the Charter of the City and County of San Francisco, and the said railroad tracks to be constructed and the cars to be operated thereon under the authority of this ordinance and all and singular the operative property used in or incident to the operation of cars over the said railway tracks may be acquired by the City and County of San Francisco in the manner provided in said Section 6a, Chapter II, Article II, of the Charter.

Section 6. That upon the expiration of this permit, or on the sooner termination thereof, except if the same be terminated by the acquisition of the properties of the said Market Street Railway Company as provided for in Section 6a, Chapter II, Article II, of the Charter, the said company will remove all rails, ties and poles from and along the right of way described herein, and will restore the pavement in the streets traversed by said right of way to their present condition.

Section 7. That the Market Street Railway Company shall, within twenty days after this ordinance shall become effective, file in the office of the Clerk of the Board of Supervisors, an acceptance in writing of the provisions of this ordinance and thereupon the said provisions shall be taken and deemed to be a contract between the Market Street Railway Company, its successors and assigns, and the City and County of San Francisco. Unless said acceptance be filed within said period of twenty days after this ordinance becomes effective, this ordinance shall become and remain null and void and all rights granted thereby shall cease and determine.

Section 8. This ordinance shall take effect from and after the date of its approval.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity,

Havener, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Ordering the Improvement of Montana Street.

On recommendation of Streets Committee.

Bill No. 9424, Ordinance No. 9013 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors May 5, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Montana street, from the easterly line of Faxon avenue produced to Orizaba avenue, by grading to official line and grade, by the construction of armored concrete curbs, by the construction of one-course concrete sidewalks, by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts, by the construction of 6-inch vitrified clay pipe side sewers, and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Board of Public Works, the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said Board does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof as follows:

Beginning at a point on the easterly line of Orizaba avenue, 25 feet southerly from the southerly line of Montana street; thence northerly along the easterly line of Orizaba avenue to a point 125 feet northerly from the northerly line of Montana street; thence easterly along a line parallel with the northerly line of Montana street to a point 150 feet easterly from the easterly line of Faxon avenue; thence at right angles southerly to the northerly line of Montana street; thence west-

erly along the northerly line of Montana street to the easterly line of Faxon avenue; thence southerly along the easterly line of Faxon avenue produced to a point 125 feet southerly from the southerly line of Montana street; thence westerly along a line parallel with the southerly line of Montana street to a point 115 feet easterly from the easterly line of Orizaba avenue; thence at right angles northerly 100 feet; thence at right angles westerly to the easterly line of Orizaba avenue and the point of beginning, excepting and excluding all public streets.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Spur Track Privileges to Southern Pacific Company.

Also, Bill No. 9425, Ordinance No. 9014 (New Series), as follows:

Granting permission revocable at the will of the Board of Supervisors to Southern Pacific Company, a corporation, its successors and assigns, to construct, maintain and operate standard gauge railroad tracks upon, along and across Carroll, Bancroft, Armstrong, Yosemite, Wallace, Van Dyke, Underwood, Thomas, Shafter and Revere avenues, and Hawes, Ingalls, Jennings and Keith streets in the locations hereinafter particularly described:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission revocable at the will of the Board of Supervisors is hereby granted to the Southern Pacific Company, to construct, maintain and operate standard gauge railroad spur tracks along and across certain streets and avenues in the so-called Bay View Industrial District, in accordance with description and blue print set forth in petition to Board of Supervisors, which railroad tracks and spurs are more specifically described as follows:

Crossing No. 1: Proposed Track Crossing Carroll Avenue and Ingalls Street.

Beginning at a point on the center line of an existing Southern Pacific Company track in Carroll avenue, distant northwesterly thereon 60 feet more or less from the northwesterly line of Ingalls street; thence in a southeasterly direction curving to the left and crossing the intersection of Carroll avenue and Ingalls street to a point in the northeasterly line of Carroll avenue, distant southeasterly thereon 40 feet more or less from the southeasterly line of Ingalls street.

Crossing No. 2: Proposed Track Crossing Bancroft Avenue.

Beginning at a point on the southwesterly line of Bancroft avenue distant southeasterly thereon 183 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction curving to the left and crossing Bancroft avenue to a point on the northeasterly line thereof.

Crossing No. 3: Proposed Track Crossing Armstrong Avenue.

Beginning at a point on the southwesterly line of Armstrong avenue distant southeasterly thereon 190 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction and crossing Armstrong avenue to a point on the northeasterly line thereof.

Crossing No. 4: Proposed Track Crossing Yosemite Avenue.

Beginning at a point on the southwesterly line of Yosemite avenue, distant southeasterly thereon 190 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction and crossing Yosemite avenue to a point on the northeasterly line thereof.

Crossing No. 5: Proposed Track Crossing Wallace Avenue.

Beginning at a point on the southwesterly line of Wallace avenue distant southeasterly thereon 190 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction and crossing Wallace avenue to a point on the northeasterly line thereof.

Crossing No. 6: Proposed Track Crossing Van Dyke Avenue.

Beginning at a point on the southwesterly line of Van Dyke avenue distant southeasterly thereon 210 feet more or less from the southeasterly line of Ingalls street; thence in a northeasterly direction curving to the right and crossing Van Dyke avenue to a point on the northeasterly line thereof.

Crossing No. 7: Proposed Track Crossing Hawes Street and Underwood Avenue.

Beginning at a point on the northwesterly line of Hawes street distant southwesterly thereon 13 feet more or less from the southwesterly line of Underwood avenue; thence in a southeasterly direction crossing Hawes street and Underwood avenue to a point on the northeasterly line of Underwood avenue distant southeasterly thereon 100 feet, more or less, from the southeasterly line of Hawes street.

Crossing No. 8: Proposed Track Crossing Thomas Avenue.

Beginning at a point on the southwesterly line of Thomas avenue distant southeasterly thereon 190 feet more or less from the southeasterly line of Hawes street; thence in a northeasterly direction crossing Thomas avenue to a point on the northeasterly line thereof.

Crossing No. 9: Proposed Track Crossing Shafter Avenue.

Beginning at a point on the southwesterly line of Shafter avenue distant southeasterly thereon 170 feet more or less from the southeasterly line of Hawes street; thence in a northeasterly direction and crossing Shafter avenue to a point on the northeasterly line thereof.

Crossing No. 10: Proposed Track Crossing Revere Avenue.

Beginning at a point on the southwesterly line of Revere avenue distant southeasterly thereon 147 feet more or less from the southeasterly line of Hawes street; thence in a northeasterly direction and crossing Revere avenue to a point on the northeasterly line thereof.

Crossing No. 12: Proposed Track Along Armstrong Avenue.

Beginning at a point on the southwesterly line of Armstrong avenue distant southeasterly thereon 112 feet more or less from the southeasterly line of Ingalls street; thence in a northwesterly direction curving to the left a distance of 130 feet more or less to a point on the center line of Armstrong avenue distant northwesterly thereon 10 feet more or less from the southeasterly line of Ingalls street produced; thence northwesterly along said center line crossing Ingalls street, Jennings street and Keith street to a point on the easterly line of Third street produced.

Crossing No. 13: Proposed Track Across Thomas Avenue.

Beginning at a point on the northeasterly line of Thomas avenue distant southeasterly thereon 180 feet more or less from the southeasterly line of Hawes street; thence southwesterly and crossing Thomas avenue to a point on the southwesterly line thereof.

Crossing No. 13-A: Proposed Track Across Hawes Street and Along Underwood Avenue.

Beginning at a point on the southeasterly line of Hawes street distant northeasterly thereon 3 feet more or less from the northeasterly line of Underwood avenue; thence in a westerly and northwesterly direction on a curve to the right and crossing Hawes street to a point

on the northwesterly line of Hawes street produced and distant southwesterly thereon 10 feet from the northeasterly line of Underwood avenue; thence northwesterly parallel to and distant southwesterly 10 feet from the northeasterly line of Underwood avenue a distance of 300 feet.

*Crossing No. 14: Proposed Track Across and Along
Van Dyke Avenue.*

Beginning at a point on the southwesterly line of Van Dyke avenue distant southeasterly thereon 130 feet more or less from the southeasterly line of Ingalls street; thence in a northwesterly direction curving to the left and crossing Ingalls street to a point on the northwesterly line of Ingalls street produced and distant southwesterly thereon 10 feet from the northeasterly line of Van Dyke avenue; thence northwesterly parallel to and distant southwesterly 10 feet from the northeasterly line of Van Dyke avenue a distance of 600 feet to the southeasterly line of Jennings street produced.

*Crossing No. 16: Proposed Track Along Armstrong Avenue
and Across Jennings Street.*

Beginning at a point in the center line of Armstrong avenue distant southeasterly thereon 27 feet more or less from the southeasterly line of Jennings street; thence northwesterly curving to the right and left and crossing Jennings street intersection with Armstrong avenue to a point distant northwesterly 95 feet more or less from the northwesterly line of Jennings street and distant southwesterly 10 feet from the northeasterly line of Armstrong avenue; thence northwesterly parallel to and distant southwesterly 10 feet from the northeasterly line of Armstrong avenue to a point distant northwesterly 400 feet from the northwesterly line of Jennings street.

Provided, that said Western Pacific California Railroad Company and the Southern Pacific Company, their successors in interest or assigns, shall lay and maintain all the tracks of said railroad crossing any street at grade flush with the surface of said street with rails of approved girder type where and when directed by the Board of Public Works wherever the same is or shall be graded to the official grade and in such manner as to offer as little obstruction as practicable to the free use thereof by the public and by vehicles, and that said Western Pacific California Railroad Company and said Southern Pacific Company, their successors in interest or assigns, shall grade, curb, pave and keep in repair, in such manner and with such material as may, from time to time, be prescribed by the Board of Public Works of said City and County of San Francisco, within sixty (60) days after written notice to them by the Board of Public Works, all streets crossed by said railroads at grade from curb to curb and between two lines, one on each side of the tracks of said railroads and 10 feet distant from the center line of the tracks, or in case there is more than one track, the center line of the outside track of said railroads. The requirements of Ordinance No. 69 (New Series), are to be included.

That girder rail be used and pavement reconstructed along that portion of the route described in No. 12, Armstrong avenue between Third street and the easterly line of Keith street, and that a suitable culvert be constructed in the crossing of Armstrong avenue and Ingalls street to take care of the flow of the existing drainage ditch; that the existing sewer be reinforced if required, and manhole protected in the crossing of Ingalls street and Carroll avenue, track No. 1, and crossing Shafter avenue east of Hawes street, track No. 9; all drainage conditions, where intercepted, to be provided for by the construction of proper culverts and ditches.

Provided, where sewers are constructed, and the tracks constructed over the sewer, the Southern Pacific Company shall be required to maintain such sewers and appurtenances; where sewers are not con-

structed, the tracks shall be moved to allow the sewers and appurtenances to be constructed in the center of the streets.

Provided, all work is to be performed under the direction and supervision of the Board of Public Works.

Provided, referring to track No. 12, along Armstrong avenue, the Southern Pacific Company, its successors in interest, or assigns, shall not have exclusive right and shall allow any other railroad owner or operator or owners or operators, to use in common with it such track, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of six per cent per annum (not compounded) from the time of the expenditures for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Granting Spur Track Privileges to The Western Pacific California Railroad Company, Griffith Street and Other Streets.

Also, Bill No. 9426, Ordinance No. 9015 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Western Pacific California Railroad Company to construct, maintain and operate spur tracks on, along and across Griffith street, and other streets as specifically indicated in yellow on map marked Exhibit "A" attached to said petition for spur tracks.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Western Pacific California Railroad Company to construct, maintain and operate spur tracks on, along and across Griffith street, and other streets as specifically indicated in yellow on that certain map marked Exhibit "A" filed with petition for said spur track privileges, and more specifically described as follows:

Track No. 3.

From a point of connection with the proposed track of applicant, along Griffith street, in the City and County of San Francisco, and Donner avenue, and across Hawes street, Ingalls street and Jennings street. The description of said track is as follows:

Beginning at the intersection of the center line of Griffith street with the northern line of Bancroft avenue; thence southwesterly along said center line of Griffith street, crossing Bancroft avenue and Carroll avenue, 360.83 feet to a point; thence southwesterly on the arc of a curve to the right having a radius of 239.17 feet, crossing Griffith street to a point in the northwestern line thereof, distant approximately 120 feet southwesterly thereon from the southwestern line of Carroll avenue; thence continuing southwesterly along last described curve over and across private property to a point in the northeastern line of Donner avenue, distant approximately 75 feet northwesterly thereon from the northwestern line of Griffith street; thence westerly and northwesterly continuing along last described curve an arc distance of approximately 140 feet to a point in the center line of Donner avenue, distant approximately 207 feet northwesterly thereon from the northwestern line of Griffith street; thence northwesterly along said center line of Donner avenue, crossing Hawes street, Ingalls street and Jennings street, a distance of approximately 2385 feet to the southeastern line of Keith street.

Track No. 4.

From the point of connection of the proposed track of applicant in Griffith street, in the City and County of San Francisco, along Griffith street and Armstrong avenue, and across Hawes street, Ingalls street, Jennings street and Keith street. The description of said track is as follows:

Beginning at a point in the proposed center line of main track of the Western Pacific California Railroad Company, said point being at or near the center line of Griffith street and distant northeasterly thereon approximately 65 feet from the southeasterly prolongation of the southwestern line of Yosemite avenue; thence southwesterly through a No. 10 turnout to the right 90 feet to a point in Griffith street; thence southwesterly on the arc of a curve to the right having a radius of 239.17 feet and crossing Griffith street to a point in the northwestern line thereof, distant southwesterly thereon approximately 112 feet from the southeasterly prolongation of the southwestern line of Yosemite avenue; thence continuing southwesterly along last described curve over and across private property to a point in the southeasterly prolongation of the northeastern line of Armstrong avenue, distant northwesterly thereon approximately 80 feet from the prolongation of the northwestern line of Griffith street; thence continuing westerly and northwesterly along last described curve approximately 140 feet to a point in the center line of Armstrong avenue, distant northwesterly thereon approximately 210 feet from the prolongation of the northwestern line of Griffith street; thence northwesterly along said center line of Armstrong avenue, crossing Hawes street, Ingalls street, Jennings street and Keith street, a distance of approximately 2830 feet to the eastern line of Third street.

Track No. 5.

From the point of connection with the proposed track of applicant in Griffith street, along Griffith street and Van Dyke avenue, and across Hawes street and Ingalls street. The description of said track is as follows:

Beginning at the intersection of the northeastern line of Underwood avenue with the proposed center line of main track of the Western Pacific California Railroad Company, said intersection being at or near the center line of Griffith street; thence southwesterly through a No. 10 turnout to the right, a distance of 105 feet to a point in Griffith street; thence southwesterly, crossing Griffith street on the arc of a curve to the right having a radius of 239.17 feet to a point in the prolongation of the northwestern line of Griffith street, distant approximately 108 feet southwesterly thereon from the southwestern line of Underwood avenue; thence continuing southwesterly along last described curve, over and across private property, to a point in the southeasterly prolongation of the northeastern line of Van Dyke avenue, distant approximately 84 feet northwesterly thereon from the northwestern line of Griffith street; thence westerly and northwesterly, continuing along last described curve a distance of approximately 140 feet to a point in the center line of Van Dyke avenue, distant northwesterly thereon approximately 215 feet from the prolongation of the northwestern line of Griffith street; thence northwesterly along said center line of Van Dyke avenue, crossing Hawes street and Ingalls street, a distance of approximately 1713 feet to the southeastern line of Jennings street

Track No. 6.

From the point of connection with the proposed track of applicant in Griffith street, along Griffith street and Underwood avenue, and across Hawes street. The description of said track is as follows:

Beginning at the intersection of the northeastern line of Thomas avenue with the proposed center line of main track of the Western

Pacific California Railroad Company, said intersection being at or near the center line of Griffith street; thence southwesterly through a No. 10 turnout to the right, a distance of 105 feet to a point in Griffith street; thence southwesterly, crossing Griffith street, on the arc of a curve to the right, having a radius of 239.17 feet to a point in the northwesterly line of Griffith street, distant approximately 108 feet southwesterly thereon from the southwestern line of Thomas avenue; thence continuing southwesterly along last described curve, over and across private property, to a point in the northeastern line of Underwood avenue, distant approximately 84 feet northwesterly thereon from the northwestern line of Griffith street; thence westerly and northwesterly, continuing along last described curve, a distance of approximately 140 feet to a point in the center line of Underwood avenue, distant northwesterly thereon approximately 215 feet from the northwestern line of Griffith street; thence northwesterly along said center line of Underwood avenue, crossing Hawes street, a distance of approximately 1136 feet to the southeastern line of Ingalls street.

Track No. 7.

From the point of connection with the proposed track of applicant in Griffith street, along Griffith street and Wallace avenue, and across Hawes street, Ingalls street and Jennings street. The description of said track is as follows:

Beginning at the intersection of the southeasterly prolongation of the northeastern line of Van Dyke avenue with the proposed center line of main track of the Western Pacific California Railroad Company, said intersection being at or near the prolongation of the center line of Griffith street; thence southwesterly through a No. 10 turnout to the right, a distance of 105 feet to a point in Griffith street; thence southwesterly, crossing Griffith street, on the arc of a curve to the right, having a radius of 239.17 feet to a point in the prolongation of the northwestern line of Griffith street, distant approximately 108 feet southwesterly thereon from the southeasterly prolongation of the southwestern line of Van Dyke avenue; thence continuing southwesterly along last described curve, over and across private property, to a point in the southeasterly prolongation of the northeastern line of Wallace avenue, distant approximately 84 feet northwesterly thereon from the prolongation of the northwestern line of Griffith street; thence westerly and northwesterly, continuing along last described curve, a distance of approximately 140 feet to a point in the center line of Wallace avenue, distant northwesterly thereon approximately 215 feet from the prolongation of the northwestern line of Griffith street; thence northwesterly along said center line of Wallace avenue, crossing Hawes street, Ingalls street and Jennings street, a distance of approximately 2377 feet to the southeastern line of Keith street.

Provided, that the requested permits be granted with the proviso that the permit be granted for the track along Griffith street; that Track No. 3 (Donner avenue) shall terminate at the easterly line of Jennings street.

Provided, as to Track No. 3 (Donner avenue), girder rail shall be used between the westerly line of Hawes street and the westerly line of Ingalls street; existing pavements to be reconstructed; the sewer in the crossing of Donner avenue and Ingalls street to be reinforced.

Where sewers are constructed, and tracks constructed over the sewer, the Western Pacific California Railroad Company shall be required to maintain such sewers and appurtenances, and where sewers are not constructed, the tracks shall be moved to allow the sewers and appurtenances to be constructed in the center of the street. It is noted that official grades are not established on Donner avenue between Hawes and Griffith streets and on Griffith street southerly from Underwood avenue.

Provided, as to Track No. 4 (Armstrong avenue), girder rail shall be used and pavement reconstructed along that portion of Armstrong avenue between Third street and the easterly line of Keith street; a suitable culvert to be constructed in the crossing of Armstrong avenue and Ingalls street to take the flow of the existing drainage ditch.

Provided, as to Track No. 5 (Van Dyke avenue), when sewers are to be constructed in Van Dyke avenue, the track shall be moved to allow the sewers and appurtenances to be constructed in the center of the street. All drainage intercepted by the track shall be provided for by the construction of proper culverts and ditches.

Provided, as to Track No. 6 (Underwood avenue), requirements same as for Track No. 5.

Provided, as to Track No. 7 (Wallace avenue), girder rail shall be used in that portion of Wallace avenue between Jennings and Keith streets.

A permit for the aforementioned block has been granted for grading, sewer, curbs and pavement. The track is not to be laid on this block until the sewer is constructed. The above mentioned provision as in Tracks Nos. 5 and 6 is to apply when future sewers are constructed.

All work to be performed under the direction and supervision of the Board of Public Works on the above mentioned tracks.

The Western Pacific California Railroad Company shall not have exclusive right to the above mentioned tracks and shall allow any other owner or operator or owners or operators to use in common with it such tracks, each owner or operator paying an equal portion of the cost of the construction and repair of said track and appurtenances so jointly used, plus interest on such portion at the rate of 6 per cent per annum (not compounded) from the time of the expenditure for construction and repairs, and such track and appurtenances so jointly used shall be owned in common.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Western Pacific California Railroad Company.

Provided, that the Western Pacific California Railroad Company shall erect and maintain all night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that said Western Pacific California Railroad Company and the Southern Pacific Company, their successors in interest or assigns, shall lay and maintain all the tracks of said railroad crossing any street at grade flush with the surface of said street with rails of approved girder type, where and when directed by the Board of Public Works wherever the same is or shall be graded to the official grade and in such manner as to offer as little obstruction as practicable to the free use thereof by the public and by vehicles, and that said Western Pacific California Railroad Company and said Southern Pacific Company, their successors in interest or assigns, shall grade, curb, pave and keep in repair, in such manner and with such material as may, from time to time, be prescribed by the Board of Public Works of said City and County of San Francisco, within sixty (60) days after written notice to them by the Board of Public Works, all streets crossed by said railroads at grade from curb to curb and between two lines,

one on each side of the tracks of said railroads and 10 feet distant from the center line of the tracks, or in case there is more than one track, the center line of the outside track of said railroads. The requirements of Ordinance No. 69 (New Series) are to be included.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Per Diem Men's Ordinance.

On recommendation of Finance Committee.

Bill No. 9430, Ordinance No. ——— (New Series), as follows:

An ordinance fixing and establishing a five-day working week and a monthly basis for computing the compensation of certain classes of employees of the City and County of San Francisco heretofore paid on a per diem basis, and regulating compensation for emergency overtime work.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the basis of compensation for those particular classes of employees listed in Budget Ordinance No. 9001 for the fiscal year 1931-32, and in Ordinance No. 9002, making appropriation from the County Road Fund for street repair and maintenance during the fiscal year 1931-32, whose rates of compensation are therein provided for on a per diem basis, is hereby fixed and established on a monthly basis of 1/12 of the annual appropriation made in said budget ordinance and in said Ordinance No. 9002 for each of said employees. Where the annual appropriation made in said budget ordinance under any specific item number, and the annual appropriation made in said Ordinance No. 9002 constitutes a total annual wage for more than one employee, the amount so appropriated for each employee of the class so listed shall be determined by dividing the total appropriation by the number of employees so listed.

Section 2. That a five-day working week, comprising Monday, Tuesday, Wednesday, Thursday and Friday of each week, is hereby established for the classes of employees referred to in Section 1 of this ordinance, and the wages or compensation to be paid such employees, whether paid semi-monthly or monthly, shall, beginning July 1, 1931, be thereafter computed on the basis that the working days for the year shall be determined by deducting from the full number of days of the fiscal year all Saturdays and Sundays and the following generally recognized holidays: New Year's Day, Decoration Day, Independence Day, Labor Day, Admission Day, Thanksgiving Day and Christmas, and said employees shall, in all cases where it is possible, be provided

five full days' employment each week; provided, however, that should any of said employees fail to perform actual service for the City and County for a full five-day week after allowance is made for Saturdays, Sundays and the said generally recognized holidays, the compensation of such employees for the time actually worked during the current semi-monthly or monthly period shall be computed on the basis of the proportion of the full monthly compensation that the time actually worked bears to the total actual working days of the current month. Provided further, that no deduction shall be made for time allowed such employees for annual vacations.

Section 3. Eight hours shall constitute the maximum number of hours of labor for any one working day. Where, by reason of some particular emergency, employees of the classes referred to in this ordinance are required to work more than eight hours during any one working day, or to work on Saturdays, Sundays or the said generally recognized holidays, then such employee shall be allowed double time for the overtime so worked. Any department allowing overtime, or hiring employees of the classes herein mentioned on an overtime basis, shall each week report to the Finance Committee of the Board of Supervisors the nature of the emergency requiring said overtime, the name of each employee engaged in such overtime work, the extent of such overtime, and the amount of compensation allowed therefor.

Section 4. When additional employees of the classes referred to in this ordinance are required by any of the departments mentioned in said budget ordinance or said Ordinance No. 9002, except employees for service in the municipally owned utilities, said employments shall be upon the same terms and under the same conditions as herein specified.

Section 5. This ordinance shall become effective immediately upon its passage.

Section 2. That this ordinance shall take effect and be in force from and after its passage.

Recommendation of City Planning Commission to Deny Rezoning.

October 30, 1930.

Board of Supervisors, City and County of San Francisco, Calif.

Gentlemen: The City Planning Commission makes the following report and recommendation concerning the proposed ordinance heretofore submitted to us by your Honorable Board, classifying into a Second Residential District that certain real property situate in the City and County of San Francisco, bounded by Broadway, Fillmore street, Laguna street and Vallejo street, and also the real property situate on the northerly side of Vallejo street between Fillmore street and Laguna street.

On the 28th day of October, 1930, at a regular meeting of the City Planning Commission, a public hearing to consider and act on said proposed ordinance, after notice to all persons interested, took place before the City Planning Commission. At the meeting a large number of property owners, personally and by counsel, appeared. After hearing arguments of said property owners and their counsel for and against the proposed ordinance, the following resolution was unanimously adopted:

Resolved, That the proposed ordinance heretofore presented to the Board of Supervisors and submitted by said Board to the City Planning Commission, classifying into a Second Residential District certain blocks of land bounded by Broadway, Fillmore street, Laguna street and Vallejo street, and property on the northerly side of Vallejo street between Fillmore street and Laguna street be, and said proposed ordinance is hereby disapproved, and accordingly the City Planning Commission does hereby recommend that said proposed ordinance be not passed.

Respectfully submitted,

CITY PLANNING COMMISSION,

The following matters were *laid over one week and made a Special Order of Business for 3 p. m.*:

Amending Section 1 of Ordinance No. 5118 (New Series), Defining the Term "Sightseeing Bus."

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Section 1 of Ordinance No. 5118 (New Series), entitled "Regulating the use of the public streets of the City and County of San Francisco by self-propelled motor vehicles used as sightseeing buses and interurban buses carrying passengers for hire, and providing for the issuance of a permit therefor by the Board of Police Commissioners for the operation of such vehicles, and for a penalty for the violation of this ordinance," approved April 6, 1920.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 5118 (New Series), the title of which is hereinabove recited, is hereby amended to read as follows:

Section 1. A "sightseeing bus" is hereby defined to be any self-propelled motor vehicle used in the conveyance, for hire, of tourists and sightseers, over the public streets, for the purpose of a sightseeing trip or tour in the visiting and viewing of places of interest.

Section 2. This ordinance shall take effect immediately.

Public Necessity and Convenience Ordinance in re Taxicabs, and Repealing Ordinances Nos. 8637 and 8750 (New Series).

Also, Bill No. ———, Ordinance No. ——— (New Series), as follows:

Providing for the issuance of certificate of public convenience and necessity in connection with the issuance of licenses and permits for the operation of motor vehicles engaged in the business of or used for transporting passengers for hire and providing a penalty for any violation thereof, and repealing Ordinance No. 8637 (New Series), and Ordinance No. 8750 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That no license or permit shall be issued for the operation of any motor vehicle engaged in the business of or used for transporting passengers for hire, unless and until the Board of Supervisors of

the City and County of San Francisco shall, by resolution, declare that public convenience and necessity require the proposed motor vehicle for hire service for which application for a license or permit is made.

Provided, that such declaration of public convenience and necessity shall not be necessary—

(a) For the licensing (but only in the same class, type and character of any of the services defined in Section 1 of Ordinance No. 6979 (New Series), as amended, or Section 1 of Ordinance No. 5118 (New Series), as amended, or Section 1 of Ordinance No. 3212 (New Series), as amended), of the same number of motor vehicles for hire, licensed for operation and operated by the applicant in said class, type and character of service, under the same name and colors, on the day upon which this ordinance shall take effect, or the renewal of the same license annually thereafter; provided, however, that this exception shall apply only in the event that the applicant was engaged at the time this ordinance becomes effective in the actual operation of a motor vehicle for hire business, in the same class, type and character of service, and thus defined, and was, at said time complying with all of the provisions of Ordinance No. 5132 (New Series), as amended, Ordinance No. 5118 (New Series), as amended, Ordinance No. 3212 (New Series), as amended, and Ordinance No. 6979 (New Series), as amended.

Every person, firm or corporation holding a license authorizing the operation of a motor vehicle for hire shall, on or before the 1st day of July, 1931, file with the Clerk of the Board of Supervisors an affidavit setting forth the number, make, type and state license number of motor vehicles for hire which it shall specify the type, class and character of service, as defined by the ordinance hereinabove referred to, applicable to each of said motor vehicles.

Section 2. The Board of Supervisors, in determining whether or not public convenience and necessity exists, may take into consideration all facts as it may deem pertinent and proper, which facts shall or must include specific finding that the following conditions exist:

- (1) That applicant is financially responsible.
- (2) That the persons, firms or corporations holding permits or licenses for the operation of motor vehicles for hire are under efficient management, earning a fair and reasonable return on their capital devoted to such service.
- (3) That persons, firms or corporations holding permits or licenses for the operation of vehicles for which application is being made are under normal conditions inadequately serving the public.

Section 3. Any applicant for a license or permit to operate a motor vehicle for hire shall make proper application to this Board of Supervisors for its declaration of public convenience and necessity, on blanks to be furnished by the Clerk of said Board of Supervisors, and immediately upon the filing of such an application said Clerk shall cause a notice to be published in the official newspaper of the City and County of San Francisco, which said notice shall set forth the fact that said application has been filed for a license or permit to operate a motor vehicle for hire or motor vehicle for hire business, the name of the applicant, kind of equipment, and number of vehicles proposed to be operated. Said notice shall be published for three successive days. On filing the application the applicant shall pay to the Clerk the sum of \$15 for one vehicle and \$1 for each additional vehicle for which a certificate of public convenience and necessity is desired, to cover the cost and expense of advertising, the notice of application and the resolution granting the permit or license.

All holders of existing licenses or permits for the operation of motor vehicles for hire shall thereupon be entitled to file any complaints or protests that said holders may see fit at the time of the holding of the investigation and hearing. The Board of Supervisors shall consider all of the complaints and protests and in conducting its

hearing shall have the right to call such witnesses as it may see fit. In all such hearings the burden of proof shall be upon the applicant to establish by clear and convincing evidence, which shall satisfy the said Board of Supervisors beyond a reasonable doubt that public convenience and necessity require such operation of the vehicle or vehicles for which said application has been made, and that such application in all other respects should be granted.

Section 4. If the Board of Supervisors finds from its investigation and hearing that public convenience and necessity justify and require the operation of the motor vehicle or motor vehicles for which licenses or permits are required, it shall notify the applicant of its finding, and within sixty (60) days thereafter the applicant shall furnish to the Board of Supervisors any and all additional information which may be required, and if the said Board of Supervisors then finds that the applicant is the owner of the vehicle or vehicles for which license or permit is requested, and that such vehicle meets with the requirements as prescribed by all of the ordinances of the City and County of San Francisco, and all of the rules and regulations enacted by the Board of Supervisors and the Police Commission of the City and County of San Francisco, shall thereupon issue to said applicant a certificate of public convenience and necessity and said applicant shall deliver said certificate to the Police Commission of the City and County of San Francisco, who shall thereupon issue to said applicant a license or permit, or licenses or permits, for the operation of such vehicle or vehicles.

If the Board of Supervisors finds from such investigation and hearing that the public convenience and necessity do not justify the operation of the vehicle for which license or permit is requested, it shall forthwith notify the applicant of said finding.

Section 5. All persons, firms or corporations within the purview of this ordinance shall regularly and daily operate his or its licensed motor vehicle for hire business during each day of the license year to the extent reasonably necessary to meet the public demand for such motor vehicle for hire service. Upon abandonment of such business for a period of ten (10) consecutive days by an owner or operator, the Board of Supervisors shall, after five (5) days' written notice to the said owner or operator, direct the Police Commission of the City and County of San Francisco to revoke said owner's or operator's licenses or permits, and said licenses or permits shall forthwith be revoked. All such permits or licenses granted hereunder shall be transferable only upon the consent of the Board of Supervisors after written application shall have first been made to said Board of Supervisors and upon payment of the fee required of new applicants. Any and all such certificates of public necessity and convenience and all rights herein granted may be rescinded and ordered revoked for cause, and said Police Commission shall, upon notification of said action by said Board of Supervisors, revoke any and all such permits or licenses.

Section 6. Unless otherwise provided by this ordinance, no person, firm or corporation, after the date of the passage of this ordinance, shall operate any motor vehicle for hire unless and until such person, firm or corporation shall—

(a) File with the Board of Supervisors a sworn statement showing the ability of said person, firm or corporation to pay all damages which may result from any and all accidents due to the negligent use or operation of such vehicle, and in the event such showing is unsatisfactory said Board may compel such firm or corporation to

(b) File with said Board security, indemnity or bond guaranteeing the payment by said person, firm or corporation of all such damages, or

(c) Insure to a reasonable amount said person's, firm's or corporation's liability to pay such damage.

Said person, firm or corporation shall, not later than the first week in July of each year, and as often as said Board of Supervisors

shall direct, file in writing upon a form prescribed by said Board of Supervisors financial statement or statements of such insurance or indemnity or bond or security held or secured by said person, firm or corporation and pay to said Clerk the sum of \$5 to cover the costs and expense of examining said statements.

Failure to make satisfactory proof of ability to so respond in damages shall be deemed cause for cancellation of any and all permits so to operate.

Section 7. That any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than \$500 or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Section 8. Ordinance No. 8637 (New Series), approved December 20, 1929, and Ordinance No. 8750 (New Series), approved May 26, 1930, are hereby repealed.

Section 9. This ordinance shall take effect immediately.

Amending Ordinance No. 6979 (New Series), "Taxicab Ordinance," as to Terms "Taxicabs," "Automobiles," "Limousines," and Rates to Be Charged by Sightseeing Buses and Taxicabs.

Also, Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Sections 1(a), defining the term "Taxicab," 1(c), defining the term "Automobile," adding 1(g), defining the term "Limousine," amending Section 22, fixing rates to be charged by sightseeing buses, and amending Section 24, fixing maximum and minimum rates to be charged by taxicabs, of Ordinance No. 6979 (New Series), entitled "Regulating the use of taxicabs, automobiles and public vehicles for hire, fixing the rate to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof, and repealing Ordinance No. 1898 (New Series)."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 1, 22 and 24 of Ordinance No. 6979 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 1(a). *The term "Taxicab" as used in this ordinance is and shall mean every motor-propelled vehicle of a distinctive color and/or driver's seat separated from the passenger's compartment by a glass partition and/or of public appearance such as is in common usage in this country for taxicabs, and/or equipped with a taximeter and/or operated at rates per mile or for waiting time, or for both, used for the transportation of passengers for hire over the public streets of the City and County of San Francisco and not over a defined route and irrespective of whether the operations extend beyond the boundary limits of said City and County and such vehicle is routed under the direction of such passenger or passengers, or of such persons hiring the same.*

Section 1(b). The term "Taximeter," whenever used in this ordinance, shall be held to mean and embrace any instrument or device attached to a vehicle and designed or intended to measure mechanically the distance traveled by such vehicle, to record the time the said vehicle is in waiting, and to indicate upon such record by figures or designs the fare to be charged in dollars and cents.

Section 1(c). *The term "Automobile" as used in this ordinance means every motor-propelled vehicle of private appearance not equipped with a taximeter, used for the transportation of passengers over the public streets of the City and County of San Francisco and not over a defined route, and irrespective of whether such operations extend beyond the boundary limits of said City and County, at rates*

per trip, per hour, per day, per week, per month, and such vehicle is routed under direction of such passenger or passengers or of such persons hiring the same, excepting "taxicabs," as herein defined, "jitney buses," as defined by Ordinance No. 3212 (New Series), and "sightseeing buses" and "interurban buses" as such terms are defined in Ordinance No. 5118 (New Series).

Section 1(d). The term "public vehicles for hire," whenever used in this ordinance, shall be held to embrace "taxicabs" and "automobiles" as herein defined; also "jitney buses" as defined by Ordinance No. 3212 (New Series) and "sightseeing buses" and "interurban buses" as such terms are defined by Ordinance No. 5118 (New Series).

Section 1(e). The term "job wagon," whenever used in this ordinance, shall be held to embrace and mean every vehicle which shall be used for the conveyance of goods, packages or freight from place to place in this City and County for hire, except handcarts and vehicles used by merchants, dealers and manufacturers exclusively for the delivery of their wares to customers.

Section 1(f). The term "Boat," whenever used in this ordinance, shall be held to embrace and mean every water craft, whether propelled by manual, wind, or motive power, used for the conveyance of persons from place to place for pay.

Section 1(g). *The term "Limousine," whenever used in this ordinance, shall be held to embrace and mean a self-propelled motor vehicle, accommodating not more than seven persons, not equipped with a taximeter, and used for the purpose of transporting persons for hire over the public streets, at rates per trip, per hour, per day, per week or per month, and where transportation is not over a fixed and defined route, but is under the control, as to route, of the person hiring the same.*

Rates for Sightseeing Cars.

Section 22. *Sightseeing buses, as defined in Ordinance No. 5118 (New Series), as amended, shall not charge more than one dollar and fifty cents per passenger per trip of not less than two hours' duration, and not more than two dollars and fifty cents per passenger per trip of not less than three hours' duration; and shall follow the route as designated or advertised by the owner or driver thereof.*

Charges for Taxicabs.

Section 24. *No person, firm or corporation owning, operating or controlling any motor vehicle operated as a taxicab shall charge other, maximum or minimum fares than in this section provided:*

Maximum Rates.

(a) *The maximum rate of fare is 25 cents for the first one-quarter ($\frac{1}{4}$) mile or "flag"; ten (10) cents for each additional one-fifth ($\frac{1}{5}$) mile; ten (10) cents for each two minutes waiting time; and twenty-five (25) cents for each additional passenger over one.*

Minimum Rates.

(b) *The minimum rate of fare is fifteen (15) cents for the first one-quarter ($\frac{1}{4}$) mile or "flag"; ten (10) cents for each additional two-fifths ($\frac{2}{5}$) mile; ten (10) cents for each two and one-half ($2\frac{1}{2}$) minutes waiting time; and ten (10) cents for each additional passenger over one.*

Section 2. This ordinance shall take effect immediately.

Public Convenience and Necessity Taxicab Ordinance Enforcement.

Supervisor Peyser moved that the proper authorities be directed to enforce the provisions of the Public Convenience and Necessity Taxicab Ordinance with particular reference to accident insurance.

Supervisor Havenner moved further that the Police Department be directed to enforce all ordinances that may have been suspended by committee or anyone else.

So ordered.

Authorizing and Directing Purchaser of Supplies to Amend Contract With Anderson & Cristofani for Construction of Police Patrol Boat.

Also, Resolution No. 34609 (New Series), as follows:

Whereas, by Resolution No. 34434 (New Series), adopted by this Board on the 18th day of May, 1931, a contract for a twin screw patrol boat for the Police Department was awarded to Anderson & Cristofani, and in conformity with said resolution, the Purchaser of Supplies did on the 20th day of May, 1931, enter into a contract with said Anderson & Cristofani for the construction of said patrol boat in accordance with the plans and specifications therefor; and

Whereas, it was the intention of the said Purchaser of Supplies and of said Anderson & Cristofani that the amount to become due for the construction and delivery of said patrol boat should be paid in progressive payments as the work upon said patrol boat progressed, but through inadvertence the total price for the construction and delivery of said patrol boat was made payable upon the completion of said construction and the delivery of said patrol boat; and

Whereas, all persons bidding for the construction of said patrol boat anticipated when bidding upon the same that the price to be paid for said board would be in progressive payments; now, therefore, be it

Resolved, That the Purchaser of Supplies of the City and County of San Francisco be and he is hereby authorized, empowered and directed to amend the said contract entered into for the construction and delivery of said patrol boat, so that the price to be paid therefor shall be paid in the following installments, to-wit:

15 per cent when keel, deadwoods, horn timber and stem are fabricated, bolted and erected.

20 per cent when frames and floor timbers are erected, and shelf, clamps and deck frame are in place and all fastened.

So ordered.

Hetch Hetchy Questionnaire.

Supervisor McSheehy moved that:

Whereas, on September 29, 1930, a report was submitted to this Board by the manager of the San Francisco Water Department as to a water famine threatening this City and recommending that a pipe line be constructed connecting San Francisco with the East Bay Municipal Utilities District; and,

Whereas, said pipe line has been constructed and we are now receiving about 40,000,000 gallons of water daily from the East Bay Municipal Utilities District at a cost of about \$2,000 per day; and,

Whereas, on the 18th day of June, 1931, the Board of Supervisors unanimously passed Ordinance No. 9007 (New Series), introduced by Supervisor J. Emmet Hayden at the solicitation of his Honor Mayor Angelo J. Rossi, instructing the Board of Public Works to prepare plans and specifications for a pipe line over the Altamont Pass; now, therefore, be it

Resolved, That the Board of Public Works be requested to answer the following questions, and have the same transmitted to the Clerk of this Board on or before June 27th so that same can be read in open Board at the regular meeting on June 29, 1931:

1. What is the present estimate for the time of completion of the Hetch Hetchy Aqueduct System?

2. Disregarding income from bank interest, sale of power and water, etc., but including all overhead and interest charges, how much money will be required to complete the Hetch Hetchy System from May 1, 1931?

3. What are the details of these estimated costs?

4. Disregarding income from bank interest, sale of power and water, etc., what has been the bond interest to date on Hetch Hetchy bonds to May 1, 1931, and what will be the future bond interest from May 1, 1931, to the date of completion of the aqueduct system, disregarding the proposed Altamont Pipe Line?

5. When was the actual commencement of construction of the Coast Range Tunnels authorized, when was this work actually commenced, and how much of the above interest on Hetch Hetchy bonds has accrued and will accrue since that date or those dates?

6. What was the original estimate of the present City Engineer for the cost and time required to construct and the estimated date of completion for each of the following items: Roads and Lake Eleanor Division, O'Shaughnessy Dam, Mountain Division, Moccasin Creek Power Division, Foothill Division, San Joaquin Pipe Line, Coast Range Tunnels, Bay Division, East Bay Connection and any other items making up a total cost of all units paid for or to be paid for out of Hetch Hetchy funds, including funds from sale of Hetch Hetchy power, Hetch Hetchy water, etc.?

7. What has been the actual cost or what is the present estimated cost, time required to construct and date of completion for each of these same items in question No. 6?

8. What is the length of each section of the tunnel from portal or shaft to portal or shaft?

9. What was the distance excavated from portal or shaft to each facing of each section on July 1, 1930?

10. What was the amount of progress on each facing of each section during the month of July, 1930?
11. What are the corresponding figures, questions 9 and 10, for each month from July 1, 1930, to May 1, 1931?
12. What is the estimate for the same items, 9 and 10, from May 1, 1931, until the completion of the entire excavation of all sections of the Coast Range Tunnels?
13. What was the estimate for the time of completion for the Coast Range Tunnels at the time we embarked upon that project and what is the present estimate of time of completion of these tunnels ready for the flow of water into the Peninsula reservoirs?
14. What was the estimate of completed cost for the Coast Range Tunnels before we commenced operations, and what is the present estimate of completed cost?
15. What will be the diameters, maximum and minimum thicknesses and approximate total weight of pipe for a steel pipe line from Tesla Portal to Sunol, approximately 36 miles long over Altamont Pass at 740 feet elevation, through which we could pump 60,000,000 gallons of water per day from the main Hetch Hetchy line at Tesla?
16. What would be the cost of such a line and what would be the power of the pumps required for such a line and what would be the cost of this pumping plant?
17. What would be the cost of pumping 60,000,000 gallons per day over this line for one year?
18. At what date will we require an additional supply after this 60,000,000 gallon pipe is installed, assuming that the tunnels would not be completed and that the East Bay connection would remain intact but would not be utilized?
19. What would be the average daily amount of water required to be pumped over this line during this period, and what would be the total cost of pumping for the entire period?
20. At what date do you now estimate the Coast Range Tunnels will be completed and what is your present estimate of future costs for completion of the Coast Range Tunnels, and what will be the yearly bond interest on this future tunnel cost?
21. What will be the yearly bond interest on the Altamont Pipe Line above mentioned?
22. What other lines than the 740 foot elevation line at Altamont Pass above outlined are being investigated at the present time, and what are the approximate figures for length of line, cost of line, elevation of summit, cost of pumping, etc., for these lines as compared with the 740-foot elevation line on which the above specific questions are asked?
23. Under the Freeman Plan, which was to have been accomplished first—the completion of the aqueduct system to San Francisco peninsula or the power development?
24. Is it the opinion of the present City Engineer that this procedure should have been reversed?
25. Was it actually reversed and do we now have a completed power system and an uncompleted aqueduct system?
26. Did the present City Engineer ever in the past publicly and deliberately state that it was advantageous to the City to complete the power system before the aqueduct system was completed and that the Spring Valley Water Company's properties could be developed to take care of all water requirements until at least 1932?
27. Did he deliberately change from the Freeman Plan and build first a power system and then undertake the completion of the aqueduct system with the result that we now have a completed power system and an uncompleted aqueduct system?
28. What is the present estimated cost of completing the Red Mountain Bar Syphon for a 400,000,000 gallon daily capacity?
29. If funds for the Red Mountain Bar Syphon had been provided

at the proper time could this item have been completed at the same time as the Foothill Tunnel to Oakdale Portal?

30. With the Red Mountain Bar Syphon completed could we now deliver 400,000,000 gallons of water per day to Oakdale Portal?

31. What is the present estimated cost of the 47½ mile, 60 inch, 60,000,000 gallon pipe line from Oakdale Portal to Tesla Portal?

What would be the cost for a 36 mile, 60 inch, 60,000,000 gallon pipe line over Altamont Pass at 740 foot elevation from Tesla Portal to Sunol, and what would be the cost of the pumping plant included in that cost and what would be the yearly pumping cost for pumping 60,000,000 gallons per day for one year?

32. If the water from this pipe is delivered into a non-pressure pipe at Sunol what head would be available at Sunol for the development of power?

What would be the cost and capacity of a power plant at Sunol to be operated by this head and what would be the value of the electricity developed and the difference in value between the power used pumping Tesla to Altamont and that developed at Sunol?

33. What are these same figures for a line over Altamont passing over an 800 foot elevation between Altamont and Sunol and continuing on over Mission Pass at 650 foot elevation to Irvington Gate House, leaving the required head at Irvington, if any, to deliver the present proposed head to the San Francisco peninsula section? These figures to show the cost of completed pipe line, pumping plant, pumping, power plant, power lost and power gained, etc., and the approximate length of line from Tesla Portal to Irvington Portal.

34. Did the present City Engineer or Mr. Freeman or Mr. Grunsky or any one else ever investigate and report on a Coast Range Tunnel line via Altamont Pass at 400 foot elevation with a tunnel approximately 11 miles long from Mountain House Creek to Positos Creek at Livermore?

35. What would be the cost of such a line from Tesla Portal to Irvington Portal with a 60 inch, 60,000,000 gallon pipe and a 10 foot 6 inch, 250,000,000 gallon tunnel section approximately 11 miles long?

Motion carried.

ADJOURNMENT.

There being no further business, the Board at 6.40 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors July 13, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

JOHN S. DUNNIGAN,
Clerk of the Board of Supervisors,
City and County of San Francisco.
